CALIFORNIA TO GAIN NINE NEW SEATS IN CONGRESS

Southland Entitled to Acquire Six; Nine Other States Benefit and Twenty-one Lose by Plan

BY LAURENCE M. BENEDICT
"Times" Staff Correspondent

WASHINGTON, Nov. 18. (Exclusive)—President Hoover announced today the official reapportionment figures under which California will gain nine seats in the House of Representatives for a total of twenty. It now becomes the duty of the California Legislature to redistrict the State to provide for the election of the enlarged delegation. According to reports reaching Washington, considerable controversy is likely to develop at Sacramento over how the additional seats in Congress are to be shared between Northern and Southern California.

Upon the basis of population Southern California is declared to be entitled to six of the nine extra seats, four of which would fall to Los Angeles county. However, it remains to be seen whether this section of the State can enforce its rights in a Legislature which is dominated largely by northern influence. Southern Californians in Washington today said that Governor-elect Rolph has pledged a "square deal" in the matter and that they are counting upon this to give their end of the State what it deserves in increased representation in Congress.

California's gain of nine is more than twice that of any other State, Michigan being next with four, followed by Texas with three and New Jersey, New York and Ohio with two each. Four other States—Connecticut, Florida, North Carolina and Washington—gain one each. Thus ten States will have increased representation after March 4, 1933.

TWENTY-ONE WILL LOSE

Twenty-one States will lose, those hit hardest being Missouri, with three fewer Representatives, and Georgia, Iowa, Kentucky and Pennsylvania each losing two. The following will lose one each: Alabama, Indiana, Kansas, Maine, Massachusetts, Minnesota, Mississippi, Nebraska, North Dakota, Rhode Island, South Carolina, South Dakota, Tennessee, Vermont, Virginia and Wisconsin.

The President's report will be laid before Congress when it returns December 1, but it is doubtful if legislative action will be regarded as necessary, especially since the Executive's figures show that there is no basis for any further battling between the adherents of the major factions system of determining the apportionment and the friends of the rival method of equal proportions. According to the President's tabulation, prepared by the experts of the Census Bureau, the two mathematical plans yield exactly the same results in every State in the Union.

The figures announced by the President deducted from each State's total the number of Indians not taxed and, therefore, not eligible to representation. Thus the California population of 5,677,251, was reduced by 9010 for a reapportionment figure of 5,668,241.

AUTOMATIC SHUFFLE

The reapportionment law enacted last year provides that should Congress fail to take action upon the census figures by March 4, 1931, the shuffling of House seats in accordance with the new population figures will take place automatically and remain in effect until some subsequent Congress does act. Representative Fenn of Connecticut, chairman of the House Census Committee, said tonight that in his opinion the figures given out at the White House comply with the law and there will be no need of further legislation.

The new alignment of House memberships raises California to sixth place among the States in strength in the House and gives it a delegation that will wield formidable influence on legislation in the future. The only States having larger delegations will be New York with forty-five, Pennsylvania with thirty-four, Illinois with twenty-seven, Ohio twenty-four and Texas twenty-one.

Likewise the reapportionment will increase in the same almost doubled degree the strength of California in the Electoral College, making it of

DOCUMENT OF '76 FAME UNEARTHED

Californian Believes She Has Copy of Declaration of Independence

ONTARIO (Cal.) Nov. 18. (AP)—Mrs. Arthur G. Phelps, explaining that she had read in a magazine article about one of the men whose signatures she found on the document, placed in the hands of Dr. Merton E. Hill, principal of the Chaffey Union High School, today what he described as one of the fifty-five original copies of the Declaration of Independence.

Mrs. Phelps, wife of a Cucamonga district farmer, said the paper had been "cluttering up the house for four years" since her father-in-law, E. C. Phelps, died and it was found in his trunk.

Dr. Hill said the document apparently is authentic and is worth many thousands of dollars.

"I read," Mrs. Phelps explained, "that a letter written by Button Gwinnett was sold for $50,000. I noticed his name on this document."

Dr. Hill communicated with the Henry E. Huntington Library of San Marino and placed the document in a bank vault. He is endeavoring to trace its history. He said only a few of the original copies now are in existence.

Du Pont Estate Left to Family

WILMINGTON (Del.) Nov. 18. (AP) The entire estate of Senator T. Coleman Du Pont, who died last week, has been left to members of his family.

There were no public bequests in his will, admitted to probate today. The value of the estate was not made public.

TAX REFUND FAVORED

WASHINGTON, Nov. 18. (AP)—The Treasury Department has recommended to the joint Congressional committee on internal revenue a taxation refund of $156,742 to the California and Hawaiian Sugar Refining Corporation for overassessment of taxes in 1928.

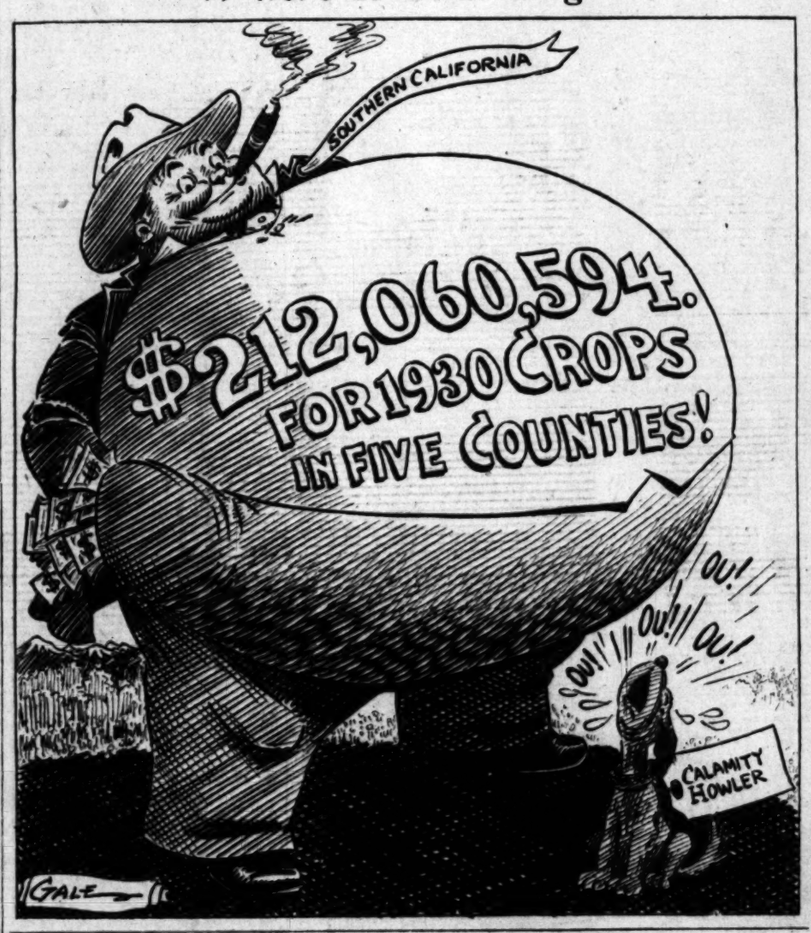
Will Rogers Remarks:

BEVERLY HILLS, Nov. 18.—[To the Editor of The Times:] Modern football has got some queer customs. The heroes can have all the girls they want but they are not allowed to marry one of 'em. They can play for their tuition, board and room and a moderate salary, but they are not allowed to do it "for the wife and kiddies." Poor Knute Rockne, in his time he has lost games by bad umpiring, illness, failure to kick goal and every ordinary known method, but if he loses this year it will be the first time that a justice of the peace ever beat him out of a championship. Well, one thing sure, you can look at Harvard and Yale and Princeton play and tell that they are all single. If any girl ever falls in love with them it will be somebody that didn't have a ticket to any of the games.

Yours,

WILL ROGERS.

"Where Is That Dog?"



R. W. CHILD BEING SUED FOR DIVORCE

Former Ambassador and Writer Accused by Third Wife of Cruelty

NEWPORT (R. I.) Nov. 18. (AP)—Richard Washburn Child, former Ambassador to Italy, is being sued for a divorce by Mrs. Eva Sanderson Child, the divorce docket of the December term of the Superior Court here issued tonight showed. The case is due to come up the first week of December.

It was understood at the Courthouse the divorce would be sought on the grounds of extreme cruelty and that while Child's lawyer would attend the hearing, the divorce would not be contested.

The Childs bought a place here in April, 1929.

The former Ambassador, also known as a writer, was married three times. His first wife, Elizabeth Scott of Virginia, divorced him in 1916 after twelve years of married life. His second wife was Maude Parker, grand-niece of Gen. Dangerfield Parker of Washington, whom he married a short time after the divorce from his first wife. He parted with his second wife after a divorce in 1926 and married his present wife a year later.

George Becomes Aide to Wales

LONDON, Nov. 18. (AP)—The Prince of Wales will be accompanied on his visit to South America next January by no less eminent an aide than his brother, Prince George, runner-up for the title of "Britain's greatest Ambassador."

The King's sons will carry the empire's good wishes across the Atlantic, visiting Bermuda, Havana, Jamaica, Panama, Peru, Chile and the Argentine.

WIFE OF PRESIDENT'S SON ON WAY HOME

SAN FRANCISCO, Nov. 18. (Exclusive)—Mrs. Herbert Hoover, Jr., daughter-in-law of the President, left for her home in Pasadena tonight after paying a visit to her brother, 13-year-old Tommy Watson, who lost a leg as the result of a street car crash in Twin Peaks tunnel that injured fifteen others.

Warden's Action Assures Keaton Execution Stay

SAN QUENTIN, Nov. 18. (Exclusive)—Lack of the formal notice of stay of execution because an appeal had been taken was corrected by action of Warden Holohan today, assuring a stay for Frank D. Keaton, slayer of Motley Flint, Los Angeles banker.

Warden Holohan notified the State Supreme Court the notice of stay had not been received and preparations were going forward to hang Keaton Friday morning. The result was dispatching of a certified copy of the stay. Original papers in the case had been lost somewhere between Los Angeles and the offices of the Supreme Court here.

Notables Asked to Conference on Crime War

NEW YORK, Nov. 18. (AP)—Owen D. Young, John D. Rockefeller, Jr., Charles M. Schwab, Henry W. Taft, Cass Gilbert and Thomas W. Lamont were among fifty men and women whom Dist.-Atty. Crain invited today to attend a conference on Thursday on means of suppressing racketeers preying on industry here.

Mr. Crain recently announced he had opened warfare on racketeers, whose activities he declared had become intolerable.

Stanford Co-eds Barred Bonfire

STANFORD UNIVERSITY, Nov. 18. (AP)—Women students at this university will be barred from the "big game" rally and bonfire Friday night and they have not been told why.

The rally is an annual event held just before the football game with the University of California and heretofore large numbers of girl students have been present.

The women's council, from which the order emanated, requested the girls to remain indoors.

ELBERT L. LAMPSON OF OHIO EXPIRES

JEFFERSON (O.) Nov. 18. (AP)—Elbert L. Lampson, 78 years of age, former Lieutenant-Governor, and State legislator of Ohio, reading clerk in Congress and clerk of the Republican National Convention, died at his home today.

DESERT YIELDS BOY'S BONES

Finding of Remains Near Hesperia May Solve Mystery Connected With Northcott Slayings

SAN BERNARDINO, Nov. 18, (Exclusive)—Discovery of bones of a 12 or 15-year-old boy in a region of two unsolved mysteries on the Mojave Desert near Hesperia was reported to the Sheriff's office tonight.

Stanley Carroll of Hesperia, a trapper, found the bones today and brought some of them to the Sheriff's office.

An extensive search was conducted in that same region for victims of Gordon Stewart Northcott from maps of the district drawn by the slayer of other young boys but without success.

Northcott recently was hanged for the murder of four boys, although bodies of his victims never were found.

In 1928 a search also was made for a boy whose footprints were found at the scene of the wreck of a Santa Fe train on the theory that a man and a boy were involved in the derailing of the train.

Sheriff Shay and Coroner U'ren will head a party tomorrow going to the spot where an investigation will be made.

PHYSICIANS GIVE CHANCE TO BELASCO

Veteran Producer Misses Own Play's Premiere for First Time in Fifty Years

NEW YORK, Nov. 18. (AP)—For the first time in the fifty-one years he has been producing plays in New York, David Belasco missed one of his own premieres tonight.

Instead of hovering in the wings as the curtain ascended on the Belasco production, "Tonight or Never," which opened tonight at the theater which bears his name, the white-haired dean of the theater lay critically ill with lobar pneumonia in his hotel room.

An evening bulletin by Dr. Jerome Wagner, his physician, and Dr. Evan Evans, specialist, said Mr. Belasco's condition is "still serious," despite a restful day, and cited a temperature of 103 deg.

The producer was brought back last night from Baltimore, where his new play had been having a pre-Broadway showing, and was believed to be desperately ill, but he rallied early today and was reported to have a good chance to recover, despite his seventy-six years.

Elite Club of Yale Honors Gene Tunney

NEW HAVEN (Ct.) Nov. 18. (Exclusive)—James J. (Gene) Tunney, retired heavyweight champion, has been made an honorary member of the Pundits, an exclusive Yale club formed in 1884 for the discussion of intellectual topics, it was announced today by Prof. William Lyon Phelps.

It was explained that Tunney was honored by the society in recognition of his originality in developing to such a great extent both intellectually and physically.

Creditors Sue Sydney Chaplin

LONDON, Nov. 18. (Exclusive)—Tonight's London Gazette announces receipt of an order in a bankruptcy suit filed against Sydney Chaplin, cinema actor, and the brother of Charlie Chaplin.

The petitioning creditors state that they are unable to ascertain the actor's present address.

Cuba Considers Compulsory Vote

HAVANA, Nov. 18. (AP)—With quiet restored throughout the island after several days of disorder, the Senate Electoral Committee today took up a number of suggested electoral reforms.

Propositions before the committee include: Compulsory voting with non-voters liable to a fine, voting for political parties instead of individual candidates with ballots to be filled before being brought to the polls.

NATIONS END QUARREL

LIMA (Peru) Nov. 18. (AP)—The newspaper La Prensa reported today that diplomatic relations have been restored between Peru and Uruguay. Uruguay and Peru broke off relations in September as an outgrowth of the Peruvian revolution.

LOST-PLANE SEARCHERS SEE FIRE ON MOUNTAIN

Flames Above Snow Line Southeast of Lebec Believed Signal From Missing Trio

The faint glimmer of a fire, glowing for the space of half an hour, high up on the snow line on the southeast slope of Frazier Mountain, last night gave new hope to the scores of searchers and pilots seeking trace of a Pacific Air Transport air mail-passenger plane which disappeared in a terrific storm at 2:07 a.m. yesterday with a woman passenger, pilot and mechanic aboard. The craft was carrying 300 pounds of mail.

Miss Jean Markow, daughter of Mrs. L. M. Smith, 905 South Normandie avenue; F. A. Donaldson, veteran army and commercial flyer of 1027 North Alameda street, Burbank, the pilot; and George A. Rogers, 839 North Frederick avenue, Burbank, the mechanic, are the occupants of the missing plane and

FINAL MESSAGE

From the time that Pilot Donaldson told Dispatcher Ben Frwks at United Airport over radio-telephone from ship to ground that "I am still over fog, flying at 9000 feet and do not know my location," not a trace of the Boeing biplane or the three persons in it had been reported until grave fear for their safety is held. No word from the airplane or the persons in it had been reported until the message came relating the sight of the fire which may indicate the location of the missing trio.

Last night at 9:40 o'clock E. L. Remlin, P.A.T. pilot, reported the light when he was flying at an altitude of 14,000 feet and over the radio to the ground stations he told how he dropped as low as he could with safety and plotted the location of the light as being on the southeast slope of Frazier Mountain, about eight miles south of Gorman Station, which in turn is five miles south of Lebec.

A few minutes later Grant Donaldson, a brother of the missing aviator, operating out of Bakersfield Airport, reported to his ground station that he, too, had seen the light and plotted its location. The reports of the two flyers agreed as to the light and the location while each reported to different stations.

"I have never noticed a light in that locality before," said Remlin, who has flown the mail many nights over that territory. "It burned for about half an hour and then died down. There are some ranches below the line of the light on the mountain, and I can see no reason for the fire unless it was a signal."

Thomas F. Hamilton, United Airport president, who, yesterday assembled a searching party to operate from Lebec, announced that he would start for the locality where the light was seen as soon as daylight would permit fast travel.

Residents of Lebec said last night that although there were several homesteads in the neighborhood where the light was reported, it is unlikely that any of the settlers would kindle a fire at the high altitude where the blaze was seen. The light reported by the two pilots lasted only half an hour and it is thought possible by the Lebec searching party that it might have been from a small quantity of gasoline fired by the plane's crew in an effort to signal their location to the planes droning overhead.

At the time he gave out his last message there was enough gasoline in the tanks of Donaldson's ship to keep it aloft for two more hours.

But Fewkes listened in vain for any more reports that would mean the craft was still aloft.

Miss Markow, who had flown from San Diego in the plane, was bound for Portland, Or., it was stated by L. O. Kennedy, local P.A.T. traffic manager.

PILOT IN OPEN COCKPIT

Rogers was in the closed forward cabin with Miss Markow, and Donaldson was at the controls in the open cockpit toward the tail of the ship when it took off from United Airport in clear weather at 11:49 p.m. Monday. Rogers, formerly in the naval aviation service and former head of the test division for the Douglas Aircraft Corporation, Santa Monica, was Oakland-bound to inspect a new aircraft device for P.A.T. He has been chief mechanic for the latter company for three years, while Donaldson has flown the San Diego-Seattle and trans-

(Continued on Page 2, Column 2)

GRAIN PANIC AVERTED

Price of Wheat Kept Level

Federal Farm Board Buying Causes Chicago Traders to Acclaim Benefit

Tariff of 42 Cents Protects Farmers From Winnipeg and Liverpool Drops

CHICAGO, Nov. 18. (Exclusive)—The Federal government today rode through one of the worst debacles in the history of declining grain prices on world markets by maintaining its position in the driver's seat in the trading pits of the Chicago Board of Trade.

As the Winnipeg and Liverpool wheat prices went into a tail spin and all grain values dipped to a lesser amount in world trading elsewhere, traders watched the ticker tape in wonderment as December wheat held its level of 73 cents and new May wheat focused at 76 cents, under persistent but not heavy buying of the Federal Farm Board's Stabilization Corporation.

WORLD PRICES DROP

At the close of the day wheat in Winnipeg had dropped 5 cents a bushel, 18 cents less than the same grade in Chicago, and Liverpool's prices were the lowest in thirty-six years. In Buenos Aires the downward swoop of 7 cents a bushel in two days was followed by reports of rural and financial dissension in a country depending largely on this crop for next spring's revenue.

The wheat pits of Chicago, outwardly showing little excitement, for the fourth day displayed a tenacious holding to the prices below which the Farm Board seemingly has said, "You cannot go." On the contrary, tremendous liquidation in wheat markets had its reaction on the price of corn, which dropped 3 cents a bushel to the lowest value of the year, in spite of an abnormally small crop.

SAY PANIC AVERTED

Directors of the Chicago Board of Trade, in executive session, discussed the amazing developments of the week without coming to any formal announcement.

Inside the board rooms, however, veteran traders who for more than a year have been bitter toward an intruding Federal body changed from suddenly to declare they believed the Federal support of Chicago's markets today had averted a panic.

They recalled that in 1894, the last time that wheat in Liverpool had been so low as it was selling today, wheat in Chicago sold at about 50 cents. They also expressed the sentiment that the government would experience little difficulty in arranging for delivery of their purchased wheat in local markets outside Chicago.

LEGGE WON'T TALK

In Washington, Chairman Legge of the Farm Board and George S.

(Continued on Page 2, Column 5)

STORM KING PELTS ARIZONA

Rain, Snow and Hail Carried on Cold, Biting Winds Visit All Parts of State

PHOENIX, Nov. 18. (AP)—Rain, hail and snow swept over Arizona today.

The mountains of Navajo and Apache counties in the extreme north are covered with a blanket of snow, and the same is true of the Huachucas and the Chiricahuas along the Mexican border. Rain, accompanied by hail and cold, biting winds, fell in Phoenix and Tucson.

Approximately half an inch of rain was recorded in Tucson before the hail began to pelt down as the temperature dropped. No damage was reported. After the hailstorm, the rain fell harder than ever and the temperature again rose.

Rain that started falling early this morning in Bisbee soon turned into snow and continued for several hours, melting, however, almost as rapidly as it fell.

In Douglas rain started at 7 o'clock in the morning and continued for three hours before turning into snow which fell, at intervals throughout the day, melting rapidly.

Heavy snow was reported in the Sierra Madre and Bacerac ranges in Northern Sonora.

Rain and snow which had swept Prescott and Yavapai county since last Saturday, continued throughout today, with snow still falling at nightfall.

Gusts of rain and snow reported throughout the day in Winslow turned late in the afternoon into a heavy snowstorm accompanied by a biting wind from the northwest.

MOUNTAIN PASSES IN COLORADO CLOGGED

DENVER, Nov. 18. (AP)—Winter threatened to make its first extended stand of the season in the Rocky Mountain region today.

Mountain passes were snowbound, air travel was made hazardous and many highways were clogged with drifted snow.

Considerable anxiety was felt for the safety of Allan Larson of Fairview, Utah, who was last seen walking in a snowstorm Friday between Thistle Junction and Springville, south of Salt Lake City. He had been cutting timber in the mountains east of Fairview.

A disabled National Airways, Inc., plane, forced down Sunday between Syracuse and Layton, Utah, was found Monday night on the shores of Great Lake. Ray Peck, piloting the ship, wandered several hours before finding his way through the storm to a farmhouse.

SCHOOL RADIO WAVES FOUGHT

Broadcasters Oppose New Channel Allocation

Resolution Declares Present Facilities Sufficient

Federal Commission Praised for Improved Reign

CLEVELAND, Nov. 18. (AP)—A resolution of the National Association of Broadcasters was put on its records here today opposing any allocation of wave channels by the government for school purposes.

Needs of the schools can be handled by the present set-up, according to opinions expressed by numerous delegates at the association's convention. In addition, the view was expressed an award of channels for school purposes would be a precedent upon which various other groups such as religious and political would seek similar privileges.

Other resolutions adopted in the convention commended the Federal Radio Commission for its "rapidly improving administration" and opposed State legislation on radio matters.

The Broadcasters' Association discussed the proposal to create a Federal communications commission, which would include the duties of the present Radio Commission, but refrained from expressing official opinion on it.

MILK PLANT HELD UP

PROVIDENCE (R. I.) Nov. 18. (AP) Five bandits held up a score of employees in the office of the Hood Milk Company in the wholesale district here this afternoon and obtained the day's receipts of between $6000 and $8000.

PLANE HUNTERS SEE SIGNAL FIRE

(Continued from First Page)

continental run for the Boeing system.

Fifty pilots are expected today to take off for the Ridge Route district to go over once more the steep sides of the mountains surrounding Lebec in an attempt to locate the missing ship and its trio of occupants.

SNOW ON MOUNTAINS

The searchers yesterday, directed by C. E. Johnson, superintendent of operations for the transport company at Oakland, and P. D. Bush, local operations-director, skimmed the mountain tops, flew up and down canyons and back and forth over the edges of Antelope Valley, but came back with no clew to the air mystery.

They said the canyons and most of the mountain sides are covered with snow—the result of the same storm in which Donaldson lost his bearings.

Terrific head winds, similar to those which Donaldson told Fewks he was fighting, tossed the searching planes about as they swept back and forth over the rugged mountain country.

SEARCHING PARTIES

Ground-searching parties were organized at Lebec—sixty air miles from United Airport. An emergency landing-field in the west end of Antelope Valley near Sandberg's was used yesterday and will be employed today for refueling the searching ships.

Three Boeing Pursuit planes of the United States Army Air Service at Rockwell Field, San Diego, joined the search late yesterday, and last night officials at the United Airport were advised by the military authorities htat three more pursuit ships and three slow-cruising twin-motored bombers would joint the air fleet at daylight.

It is the opinion of brother pilots that Donaldson, who fought the storm for two hours and nineteen minutes, may have attempted to swing to the right off his course in an effort to get through to Bakersfield and crashed into a storm-hidden peak of the lower Sierra Nevadas.

This district, through which runs the Southern Pacific railway from Mojave to Bakersfield, was not combed yesterday.

A sixty-mile-an-hour gale, Donaldson told Fewkes over the radio, was blowing from the northwest. This wind, pilots said, might have drifted him inland farther than he expected.

The record Fewkes made of Donaldson's radio report—scheduled approximately every ten minutes—formed a vivid picture of the air encounter he was waging with the storm.

Shortly after he took off from Burbank he told Fewkes it was clear. He reported again when he flew over San Fernando and Saugus at 6000 feet.

FOG ENCOUNTERED

At 12:17 a.m. yesterday he radioed: "I am over fog at 9000 feet."

The next message came ten minutes later from an altitude of 10,000 feet over Sandberg's—about ten air miles south of Lebec.

"I am between Sandberg's and Lebec at 5000 feet and am going through the pass," he said at 12:48 a.m.

Then his radio was silent until 1:07 a.m., when he stated, "I am up to 12,000 feet over Lebec."

Ten minutes later he declared: "I am 10,000 feet, still over Lebec, and can't get any more altitude."

FIERCE BATTLE

Then, for twenty-five minutes, Donaldson evidently jockeyed in the storm to gain an opening in the pass that would let him into the San Joaquin Valley, for at 1:42 a.m. he stated he was still over Lebec, flying at 11,000 feet, and said: "If I can't get any more altitude I am going back to Burbank."

Twenty-five minutes later came the last message.

His reports show that he was above the snowstorm during the time he cruised over the Lebec district.

GALE REPORTED

During the time Donaldson was trying to get through Bakersfield weather men reported a ceiling of broken clouds at 4500 feet. The ceiling was down to 200 feet at Lebec. The surface wind at Sandberg's was eleven miles per hour, but Donaldson told Fewks about the gale that was raging in the higher altitudes.

Pacific Air Transport officials pointed out that this marks the first time a passenger has been missing from a scheduled run. Up to October 31, last, Kennedy said, the Boeing system in three years of operation carried 17,000 passengers and flew 11,000,000 miles with only two fatalities.

WIVES HEAR REPORTS

Mrs. Donaldson and Mrs. Rogers, wives of the missing men, were at the port yesterday listening to radio reports coming in from the searching planes.

Rogers has a 5-year-old daughter Joyce. The Donaldsons have no children.

Brother pilots of the P.A.T. who joined the search are Dick Bowman, Donald Starbuck, Jack Parshal, the lost flyer's brother and Remlin and J. C. Johnson. The three army flyers are Lieut. C. Murray, B Bundy and T. Scott. Commercial flyers who slid their ships through dangerous canyons and around peaks yesterday included Col. Roscoe Turner, Lee Miles, C. F. Leinesch, Roy Harding, Chet Elliot, Marshall Headle, J. V. Sandblom, Donald McKee, Eddie Bolande, Bob King, Dudley Steele, Roy Minor and two Transcontinental-Western Air pilots, Jimmy James and George Rice.

vastly more importance than in the past that a candidate for the Presidency capture it, if he is to be successful. There are many other advantages, including the gain in West Point and Annapolis appointments and other patronage.

California is not the only State facing a fight in the Legislature over the new make-up of Congressional districts. In practically every State affected either by losing or gaining representation, there will be a struggle over redistricting and in many there will be attempts by the party which happens to be in the saddle to gerrymander the State to its future advantage. It is believed not a few of the legislatures will be unable to act, with the result that 1932 will see a large number of Representatives elected at large.

TABLE OF STATES

The Census Bureau statement, giving each State's population basis of apportionment and the total House representation to which it is entitled, follows:

State.	Population.	Representatives.
Total	122,093,455	435
Alabama	2,646,242	9
Arizona	389,375	1
Arkansas	1,854,444	7
California	5,668,241	20

FAMED MAGICIAN PASSES

MARBURG (Germany) Nov. 18. (AP)—Bellachini, 70 years of age, famous conjuror and illusionist of prewar days, died today.

FARM NOSTRUM FLOOD FEARED

Chairman Legge in Warning Against Legislation

Economic Facts Cited Show Proposals' Fallacy

Russian Dumping Quoted as Proof of Statement

By a "Times" Staff Correspondent

WASHINGTON, Nov. 18. (Exclusive)—While the Farm Board continued to pour millions of dollars into the grain market to avoid the further collapse of wheat prices, Chairman Legge tonight warned against radical legislative nostrums to relieve agricultural distress.

While he did not mention the prospective drive in Congress to revive the debenture, there was no doubt in the minds of those who heard him speak before the Association of Land Grant Colleges and Universities, that he had that particular scheme in mind.

FARMER FOOLED

"Perhaps one of the most piteous features in this whole situation," said Chairman Legge, "is that the farmer has been led to believe that through some mysterious process the government or somebody else can remove and dispose of any surplus quantity of anything that he is able to offer; that working out or improving the situation will necessitate no action whatever on his part, that his representative in the State Legislature or Congress will find the happy solution for all his troubles.

"The longer the farmer holds to these illusions the longer will be the period required to find any satisfactory solution for his problem. The government can aid and assist him, first in ascertaining and bringing to him facts as to what the situation is; second, offering suggestions, and lastly, helping finance his co-operative organizations, but in the last analysis he has to do the job if anything is to be done.

DUMPING NO WAY OUT

"The suggestion of dumping or disposing of excess production in other countries at any price that it will bring is equally impractical. Almost every consuming nation in the world has producers of their own whom they are seeking to protect and their agricultural problems are quite as prominent in the political life of any of them today as is the case in this country.

"The recent action of the Russian government is a typical illustration of what happens when wheat or other products are shipped indiscriminately to various markets of the world and offered for sale for whatever they will bring. The result is retaliatory measures on the part of several of the importing countries. Excessive shipments of wheat in this manner did, however, result in a sharp decline in the price of wheat in the world markets, thus indicating that if we attempt to get rid of our wheat surplus by dumping the world price level will be depressed and thereby in large measure defeat the very objective such action seeks to attain."

TARIFF EQUALIZATION SOUGHT BY GRANGE

ROCHESTER (N. Y.) Nov. 18. (AP) That the export debenture plan or some similar plan for giving equalized tariff benefits to agriculture will be in the forefront of agricultural legislation at the coming session of Congress was indicated today in the annual report of Frederic Brenckman, Washington representative of the National Grange.

Mr. Brenekman does not believe the new tariff gives to agriculture all it is entitled to, and says "discriminations, so far as agriculture as a whole is concerned, have not been removed by the recent revision of the tariff."

A resolution prepared for introduction but which was not offered to the convention asked Congress to repeal that section of the Federal Marketing Act which created the Federal Farm Board.

Indications tonight were, however, that the National Grange will give its whole-hearted support to the Federal Farm Board.

BOARD AVERTS WHEAT SLUMP

(Continued from First Page)

Milnor, head of the stabilizing corporation, declined to discuss the situation with the press. Legge, busy all afternoon with members of a committee on coarse grains (corn, rye, barley) spent a short time with Secretary Hyde and rushed off to speak at a dinner of land-grant college representatives.

Two factors stood out in the minds of those interested grain merchants in Chicago regarding the stabilization activities.

TARIFF EFFECTIVE

First, it became evident that by holding United States grain prices above those in the world-trade channels, a standing tariff wall of 42 cents a bushel automatically became active in keeping out foreign wheat.

Secondly, the stabilizing activities served as a further argument tangibly showing American grain growers that the Farm Board was serious in its earlier appeals for a return of wheat production to a domestic basis.

It was pointed out by market analysts that the stabilized price had undoubtedly saved co-operative marketing associations as well as private traders from forced liquidation of their grain against which loans had been made.

FOOTBALL PLAYER DIES

MARIETTA (O.) Nov. 18. (AP)—John Wightman, 21 years of age, of Northampton, Mass., tackle on the sophomore class football team, died from a broken neck today after participating in the annual sophomore-freshman game at Marietta College.

BANK PLANS $1,500,000 IN BUILDINGS

Coast Institution Tells Program of Construction to Be Launched Soon

SAN FRANCISCO, Nov. 18. (AP)—Bank of America's building activities will cost $1,500,000 in the next half year, officials said today. Plans involve twenty different projects in fourteen cities.

William H. Harrelson, vice-president in charge of building operations, outlined a construction program extending from Chico in the upper Sacramento Valley to San Diego. He said the bank is making especial efforts to buy as much material for construction as possible in the communities where it is to be used.

The work will be pushed during the winter months, partly with the object of providing employment during the period when work is hardest to find.

Among projects planned or under way, are:

In Hollywood a new building to cost $200,000.

In Bakersfield, remodeling of Old Southern Hotel Building, $150,000.

In Long Beach, addition to building, $125,000.

In Los Angeles a Wilshire Boulevard and La Brea-avenue branch to cost $75,000, and construction and remodeling costing $30,000 at Washington and Main streets.

QUAKE SHAKES SMYRNA

ISTANBUL, Nov. 18. (AP)— The city of Symrna which is just recovering from disastrous floods was thrown into panic at 10 a.m. by a sharp earthquake. No loss of life or property was reported.

HOOVER MEETS PARTY LEADERS

Curtis and Watson Attend Luncheon Conference

Situation Faced in Coming Congress Talked Over

Muscle Shoals Compromise Reported to Be Planned

WASHINGTON, Nov. 18. (AP)—President Hoover called in Vice-President Curtis and Senator Watson of Indiana, the Republican leader, for a luncheon conference today on the legislative situation confronting the approaching short session of Congress as new problems arose to threaten the plan for avoiding an extra session in the spring.

Disposition of the controversy between the Senate and House over government or private operation of the Muscle Shoals power and nitrate plant and the new apportionment of the House announced today are potential trouble makers for the short session.

COMPROMISE ON ISSUES

The Republican leaders, after their White House visit, reported no conclusions from the conference and said it was confined to a general discussion of legislative and party questions.

There is a growing confidence that the President, despite representations by unofficial spokesmen, will be inclined to consider seriously some form of compromise on Muscle Shoals involving government operation as proposed in the measure of Senator Norris, Republican, Nebraska. Some solution of the dispute is regarded as necessary if the extra session in the spring is to be avoided.

Senator McNary, Oregon, assistant Republican leader, is standing by the Norris government operation measure and he is chairman of the conferees. No authoritative word has come from Mr. Hoover on the subject since Representative Reece, Republican, Tennessee, quoted the President to the effect he would veto the Senate bill.

EVIDENCE OF TROUBLE

There were evidences of trouble in the Senate over the membership selected by President Hoover to comprise the new Tariff Commission. These six members are up for confirmation at the short term. Senator Borah, Republican independent, of Idaho, said today he was closely studying the record of Henry P. Fletcher of Pennsylvania who has been named chairman.

There is every indication hearings will be asked by the Senate leaders on the tariff commission nominees.

If a dispute develops on reapportionment of the House it will be a serious threat to the completion of the administration's program in the short term.

The Hoover administration leaders are standing firmly on a program of completing work in the short term and avoiding the extra session. The White House callers today voiced this attitude upon their departure.

Senator Fess, Ohio, the Republican whip in the Senate, joined. He expressed the view there is "more or less turmoil" in the country when Congress is in session and he believes the "people would like to have a rest from legislative worries and an opportunity to get their bearings."

BANK CRISIS IN ARKANSAS GIVEN STUDY

Suspension of Fifty-five in Last Two Days Causes Conference of Financiers

LITTLE ROCK (Ark.) Nov. 18. (AP) Arkansas bankers tonight continued conferences in an effort to overcome an unprecedented situation resulting from suspension or closing of fifty-four banks in the last two days.

Reopening of many of the suspended institutions within the five-day period was predicted by officials.

Twelve small banks quit business today, seven under a five-day suspension allowed by law, and the others for liquidation or reorganization.

Forty-two closed or suspended business yesterday after the American Exchange Trust Company, Little Rock, one of the largest and oldest banks in the State, stopped payments to depositors for a five-day period.

TWO KENTUCKY BANKS SUSPEND PAYMENT

LOUISVILLE (Ky.) Nov. 18. (AP) Suspension of the Owsley County Deposit Bank at Booneville, and the People's Bank of Sulphur today increased to ten the number of Kentucky banks closed this week.

Most of the suspensions are believed by bankers to be temporary with no losses to depositors expected to result.

Harriet George, Actress, to Wed

SAN RAFAEL, Nov. 18. (AP)—Application for a marriage license was filed here yesterday by Harriet George, actress appearing at the President Theater in San Francisco, and Phil Tead, comedian, it was revealed today.

Miss George gave her address as Glendale, and Tead Los Angeles.

RUMANIAN GENERAL'S POISON DOSE FATAL

BUCHAREST (Rumania) Nov. 18. (AP)—Gen. Ludwig Mircescu, former chief of the Rumanian general staff, who was retired after he had been robbed of important mobilization plans by a woman spy last year, died today. He took poison after his retirement two months ago but lingered on and it was not until today that he finally succumbed.

Colleen Moore

SANITARIUM GETS STAR AS PATIENT

Colleen Moore of Screen and Stage Fame Goes to Battle Creek Institution

BATTLE CREEK (Mich.) Nov. 18. Colleen Moore, screen and stage star, entered Battle Creek Sanitarium today. She refused to be interviewed. For her it was said she is not seriously ill but needs a complete rest.

The production in which she has been starring, "Cindy," is now closed.

SOVIET LOSS REPORTED IN ITS TRADING

Unfavorable Balance on Foreign Commerce Traced by American Experts

WASHINGTON, Nov. 18. (AP)—Soviet Russia, charged recently with dumping its products in the world market regardless of prices, was estimated by the Commerce Department today to have shown an "unfavorable balance" in its foreign trade of recent months.

It may have sacrificed values to promote its sales of wheat, lumber and pulpwood, the department observers said, but regardless of that it bought more abroad in terms of dollars than it sold.

Using official Russian government figures, the department said the soviet over a six-months' period had imported commodities aggregating $260,000,000. Its exports totaled $249,652,000.

EX-SENATOR CLARK OF WYOMING DEAD

EVANSTON (Wyo.) Nov. 18. (AP)—Former United States Senator Clarence D. Clark died at the home of his daughter, Mrs. J. H. Holland, here today. He was 79 years of age. Mr. Clark leaves two daughters, Mrs. J. H. Holland of Evanston, and Mrs. Charles Blyth of Los Angeles. Mrs. Blyth was summoned here when her father became seriously ill Saturday.

LEVINE AWAITS VIENNA LIBERTY

Flyer Still Held as Suspect in Counterfeit Plot

Declares Arrest Due to Engraver's Mistake

Troubles Laid to Plan for Aviation Medals

VIENNA, Nov. 18. (AP)—Protesting his innocence vigorously, Charles A. Levine tonight still is held on suspicion of counterfeiting while the police wait for the Crown Attorney to determine whether the evidence against him justifies accusing him before open court.

The police were quoted as saying either they must free Levine or turn him over to the higher court tomorrow as under Austrian law a prisoner has the right to be confronted with the charges against him in this court within forty-eight hours or be discharged.

Levine appeared before a police magistrate today and protested he had been completely misunderstood by the engraver who went to the authorities about him. The engraver said he had been approached with an order for the preparation of steel dies for minting aviation medals, but to him they looked more like dies for certain French coins.

The American said what he really requested were dies from which he could cast medals of distinguished airmen. He also said he wanted the dies for his and his wife's portraits. He ridiculed the engraver's charges, but the latter clung to his story.

The Vienna newspapers said Levine will be held in custody until French experts in minting, who are expected here tomorrow, have given their opinion regarding the dies asserted to have been ordered by him.

BOMB LAID TO STUDENTS

BUCHAREST (Rumania) Nov. 18. (AP)—Two student members of the anti-Semitic Iron Guard were arrested today in connection with the explosion of a bomb on the premises of the great National Masonic Lodge in the center of the city Friday.

COURT WORKER KILLS HIMSELF

Veteran Secretary's Friends Witness Act

Shooting Believed Due to Mental Break

Victim Had Been With High Tribunal Fifty Years

REDWOOD CITY, Nov. 18. (AP)—In the presence of two friends Henry C. Finkler, 72 years of age, secretary of the California Supreme Court for more than fifty years, shot and killed himself today. Acquaintances attributed his act to a mental breakdown.

Walter W. Hilton, Redwood City jeweler, a close friend, witnessed the shooting. Hilton and John E. Layng, deputy San Mateo County Coroner, also an old friend, went to Finkler's place on Canyon Road west of Redwood City in response to Finkler's telephoned request.

When the two friends arrived Finkler began a rambling story about his business affairs, Hilton and Layng said. He also spoke about his health.

The elderly clerk suddenly drew a pistol and shot himself, dying at once.

Chief Justice William H. Waste of the Supreme Court issued a statement expressing the court's sorrow at Finkler's death. Finkler was appointed Supreme Court clerk in April, 1877. The funeral will be held Thursday.

THOUSAND WOODSMEN SEEK LOST HUNTER

QUEBEC, Nov. 18. (AP)—A thousand woodsmen, spurred by a reward of $10,000, have joined the search for Mitchell O. Kaufman, Boston rubber magnate missing since he entered the forest ten days ago on a hunting trip. Expert guides are spread over the district between Quebec and Showhegan, Me.

The Extra Cough Help Extra In Power And Price

Creomulsion is a super-help for coughs from colds. It is for deep coughs where you dare not risk a weak help. Seven major helps are embodied in it, including the best known to medical science.

The creosote is blended, emulsified and palatable. It is to soothe the membranes and combat the germs. It presents the world's best help for coughs of this kind in a pleasant form.

There are white pine tar, wild cherry bark, menthol, ipecac, etc. All the greatest helps in one, but with no narcotic. Despite all its power and efficiency, it is harmless to a child.

Some coughs call for one help, some another. Nobody can tell. So we combine the best in Creomulsion to be safe.

Creomulsion costs $1.25 — a little more than lesser helps. But all druggists guarantee it and return the full price to anyone not satisfied.

It may be too good for your cough. A lesser help might serve. But is it wise to take the risk when coughs are danger signals? Anyway, a cough from a cold which hangs on calls for this super-help. Do the best men know to be sure.

...GROUP ON JOBS

Thirty Named to Survey Unemployment

Half of Committee From Southland

Will J. French Will Serve as Chairman

SACRAMENTO, Nov. 18. (AP)—Thirty persons were named by Gov. Young today as members of the California State Committee on the Unemployment Problem. Fifteen of the men and women are representative of Southern California and the others of the north.

The committee will have two functions, the Governor said, first to help solve the existing unemployment problem through co-operation with local committees in various counties and cities, and secondly, to make a study of the general subject of unemployment in California and, if possible, to present such recommendations as will help guard against similar conditions in the future. Will J. French, State director of Industrial Relations, will serve as general chairman for the joint committee.

The members of the committee are as follows:

SOUTHERN GROUP

Harry J. Bauer, president Automobile Club of Southern California.

Roger G. Edwards, orchardist and banker, Santa Paula.

Dr. John R. Haynes, retired physician.

A. W. Hoch, president State Federation of Labor.

W. A. Johnstone, orchardist and President State Civil Service Commission.

W. R. Kilgore, vice-president Pacific Employees' Insurance Company.

May D. Lahey, judge Municipal Court of Los Angeles.

I. Irving Lipsitch, executive director, Federation of Jewish Welfare organizations.

Lee A. Phillips, insurance and business executive.

D. W. Pontius, president Pacific Electric Railway Company.

Aloy Reeder, president Los Angeles Building Trades Council.

Rev. E. P. Ryland, general secretary Church Federation of Los Angeles.

L. P. St. Clair, president Union Oil Company.

Grace S. Stoermer, past-president Native Daughters.

Perry W. Weidner, banker, prominent in veteran and fraternal circles.

NORTHERN GROUP

Fred G. Athern, attorney and former corporation commissioner.

Albert E. Boynton, attorney and former State Senator.

Michael Casey, labor official.

O. K. Cushing, attorney and governor State Bar Association.

Leland W. Cutler, president San Francisco Chamber of Commerce.

A. B. C. Dohrmann, merchant and president Industrial Welfare Board.

Edward J. Hanna, archbishop, Catholic church.

A. F. Hockenbeamer, president Pacific Gas and Electric Company.

Mrs. William Palmer Lucas, civic leader.

Edward L. Parsons, bishop Episcopal church.

Dr. Aurelia Henry Reinhardt, president Mills College.

Paul Scharrenberg, secretary State Federation of Labor.

Robert G. Sproul, president University of California.

Jesse H. Steinhart, attorney, all of San Francisco, and B. W. Gearhart, Fresno, department commander of the American Legion.

CHICAGO MAYOR URGES LOTTERY OF $1,000,000

CHICAGO, Nov. 18. (Exclusive)—Mayor Thompson announced today the details of his scheme to bring prosperity back to Chicago. He wants to conduct a $1,000,000 lottery, to set the wheels of industry moving and to send thousands of workers with their lunch cans and automobiles back to the shops.

It's a lottery, the very size of which dwarfs the Calcutta sweepstakes and all the great drawings of history. And the Mayor has an opinion from Corporation Counsel Ettelson that the plan is not contrary to the statutes forbidding lotteries.

He proposes to have 400,000,000 tickets distributed to purchasers of merchandise at stores which co-operate in the campaign, each quarter purchase entitling the buyer to one ticket.

The prizes—1653 of them—would go to the lucky ticket holders as follows: First, $100,000; second, $50,000; third, $25,000, and the next 1650 ticket holders would be entitled to $500 each in cash.

Most Chicago business men so far are lending a deaf ear to the scheme, the success of which depends on their co-operation in purchasing the tickets at the rate of $2.50 per 1000 from the Mayor.

Cynics expressed the fear that the lottery would really get a mayoralty boom moving and that the stunt will provide an excellent mailing list for political and commercial purposes.

GENERAL FUND FOR ROADWORK PROPOSED

SACRAMENTO, Nov. 18. (Exclusive)—With a view to aiding the construction of important roads not in the State highway system and to helping relieve unemployment, Senator Thomas McCormack of Rio Vista, announced today he will sponsor a bill at the 1931 Legislature to transfer $3,000,000 from the general to the joint highway district fund.

Senator McCormack declares the measure is in full accord with Governor-elect Rolph's announced purpose to use State surplus funds to aid the unemployed and for the construction of necessary roads.

NEW YORK JOBS FUND $1,400,000

NEW YORK, Nov. 18. (AP)—The emergency employment committee raising funds here to give jobs to the jobless has received $1,400,000 in contributions to date, Seward Prosser, its chairman, announced today.

The news was made public at a mass meeting of about 800 business and financial leaders, who plan to raise a total of $6,000,000.

The largest single gift to date is one of $500,000 by Edward S. Harkness, philanthropist, and several other donations of thousands of dollars each were announced.

ST. LOUIS WIIL NOT LAY OFF EMPLOYEES

ST. LOUIS, Nov. 18. (AP)—About 600 city employees, annually laid off during the cold weather, will not lose their jobs this winter.

Mayor Miller announced today the $200,000 city fund for relief of unemployment will be used to supply work for employees usually turned out to seek employment elsewhere during the winter months. The men will be given several days work each week and will receive the regular wage of $4 to $5 a day.

A citizens' unemployment relief committee organized by Mayor Miller opened headquarters today.

WATERWAYS FUND OF $3,750,000 AUTHORIZED

WASHINGTON, Nov. 18. (AP)—An expenditure of $3,750,000 for new equipment for the Inland Waterways Corporation was approved today by Secretary Hurley. Of that sum $2,500,000 is to be spent for fifty new barges.

PERMANENT-JOBS IDEAL STRIVEN FOR

WASHINGTON, Nov. 18. (AP)—An army of men and women working with the single hope that every workman in America might be supplied with a job for every working day of his active life was described tonight by J. C. Lawrence, director of field representatives of the President's emergency employment committee.

In a radio speech over the National Broadcasting system, Lawrence described the employment organization as the "largest group ever striving together to transform some of this hope into a reality."

At the same time Representative Bloom of New York said in a statement that a vigorous "sell now" campaign at reduced prices would bring out millions of dollars now in savings banks and restore normal buying, causing factories to reopen.

Chairman Woods of the employment committee announced earlier that eighty-six communities now have relief surveys or relief drives under way, while thirteen are making surveys and 102 are "engaged in vigorous job hunts."

The committee has contacted thirty-four branch offices of the Commerce Department in twenty-eight States and will use them as a liaison with local and industrial organizations co-operating to stimulate work.

DISCORD HEARD IN INDIA DEBATE

Lord Peel Outspoken Against Dominion Status

Calls It Not Promise, but Distant Goal

Indian Delegates Aroused by Blunt Expression

LONDON, Nov. 18. (AP)—In a tense atmosphere of clashing British and Indian interests, Prime Minister Ramsay MacDonald was called upon today to soothe the ruffled Indian delegates who resented remarks by Lord William Peel, former Secretary for India, whose criticism of Indian aspirations was outspoken.

As one of the British delegates, Lord Peel brought the Indian round-table conference down to the realities as they are seen from the Conservative viewpoint.

Bluntly he told the Indian delegates the dominion status for which they are clamoring was not a promise, but a goal to be attained by progressive stages. He criticised the statements of Indian delegates yesterday and today, and was interrupted once by a prince of the East.

"Bogus! Absolutely bogus!" the Indian delegate exclaimed as Lord Peel referred to the proposed introduction of full self-government into India.

When Lord Peel finished, the Indian delegates were eager to reply, but MacDonald smoothed over the difficulty and ruled representatives of each delegation at the round table must speak in turn.

The Peel speech was the first note of discord in the Indian appeal for dominion status. For in the opinion of Indian Liberals, it represented the attitude of reactionary British opinion.

Moslem spokesmen today followed the Hindu leaders who spoke yesterday, and differences of creed and caste appeared to have been submerged in a united desire for dominion status within the empire.

The Maharajah of Alwar, in an eloquent appeal for a "United States of India," said such a federation would be the "finest and truest jewel in the diadem of empire."

Sir Muhamed Shafi, Moslem leader, emphasized the gravity of the Indian situation, asserting that when he read in the newspapers Indian unrest is confined to the educated classes he would be amused were the truth not so tragic.

Lord Peel found support for his Conservative views from Sir Hubert Carr, Indian tea magnate, and former president of the European Association in India, who declared Lord Peel had expressed the views of the British Community in India.

PATNA (India) Nov. 18 (AP)—Many police were injured and three civilians were wounded by police shots in clashes growing out of celebration yesterday at Muzaffarpur of "Jawaharlal Day" in honor of the imprisoned Pandit Jawaharlal Nehru, president of the All-India National Congress.

FLIP OF COIN WILL DECIDE TIE OF TWO CANDIDATES

TOPEKA (Kan.) Nov. 18. (AP) Two candidates for the Legislature will have to flip a coin or decide by lot in some other manner the winner of their contest which today had resulted in a tie.

Official returns from Chase county gave S. R. Stauffer, Republican candidate for Representative, 1362 votes, and C. P. North, Democrat, 1365.

An official canvass today in the office of E. A. Cornell, Secretary of State, revealed that on out-State absentee ballots, North had picked up one more vote while Stauffer picked up four more, placing them in a tie.

Election laws of Kansas provide when the vote for an office is tied, the winner is decided by lot.

ITALY PRUNES OFFICIALS' PAY

Mussolini Joins Employees in Salary Reduction

Government Moves in Face of $36,450,000 Deficit

Cut Will Obviate Necessity of Increasing Taxation

ROME, Nov. 18. (AP)—The Council of Ministers, acting on Premier Mussolini's recommendation, decided today on a sweeping salary cut of 12 per cent for all state employees in Italy, including themselves.

This reduction will become effective December 1 and is designed to obviate the necessity of increasing taxation.

The decision came after it had been stated there was a deficit of about $36,450,000 facing the state in the first four months of the budgetary period to come.

This reduction hits the army, navy, air force, police, public employees, public school teachers and government welfare workers.

Reductions also will be made amounting to 25 per cent for all state employees earning more than 40,000 lire annually and 35 per cent for all receiving 60,000 lire.

Most sensational endorsement ever given to *any* Radio!

By Dealers *and the* Public

Dealer's Endorsement of Philco

WHY is the greatest dealer organization ever to represent a radio in Southern California, behind Philco? Philco dealers give these three reasons:

(1) Because Philco gives their customers MORE RADIO for the money than any other set. (2) Because Philco assures their customers *permanent* radio satisfaction. (3) Because more people *ask* for Philco than for any other radio.

These dealers KNOW the technical side of radio. With Philco, they made comparative tests of practically every new radio on the market. And chose Philco because in construction...in performance...and in cabinetry, it represents the supreme value in radio.

Public's Endorsement of Philco

Almost overnight Philco has become the world's largest selling radio. In three short years, Philco has jumped from twelfth place in the radio industry to FIRST.

Today more people are buying Philco than any other radio because Philco gives TONE, SELECTIVITY and SENSITIVITY unequalled by any other set...*and at sensationally low prices.*

Philco brings you four features never before *combined* in one radio (1) Tone Control...cuts interference noises and static, and gives you *personal control* of station tone (2) Automatic Volume Control (in the super set)...automatically holds programs at *level volume,* without fading or "blasting" (3) Station Recording Dial...clear-visioned, illuminated, on which you can permanently log your favorite stations (4) Balanced Units...bringing you lifelike *undistorted tone.*

Go to the nearest Philco dealer today for a Philco demonstration. No obligation whatever.

PHILCO DEALERS ARE THE LEADING RADIO MERCHANTS IN THEIR COMMUNITIES. SEE ONE TODAY FOR A PHILCO DEMONSTRATION.

SOVIET VICTOR IN ARMS DEBATE

Gets Agreement to Reduce Navies "If Possible"

Litvinoff Raps France for Imprisoned Ships

Says 50,000 Tons Taken in 1920 Still Held

GENEVA, Nov. 18. (AP)—Maxim Litvinoff, Russian Foreign Minister and chief soviet delegate to the preparatory disarmament commission, was the center of the debate today as the commission started drafting a plan to limit naval armaments.

Day by day since the commission began its session, Litvinoff has tirelessly bombarded his colleagues with radical plans for arms reduction. Today he scored his first victory in inserting the words, "to reduce," into the text, which as formulated by the great naval powers at the London conference provided only for limitation of tonnage. Later the commission modified the text to read, "reduce if possible."

At another time he managed before he was stopped by the chairman to express his indignation against France for having retained since 1920 part of the Russian Black Sea fleet in what he termed "captivity."

Virtually the entire commission voted to insert "to reduce" into the limitation agreement, although Hugh S. Gibson, American representative, and others thought it unessential.

FINAL WORDING

When later M. Massigli, French delegate, moved an amendment to add "if possible," Litvinoff waxed ironical.

He told the commission it need not fear the general conference would do the impossible and suggested the commission should rename itself "the preparatory commission for disarmament if possible."

The article as finally accepted read: "The high contracting powers agree to limit and as far as possible to reduce their naval armaments."

The second and third articles of the draft as prepared by the great powers gave the commission considerably more difficulty. These provide for limitation by categories and special provision for transfer from one category to another.

Here the commission was faced with a demand by the smaller naval states for a wide liberty of transfer of small vessels which they prefer for the greater part of their marine strength. The problem of just where to draw the line between the great powers who may employ tonnage as they see it finally was disposed of by placing it in the hands of a committee composed of the chief delegates of Russia, Japan, Sweden, Spain and Greece.

RAP AT FRANCE

Russia suggested this division at 200,000 tons, Sweden at 100,000, while Spain proposed it be left to the general conference.

Litvinoff declared he was unable to designate the tonnage of the Russian Navy, as he did not know whether to count the approximately 50,000 tons which the French still hold at Bizerta, Algeria, after taking the vessels over from Baron Wrangel in 1920. The French are holding the ships pending a judicial decision.

"Despite our enjoyment for over ten years of a state of peace," said Litvinoff, "a part of the soviet fleet is still held in captivity by one of the great naval powers only by right of force."

He was here interrupted by the gavel of Chairman Loudon, who said, "I must ask Mr. Litvinoff not to allude to such matters as he has just referred to." Litvinoff retorted, "I shall not again allude to it because I have already said what I wish to say on that point."

ANGELENOS VISIT HOOVER

WASHINGTON, Nov. 18. (Exclusive)—Lloyd S. Nix and Arnold Kruckman of Los Angeles were received by President Hoover at the White House today. They are in Washington in connection with a case before the Radio Commission.

NAVY OFFICIAL'S CAR SEARCHED

Dry Agents Seek Liquor in Automobiles of Assistant Naval Secretary

WASHINGTON, Nov. 18. (AP) The story of his automobile having been searched for liquor was told today by Assistant Secretary Jahncke of the Navy.

With several other cars, his was held up on the Baltimore-Washington highway two months ago. Thelling of it today, Jahncke said he had suffered no incivility and he made no protest.

"I do not know whether the officers were State or Federal employees," he said. "I did not tell them who I was. My chauffeur has specific instructions not to reveal my identity as an official of the government."

NEW TAMMANY EXPOSE LOOMS

Secret of Naming Judges Creeps Into Trial

Revelation Promised by Special Prosecutor

Pair Accused of Obtaining Loan for Appointment

NEW YORK, Nov. 18. (Exclusive) An exposure of the "system" by which judges are appointed in New York was promised by Special Prosecutor Todd at the trial of Martin J. Healy and Thomas T. Tommaney in Supreme Court today. The two men referred to by Todd as "political racketeers," are charged with barter and sale of public office.

Healy is the Tammany leader of the Nineteenth Assembly District and Tommaney, former chief clerk of the Sheriff's office, is his political henchman. Together they are specifically accused of obtaining a loan of $10,000 from Mrs. Bertha Ewald in return for having her husband, George F. Ewald, appointed city magistrate in April, 1927.

George W. Olvany, former leader of Tammany Hall, was the principal witness of the day. He spent an uncomfortable fifteen minutes under direct examination at Mr. Todd's hands. But never did the prosecutor force him to confess that he had ever directly talked to Healy about the appointment of Ewald.

GERMAN BACKGROUND

Olvany said that the first time he had heard Ewald mentioned for the magistracy was when a committee from the German-American Stuben Society came to him and said it would like to see a man with a German background succeed Magistrate Charles F. Oberwager. Mr. Olvany said he had suggested that the society submit a list of possible successors, and the organization had done so. Ewald's name had appeared on the list and Mr. Olvany said he had known nothing of him, except that he had once been an assistant District Attorney. Former District Attorney Banton had a good word to say for him, Mr. Olvany added.

JUDGE TESTIFIES

The witness then said that he had never talked about Ewald's appointment with Healy and that anyway his recollection was that Healy had had no interest in the appointment bcause he (Olvany) had the idea that Ewald belonged in "another district."

The first prosecution witness was General Sessions Judge Allen. Both he and John Mara, a Tammany district leader, testified regarding the system whereby Tammany Hall places "deserving sons" in office.

TRAFFIC STUDY FULL OF PERIL

Mayor in Safety Zone to Observe Street Needs Nearly Runover

JOPLIN (Mo.) Nov. 18. (AP) Mayor Patterson was almost run down by a woman motorist today as he stood in a street car safety zone to study needs for protection of pedestrians.

After the Mayor's narrow escape permission was granted the company to construct raised platforms in safety zones.

GOVERNMENT'S DEFICIT GROWS

Uncle Sam $278,291,356 in Red on 15th Inst.

Next Income Tax Receipts to Even Things Up

Large Expenditures Made by Federal Farm Board

WASHINGTON, Nov. 18. (AP)—The government's deficit on the 15th inst. was $278,291,356, or $71,000,000 greater than last year.

Income-tax collections the middle of next month and in March will wipe it out, temporarily at least. Whether the Treasury will finish the fiscal year in July with the deficit expected by President Hoover will depend on the March and June collections.

Treasury figures today also showed Federal expenditures increased $55,000,000 in the first four months of this fiscal year, as compared with the same period a year ago. From July 1, last, to October 31, $790,000,000 was spent.

At the close of business Saturday the government had collected $1,075,181,988 since July 1 and had spent $1,353,473,345.

The Farm Board spent $24,655,000 in four months and another $15,329,790 in the fifteen days of November. The total collections of the government from July 1 to the 15th inst. were $184,000,000 less than that collected in the same period of last year, while the total expenditures were $113,000,000 less than a year ago.

Charges Made Intervention and War Planned

Former President of France Compared to Shylock

MOSCOW, Nov. 18. (AP)—The government-inspired soviet press today launched a bitter double-barreled attack on Raymond Poincare, former French President and Premier, and "French imperialism."

The attack apparently is an aftermath of indictment last week of eight asserted counter-revolutionary leaders and publication of their "confessions" of negotiations with M. Poincare, Briand and other European political figures for foreign intervention in the U.S.S.R.

Practically the entire space in today's issue of Izvestia and Pravda, Official organs, is devoted to a scathing denunciation of M. Poincare and to publication of two articles by him appearing in the Paris Excelsior of October 30 and the 15th inst.

POINCARE ACCUSED

The Russian paper's editorials point to the first article as proving M. Poincare's hatred of the soviet government and to the second article, which appeared after the counter-revolutionary indictments as revealing a "change of tone in order to conceal his leading role in the preparation for intervention in the U.S.S.R."

Both newspapers refer to Poincare as "Poincare-war," and, it would appear, exhaust their vocabularies in describing the French statesman, whom both accuse not only of planning intervention in Russia but of being the principal instigator in the World War.

CHARGES WAR PLAN

Izvestia says: "No Arabian perfume nor seas of typographical paint will wash the blood from M. Poincare's hands, or wipe from his forehead the brand 'Poincare-war.' He is not only the shadow of the past great massacre, but he is also the shadow of bloody events of the future."

Izvestia declared: "France is bound by a military agreement with Poland and Rumania. This agreement is directed against Germany and the U.S.S.R. Does Poincare wish to deny that the French general staff did not work out, with the Palish and Rumanian staffs, plans of war against the U.S.S.R. on the strength of this?

"Or maybe Poincare wishes to say that these plans were merely defensive. Maybe he doesn't believe these plans include 60,000 White Guards headed by Gen. Miller in Paris, who have announced their willingness at any moment to march against the soviets."

ARTICLE ASSAILED

Izvestia describes M. Poincare's article of October 30, saying: "The program of intervention in the U.S.S.R. was laid down by one of the best specialists, Poincare, who is a leader of the most bloodthirsty, cruel, cynical military group in Europe. By the use of lies and slander his article gives an ideological justification for intervention; gives slogans for its popularization, maps out international political tactics of the organizers of this bloody adventure and actually proposes to start the devil's machine of imperialism against the U.S.S.R."

Pravda adds to the denunciation by saying of Poincare: "This hyena, which sleeps and dreams of armies of intervention flooding towns and villages of the U.S.S.R. with blood, dares to accuse the soviet prosecutor of involving him with the recent counter-revolutionary indictments as a means of propaganda."

SHYLOCK PAINTED

Izvestia makes a strong play for German sympathy and friendship, picturing the Germans as "victims of the French Shylock, who, beating his fist against the treaty of Versailles, yells for his pound of flesh, declaring, 'Here is the law; pay up; no alterations.'"

The editorial declares further: "The cellars of the Bank of France are now full of gold. The French army and air service rank first in the world. There is a chain of steel and concrete trenches stretching from Belgium to the Italian border.

"What, under such conditions, does M. Poincare care for 4,000,000 unemployed in Germany, who demand bread and protest against payments of $2,000,000,000 a year which must be torn from their mouths? Germany is surrounded by a forest of bayonets, yet M. Poincare accuses the Germans of arming from soviet factories. Poincare is as innocent and pure as a child while Germany and the U.S.S.R. are preparing for war."

Students Balk at Social Ties, But End Strike

BOZEMAN (Mont.) Nov. 18. (AP)—Montana State College students today abandoned temporarily, their strike for a voice in making social regulations.

At a mass meeting attended by 1000 of the 1200 members of the student body, it was decided to resume the class work interrupted Friday when student leaders determined on this form of protest against an order of the dean of women requiring women residing in dormitories and sorority houses to be in their homes by 11 o'clock week-end nights instead of 1 a.m.

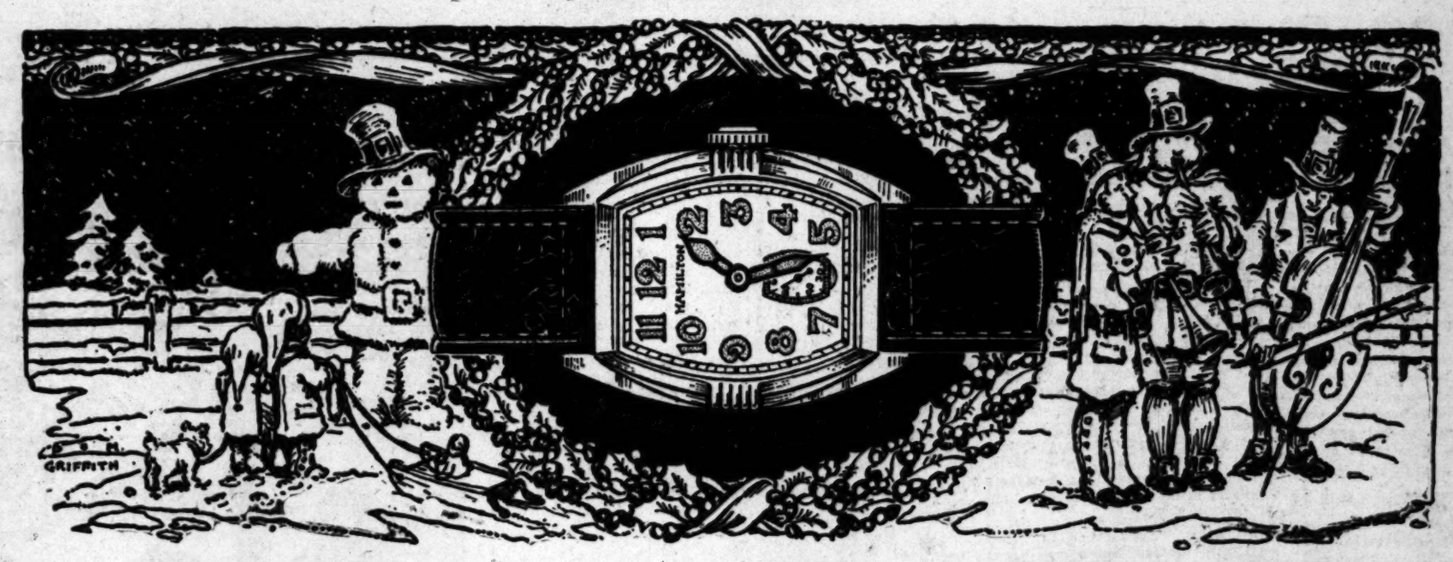
President Atkinson, now in Washington, D. C., has assured student leaders of a sympathetic hearing on his return.

Pasadenan Will Get Navy Cross

WASHINGTON, Nov. 18. (AP)—Secretary Adams today awarded the Navy Cross to three members of the Marine Corps for distinguished services rendered with the Nicaraguan National Guard.

The awards, which will be presented on a later date, were made to Gunnery Sergeant William A. Lee of Haverhill, Mass.; Corp. John M. Cobb of Pasadena, Cal., and Corp. George C. Smith of Teaneck, N. J.

SLAVICK'S



Special Favors for Those Who Select Christmas Watches in November

WE ARE giving special favors to those who favor us by their early patronage. Because we are so busy in December, this is our offer in return for your co-operation—Come this month, make a leisurely examination of our varied and interesting stock, select the watch you like the best and *make no payment whatever until January.* You may take it with you if you like, or leave it in our vault for safe-keeping until wanted. Thus you will receive the best service from our salesmen, you will have the advantage of a superior assortment and your payments will not begin until January.

To give a suggestion of the fine watches for men awaiting your approval, we show today representative numbers. Note the famous names—Hamilton, Gruen, Elgin, Illinois, Waltham and Longines. Note the presence of all the world's finest, time-tested, standard makes, all of them chosen carefully, after years of experience, so that you may receive the most complete and permanent satisfaction in whichever model you choose. And these are but a very few of the models on display. We say, with carefully considered words, that no person can obtain an unworthy watch, an inferior value, from this great showing. Come during November.

We have many new models of ladies' watches, from the Elgin, Waltham, Hamilton, Gruen and Longines companies—adorable dainty sizes, smart sports models and diamond-set watches. Prices range from $24.75 up.

7 Trains to New York daily in less than 21 hours

THE Pennsylvania now offers four 20-hour flyers from Chicago to New York every day—three others make the trip in less than 21 hours.

There is no faster way to travel except by air. And yet, because the route of the Pennsylvania is more than 50 miles shorter than that of any other railroad with trains of comparable schedule, you enjoy a wide margin of safety and comfort.

12 trains leave daily for New York, 10 for Washington and Baltimore.

Colds

CAN BE CHECKED IN ONE DAY

—by treating them promptly. The quinine and laxative in Grove's Laxative BROMO QUININE Tablets are necessary to treat a cold successfully. Without these ingredients relief would be only temporary.

Get a box at any drug store, 30c.

Grove's Laxative BROMO QUININE Tablets

PLEASANT RELIEF FROM CONSTIPATION

Shoulders droop under weight of years. Young, yet beauty has fled. Cheeks are sallow and drawn. Unsightly pimples. Keep your system clean and you keep the beauty of youth. Its energy. Its irresistible charm. Then life is not a failure.

Clogged bowels and inactive liver cause poisons to seep through the system. Health vanished and with it beauty and energy. Dr. Edwards Olive Tablets will help save you from this dark hour. For 20 years they have been prescribed in place of calomel to men and women seeking health and freedom from constipation. They act easily and smoothly. No dangerous griping. Take nightly before retiring. Results will amaze you.

Thousands of men and women would never be without Dr. Edwards Olive Tablets, a vegetable compound. Know them by their olive color. 15c, 30c and 60c. All druggists.—[Advertisement.

CHIANG TO WAGE WAR ON BANDITS

China's President Taking Field Against Reds

Tales of Slaughter Arouse Christian General

Provinces Put to Sword and Missionaries Seized

NANKING, Nov. -8. (AP)—President Chiang Kai-shek announced tonight he will take personal command immediately of 100,000 government troops to crush bandit and Red armies devastating Kiangsi and Hunan provinces.

Chiang, able generalissimo of government forces, is aroused by continued large-scale banditry in several provinces of the Yangtse Valley. Foreign and Chinese shipping has been fired on daily by shore batteries of Communist and bandit armies along hundreds of miles of the Yangtse River.

BURN AND SLAUGHTER

Roving outlaw bands for many months have laid waste Hunan and Kiangsi provinces, burning towns and killing thousands. Recently their activities also have been anti-Christian. Many missionaries have been kidnaped and others forced to flee.

Intensifying operations recently, Red armies numbering thousands of men pillaged several towns of Kiangsi, abducting for ransom wealthy Chinese and forcing missionaries to take refuge in larger cities.

TROOPS REFULSED

Government troops met with small success. Forced out of Northwest Kiangsi, the bandits continued operations in Hunan.

The situation in Honan Province is reported acute. Hankow civil authorities consider it unsafe for foreigners to travel in the provinces. Soldiers released from recently rebellious armies are reported turned bandits in company with farmers in guerrilla operations difficult to suppress.

Other provinces suffering heavily from outlawry are Hupeh, Anhwei, Fukien and parts of Kiangsi, Chekiang and Shansi.

AMERICAN GUNBOAT FIRED ON BY CHINESE

WASHINGTON, Nov. 18. (AP)—The United States gunboat Tutuila was fired upon today by Chinese bandits above Chengling on the Yangtse River.

Admiral McVay, commander-in-chief of the United States Asiatic Fleet, advised the Navy Department that rifle fire from the shore was silenced by return fire. The vessel was en route to Hankow. No casualties were reported.

CONFIDENCE VOTE GIVEN TO TARDIEU

Chamber of Deputies on Question of Army Service Upholds Government

PARIS, Nov. 18. (AP)—The Tardieu government won another victory in the Chamber of Deputies today, obtaining a vote of confidence, 348 to 248.

The Socialists attacked the government on the question of application of the one year's obligatory military service. They demanded that soldiers belonging to contingents that did eighteen months' service, but whose incorporation was postponed for physical unfitness until after adoption of the one-year law, be liberated after twelve months' service.

The government refused to accept this view and posed the question of confidence.

Oratory Winner to Be Honored

WASHINGTON, Nov. 18. (Exclusive)—Edmund A. Gullion, Washington youth who won the finals of the fifth International Oratorical Contest here last month, will receive the official commendation of the District of Columbia school board at ceremonies at Western High School, where he is a graduate student, next Thursday.

He will be presented with an engrossed letter signed by all members of the board complimenting him upon his achievement in bringing the world high school oratorical championship to the United States.

Kidnapers Free Wealthy Man

TULSA (Okla.) Nov. 18. (AP)—George H. Hurford, wealthy Tulsa bookmaker, was safe at home tonight after having been held by kidnapers since Sunday night.

Accompanied by two detectives, Hurford arrived in Tulsa tonight from Chetopa, Kan., where he was put out of an automobile about 3 a.m. today. J. H. Lancaster, night policeman at Chetopa, who said he saw Hurford pushed from the car, quoted Hurford as telling him his captors had demanded a ransom, but that he had refused their demand.

Police Hunting Mine Director

PHILADELPHIA, Nov. 18. (AP)—Police today were searching for Joseph H. Stopp, vice-president and a director of the Amparo Mining Company, operating a silver mine in Mexico, who disappeared after driving away from his home in Overbrook, a suburb, last Thursday.

Stopp was said to have inherited $350,000 from two aunts in Allentown, Pa., a few years ago.

BAR ASSOCIATION'S MEETING ADVANCED

Norman A. Ballie, president of the Los Angeles Bar Association, calls attention to the fact that the November meeting of the association will be held tonight at 6 p.m. at the Alexandria, instead of the usual Thursday, which falls on Thanksgiving Day. Judge Finlayson will speak on "How Human They All Were and Are: Anecdotes of the Older California Bar." Following the dinner a vote will be taken on the proposed new constitution and by-laws and, if passed, a nominating committee will be selected.

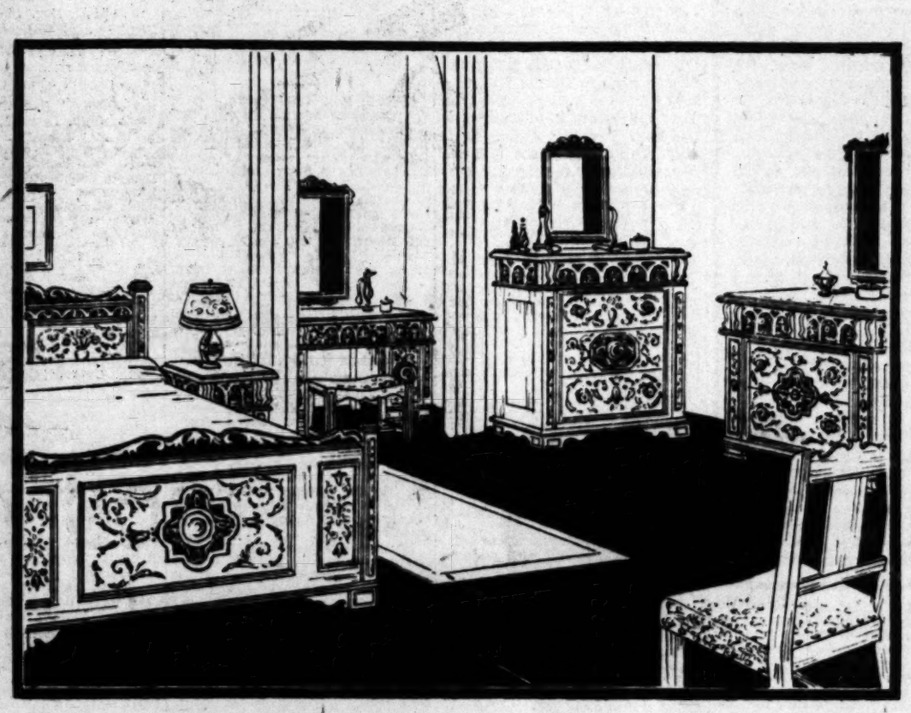
THANKSGIVING THIS MONTH

NOVEMBER at Barker Bros.

A Month of Pre-Holiday Value Events

CHRISTMAS NEXT MONTH

Italian Style—designed for California Homes



"Tuscany" Bedroom Group

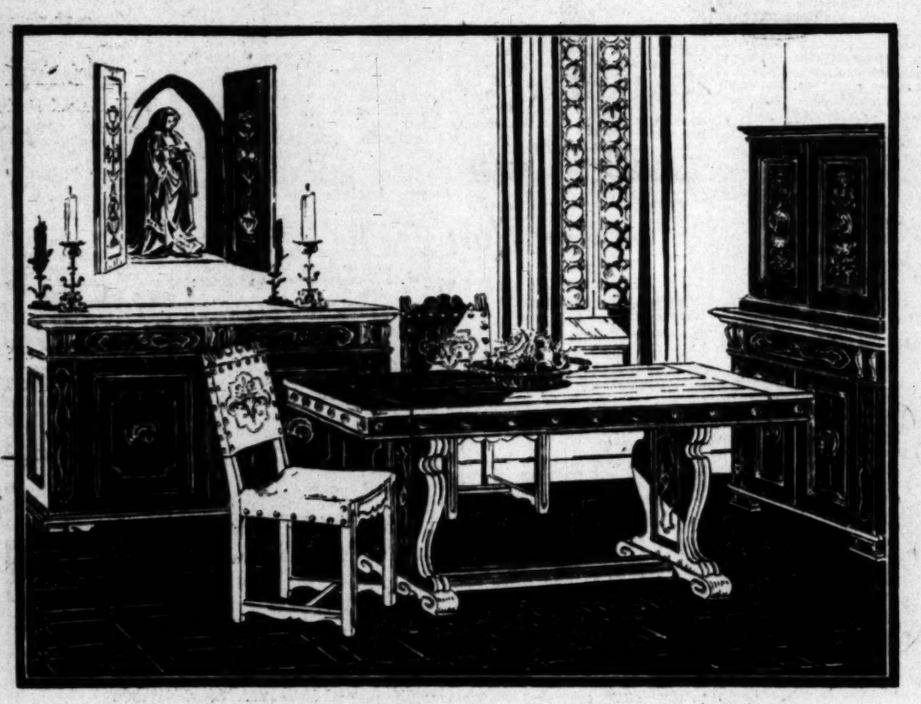
$169

3-pc., Bed, Chest, Dresser or Vanity

The dignity of an impressive period style—and the price of a commercial group . . . this Tuscany group created by Barker Bros. is a marvel. Choose it either in genuine walnut with other hard woods for contrast—or with typical Italian decoration as shown here (antique parchment ground with decorations of dull red, blue and gold.) Complete group available at proportionately low price.

FOURTH FLOOR

Dignified Background for Holiday Dinners



Group as shown; 8 pc., $229 (with tapestry covered chairs, slightly higher)

"Tuscany" Dining Group

$229

8-pc., Table, Buffet, 5 Side Chairs, Arm Chair

Created by Barker Bros. to meet the needs of California homes . . . a group that has the stately impressiveness of a fine Italian period style but proportioned to fit the average home and priced to be well within its budget. Made of genuine walnut with other hard woods for decoration. Plank-top table with shaped, slab ends; chairs with upholstered backs and seats, fine panelled buffet—wonderful value!

FOURTH FLOOR

200 Mossoul Rugs

In the 3x6 size specially priced for November, at only $37.50

These rugs will gratify the wish of every woman for a genuine oriental rug! These fine Mossouls are silky, lustrous, with the beauty of design and texture that cannot reproduced in a cheap rug. That is why we believe these rugs to be outstanding—for although they have all the luxury and richness that is typical of Mossouls, they bear the price that is usually only associated with less desirable qualities.

NEWS OF SOUTHERN COUNTIES

SAN BERNARDINO COUNTY VAST AND RICH DOMAIN

Agricultural - Producing Area Greater Than Most Atlantic States

SAN BERNARDINO Nov. 18.—San Bernardino county is a great agricultural domain with an area double that of eight States on the Atlantic seaboard. There are single townships larger than the State of Rhode Island. New Jersey, Connecticut, Delaware and Rhode Island could be dumped into San Bernardino county and there would be still an unoccupied area equal to that of the State of New Jersey.

When the county of San Bernardino was incorporated in 1853 it contained 18,000 square miles of what was then classed as mountain and desert land. The mountains still remain, but one of the wonders of the West has been the conquest of the desert through irrigation and cultivation.

Thousands of square miles of the desert soil are wonderfully rich, and when water is once brought to the surface produce abundant crops.

San Bernardino county has now a cultivated area of approximately 200,000 acres. When the Boulder Dam is completed sufficient water will be available to double or treble this cultivated area. Adding to this the supply from the great mountain area of San Bernardino county, the cultivated area can be increased to possibly 1,000,000 acres.

GREAT POSSIBILITIES

San Bernardino is the largest county in the United States. The 1930 census will probably show that it is third in agricultural production. If the present progress in the conquest of the desert continues, before two more decades pass it is destined to lead the nation both in its gross agricultural production and in the gross value of its agricultural lands.

San Bernardino's horticultural and agricultural production for 1930 totaled $40,505,0000, the greatest in the history of the county. The cultivated acreage was increased and most of its crops brought top prices.

The subsoil of San Bernardino county is rich in minerals, excepting oil. The mineral production alone sold for approximately $14,000,000.

San Bernardino county is in the great citrus fruit belt of the Southwest. About 47,800 acres are devoted to the cultivation of oranges, lemons and grapefruit, and the gross returns from the citrus acreage totaled $28,810,000.

Soil experts assert the area in San Bernardino that with irrigation will produce citrus fruit profitably is equal to the whole of the present cultivated citrus fruit area of California.

No other county, even in California, possesses such potentialities for agricultural production.

The conquest of the desert here can only be compared to the conquest of the wilderness in Western Pennsylvania and the two Virginias.

LARGE WHITE SPOT

Agriculturally, San Bernardino county is not only a white spot on the map of the nation, but a white spot of great magnitude and one that has never been darkened. For the San Bernardino county orchardist has nothing to fear from drought. He does not depend upon the heavens in summer for water, but upon the co-operative irrigation ditches, streams and essentially the subsoil water supply.

He does not concern himself personally about the marketing of the crops, for these are marketed through the co-operative citrus fruit exchanges. Prices may vary, but since the co-operative exchanges have been functioning the market price has never been below the cost of production. The average returns this year from the whole of the 200,000 cultivated acres was more than $200 per acre.

San Bernardino county residents are not all cultivators of the soil. San Bernardino city, the county seat, is developing rapidly as an industrial center. Its population about doubled in the last ten years, as did that of the whole county. Estimated on Federal industrial figures, the annual value of the county's manufactured products has reached $39,000,000.

MOUNTAIN PLAYGROUND

The mountain resorts in San Bernardino county are becoming the mountain playground of the whole Southwest. According to the estimates of the San Bernardino Chamber of Commerce, these mountain stream and lake resorts were visited this year by more than 1,000,000 vacationists. Their expenditures are estimated at $11 each a day.

The scenic beauties of the San Bernardino Mountains have become world known. The Rim of the World Drive, a circuit of 101 miles at an average elevation of more than 5000 feet, is almost unmatched for scenic beauty.

Lake Arrowhead and some of the other mountain resorts are noted alike for summer and winter sports.

In these high altitudes snow falls from November to May.

In San Bernardino county are more than 500 miles of paved highways and extensions covering another 150 miles are projected. The county borders the Colorado River on the east and stretches away more than 200 miles to the west, over the mountains and into the great coastal plain. The international highway from Needles on the Colorado River to Ontario is part of the great automobile tourist route extending from the Middle West to the Pacific Coast.

ORANGES LEAD

In agricultural production oranges lead all the rest. Some 40,902 acres are devoted to orange growing, and the gross returns this year totaled $22,600,000. Approximately 5030 acres were devoted to lemons, with a production of $5,040,000.

The grapefruit acreage was 1884, and the gross returns $1,170,000.

Grape culture is an important industry. From 34,435 acres a vintage was harvested valued at $1,642,35.

Alfalfa was grown on 13,671 acres. This crop grows the year around and is cut from five to ten times. The gross returns this year were $1,063,392.

Grain hay was harvested on 21,778 acres, and the crop sold for $895,320.

Nursery stock in the county, including seeds, bulbs and flowers, was valued at $626,000.

There were 4335 acres of mountain apples, for which San Bernardino county is becoming famous. The crop sold for $539,280.

Mountain peaches, equally famous, were raised on 8167 acres. The return to the orchardists was $500,000.

WALNUT CULTURE

The English walnut acreage is extending rapidly. The yield this year was not equal to that of some other seasons; but the crop from 10,931 acres sold for $422,928.

Potatoes were grown on 2183 acres and the crop marketed for $309,878.

Miscellaneous vegetables were cultivated on 2177 acres and sold for $219,195.

San Bernardino county sweet potatoes are prime favorites in the markets of the coastal cities. From 781 acres this year the growers received $199,890.

Miscellaneous field crops from 1968 acres sold for $160,500, and market gardens produced from 501 acres $151,620.

Barley was grown on 41,000 acres and sold for $143,115.

In the county are 874 acres devoted to apricot culture. The returns this year were $125,840.

Plums and prunes were grown on but 390 acres. Evidently they are not favorite fruits with the orchardists. The trees yield well but acres devoted to other fruits pay better. The returns to the growers this year totaled $109,780.

Dairy products marketed during the year brought $2,505,000.

ADDITIONAL INCOME

These are single-crop figures for the acres listed. But, as in other Southern California counties, it is not unusual to find a walnut and a lemon orchard on the same land. The lemons are planted in the rows between the walnut trees.

There are other crops that can be grown in the open space between the rows of fruit trees, and the returns add very materially to the grower's income.

This is just a partial list of the crops grown profitably in 1930 in San Bernardino. The list furnished by the Horticultural Commissioner of San Bernardino county includes thirty-eight crops. This diversity is se'dom equaled.

The lowly hen did her bit to fill the San Bernardino market basket. There are more than 1,000,000 of them on 1500 chicken ranches.

It is estimated that 10,000 San Bernardino turkeys will be on Los Angeles city tables this Thanksgiving.

WATER PROVISION

San Bernardino county's water comes chiefly through artesian and pump wells from its natural subsoil storage supply. Water obtained from Big Bear Lake, Mill Creek and the upper Santa Ana River supplements the underground supply for the Redlands district. The supply for the city of San Bernardino is brought from Devil's Canyon, where it is obtained from subterranean supply. The subsoil supply for the Rialto and Fontana region is replenished from the percolated waters of Lytle Creek.

The Water Conservation Association, which functions for San Bernardino, Riverside and Orange counties, to prevent flood damage and conserve storm water, was incorporated in 1909 by representatives of water companies, municipalities and others. Its method is to divert the water when available from the main stream of the Santa Ana River, Plunge Creek and City Creek and place it via contour ditches upon the absorbent cones at the base of the mountains for infiltration to replenish the subsoil hydrologic treasury in the extensive San Bernardino artesian basin.

According to its announcement of progress already made, the association's claims to 300,000 acre feet are subject to all prior rights on the Santa Ana River. It owns or controls approximately 3000 acres of land for sinking water. It has constructed eight miles of stone and earth contour ditches and has four diversions from the Santa Ana River by which it can sink approximately 25,000 miner's inches, or 500 second feet of water continuously when conditions are favorable for so doing. The association has spent $173,400.70 on constructed works to September 30 of this year, exclusive of the cost of a weir. The eventual cost of the tricounty water-conservation program is estimated at $30,000,000.

The cities of San Bernardino, Colton and Ontario are city members of the Metropolitan Water District, and thereby entitled to a considerable share of the 935,000,000 gallons to be brought daily into the district from the Colorado River.

SAN DIEGO LOSES TAXES

Consolidation of City and County Collections Held Costly Experiment for Municipality

SAN DIEGO, Nov. 18.—Consolidation of city and county taxes, imposed by a referendum petition, is a costly experiment for local taxpayers, according to an investigation by city officials, which shows the collections of personal taxes have decreased until the city will lose about $100,000 this year and $14,000 in interest, in addition. Tax consolidation became effective with the fiscal year beginning July 1, 1929.

For the first six months of that year the city collected in unsecured personal taxes, $113,015, and would have collected in the full year at least $165,000, according to the investigators' report. For the entire year of 1922-1930, the tax-collecting period now being closed, the county collected for the city only a few dollars more than was collected by the city in six months, or $113,863. This leaves a shortage this year that may approximate $100,000, the figures show. In addition to the loss of interest, amounting to $14,000, the city has paid the county for its services in collecting taxes, approximately $10,000, which sum comes from the taxes paid.

With the loss of interest, the commission paid the county, and the apparent shortage in tax collections, the city stands to lose this year $100,000 or more in receipts.

FAMED "RAINY DAY" APPARENT

Gold Pieces at Van Nuys Show Old Sock is Being Robbed

VAN NUYS, Nov. 18.—Apparently some of the savings that have been laid away for the proverbial rainy day are coming to light here.

Several Van Nuys merchants reported today that old customers have come in and made purchases with $10 and $20 gold pieces that looked like they hadn't seen the light of day for years.

One merchant said an old customer came in and proffered a $20 gold piece. "Is that good," he asked. "As good as gold," the merchant is said to have replied, and the purchase was made and the change given.

Another customer came into another store and said: "For years they have preached laying a little something away in the sock for a rainy day, and I have been doing it." Then he unwound a bit of string from an old yarn stocking, produced a $10 gold piece, made his purchase and went on his way. All merchants here say the presence of the gold pieces is a result of the so-called business depression and cash shortage.

New Township Created in High Mountain Area

SAN BERNARDINO, Nov. 18.—After reading petitions presented by residents of the district, the County Board of Supervisors has decided to create a new township embracing a wide area in the western portion of the San Bernardino mountains. The new township will include the resorts of Crestline, Cedar Pines Park, Thousand Pines, Skyland, Squirrel Inn, Pinecrest, Arrowhead Highlands and Seely Flats.

Crest Forest township will be the name of the new district, upon request of the West End Rim of the World Club and signers of the petition. P. J. Cormack of Camp Seely was appointed justice of the peace and John Dexter of Strawberry Flats, constable. The appointment of the officers is not effective until December 1, but the resolution creating the township is effective immediately.

The township includes approximately seventy-seven square miles of territory, much of which is in the "mile high" area of the San Bernardino mountains. Lake Arrowhead properties are not included in the township, this land remaining as a portion of San Bernardino township.

FOREST PATROL NOT NEEDED SINCE RAINS

SANTA BARBARA, Nov. 18.—County Forester Frank Dunne announced last night that fire patrols in county forest areas would be removed immediately inasmuch as recent rains have eliminated possibility of further forest fires in this section. At the same time, Dunne announced that fire damage in the county forests this season had been less than one-fifth that done in 1929. Slightly less than 5500 acres of land were burned over in the past season, doing damage estimated at $5000. In 1929, it was announced, fire razed nearly 30,000 acres for losses totaling nearly $20,000. Federal forest patrols also will be removed this week from the Santa Barbara National Forest Reserve, the danger of fire there having been eliminated early this week with a heavy blanket of snow—the first of the year.

FORGERY SUSPECTS HELD TO ANSWER

HUNTINGTON PARK, Nov. 18.—Harold Huff and Charles Payne, each charged with forgery, were before Judge Edward H. Miller yesterday for preliminary hearing, the defendants being held to answer in Superior Court. Bail of each was placed at $1000 and in default of this amount they were committed to the County Jail to await the action of the higher court.

It is asserted in the complaint that they passed a check on W. E. Bannister, made payable to "C. A. Hall," the check having the name of "Joe Somo" attached to it, which was pronounced a forgery. The check was drawn on the Maywood bank at 3600 East Slauson avenue, and called for $20.60. Complaint was filed by Fred England.

BRITISHERS PARTICIPATE IN DEBATE

English Collegians Will Argue Against Democracy in Tilt at Claremont

CLAREMONT, Nov. 18.—Two Pomona College students, whose homes are in Los Angeles, will encounter two men from English universities Sunday night in Holmes Hall, in a debate on the subject: "Resolved, That the Principle of Democracy Has Been Tried and Found Wanting." The debate is one of a series sponsored by the National Student Federation of America, in which four teams of students from English, Scottish and German universities will meet debaters of more than 100 American colleges.

The Pomona students, who will take the negative, are Theodore Russell, 5164 Angeles Vista Boulevard, and Winton Smith, 1302 West Fortieth Place. The English students, members of the National Union of Students of England, are B. J. Crehan, University of Liverpool, and D. Hope Elletson, St. John's College, Oxford University.

Crehan, who is 23 years of age, left school when he was 14 years of age. For seven years he worked in the daytime, and at night took courses in economics and studied industrial administration at Manchester College of Technology. At 20 years of age he became local secretary of the Workers' Educational Association. Last year he won a scholarship to Liverpool University, where he earned a diploma in social science, and is now reading for a B.A. degree in social science and economics.

Elletson, 22, was president of the debating society and school prefect at Wellington School. After a year in business he won a scholarship to Oxford, where he has been reading law. He has rowed in his college eight, is treasurer of the Oxford Union Society, and secretary of the Oxford University Conservative Association.

Russell of the Pomona team is a junior, a graduate of Long Beach Junior College, where he was a member of the junior college championship debate team of Southern California. Smith was commissioner of forensics at Compton Junior College and a member of the championship debate team of the Orange county league when he was at Anaheim High School.

The debate, which will be a no-decision affair, is free to the public.

Three Cars Mix and Four Boys on Foot Hurt

UPLAND, Nov. 18.—One of the most peculiar highway wrecks to come to attention of local authorities was written on the books today, featuring three automobiles in a crash tangle that injured four pedestrians.

The injured were four local youths, Odis Baker, 16 years of age; Waldo Owens, Ralph Haines and Robert Higgins.

W. W. Edwards, Yucaipa, driver of a sedan, was traveling on Foothill Boulevard, east of Campus avenue. The four youths were walking at the side of the highway, returning to their homes from a hunting expedition. In seeking to pass another car driven by Louis E. Easton, Glendale, Edwards didn't swerve his car enough. The hubcaps of the two machines clashed, and the force of the impact threw Easton's automobile around directly in front of a third car, driven by Ralph M. Eastwood of Rialto.

Eastwood's car was hurled from the highway and struck all four of the pedestrians. Edwards and Eastwood's automobiles were badly damaged, but Easton managed to fix his up so it would travel under its own power.

Police said no charges would be filed against anyone, as it happened to be a freak accidental scramble of the highways.

TRACK-LOWERING JOB BEGINS IN INGLEWOOD

INGLEWOOD, Nov. 18. — Lowering of the tracks of the Los Angeles Railway on South Market street started here today between Kelso and Arbor Vitae streets. This project will complete the original plans of the property owners for a wide, smooth street, and will provide a thoroughfare ample to take care of the rapidly increasing traffic demands.

INDIO HOST TO CHAMBER GROUP

Throng Braves Windstorm to Attend Luncheon

Coachella Valley Dates and Grapefruit Featured

County Body in Its Monthly Session Told of Reds

INDIO, Nov. 18.—Despite one of the worst windstorms in years, 118 persons from practically every section of the county, traveled to the Coachella Valley today to attend the monthly meeting and luncheon of the Riverside County Chamber of Commerce and the new home of the Woman's Club of Indio.

Following a luncheon served by the women of the club, featuring Coachella Valley grapefruit and dates, the visitors were welcomed to the valley by Thomas H. Rosenberger, president of the Coachella Valley Chamber of Commerce and general manager of the Deglet-Noor Date Growers' Association.

VALLEY GROWTH TOLD

Rosenberger pictured the growth of this valley from a desert outpost to its present state with a $3,000,000 crop of dates, as well as many other crops, and then visualized the future with millions being spent in the district through the development due to the Boulder Dam project and the Metropolitan aqueduct as well as through the growing popularity of the desert as a winter playground.

He then introduced H. W. Postlethwaite, president of the county chamber, who took charge of the meeting, introducing Samuel M. Gehr, the new secretary of the Palm Springs chamber; L. L. Andrews, president-elect of the Corona chamber; C. C. Whiting, vice-president of the San Bernardino chamber; Roy Mack, secretary; Grant Holcomb and O. L. Cowan, also of San Bernardino. These introductions were followed by a five-minute talk by Louis Wolff, president of the National Orange Show.

JOHNSON SPEAKS

The principal speaker was George H. Johnson, District Attorney of San Bernardino county, who gave an interesting and instructive talk on Communistic activities in the United States. Johnson is the man who prosecuted the Communists who had the camp for children in the Yucaipa Valley, a year ago, and who in consequence has first-hand knowledge of their propaganda.

Following the meeting a part of the visitors inspected the enlarged plant of the Deglet-Noor Date Growers' Association and others made a tour of the date gardens, many ending at the Shields Date Garden where Shields, who has lectured all over Southern California on "The Romance of the Date," gave them a talk amid the date palms. The next meeting will be December 16 at Hemet.

Auto Used by Bandits Found; Had Been Stolen

SAN DIEGO, Nov. 18.—Police today recovered the automobile used by three hold-up men Saturday night who robbed a store at Twenty-second and J streets and shot Police Sergeant M. R. Zimmerman while escaping.

Zimmerman was shot in the knee and the forehead when he leaped on the running board of the bandit car in an effort to halt the escape of the trio. The wound on the forehead penetrated the flesh but only grazed the bone. His condition is not regarded as serious, although his left leg is fractured.

The auto used by the bandits was stolen the 12th inst. from Ralph Robinson of 3809 Richmond street. Stolen license plates were substituted on the car.

MANSFIELD SOCIETY RE-ELECTS ITS HEAD

HUNTINGTON PARK, Nov. 18.—After serving as president of the Mansfield (O.) Society for several years, Dr. Ralph R. Barrett of this city will again fill the office for another year, having been re-elected at the quarterly picnic meeting held at Alhambra. A. B. Gettelman, of the Florence district was re-elected vice-president, and Mr. and Mrs. Hoover of Monterey, treasurer and secretary, respectively. Thomas Warrell will continue to serve as head of the committee on entertainment, his assistants being Philip Ott of Long Beach and Mr. Tibias of Alhambra. The next meeting will be held in Huntington Park on the third Sunday in February.

MEMORIAL LODGE IN READINESS

Structure in Memory of Late Miss Harwood Given Dedication by Club

UPLAND, Nov. 18.—Having been fittingly dedicated Sunday, the Aurelia Harwood Memorial Lodge at Mankers Flat, high up in San Antonio Canyon, above Camp Baldy, is the mecca for many members of the Sierra Club, from all parts of the State.

Miss Harwood, a resident here at the time of her death, was the only woman president of the Sierra Club, made up of lovers of the outdoors, and particularly of the High Sierras, and was serving in that capacity at the time of her death.

In her honor and memory, a mountain lodge was erected in San Antonio Canyon by members of the club. Cost of the lodge was $7500, all the funds for which were raised among the members and friends of Miss Harwood.

Two hundred members of the club were present at the dedication. The Sierra Club of Oregon was represented by L. A. Nelson of Portland. One of the prominent visitors at the dedication was Col. John White, superintendent of the Sequoia National Park. Col. White had with him a Sequoia redwood tree, which he presented to the Sierra Club members. In an impressive ceremony the tree was planted and dedicated to the memory of Miss Harwood.

Ed C. Harwood, a brother of Miss Harwood, presented the club with an enlarged photograph of Miss Harwood, taken while she was dipping water from a lake in the high Sierras. The enlarged photograph was hand colored and framed.

The lodge was built on a five-acre tract four miles beyond Camp Baldy at an elevation of 6300 feet. The tract is forested with sugar pines, firs, incense cedars, big cone spruce, yellow pines, oaks, mountain mahogany and manzanita. It is practically hidden from auto roads and buildings, but the road by auto is good, and will be kept open throughout the winter months. A program of winter sports is planned, including snow shoeing, skiing and climbing.

The lodge is provided with quarters for men, and quarters for women. It has a large kitchen, assembly hall, dining-room and fireplaces. It is two stories high, and has a full basement.

The program of dedication included talks by members of the organization, who were closely acquainted with Miss Harwood. Community singing, and a number of instrumental numbers, were included on the program of entertainment.

The Southern California chapter of the Sierra Club will have active charge of directing the lodge.

Many Bequests in Garner Will

SAN BERNARDINO, Nov. 18.—Bequests totaling $32,000 are included in the will of the late R. F. Garner, Sr., local capitalist, filed for probate, it was announced today.

The estate, according to the petition to admit the will to probate, consists of real and personal property "in excess of $10,000." Garner was known to be one of the wealthiest men in the city, but the exact value of his estate cannot be determined until the inheritance appraiser's report is filed.

Most of the estate was divided between his widow, Mrs. Anna B. Garner, and his son, R. F. Garner, Jr. Other bequests include $5000 each to Mrs. Jennie E. Lemaster of Alhambra, and Mrs. Florence Park of Oceanside, sisters; $5000 to Gordon Park of Vista, a nephew; $1000 each to Anna May Swing of San Bernardino and Dorothy Park of Oceanside, nieces.

Mrs. Hannah M. Garner of Oceanside, mother of the late Mr. Garner, is to receive $50 per month for the remainder of her life under the terms of the will.

Garner died at his residence here the 2nd inst. following a paralytic stroke.

W.R.C. INSPECTED BY DEPARTMENT LEADER

LAGUNA BEACH, Nov. 18.—J. W. McKinney Relief Corps, No. 139, department of California and Nevada, of which Mrs. Jennie Johnson, wife of the Chief of Police of this city, is president, held official inspection here yesterday. Department President Genevieve B. Algie, Los Angeles, was the inspecting officer. Among the distinguished guests were Mrs. Belle Lossinge, department inspector, Lodi; Mrs. Emma Alexander, past department president and present department counselor, Whittier; Mrs. Frances Davenport, department patriotic instructor, of Los Angeles; Mrs. Kate Reed Humphreys, past department president and national secretary, and Mrs. Martha Packard, past department president, Los Angeles.

Luncheon was served by the hostess corps to about 100 guests from many parts of the State, after which the business of the day was taken up. Two new members were initiated and two were transferred into the corps during the day.

AUDITOR SURRENDERS AND ASKS PROBATION

RIVERSIDE, Nov. 18. (Exclusive) County Auditor Harry E. Raymer, indicted a week ago on five counts of grand theft and falsification of public records involving an asserted shortage of $1700 in his accounts, today surrendered and entered a plea of guilty before Judge Ona K. Morton in Superior Court here. He asked for probation and the court set his petition for a hearing on the 25th inst. Raymer stated he was in Seattle when the indictment was returned.

CITY DICKERS FOR WATER

San Diego's Plan for Obtaining 100,000,000 Gallons Daily From Colorado River Under Discussion

EL CENTRO, Nov. 18.—San Diego's plan for obtaining 100,000,000 gallons of Colorado River water daily through the Imperial irrigation intake is being discussed here today at a conference between directors of Imperial district and city councilmen and supervisors from the coast city.

H. N. Savage, engineer for San Diego, stated that the tentative plans completed during a recent survey indicated that his city would want to take its water supply from the Imperial canal system at a point near Kane Springs. The water would be lifted 1700 feet and carried through eighteen miles of tunnels in crossing the coast range, he said. San Diego will claim a part of the water allotted to the coastal basin under agreement between the Metropolitan Water District and the Department of the Interior, it was stated. The main point under discussion today was whether San Diego should lease canal rights from the intake to the point where the city's supply will be diverted, or assume a share in the cost of the All-American Canal.

A majority of the members of the district board indicated that they favored the rental plan, and serious objection was voiced by San Diego representatives. If Imperial Valley is willing, San Diego wants to begin construction work at an early date and obtain a portion of its water supply before storage water is available at Boulder Dam, it was suggested today. No final decision as to the terms of the proposed contract was reached this afternoon, but the Imperial Valley board was requested to name the terms under which it would deliver the water to a point near the foot of the mountain range.

Members of the visiting delegation were Mayor Harry C. Clark, City Commissioners Lewis C. Maire, E. H. Dowell, Ira S. Irey and S. P. McCullen, and Supervisors Edgar H. Hastings. Dr. Charles E. Good, Leroy Aul and Engineer H. N. Savage.

MINISTERS LEAVE PULPIT FOR PRESS

Rev. Russell F. Thrapp

ALHAMBRA, Nov. 8.—Clara Bow was tossed in the waste basket but Aimee made Page One of today's issue of the Post-Advocate which was published under the editorial supervision of the Alhambra Ministers' Association.

The entire editorial direction of the paper was turned over to the ministers, who adopted a news policy of relegating crime and scandal to inconspicuous positions on inside pages. "The positions of honor should go to constructive events and helpful human-interest stories," in the opinion of the "editorial board." "There should be no pandering to morbid curiosity, prying into personal privacy, or exploiting crime and scandal. Therefore, look for the seamy side of today's news on inside pages," said a statement on page one.

In accordance with this policy, there was no hint of crime on the first page, from which the pastors also banned all streamers. The four lead stories selected were accounts of a high school scholarship society play, W.C.T.U. convention in Houston, search for a missing airplane and a local employment meeting. A picture of Mrs. Ella A. Boole, newly elected W.C.T.U. president, was the only "art" on the page.

An Associated Press dispatch from New York concerning Mrs. Aimee Semple McPherson occasioned some debate but the story finally landed on page one, with the name "Aimee" allowed to remain in the head.

The police reporter, Rev. D. Edward Wright, had little to do, as the police blotter was devoid of much news interest. A half-hour before going to press he brought in a local burglary story but the editors killed it rather than break their page one rule.

The following Alhambra ministers made up the staff for the day: Rev. Russell F. Thrapp, president of the Ministers' Association, editor; Rev. G. R. E. MacDonald and Rev. Norman K. Tully, editorial advisers; Rev. E. F. Gates, city editor; Rev. Arthur C. Keck, sports editor; Rev. Walter I. Fowle, Rev. D. Edward Wright, Rev. R. F. Trueblood and Rev. Earl H. Haydock, reporters.

Firemen Will Meet Tonight

HUNTINGTON PARK, Nov. 18.—Members of the Harbor District Firemen's Association will hold their monthly meeting at the City Council Chambers here tomorrow night beginning at 7:30 o'clock. Mayor Otto R. Benedict will deliver the address of welcome, and Robert J. Shanahan, executive vice-president of the Huntington Park Chamber of Commerce, will also extend a welcome to the visitors. George Moore of the Southern California Edison Company, will speak on "First Aid," and a demonstration will be given in first-aid work by members of the Pasadena Fire Department. There will also be vaudeville by the Jones entertainers of Bell.

The wives of the visiting firemen will be entertained at one of the local theaters, and later in the evening the local firemen will serve lunch in the fire station.

There will be representatives here from the departments at Redondo, Santa Monica, Hermosa Beach, Huntington Beach, South Gate, Vernon, Lynwood, Long Beach, Manhattan Beach, El Segundo, Maywood, Bell Compton and other cities in the district, the local department arranging to entertain at least 150 guests.

BAR OPPOSES DRY LAW

American Association Favors Repeal of Liquor Amendment in Mail Referendum

CHICAGO, Nov. 18. (AP)—The American Bar Association was placed on record today as favoring repeal of the Eighteenth Amendment. A favorable vote of 13,779 to 6340 was revealed by the association's headquarters on a referendum proposing: "That the American Bar Association favors the repeal of the Eighteenth Amendment to the Constitution of the United States."

The result of the poll, in which approximately 75 per cent of the membership voted, will be officially announced in the December issue of the American Bar Association Journal.

BALLOTS MAILED

Two ballots were mailed association members. The first was on a proposal whether the association should take a referendum among its members on the repeal of the amendment and the other was on the proposal of repeal. The votes on each proposition were cast simultaneously.

The referendum proposal carried, 14,782 votes to 5625. Had the vote been adverse to the referendum, the ballots on the repeal question would have been destroyed.

The votes on both proposals were counted by a subcommittee appointed by the executive committee. The subcommittee consisted of Orie L. Phillips, chairman; Maj. Edgar B. Tolman, and Earl W. Evans.

ATTITUDE SOUGHT

Mr. Tolman said the referenda were not submitted with a view to formulating policy on possible legislation, but simply to determine the attitude of the membership.

The vote was instigated by petitions filed with the executive committee early this year by a large number of members.

A spirited controversy over the proposed vote arose at the association's annual convention here in August, when opponents of the plan petitioned the executive committee to recall the ballots and abandon the poll. They argued prohibition was a question of national policy and not a legal question.

A motion to rescind the poll was overwhelmingly defeated on the convention floor.

DRYS TAKE VOW TO WIN VICTORY

Pledge War on Any and All Wet Candidates

Oath Shouted With Right Hands Held Aloft

Mrs. Boole Re-elected to Presidency

HOUSTON, Nov. 18. (AP)—Nearly 400 women, delegates to the fifty-sixth annual convention of the National Women's Christian Temperance Union, pledged themselves this afternoon not to vote for any wet political candidate and warned their parties to nominate only drys.

The organization re-elected its officers and adopted the remainder of a platform, on which the ensuing year's work will be based, calling, among other things, for a widespread "educational" campaign in public schools in behalf of the Eighteenth Amendment.

Mrs. Ella Boole of Brooklyn was kept in the president's chair for her sixth term. Other officers, all chosen again, are Mrs. Ida B. Wise-Smith of Des Moines, Iowa, vice-president; Mrs. Anna Marden De Yo of Evanston, Ill., corresponding secretary; Mrs. Margaret C. Munns of Evanstons, treasurer; Mrs. Sarah H. Hodge of Lincoln, Va., recording secretary; Mrs. Nelle G. Burger of Springfield, Mo., assisting recording secretary.

The union's general prohibition platform declared opposition to "any and all political parties adopting a repeal or modification plank." Declarations from the women of Republican and Democratic affiliations were read. Then the delegates swept to their feet and upon the direction of the officials thrust their right hands high above their heads and shouted in unison, "we'll see this thing through."

The union also struck at the motion pictures, passing a resolution requesting of Congress the creation of a Federal board of film censorship.

Miss Maude M. Aldrich, head of the motion-picture department, advocated it, saying the films will "be constantly used against the Eighteenth Amendment from now to the 1932 campaign" unless action is taken.

Reports included that of Mrs James Doran, wife of the chief of the Federal industrial alcohol division, who is chief of the W.C.T.U. nonalcoholic fruit products department. Mrs. Doran said it is "perfectly possible to entertain delightfully and adhere to the W.C.T.U. standards."

POPE WILL HAVE PRIVATE TUNNEL

Old Villa of Pontiff to Be Linked to New One

Auto Passage Will Permit Dodging of Traffic

Residence to Require Great Deal of Repairing

CASTEL GANDOLFO (Italy) Nov. 18. (AP)—Construction will start soon on a tunnel suitable for automobiles to connect the old Papal villa, Castel Gandolfo, with the Villa Barberini recently acquired by the Holy See through the Lateran Treaty of 1929. Pope Pius XI will use this tunnel when he makes his expected visit to Castel Gandolfo next summer to spent the hot months there.

The bore will be eighteen to twenty feet wide, and about half a mile long. It will be wide enough for two automobiles to pass and still leave room for pedestrians. It will eliminate the necessity of the Pontiff's driving through the center of the congested little town with its crooked, narrow streets.

An underground passageway connecting the two villas now exists, but it is large enough only for pedestrians, and has long since fallen into disuse. Some parts of it have crumbled in. This smaller bore will be utilized in drilling the larger hole.

Construction of the tunnel will be only one, although the largest, of hundreds of items of repair and reconstruction before the Pontifical villas will be habitable. Castel Gandolfo, because of its long lack of occupation, is in great need of rebuilding. Work has not yet been begun to modernize the place.

Work has already been begun at the Villa Barberini. Workmen are busily engaged in reordering the arrangement of rooms, and in installing plumbing. The Villa Barberini is not in the same state as the Villa Castel Gandolfo since the princely Barberini family lived in it off and on during the passing summers. But it, too, requires considerable rebuilding before it is suited for use by the Pope or his court.

Inquiry Begun in Toxin Deaths

MEDELLIN (Colombia) Nov. 18. (AP)—Two physicians of the National Laboratory of Hygiene in Bogota arrived here today to investigate the deaths of sixteen children in a local private hospital after inoculation of diphtheria toxin.

The toxin was said by officials to have been administered by a young hospital interne, Gonzalo Ramirez, in mistake for antitoxin. When the mistake was discovered he became insane. Thirty-three other children inoculated were still alive today, but their condition was said to be serious.

Exile Preferred to Prison Term

SAN FRANCISCO, Nov. 18. (AP)—At his own suggestion, Michael W. Walsh, 33 years of age, native of San Francisco, was permitted to exile himself to China today rather than risk a sentence to prison for arson.

Walsh told Municipal Judge Lazarus he would take the first available boat to Shanghai if the judge would not bind him over to Superior Court on the arson charge to which he confessed. The judge agreed.

Walsh was arrested last month on suspicion of having set fire to a house belonging to A. A. Cuthbertson, member of an importing concern.

FORMER KING HUSSEIN OF HEDJAZ LIES ILL

LONDON, Nov. 18. (AP)—The former King Hussein of the Hedjaz tonight lay dangerously ill at his quarters upon the Island of Cyprus. Reports that were apparently authoritative were published during the day to the effect that the former monarch was dead, but this was denied tonight by the British Colonial Office following the receipt of official advices from Cyprus.

CATHOLICS IN WORLD SET AT 341,000,000

VATICAN CITY, Nov. 18. (AP)—Statistics compiled semiofficially but considered by the Vatican as substantially correct show that at the end of 1929 Catholics in the world numbered 341,630,900. Of these 109,097,000 were in North, Central and South America. European Catholics numbered 208,882,000. Asiatic Catholics numbered 16,536,900, Africans, 5,330,000, Australians, 1,585,000.

Telephone Line to Mexico City Will Be Built

NOGALES (Ariz.) Nov. 18. (AP)—Work will start Monday on the construction of a direct telephone line from Nogales, Son., to Mexico City, it was announced here today by Cesar A. Escobar, Sonora manager for the Empresa de Telefonos Ericsson S. A.

The new line will connect with the one now between Mexico City and Guadalajara, Jalisco, and will connect Nogales with Hermosillo, Guaymas, Ciudad Obregon, Navojoa, Los Mochis, Culiacan, Mazatlan and Tepic, Nayarit, thence to Guadalajara, a distance of 1000 miles.

At present to make a telephone call to Mexico City it is necessary to route the call by way of Texas points and thence to Chihuahua City and Mexico City. The cost of the call by the new route will be about one-third less than at present, it is said.

CIVIL WAR HOSPITAL WORK CHAIRMAN DIES

PHILADELPHIA, Nov. 18. (AP)—George H. Stuart, Jr., 81 years of age, merchant and financier, died today. During the Civil War Mr. Stuart was chairman of the United States Christian Commission, predecessor of the American Red Cross. He leaves a daughter, Mrs. Elizabeth Stuart Jewett of Pasadena, Cal., and two sons, both of this city.

"BACK TO THE FARM" FOR UNEMPLOYMENT

LONDON, Nov. 18. (AP)—The Labor government is considering a "back to the farm" solution for the nation's unemployment problem. Prime Minister MacDonald conferred today with the Minister of Agriculture on a bill which would provide garden plots and small farms as a means of sustenance to jobless men who know how to till the soil.

WORKMAN CRUSHED

NEW YORK, Nov. 18. (AP)—A three-ton steel hammer fell on Gustave Maki, 41-year-old laborer, early today and crushed him to death. He was employed on an excavation job near the Hudson River waterfront.

RUM AIR LINE CITED BY JURY

Two Smuggling Syndicates Revealed at Detroit

Federal Indictments Against Ten Returned

Aliens Also Declared Part of Contraband Loads

DETROIT, Nov. 18. (AP)—The operations of two aerial smuggling syndicates whose air fleets brought liquor and aliens from Canada to the United States were revealed today with indictment of ten men by the Federal grand jury.

According to the information held by the government, the syndicates operated thirty planes for the smuggling of liquor and aliens from Canada to remote landing fields in the United States.

Although the operations of the syndicates were confined for the most part to the Detroit area, government investigators said planes landed contraband in the vicinity of cities in Ohio, Indiana and Illinois.

JOINED SMUGGLERS

Evidence on which the indictments were based was obtained by under-cover agents who joined the syndicates and worked with the smugglers for weeks.

The investigators reported 1800 cases of liquor cleared a single Canadian airport in one month at the height of the operations while correspondingly large amounts were sent into the air from other fields across the international line. The planes which were operated by the smugglers were capable of carrying from fifteen to forty cases of liquor on a single hop.

RUM BY AIR

Among the destinations reported by the planes when they took off from the Dominion airports were Saginaw, South Bend, Toledo, Milwaukee, Cincinnati and Sandusky.

The operators of the smuggling syndicates kept up a continual game of "hide and seek" with Federal officers. Landing fields were changed frequently and hidden storage points were maintained at fields where the planes landed their cargoes.

PLANES SEIZED

The men indicted today included two from Windsor, six from Ecorse and two from Detroit. They were included among the eighteen indicted by the grand jury in a conspiracy case last spring and today's indictments were a reaffirmation of the earlier indictments.

Twelve of the planes which the syndicate is asserted to have used were seized by government agents the past eight months.

Imperial Parley Called Failure

LONDON, Nov. 18. (AP)—The executive committee of the National Council of Industry and Commerce tonight issued a statement declaring it was "dismayed by the failure of the economic side of the imperial conference."

Sir William Morris, motor car manufacturer, is chairman of the committee.

The statement said failure of the recent parley was inevitable because the British government subordinated economics to politics, "actually ruling out in advance certain lines of fiscal discussions."

Bride Sees Her Husband Slain

IRAAN (Tex.) Nov. 18. (AP)—Claude J. Henderson, oil lease pumper, was shot to death before the eyes of his bride of two weeks as he slept early today, and his former wife, Avia Henderson, was arrested on a charge of murder.

D. H. Mitchell, justice of the peace, said the prisoner, who was divorced from Henderson after they separated in August, left Fort Worth yesterday morning in a motor car, driving the 425 miles to Henderson's Iraan home with few stops.

Bordoni Damage Suit Dismissed

MIAMI (Fla.) Nov. 18. (AP)—A $10,000 damage suit filed for Irene Bordoni and several others against Mrs. Ganson Clark and a number of social leaders was dismissed today, the court ruling it is not a matter for the Circuit Court.

Mrs. Clark was the promoter of a society circus at Miami Beach last spring, and Miss Bordoni, through her manager, entered a claim for an asserted unpaid performance at the circus.

MOTHER AND THREE CHILDREN DIE IN FIRE

VIENNA (Va.) Nov. 18. (AP)—Mrs. Bernice Sullivan, 27 years of age, and her three children burned to death tonight when their farm home near here was destroyed by fire.

CLOTHES LINE TRIPS STATUE

Nude Portrait of Negro Actor Again Loses Home; Looks Out of Place in Company

NEW YORK, Nov. 18. (Exclusive)—That nude statue of Paul Robeson, which was booted out of some of New York's snootiest art exhibits, was ejected yesterday from the sacrosanct galleries of the Union League Club.

Not that there was anything artistically wrong with this bronze replica of the Negro actor and singer, but Robeson was displaying his tawny torso in the wrong sort of company, and Antonio Salemme, who created this moot object of art, was asked to remove the bronze.

OUT OF HIS CLASS

The Robeson image was in a salon with busts and full-length metal likenesses of such prominent personages as President Hoover, Patrick Cardinal Hayes, Bishop William T. Manning and Rabbi Stephen S. Wise—though not in the nude.

In justice to Robeson and the sculptor, Salemme, it should be recorded that the statue of the clever colored man was the sensation of the exhibit—until the solons ruled it off the premises.

They gave Salemme a sporting chance, though. After visitors gasped and blushed when the exhibit opened Sunday afternoon, Dr. George F. Runz, chairman of the committee, called Salemme aside and suggested a few alterations.

ADAM FIG LEAF?

"Perhaps a fig leaf," whispered Dr. Krunz.

The sculptor went to the salon with a hammer and a handful of bronze leaf. Later Dr. Kunz viewed the added touches to the statue, but shook his head sadly:

"I'm sorry," he told Salemme. "But it won't do—it just doesn't belong here. It is a beautiful bit of art," he consoled the crestfallen sculptor, "but you will understand that such frank realism is out of place in this salon."

SONG SAVED GREVE FROM SEA DEATH

Survivor of Brooklyn Sang "Betty Lou" to Keep Awake on Wreckage

SAN FRANCISCO, Nov. 18. (AP)—First the cruel battering of waves and later unbearable silence, the monotony of which puts a man to sleep, were conquered during his three days and nights on a piece of wreckage of the ill-fated schooner Brooklyn by singing the song "Betty Lou," First Officer Jorgen M. Greve said on his arrival here from Eureka today.

"It was a good song," he said after greeting his wife, daughter and stepson at the ferry, "because Betty Lou happens to be the name of my grand-daughter. I kept singing 'The bells go ting-ling-a-ling—just for you, Betty, Lou.' I lay face down on the floating piece of bulkhead. It was like a cross and I was crucified on it for three days."

Singing, he said, was the only way he had of keeping awake during the three days when sleep would have meant relaxation of his grip on the wreckage and probable death in the turbulent sea. Greeve was sole survivor of the Brooklyn, which sank the 8th inst., with all hands, at the entrance of Humboldt Bay.

Baby Princess Mocks Sounds of London Zoo

LONDON, Nov. 18. (AP)—If the movies need an off-stage voice representing bears or tigers or sea lions, they might try applying to the King and Queen of England for the services of their 4-year-old grand-daughter, the Princess Elizabeth.

In a biography of the little daughter of the Duke and Duchess of York—probably one of the first biographies with so young a subject—her liking for animal imitations is revealed.

After her first visit to the zoo the Princess came home to practice, with evident delight, all the squeals, roars and whinnies she had heard.

ZIEGFELD WINS POINT TO EMPLOY LEADER

NEW YORK, Nov. 18. (AP)—Vincent Youmans, composer, today lost a court fight to prevent Florenz Ziegfeld from employing Frank Tours tonight as orchestra leader for the premiere of the show, "Smiles." Youmans wrote the music for the show, which Ziegfeld is producing with Marilyn Miller as star. Youmans contended his contract permitted him to select the orchestra leader, whom Ziegfeld must approve.

FRANCIS SCOTT KEY'S POSSESSIONS WILLED

NEW YORK, Nov. 18. (AP)—Portraits and possessions of Francis Scott Key, author of the "Star Spangled Banner," are bequeathed to the National Galleries at Washington in the will of Mary Lloyd Pendleton Abney, his grand-daughter, it was disclosed today by a transfer tax appraisal.

TWO MEN DROWNED IN HAWAII

Heavy Downpour Causes Severe Honolulu Floods; Many Autos Stalled

HONOLULU, Nov. 18. (AP)—Two men, a Japanese and a Hawaiian, were drowned late today when they drove their automobiles into the flooded waters of the Kahili, a small stream in the north section of the city. Four others who attempted to drive along King street, which intersects the stream, were rescued although their automobiles were washed away.

Four houses were washed away by the stream, which was swollen to flood proportions by a heavy downpour in the afternoon.

Police broadcast radio warnings to residents of the Nuuanu Valley to leave their homes if the Nuuanu River rose any higher. The water department feared the dam at the head of the Nuuanu Valley might break and flood the valley if the rains continue.

The road from Pearl Harbor to Honolulu was covered in places with four feet of water. Seven hundred automobiles of navy yard workers were stalled on the flooded highway and a train on the Oahu Railroad and Land Company line ran into the flood en route from Pearl Harbor to the city. Several cars of live stock were drowned.

Bad Faith Laid to Coleman at Postoffice Quiz

ST. PAUL (Minn.) Nov. 18. (AP)—L. L. Drill, United States District Attorney for Minnesota, charged in testimony today that Arch Coleman, first assistant Postmaster-General acted in "bad faith" in connection with litigation involving the St. Paul commercial postal station, leased by the Postoffice Department under a noncancelable lease.

Appearing as the only witness today before Senator Blaine, Republican, of Wisconsin, chairman of the special Senate committee investigating postal station leases, Drill declared Coleman went to the assistance of the owner of the local station when Drill's office last April was fighting an appeal from an award of damages in condemnation of the building. The owner of the building is Postal Stations, Inc., headed by Jacob Kulp, Chicago.

Witness Says Racketeers May Lump Incomes

CHICAGO, Nov. 18. (AP)—Testimony that internal revenue employes had been instructed to permit bootleggers, gamblers and those engaged in other illegal operations to list their incomes in a lump sum and not outline its source, was given today at the income tax fraud trial of Jack Guzik, Capone henchman.

Mrs. Mabel Reinecke, former collector of internal revenue, was the witness. Efforts of the attorneys to learn if the instructions were issued in Washington were blocked by government objections.

Mrs. Reinecke said acceptance of returns in the manner outlined was "only for filing and was subject to further investigation."

Guzik is charged with failing to file for income tax on more than $1,000,000.

Bob Indicted; Attorneys Say He Will Appear

NEW YORK, Nov. 18. (NANA)—Charles V. Bob, missing stock promoter, in whose financial enterprises investors have lost more than $6,000,000, was indicted here today with three of his employees by the New York county grand jury. At the same time Dist.-Atty. Crain revealed Bob's attorneys have promised to produce him, possibly tomorrow morning, for arraignment.

Reports persisted that Bob, who has been wanted for questioning since he dropped out of sight October 9, has been in this city since Saturday.

Chile, Slighted, Considers Move to Quit League

SANTIAGO (Chile) Nov. 18. (AP)—The Associated Press learned today on highest authority Chile is considering withdrawal from the League of Nations because of asserted slights at the hands of large European nations.

This source said the break was imminent as the result of "too high-handed procedure" at the election this year of members of the World Court at the League of Nations Assembly, when Chilean and Brazilian candidates were rejected in favor of Cuban, Salvadorean and Colombian entrants.

LASSEN ACTIVE, SAY UNOFFICIAL REPORTS

SAN FRANCISCO, Nov. 18. (AP)—Unofficial reports of increased activity at Lassen Peak were received at the local office of the United States Geological Survey today but were discounted pending official advices.

LAWMAKER WILL WED WAITRESS

Member of Congress to Marry Woman He Met at His Hotel in Capital

WASHINGTON, Nov. 18. (AP)—The romance of a member of Congress and a former head waitress in the hotel at which he lived materialized today in the announcement of the engagement of Representative Timberlake of Colorado and Mrs. Robert A. Wood Elliott, a widow, of Salisbury, N. C. The wedding takes place here December 23.

Mr. Timberlake is in his 70's while the bride-to-be's age was given at the Capitol as in the early 30's. Timberlake has been married twice previously and Mrs. Elliott was married once, her husband dying about a year ago. Mr. Timberlake's second wife died about a year ago.

The Representative met Mrs. Elliott when she was head waitress at George Washington Inn, used by many members of Congress.

TOBACCO GOES TUTTI-FRUITI

Acid Flavor of Apples and Oranges Found in Plant Leaves

NEW HAVEN (Ct.) Nov. 18. (AP)—Science finds in tobacco leaves the acid flavor of apples and oranges.

Not just a trace, but plenty of malic acid of apples and citric acid of oranges are present in every cigar.

Instead of being new brands sought for advertisement, these are the findings of pure science—incidental developments in a study of tobacco leaves at the Connecticut agricultural experiment station, undertaken to learn the manner in which green leaves manufacture plant foods.

gins. The statement said "the American delegates are co-operating heartily."

Shot for Steer Hits Hired Man

GREAT FALLS (Mont.) Nov. 18. (AP)—Missing the steer at which he was firing, Donald Kerr, rancher near Dutton, shot and fatally wounded his hired man, Russell Olson, 18 years of age.

The young man was driving a diseased steer from behind a heavy stack Saturday so Kerr could shoot it. Blinded by falling snow, Kerr fired and wounded Olson in the abdomen.

BLOOD SOLVES HUMAN RIDDLE

Tests May Fix Identity of Italy's Mystery Man

Wife of Professor Claimed "Unknown" as Spouse

Fingerprints Made Another Family Enter Case

[Copyright, 1930, by Chicago Tribune.]

ROME, Nov. 18. (Exclusive)—Scientists having appeared on the scene with the latest blood tests known to them, the strange case of the "unknown man of Collegno," which has stirred all Italy in recent years, seems on the point of solution.

Examinations which have been conducted during the last few days by Dr. Macondo Protti of Venice in that unhappy household at Verona where the father is, legally speaking, an unknown quantity have produced what appear to be almost conclusive results. And if the Court of Appeals in Florence on the 29th inst. places the same construction on them as the majority of the scientists to whose attention they have been brought, the graying sad-faced gentleman who now insists he is Prof. Giulio Canella of the University of Verona will be restored to the identity he says he lost in some terrible experience on the Macedonian front in 1916.

FOUND IN CEMETERY

The singular story of the "unknown man of Collegno" began in 1926 when a strange man was arrested in a Turin cemetery, where he was caught stealing bronze wreaths. Unable to account for himself, he was taken to the Collegno Asylum for the Insane. He passed a year there known as "The Unknown One." Then an army officer saw and remarked on his resemblance to Prof. Canella of Verona, who had been missing since the war.

Signora Canella was brought to the asylum and immediately recognized him as her husband and took him home. Old friends and neighbors welcomed him and his home life started once again. Then he was arrested as Mario Bruneri, a Turin linotype operator. Being hauled off to jail he met another wife and mother and sister waiting to identify him. At this Signora Canella set up a loud protest which was echoed all over Italy in subsequent phases of the case.

FREED OF CHARGES

The unknown was at first freed of the charges against him for stealing wreaths and was returned to Signora Canella. The man's memory returned slowly and he began to recall old friends. Photographs of the professor and the unknown were strikingly similar. But the Bruneri family, on the basis of fingerprints, fought the case in the courts, and it was decided that the unknown was Bruneri.

Since then the case has come to trial several times, and recently the decision that he was Bruneri was voided, giving the amnesia victim the status of not existing at all. Thus the signora's last two children—she had two before the war—bear the bar sinister.

But with a new hearing coming on at the end of the month, the Canella family's lawyer, Prof. Carnelutti, called in Dr. Protti with the idea for the first time in Italy of offering blood tests as evidence before the law.

FOUR HYPOTHESES

Dr. Protti envisaged four hypotheses. The first is that the so-called blood "groups" of the "unknown man of Collegno" and the signora might have been the same and the results could not have been considered conclusive even if the two older children belong to the same group. Second, that the blood groups of the signora and her mystery mate might be found different and the older children to have inherited the mother's blood group, in which case nothing could be proved. Third, that the blood groups of the pair being different, it might develop that the children born before the war had blood groups of neither, which would exclude the unknown from his claim of paternity. And fourth, that the blood group of the older children might be discovered to be the same as the blood group of the unknown and this being the case, all evidence would point to the unknown being Prof. Canella.

BLOOD SIMILAR

That is what the tests showed. Prof. Canella's blood is so-called Group One, and his wife's Group Two. The two older children have shown Group One and Elizabeth has Group Two and Camillo has Group One. And so the evidence, although circumstantial, points to the unknown being Prof. Canella as he says he is, because he now claims to have recovered his memory.

Meanwhile the Bruneri family is marshaling forces to prove that the blood tests are unreliable, or at best, circumstantial and not comparable in value with fingerprints which seem to have shown the unknown to be Bruneri.

Germans Build Luxury Yacht for Vanderbilt

KIEL (Germany) Nov. 18. (AP)—William K. Vanderbilt's new motor yacht, the Alva, was launched in the Germania yards today. The vessel, whose interior fixtures represent the last word in luxury, has a displacement of 3500 tons and in the opinion of some yachtsmen here deserves the designation of cruiser rather than motor yacht.

The engines will develop 4200 horsepower and the vessel will attain a speed of sixteen knots. Capt. Kenneth G. Castleman, American naval attache, attended the launching.

MORE JOIN SEARCH FOR LOST HUNTER

WINSLOW (Ariz.) Nov. 18. (AP)—New searching parties left Winslow this morning in an effort to find D. J. Bird, 25-year-old Santa Fe Railroad brakeman, lost in the rugged country forty-five miles south of here since Friday. Bird became separated from two companions while on a hunting expedition.

...METHING MUST BE DONE ...BOUT TAXES

...United States has made great forward strides in the last ... years in national wealth, in population, in industrial ...ment and in business generally, including imports and ex... Railway investment, earnings, expenses and traffic also ...grown rapidly in that period, but railway taxes have grown ...more than any of the other factors. The tax bill of the American ...roads in 1890 was $31,000,000. In 1929 it was $396,682,634, an ...se of 1180 per cent.

...This means that nearly one-fourth of the net operating rev... of the American railroads was paid to various federal, ...and local governments. In other words it means that ***nearly ...fourth of the total effort of railways now is devoted to ...taxes not operating revenue sufficient to pay the taxes on ...property as a whole.***

...Every industry has felt the increasing burden of taxation and ...every industry is devoting attention to its own tax troubles. ...But as a whole recognizes the grave problem that has ...arisen from the fact that taxes are rising steadily and growing ...relatively more burdensome, but ***something must be done ...about it.***

...In considering the tax problems of this country, however, it ...should be remembered that while railroad tax, period 1890 to ...1929 increased 1160 per cent, taxes other than those paid by the ...railways increased only 932 per cent. The railway tax growth ...is one-fourth greater than that of the tax bill of other industries ...and individuals combined.

...At the end of 1929 railway taxes had mounted to a larger ...annual total than ever before. Railway taxes were greater ...by $100,000,000 than in any corresponding period in history and they ...absorbed 8.22 cents of each gross dollar received by the railways. ...The rise in railway taxes in the last 40 years therefore is 13 ...times the growth in population and three times the gain in na... wealth in this country and this is a problem which demands ...the most careful consideration of every citizen.

...Solicits your co-operation ...and confidence.

NEON COMPANY TELLS PROFITS

Washington Unit Reports $86,611 for Period

Nine Months' Total Equals 87 Cents a Share

Deficit in Surplus Account Eliminated

Electrical Products Corporation of Washington showed net income of $86,611.00 after all charges and Federal taxes for the nine months ended September 30, last, equivalent to about 87 cents a share on the 100,000 shares of capital stock outstanding, according to a statement issued yesterday by Hamilton C. Wolfe, president.

As the company's capitalization was changed July 1, 1929, and the accounting system revised on December 31, last, to conform with methods employed by other Claude Neon companies, no comparison is available with the 1929 period.

In the first quarter of this year the company reported net profits after charges and Federal taxes of $37,797, equal to about 38 cents a share on the 100,000 shares of capital stock. Second-quarter profits were $15,499, or 15 cents a share.

For the quarter ended September 30, last, net profits were $33,315, or 33 cents a share. Based on the nine months' showing, the company's earnings for the full year 1930 will exceed $100,000, or better than $1 a share on the outstanding stock.

Surplus as of September 30, last, was $28,047.42 as compared with a deficit of $58,563.67 December 31, last, which arose through the change in the accounting system.

For the month of September gross profits on rentals and contracts were $21,176.29 and gross profits on sales were $1789.15, bringing total gross profits for the month to $22,945.54. Net profits after all charges, including Federal taxes, were $10,-258.36.

Security-First Net Estimated

Earnings of the Security-First National Bank of Los Angeles for the year ended December 31, next, should total approximately $6,850,000, or $1,000,000 in excess of dividend requirements, J. F. Sartori, president, stated yesterday. This amount would be equal to $3.70 a share on 1,200,000 shares outstanding.

This estimate by Mr. Sartori compares with $5,712,775 for the nine months ended December 31, 1929, equivalent to $4.76 a share on the same amount of stock.

CALIFORNIA RESERVE OPENS NEW BRANCH

George G. Gregory, president of the California Reserve Company, announced yesterday the opening of a branch office in Long Beach. This is the fourth office of the company to be opened outside of Los Angeles this year, offices having previously been established in San Diego, Ontario and Glendale. W. S. Hance will be in charge of the new office.

FINLAYSON TO TALK ON CREDIT TOPICS

Speaking on "Miscellaneous Sources of Credit Information," J. A. Finlayson, general credit manager for Richfield Oil Company, will address the class in credits and collections at university college, University of Southern California, tomorrow evening in the Transportation Building.

USUAL EXTRA VOTED BY WELLINGTON OIL

Wellington Oil Company yesterday declared the regular quarterly dividend of 5 cents a share and the usual extra of 5 cents a share. The dividends are payable December 15 to stock of record the 29th inst.

SEARS PAYS STOCK

CHICAGO, Nov. 18. (Exclusive)—Sears, Roebuck & Co. today declared two regular quarterly stock dividends of 1 per cent each, payable February 1 and May 1, 1931, to stock of record January 10 and April 10, respectively. Cash dividends payable on those dates will be declared at the regular time.

MELON CUT BOOKED FOR RAIL STOCK

Cincinnati, New Orleans and Texas Pacific Adds $50 Extra to Regular

CINCINNATI, Nov. 18.—Cincinnati, New Orleans and Texas Pacific Railway Company declared today an extra dividend of $50 a share in addition to the regular semiannual dividend of $4 a share on the common stock payable December 26 to stockholders of record December 5. The extra disbursement aggregates $4,485,000.

Control of the road is held by Southwest Construction Company through ownership of 68½ per cent of the outstanding 89,708 shares. The construction company stock is owned 47.6 per cent by Alabama Great Southern, 15.8 per cent by Southern Railway and 31.6 per cent by Baltimore and Ohio Railway. It distributes all it receives in dividends. Southern Railway in turn owns 56½ per cent of the outstanding 224,207 shares of Alabama Great Southern stock. The amount of the extra payment Alabama Great Southern will receive is equal to $6.15 a share on its 224,207 shares of stock.

Cincinnati, New Orleans and Texas Pacific paid a 200 per cent stock dividend in 1926 and since that year has been paying $11 annually, including $3 extra.

Fairfax Harrison, president, stated the company has for a number of years been plowing back a portion of earnings in improvements and equipment until on January 1, last, the property investment stood at more than $41,000,000 against a total capitalization of $13,426,000, of which $8,970,000 is common stock. With a cash reserve ample for contemplated further improvements the board felt that it was time to recognize the long-deferred expectation of stockholders.

United Biscuit Advances Rate

CHICAGO, Nov. 18.—United Biscuit Company today declared a quarterly dividend of 50 cents a share on the common stock, placing it on a $2 annual basis against $1.60 previously. The dividend is payable March 1 to stock of record February 16. The regular quarterly of $1.75 a share on the preferred was also declared payable February 1 to stock of record January 16.

The increase in the common dividend was made in view of the fact that the current year is proving profitable with sales and net profits close to those of 1929 when the company showed net income of $2,254,097, equal after preferred dividends to $4.39 a share on 484,438 no-par common shares.

INVESTMENT TRUST ANALYSIS ISSUED

"Statistical Comparison of Six Leading Fixed Investment Trusts," a new pamphlet just issued by Howard G. Rath Company points out that during the current market decline, not only have fixed trusts shown a larger proportionate income return, but the depreciation in values has been much less than that of individual stocks on the market as a whole.

BROKERAGE ACCOUNT OFFER CONTINGENT

PHILADELPHIA, Nov. 18.—The offer made by E. A. Pierce & Co. to the receivers of C. Clothier Jones & Co. to take over the accounts of the latter is contingent upon the acceptance of the offer by not less than 90 per cent of the customer creditors of the Jones company. The offer expires December 1, next.

OIL REGULAR VOTED

Signal Oil and Gas Company yesterday declared the regular quarterly of 50 cents, payable December 10 to stockholders of record the 30th inst. Signal Royalties Company also declared a dividend of the same amount, payable December 15 to stock of record the 30th inst.

CAR COMPANY REPORTS

NEW YORK, Nov. 18.—North American Car Corporation reported today for the nine months ended September 30, last, net profits of $523,554, equal after preferred dividends to $2.53 a share on 150,361 common shares as against $576,625 or $4.27 a share on 113,874 common shares a year ago.

M'FADDEN FOR FEDERAL AID

House Banking Committee Head Indorses Public Works Expenditures; German Bonds Questioned

BY EARLE E. CROWE

Legislation in the coming session of Congress to authorize the expenditure by the government of from $1,000,000,000 to $2,000,000,000 for public works was indorsed here yesterday by Louis T. McFadden, chairman of the House Committee on Banking and Currency as a positive measure to alleviate unemployment and stimulate business activities.

Congressman McFadden was the guest of honor at a luncheon tendered at the Biltmore by Townsend & Co., Pacific Coast representatives of Transcontinental Shares Corporation, of which Mr. McFadden is chairman of the board. This company is the sponsor of a new fixed share trust.

ACTION WARRANTED

Borrowing by the government at a time like this was compared by Mr. McFadden to the emergency that faced the country when the United States entered the war. The business and unemployment situation is critical enough, in his opinion, to justify government financing, and he does not believe it would be unsound for this financing to exceed anticipated revenues by a billion or so.

Postoffice construction was mentioned by Mr. McFadden as an admirable outlet for government funds, not only as good business in eliminating rental charges on present quarters but as a field in which the government would not be competing with private capital.

He is also an advocate, he said, of increased expenditures for new roads, waterways, etc., even in advance of apparent requirements.

In all business cycles, Mr. McFadden pointed out, some impulse or spark is necessary to snap the business situation out of the lethargy usually evident at the bottom of the cycle. It is conceivable, he said, that the release of one or two billion of government money in public works would furnish the required stimulus.

POLICIES CRITICISED

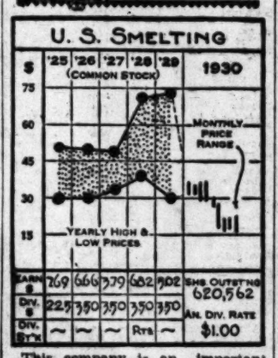
Turning to his own particular field of finance, Congressman McFadden said the next session, in addition to major legislation, would continue hearings on branch, group and chain banking, and also on Federal Reserve policies in the field of international finance. The Pennsylvania Congressman has been a severe critic of the reported part the Federal Reserve has played in the reparations settlements and flotation in this country of the German reparations bonds. He has also demanded to know what connection the Federal Reserve has with the new Bank for International Settlements.

Mr. McFadden again questioned the soundness of offering the German reparations bonds in the American market. It is his opinion that a moratorium must be granted Germany on reparations, which would necessitate a readjustment in interest obligations on the bonds.

He reiterated the charge that the Federal Reserve is entangling itself in international affairs contrary to the Federal Reserve Act and detrimental to the finances of this country. He also declared the hearings which he instigated will seek light on the connection of the Morgan banking house with the Bank for International Settlements and whether or not the Federal Reserve System is committed in this connection.

Mr. McFadden will remain in Los Angeles for a few days on affairs of the Transcontinental Shares Corporation.

WHAT'S BEHIND YOUR STOCK



This company is an important producer of lead, silver, zinc and coal, and its gold properties at Fairbanks and Nome, Alaska, appear to have great potentialities as soon as development work begun in 1929 is completed. The company's smelters and refineries handle not only its own ore production but also derive sizable revenues from working over the bullion of independent mines. Domestic mining properties are located in Utah, Nevada, California, Colorado, Arizona and New Mexico. Gold and silver claims in Mexico are also among the holdings of the organization.

High metal prices in 1929 and the elimination of interest charges by the calling of the outstanding bonds brought net income "before additional reserves" to $4,819,000, the highest in the last ten years. Low silver and other metal prices are adversely affecting 1930 operations—$1.85 earned per share for the first eight months comparing with $3.08 for the similar period of 1929. As a conservative measure the dividend has been reduced from $3.50 annually to $1.

Curtiss-Wright Reports Large Operating Loss

NEW YORK, Nov. 18.—Curtiss-Wright Corporation and subsidiaries reported today September quarter consolidated net loss of $1,807,594, after deduction of $1,097,091 for depreciation, inventory markdowns and other extraordinary charges. Net loss for the first nine months this year totaled $7,159,255. The company was formed in August, 1929.

Wright Aeronautical Corporation and subsidiaries reported September quarter net loss of $657,944, against net profits of $299,331 a year ago. Nine months' net loss totaled $1,932,189, against net profits of $1,853,828, or $2.75 a share on 600,000 shares for the same period last year.

Curtiss Aeroplane and Motor Company, Inc., reported September quarter net profits of $107,706 after all charges, against net profits of $292,269 in the third quarter last year. Nine months' net loss amounted to $91,804, against net profits of $1,371,012 a year ago.

Pig Iron Sales Show Increase

NEW YORK, Nov. 18.—Sales of pig iron in the New York district last week were the best in some time, amounting to 11,000 to 12,000 tons. Inquiry outstanding remains fairly good at 5000 to 6000 tons and there is sentiment in the local market that the current rate of activity will be maintained for a week or so at least. There is a more active inquiry in other sections also.

It is reported that one or two large interests have been negotiating for iron for their entire next year's needs, but so far have not been willing to pay prices attractive enough to cause dealers to take the business. Most of the iron being sold currently is for first-quarter 1931 shipment, but a good run of spot business continues.

DIVIDEND ACTIONS INTEREST

Bay City Financial Group Discusses Probable Decision of Several Companies

SAN FRANCISCO, Nov. 18. (Exclusive)—The financial district today discussed probable dividend action on Transamerica, Paraffine, Golden State Milk, Illinois Pacific, Atlas Diesel, and Leslie California Salt.

It is understood Transamerica will pay its regular quarterly dividend.

Completion of the program for simplification of Transamerica's structure through the formation of a group of 100 per cent owned holding companies is expected soon. Definite announcement is anticipated about the time of the regular monthly meeting of directors, December 10, when it is understood they will declare the regular quarterly dividend of 25 cents, payable January 25 to stock of record January 5.

Paraffine is expected to continue its regular cash dividend of $4 annually, but may discontinue at this time its 2 per cent semiannual stock dividend.

With the way cleared for reorganization of Golden State Milk Products under the new Delaware charter it is considered probable the proposed bond financing will be done and the common stock shortly thereafter placed back on a cash dividend basis.

Illinois Pacific Company is expected to place its stock on a $1 dividend basis at the end of the year. Following the merger of Illinois Pacific Glass and Pacific Coast Glass shareholders received their new stock in between dividend dates. It was generally understood at the time of the consolidation that the old Illinois Pacific shareholders were to receive the same return from the new company that they had been receiving.

Market action of Atlas Diesel and Leslie Salt lends credence to reports the two companies may reduce their dividends in the near future.

It is understood Atlas Diesel directors have discussed the possibility of cutting or omitting dividends and are awaiting the completion of inventory taking before deciding what action to follow.

The company's business was high during the first eight months of the year, but has slowed down, it is reported. Paying $2, the A stock at current market prices is yielding aproximately 30 per cent.

Leslie Salt Company is understood to be considering reducing the present $1.60 dividend rate to $1, which, at the present market price of 10, would still show a yield of 10 per cent. The company's sales of fine salt are reported to be well ahead of last year, but the crude salt market has been slow due to generally lower business activity of industrial concerns. For the year ending June 30, the company reported earnings of $1.40 per share on the common. It was in June the dividend rate of $2.25 was reduced to the current rate of $1.60.

RICHFIELD OIL SLASHES COSTS

Economy Program Calls for Huge Savings

Cancellation of Crude Oil Contracts Planned

New Official Named to Carry Out Project

Savings of more than $12,000,000 a year in its operating costs are expected to be effected by the Richfield Oil Company of California through the cancellation of crude oil purchase contracts and further operating economies, the company announced yesterday.

To carry out the budget program which goes into immediate operation and which will become fully effective early in 1931, the company elected Ralph W. Walsh as a director and vice-president in charge of sales. Mr. Walsh, a vice-president of Richfield Oil Company of New York, a subsidiary, has already assumed his new office with the California corporation.

Estimated savings to be effected under the cancellation of crude oil purchase contracts, according to the program, will reach a total of $700,000 a month in March and $900,000 a month in June, 1931. Other operating economies as planned should reach a total of $200,000 a month.

Cancellation of crude oil purchase contracts are practicable by reason of the new production schedule for Belridge-Lost Hills, Signal Hill and other oil fields in which the company has wells, it was stated. This plan contemplates that the company will convert into cash a large portion of its inventories. The cancellations, it was stated, are permitted by the terms of the contracts.

Mr. Walsh, who will have charge of this program, was president of Walburn Petroleum Company until he joined the Richfield organization with the absorption of his company two years ago. He developed the sales of the New York subsidiary to a point slightly in excess of the west coast gallonage.

Gain Shown in Daily Average Output of Oil

NEW YORK, Nov. 18. (AP)—The daily average gross cruds-oil production in the United States increased 7300 barrels for the week ended the 15th inst., totaling 2,304,550 barrels, according to the weekly summary of the American Petroleum Institute. The daily average production east of California was 1,702,750 barrels, an increase of 2400 barrels.

Refineries representing 95.7 per cent of the estimated daily potential refining capacity, operating at 64.2 per cent of their capacity, reported daily average run of crude oil to stills as 2,292,700 barrels. Daily average the previous week was 2,274,000 barrels for refineries representing 95.6 per cent of potential capacity operating at 63.8 per cent of their capacity.

Daily Average Production

	Barrels	Difference Barrels
Oklahoma	506,350	+ 16,700
Kansas	111,700	+ 5,850
Panhandle Texas	74,850	— 9,300

Liquid Carbonic Earnings Gain

NEW YORK, Nov. 18.—Liquid Carbonic Corporation and subsidiaries reported today for the year ended September 30, last, net profits of $2,011,177 after depreciation, interest and Federal taxes, equal after deduction of $125,000 for managements shares of profits and $100,000 reserve against receivables and collection expense, to $5.22 a share on 342,406 shares.

This compares with net profits of $1,903,528 in the previous fiscal year, equal after deducting $140,000 for managements share of profits to $5.57 a share on 311,131 shares. Net sales totaled $13,626,530, as against $12,729,571.

FUEL OIL CONTRACTS FOR NAVY ANNOUNCED

WASHINGTON, Nov. 18.—The Navy Department has awarded contracts for the delivery of 650,000 barrels of grade A oil, to be delivered to gulf ports, to the Magnolia Petroleum Company of Texas. The price was 85 cents a barrel. Magnolia also was awarded a contract for 60,000 barrels of grade C to be delivered at gulf ports for 70 cents a barrel. Atlantic Refining Company has received a contract for delivery of 35,000 barrels of grade A oil to be delivered at New London, Ct., for $1.36 a barrel.

HISTORIC LOAN IN PROSPECT

Possibility of Britain Borrowing $1,000,000,000 to Take Up Short-Time Credits Looms

BY JOHN F. SINCLAIR

[Copyright, 1930, by the North American Newspaper Alliance]

NEW YORK, Nov. 18.—France has perhaps $2,000,000,000 in short-time credits, well placed in Great Britain, United States and Germany. Short-time loans—mark you!

Is France about to loan Great Britain $1,000,000,000 to enable the British to get by? If true, it will not surprise economic students who have been following France's masterly financial course over the last five years.

In London, France has short-time credits, aggregating $100,000,000 to $600,000,000. Today these credits are a source of anxiety and weakness to British credit. Should France withdraw these credits it would seriously embarrass Great Britain. So a loan, if agreed upon, will be used in part to take up France's short-time credits in Great Britain and other parts of the world.

Since the war, France has managed her finances astutely. She stabilized her franc—formerly worth about 19 cents—at 3.9 cents, set her people to work, and built up these short-time credits abroad.

The banking policy of France centered on piling up a gold reserve, and today she has the second largest reserve in the world—more than half as much as the United States.

If France loans Great Britain $1,000,000,000 it will be the first time in history! It will make many Englishmen wonder whether their country would not have been better off today if it had stabilized the pound at $3.75 instead of $4.875.

Financial history is being written these days.

There are just as many people who have unsatisfied wants today as there were a year ago. But now they haven't the money to satisfy these wants, says D. T. M., a New Jersey reader of this column. Here is the gist of his letter:

"A very large portion of the population has been producing without a profit on their labor and capital. Nay, they have been spending their savings; exhausting their capital by allowing their buildings to go without needed repairs; their fences, ditches, etc., to go down.

"The food producers of the United States have long been little better off than peons (excepting in the war period) due to tariff, freights, restricted labor, and oriental competition—as sugar, cocoanut oil, etc.

"After the war, farmers got the idea prosperity had come to stay, and so bought right and left—first out of war profits; then on credit. But to pay now, they must exhaust capital or work as slaves—produce at a loss. Start the farmers to buying and see how quick prosperity will return."

That is true, but how to do it in a way acceptable to a majority of the people—that's the rub!

COTTON MARKET

NEW YORK, Nov. 18. (AP)—A slight opening advance in cotton here today was followed by declines under a little southern selling and liquidation which appeared to be promoted by the break in the Winnipeg wheat market, reports that labor disputes were developing in England, and the reports of bank suspensions in some Southern States.

There was no general or aggressive selling and trading was comparatively quiet on the declines which carried the active months about 9 to 10 points net lower, with new December selling off to 10.56 and May to 11.80. Prices were within 2 or 3 points of these figures during the middle of the afternoon.

RANGE OF PRICES

NEW YORK, Nov. 18.—Cotton futures:

	High.	Low.	Close.
Jan., old	11.16	11.01	
Jan., new	11.15	10.97	11.06
March	11.42	11.27	11.30@11.31
May	11.72	11.57	11.58@11.59
July	11.91	11.78	11.75@11.76
Oct.	12.10	11.98	11.93
Dec., old	12.10	10.99	10.99
Dec., new	10.98	10.83	10.84@10.87

NEW ORLEANS, Nov. 18.—Cotton futures closed steady at net declines of 7 to 14 points.

	High.	Low.	Close.
Jan.	11.47	11.34	11.34
March	11.77	11.64	11.60@11.61
May	11.73	11.54	11.54
July	11.73	11.54	11.54@11.55
Oct.	12.10	11.93	11.93
Dec.	11.02	10.89	10.90@10.93

SPOT PRICES

NEW YORK, Nov. 18.—Spot, quiet; middling, 11.00.

NEW ORLEANS, Nov. 18.—Spot cotton closed steady, 7 points down. Sales, 4000; middling, 10.65.

COTTONSEED OIL

NEW YORK, Nov. 18. (Exclusive)—Cottonseed oil was again extremely dull today with scarcity of orders still the chief feature. Weakness in other markets checked buying, but there was no pressure to sell. The tone was steady as a rule with old contracts closing 10 points higher to 3 lower and new contracts unchanged to 2 points lower. Sales were 100 barrels old and 450 new. Prices: summer yellow, old, spot, and November, 7.50c; December, 7.65c; new, November, 7.40c; January, 7.50c; March, 7.61c; May, 7.70c.

Net Income of Food Machine Unit Forecast

SAN FRANCISCO, Nov. 18. (Exclusive)—Annual report of Food Machinery Corporation, which will be presented to stockholders Friday in San Jose, is expected to show earnings of approximately $4 per share on common stock outstanding September 30, last. On the average amount of stock outstanding during the past year per-share earnings will run considerably higher than the $4 mark.

It is understood the company is continuing its policy of charging to operating expenses the important development work it is doing, a figure which for the past year will run well over $100,000. The company has a group of engineers working throughout the year on new equipment for use in the food and automotive industries.

The company is carrying the patents that were pooled when the constituent companies formed the Food Machinery Corporation at $1 on its books. Yet in the year ending September 30 net earnings from royalties of certain patents exceeded $125,000. Since then it is understood royalties have greatly increased due to the development of new equipment.

Large Power Issue Due on Market Today

Pacific Coast investors will be offered today $3,500,000 Illinois Power and Light Corporation 5 per cent first and refunding mortgage gold bonds, due December 1, 1956. The bonds are priced at 95 1-2 and interest to yield more than 5.32 per cent.

The offering syndicate is composed of Harris Trust and Savings Bank, Halsey, Stuart & Co., Field, Glore & Co., E. H. Rollins & Sons and Spencer, Trask & Co.

An issue of $3,000,000 General American Tank Car Corporation 4 1-2 per cent equipment trust certificates has been purchased by Drexel & Co. and Charles D. Barney & Co., which will be offered publicly this week. The certificates are due serially in annual installments from November 1, 1931, to November 1, 1945, inclusive.

SANFORD ADDRESSES CLUB AT SANTA ANA

The vital necessity of a securities market is clearly evidenced by the total shares listed on the various stock exchanges of the country, it was stated yesterday by F. E. Sanford, secretary and manager of the Los Angeles Stock Exchange at a luncheon meeting of the Santa Ana Rotary Club.

CURB OFFICER SPEAKER

Relation of overproduction and the overextension of credit to the crash of security prices was the keynote of the address delivered yesterday by James W. Elliott, secretary and manager of the Los Angeles Curb Exchange, at a luncheon meeting of the directors of the Downtown Business Men's Association.

At-a-glance

Salient Features of 6 Fixed Investment Trusts

Superiority of fixed trusts for investment purposes has been clearly demonstrated in the current market decline. Not only have fixed trusts shown a larger proportionate income return, but the depreciation in values has been much less than that of individual stocks or of the market as a whole. Flexible provisions in the majority of the better trusts have acted as a safeguard and have added to the stability of this type of investment.

Comparative advantages, point by point, of six leading fixed investment trusts are given at-a-glance in our specially prepared analysis. Serves as a helpful guide. Points covered include:

Income Sources
Substitution powers
Reserve funds
Differential—Bid and Asked
Returns to investor
Prices and yields
Coupon rates
Appreciation

IRREGULAR TO ON STOCK MA

Early Downturn Helped Closing Rally

Industry and Utility Li Average Higher

Total Sales Barely E 2,000,000 Shares

NEW YORK, Nov. 18. (AP)—The curb market fluctuated uncertainly today, but managed to close irregularly higher. Further selling appeared early, but the list turned upward before mid-day. Trading was light, the day's sales totaling 512,400.

Some utilities moved up under the influence of short covering during the afternoon. American Gas gained 4 points and Electric Bond and Share 1.

The copper issues again eased, as dealers offered the metal at 11 cents a pound, a full cent under the price recently set by producers. Newmont and Hudson Bay each lost ¼ of a point. Oils moved narrowly. Cities Service sold off more than a point, early, but closed ½ higher. Standard of Nebraska gained a point.

Industrials were highly irregular. Douglas Aircraft rose 2¾. Technicolor recovered 1½. Anglo-Chilean Nitrate dropped more than 3.

The closing price is omitted when same as the low and both low and close when same as the high.

LOS ANGELES EXCHANGE

Stocks Strengthen After Early Weakness; Traders Continue Fight Over Transamerica

While the Los Angeles Stock Exchange yesterday again displayed decided firmness with strong support at current levels, bulls and bears continued to battle over Transamerica. Sales on the three principal exchanges were only slightly less than on the preceding day.

Early pressure forced Trans-America to another new bottom at 14 5-8. Erratic fluctuations within a range of 5-8 followed for the balance of the session as supporters and sellers alternately swayed the market. The high was reached at noon at 15 1-4 and after again falling to 14 7-8 final sales worked back to 15 1-8 to record a net gain for the day of 1-8.

Support of the contention that forced liquidation has been completed and that the bottom of the market has been hit for some time to come was evidenced when an early wave of liquidation was sharply checked with a demand that resulted in an immediate rebound of prices. All ground lost earlier in the session was regained and the market as a whole closed fractionally higher.

Union Oil swung up from a low at 26 1-2 to 27 3-8 and finished unchanged for the day at 27 1-8.

Union Associates in a like fashion closed at 25 7-8 after marking a high at 26 1-4. Rio Grande Oil, in addition to the Union issues, continued a rapid trader and from an early low at 8 3-4 rallied to end at 9 3-8 for a net gain of 5-8. Richfield gained 1-4 net to 6 1-4. Standard Oil of California and other petroleums held firm.

Douglas Aircraft, although trading lightly, was a strong spot with an advance of 2 3-4 points to 15 1-4. Claude Neon was active and firm at 16 1-4. Southern California Edison ran up 3-4 to end high for the day at 47 1-2, while Pacific Public Service yielded 3-8 to 23 1-4. Pacific Gas and Electric struck another new low at 46 5-8, down 3-8.

Security-First National Bank fell off 1 1-8 points to 91 and Seaboard National 1-8 to 40, while other banks held steady.

Sales totaled 32,394 shares, valued at $620,007; previous day, 32,108 shares, valued at $636,188.

Discussed in this issue

The Petroleum Industry

A statistical study of the petroleum industry... its past record and future outlook... supplemented with accurate charts and graphs... constitutes the leading article in the current issue of the Pacific Company Digest.

Other interesting items include an analysis of business conditions, both domestic and foreign, and the outlook for the stock and bond markets.

Your name will be placed on our mailing list to receive copies of the Digest on request without obligation. Simply send name and address below.

DAILY EASTERN CITRUS MARKETS

(By the Associated Press.)

Carlot shipments of California citrus, compiled from railroad passing reports for the California Fruit Growers' Exchange, were given as follows:

	Oranges.	Lemons.
SOUTHERN CALIFORNIA		
November 17	3	23
Season to date	83	356
Last season to date	1,878	190
CENTRAL CALIFORNIA		
November 17	98	0
Season to date	1,744	12
Last season to date	21	38
NORTHERN CALIFORNIA		
November 17	3	0
Season to date	14	5
Last season to date	0	1

California oranges were slightly lower and lemons about steady at eastern and middle western auction centers yesterday. Sales totaled twenty-five cars of oranges and fourteen of lemons.

The price range per box:

METAL MARKETS

CLEVELAND, Nov. 18. (Exclusive)—Daily Steel today says: Occasional bulges in finished steel specifications emphasize the barrenness of buyers' shelves. These spurts in shipping orders which came with a degree of regularity fail to indicate any definite trend in consumption, however. Possibilities of immediate back logs for the mills are lacking. Whether western mills will add to their price position with an official announcement of a strengthened $1.70 base for bars, plates and shapes, similar to the recent announcement of $1.60 base by the Carnegie Steel Company in the East has been a subject of considerable interest.

MEN FINED FOR NOT GIVING AID IN CRASH

UPLAND, Nov. 18.—W. R. Trimble, 32 years of age, of 658 Fifth street, Pomona, and D. P. Swanson, 28, of 725 Columbia street, Los Angeles, were each fined $50 in local court by Judge George R. Crane, charged with leaving the scene of an accident in San Antonio Canyon without giving aid.

According to officers Trimble was driving a car without a license when it crashed with another automobile driven by E. M. Chapman, 213 North Pine street, Orange.

Chapman was able to drive his automobile to Upland, and officers trailed Trimble and Swanson along a circuitous route from the canyon.

SHIPPING NEWS AND ACTIVITIES AT LOS ANGELES HARBOR

FORCES LINE UP IN ESPEE FIGHT

Hearing of Sunset-Gulf Rate Plea Due Shortly

Entire West Slope United in Opposition Move

Will Aid Intercoastal Lines in Final Battle

BY WALDO DRAKE

Civic and industrial interests the length of the Pacific Coast and throughout the Rocky Mountain area will present a united front with the intercoastal ship operators at Washington on December 19 and 20, next, against the final effort of the Southern Pacific Company to secure authorization for low rates over its Sunset-Gulf rail-and-water route from California to New York. The protestants contend that if the Interstate Commerce Commission grants the Sunset-Gulf Route a differential of only 10 per cent above existing intercoastal all-water freight rates, the action would not only endanger the intercoastal trade, but that it would also seriously reduce industrial development throughout the Pacific slope.

Port Manager Burt Edwards said yesterday that the local Harbor Department plans to send Deputy City Attorney Clyde Leach to Washington for the two-day hearing and that Mr. Leach, together with Frank Lyon, attorney for steamship interests, probably make the argument for the protesting groups. Mr. Edwards is exchanging correspondence with Mr. Lyon; with H. W. Prickett, secretary of the Traffic Service Bureau of Utah, at Salt Lake City; with Amos A. Betts, member of the Arizona Corporation Commission, and other groups in an effort to combine arguments. Mr. Edwards has been advised by Frank McManamy, chairman of the Interstate Commerce Commission, that the commissioners prefer that the arguments be fully presented by one or two spokesmen, rather than by representatives of all protestants in short arguments.

Previous declaration by the local Harbor Department that granting of the "fourth section relief" to the Sunset-Gulf route would cost the port millions of dollars annually in intercoastal water traffic was recently followed by action of the United States Shipping Board in protesting that the proposed low tariffs over the rail-and-water route would be in violation of the Panama Canal and Merchant Marine acts. Under the proposed plan, the Southern Pacific would pick up freight at California points, carry it to Gulf ports via its rail lines and thence to New York aboard its own Morgan Line steamers, and vice versa.

Mr. Edwards declared yesterday that the resultant diversion of freight would also endanger the local port's European trade, in that shippers would be thus encouraged to route their goods to California via Gulf ports and thus save higher tariffs necessitated by Panama Canal tolls against ships in European-Pacific trade.

GROUNDED TANKER WITHSTANDING SEAS

Richfield Oil Company's giant tanker Tamiahua, ashore on Pescadero Reef since the 6th inst., shows no signs of breaking up, despite terrific seas that have been pounding her during the last few days, according to radio advices to the local headquarters of Merritt, Chapman and Scott Corporation from the salvage crew on the wreck.

Chester Beckley, secretary, said that all salvage gear has been placed aboard from the beach and that heavy lines have been secured to the stranded vessel from the shore, both fore and aft, to keep her steady in the heavy weather. As soon as the weather moderates, said Mr. Beckley, an attempt will be made to refloat the Tamiahua, both by beach gear and with tugs.

Approximately forty off-shore ships have been fined by the customs service at Los Angeles Harbor for noncompliance with America's new load-line law which went into effect September 2, last, according to W. H. Mahar, deputy collector of customs. The penalty has been imposed on American and foreign ships alike.

The law requires a load line, also called a plimsoll mark, on the side of the ship, forbids it submergance, and stipulates that such record be entered in the log book before the ship sails.

It is understood two sections of the act may be mitigated by the Secretary of Commerce under certain conditions, but no owners of locally-penalized vessels yet have made application for such mitigation.

More than 2600 bales of Japanese silk worth in excess of $2,000,000 and constituting the largest single shipment ever brought to Los Angeles, is due from Yokohama on the Osaka Shoshen Kaisha motor liner Sanyo Maru the 24th or 25th inst. All will be rushed to New York by special train over Santa Fe rails. The Sanyo Maru is on her maiden voyage as the fourth new eighteen-knot freighter of six being filtered into the Japan-Los Angeles-New York run. She has more than 1200 tons of other oriental cargo also for discharge here.

Forty-five passengers, fifteen of whom disembarked here, arrived yesterday from Europe on the Hamburg-American motor liner Portland, Capt. Heinrich Kilp commanding. Among them was Mrs Ella Hagenbauch, mother-in-law of Wilhelm Dieterle, foreign language director for Warner Brothers. The liner also brought 1500 tons of European cargo and 15,000 stems of Panama bananas for discharge here. Capt. Kilp reported two days of storm off San Pedro, the only untoward weather on the voyage.

Twenty-six members of the Symposium Club, comprising scientists and agriculturists from Santa Paula and environs, visited Los Angeles Harbor yesterday as one of their regular educational tours. Al Ball, county horticultural commissioner for Ventura county, headed the visitors. They were conducted by A. P. Messenger, in charge of plant quarantine at the port; cruised the waterways on Harbor Department launches and went through the Ford assembling plant and the Pacific Coast Borax Company plant at Wilmington.

Salmon Eggs as Bait Opposed by Walton League

REDLANDS, Nov. 18. — The Orange Belt Council of the Izaak Walton League went on record at the annual meeting held here last night against the further use of salmon eggs as bait in California waters where fishing is practiced. Salmon eggs have for many years been the most generally used bait for trout fishing.

Two Upland men are to direct the affairs of the council during the coming year. They are D. L. Vasbinder, elected president, and Leigh Thompson, secretary.

M. E. Hoag, president of the Los Angeles chapter, suggested that the league make use of 5000 Hungarian partridges, which have been made available for distribution in the Southland. The sportsmen decided, however, that partridges and pheasants have not propagated satisfactorily wherever planted and that the California blue quail is best suited to this locality.

Roy Shaver reported on the success of the Walton League's southern campaign in behalf of Constitutional Amendment No. 11, which, he said, carried Southern California in the November election by 457,000 votes. It was he who suggested creation of an organization of California conservationists, to be known as the California Conservation League. T. G. Elliott of Redlands was appointed to represent the council at a Los Angeles conference for consideration of the move. Co-operation with other organizations for the advancement of conservation work in the State would be the aim of the league.

The sportsmen voiced opposition to a Riverside county ordinance, prohibiting shooting of firearms within 1000 yards of any building or road. It was stated that the law makes hunting in that county practically impossible.

Secretary Thompson read from the State game conservation bulletin, emphasizing references to State game refuge leases. Particular attention was paid to the propagation and protection of quail. It was pointed out that twenty-four pairs of quail have been known to produce 1199 eggs, or an average of fifty-two each.

Fullerton Man Falls Dead on Santa Ana Lawn

SANTA ANA, Nov. 18.—William E. Tate, retired rancher of Fullerton, dropped dead this evening on the lawn of the Hall of Records. He was 76 years of age.

Tate, who had resided in Fullerton more than thirty years, and who with Mrs. Tate recently celebrated their fiftieth wedding anniversary, had come to this city as a spectator at a trial in which a neighbor was involved. Following the trial he left the courtroom and was making his way to an automobile when death overtook him.

Coroner Brown, called after Dr. K. H. Sutherland, county health officer, had pronounced the former rancher dead, said no inquest would be held.

Besides Mrs. Tate, he leaves two sons, Kenneth and Emory.

UTILITY PROFITS OFF

NEW YORK, Nov. 18.—Detroit Edison Company reported today for the twelve months ended October 31, last, earnings of $8.91 a share on 1,270,473 shares as against $12.71 a share on 1,058,318 shares in the preceding twelve months.

State Societies—

Wyoming State Society reunion, Veterans' Hall, 246 South Hill street, evening.

"TIMES" THEATER GUIDE

MOTION PICTURES

Burt's, Eighth, between Broadway and Hill—"The Spoilers."

Boulevard, Washington at Vermont —"Madam Satan," More of De Mille's "Sodom" with Kay Johnson heading the effete cast.

California, Main and Eighth—"El Precidio." The Spanish version of "The Big House" retains all the thrills and fine acting of the original version.

Carthay Circle, Carthay Center—"Just Imagine." A fantasy and simply swell. Lil Dagover and Maureen O'Sullivan.

Chinese, 6926 Hollywood —"The Big Trail," spectacular in setting and photography, this production demonstrates the power and sweep of Grandeur film.

Criterion, 643 South Grand—"Billy the Kid." An exciting series of scenes interpreted by the large film. John Mack Brown.

El Capitan, Figueroa at Santa Barbara—"Monte Carlo."

Filmarte, 1228 North Vine—"The Wild Men of Kalihari." Another adventure film which merits some attention.

Forum, Flee at Norton—"Girl of the Golden West." The years hang heavily upon this melodrama with music which Hanford Lardin

Loew's State, Broadway at Seventh—"Renegades." The Foreign Legion seen from an interesting and unique angle. Warner Baxter.

Majestic, Broadway at Ninth—"The Fourth Alarm." Climaxed with a spectacular fire, the film is fair entertainment.

Million Dollar, Broadway at Third—"Music Cafe." Delightful entertainment with Whitman, Jack Buchanan and Jeanette MacDonald.

Pantages, Hollywood at Vine—"Playboy of Paris." Disappointing in spite of Maurice Chevalier.

Paramount, Hill at Sixth—"Fast and Loose." With certain reservations this is still a swell show, acted by an eastern cast and Carol Lombard.

Ritz, Wilshire at La Brea—"Her Wedding Night."

R.K.O., Hill at Eighth—"East is West." A scene of wails is heard in this ancient Chinese epic, delivered in Mexican accents by Lupe Velez.

R.K.O., Orpheum, Broadway at Ninth—"Gang Comedy Round-up." Eleven "gang" funny bring their droll talk to the screen in an efficient and humorous vehicle.

Tower, Broadway at Eighth—"What a Widow." A silly something not exactly worthy of Gloria Swanson.

Uptown, Western at Tenth—"Her Wedding Night."

United Artists, Broadway near Ninth—"Feet First." Laughable and thrilling is this new Harold Lloyd comedy.

Warners' Downtown, Hill at Seventh—"The Gorilla." The old monkey classic presents some new laughs. Joe Frisco and Harry Gribbon.

Warners' Hollywood, Hollywood Blvd. at Wilcox—"The Truth About Youth." Trite, but then you might enjoy it. Loretta Young and David Manners.

Wilshire, 3440 Wilshire Boulevard —"Leathernecking." One of the best comedies, with Sidney Carroll.

STAGE

Belasco, Hill at 11th—"The Bird of Paradise." The exotic tropics and that charming vampire, Dorothy Burgess.

El Capitan, Hollywood Blvd. at Highland —"Parlor, Bedroom and Bath." Charlotte Greenwood strides onto the stage, and the play gallops off at all. Destined for a healthy and wealthy run.

Hollywood Playhouse, Vine near Hollywood Blvd.—"Mister Antonio." The famous Leo Carrillo returns in an ancient vehicle that creaks.

Music Box, Hollywood Blvd., at Gower —"The Apple Cart." George Bernard Shaw's prediction of the future ably portrayed by Alan Mowbray and fellow-actors.

Vine St., Vine near Hollywood Blvd.—"The Green Bottle." Clutching hands and other things that go into a mystery play formula are here in profusion. Oscar Adler is the featured player.

BURLESQUE

Follies, Main at Fourth—Burlesque.

FORESTER APPOINTED FOR EUROPEAN POST

WASHINGTON, Nov. 18. (AP)—The appointment of a forester to the foreign agricultural service as a part of the expansion program was announced today by the Department of Agriculture.

Arthur C. Ringland, formerly a member of the Federal Forest Service for the Southwest, has been assigned to Europe. His task will be to keep the department informed on the status and trends of forestry developments and the improvement of technical forestry.

WEATHER REPORT

(Official Report)

LOCAL OFFICE, U. S. WEATHER BUREAU, Los Angeles, Nov. 18.—(Reported by H. B. Hersey, Meteorologist.) At 5 o'clock a.m. the barometer registered 29.83; at 5 p.m., 29.99. Thermometer for the corresponding hours showed 51 deg. and 55 deg. Relative humidity, 5 a.m., 51 per cent; 5 p.m., 36 per cent. Wind, 5 a.m., northwest, velocity 12 miles; 5 p.m., northwest, velocity 12 miles. Temperatures, highest, 61 deg.; lowest, 49 deg. Rainfall for season, 1.08 inches; normal to date, 1.45 inches; last season to date, .32 of an inch. Barometer reduced to sea level.

WEATHER CONDITIONS. — Nov. 18: Light to moderately heavy rains have fallen during the past twenty-four hours in the Atlantic and Eastern Gulf States and in Eastern Tennessee and over the Pacific Slope with snow in Colorado, Utah and Northern Arizona. Temperatures were considerably above normal this morning from the Mississippi Valley to the Atlantic Coast and in the Plains States, but it was rather cool west of the Rocky Mountains. In Southern California cloudy, rainy weather yesterday morning was followed by clearing and cooler in the afternoon. It was clear this morning and nearly all stations, except in the San Diego region where cloudy, rainy weather still held sway. Temperatures were generally a little below normal. Fair, cool weather may be expected in Los Angeles and vicinity, with light frosts in low places. Wednesday will be clear and moderately cool. Moderate northerly winds will prevail.

SUN, MOON AND TIDES.—Los Angeles, Nov. 19: Sun rises 6:30 a.m.; sets 4:37 p.m.; moon rises 5:45 a.m., sets 4:15 p.m. Los Angeles Harbor, Nov. 19: High tides 1:06 a.m. and 9:20 p.m.; low tides 1:43 a.m. and 3:07 p.m.

LOCAL TEMPERATURES. — Nov. 19: Minimum and maximum temperatures from Southern California points reported yesterday to the Los Angeles office of the U. S. Weather Bureau, were as follows:

Stations—	Max.	Min.
Imperial	68	46
Los Angeles Harbor	62	56
Mt. Wilson	42	25
Pasadena	65	49
Pomona	63	37
Porterville	58	37
Redlands	55	36
Riverside	63	36
San Bernardino	62	42
Santa Ana	66	46
Santa Barbara	66	46
Sierra Madre	61	43

LOCAL FORECAST

For Los Angeles and vicinity: Fair Wednesday and Thursday, but becoming cloudy Thursday.

STATE FORECAST

SAN FRANCISCO, Nov. 18. — Weather forecast:

San Francisco and vicinity: Fair Wednesday, with frost in the morning; Thursday probably cloudy, unsettled and mild; gentle north winds.

Northern California: Fair Wednesday, except in extreme north portion; heavy frosts in the interior Wednesday morning; Thursday generally cloudy and unsettled, probably with snows over the northern ranges; moderate north winds.

Sacramento Valley: Fair Wednesday, with heavy frost in the morning; Thursday probably rain; gentle north winds.

Santa Clara, Salinas and San Joaquin valleys: Fair Wednesday, with heavy frosts in the early morning; Thursday cloudy, unsettled and mild; gentle north winds.

Southern California: Fair Wednesday and Thursday, but becoming cloudy Thursday; frosts in the interior Wednesday morning; gentle north winds on the coast.

Nevada: Fair and continued cold Wednesday and Thursday, but becoming cloudy Thursday.

ARIZONA FORECAST

PHOENIX (Ariz.) Nov. 18.—Forecast for Arizona: Fair Wednesday and Thursday; somewhat warmer Wednesday, except in extreme southwest portion.

COLORADO RIVER

YUMA (Ariz.) Nov. 18.—(Exclusive Dispatch from the U. S. Reclamation Service.) Gauge height Colorado River, 18.50 feet; discharge, Tuesday, 4900 cubic feet per second. At Grand Canyon, gauge height, 4.6 feet; discharge, Tuesday, 6950 cubic feet per second.

AMERICANS' FOE CHOSEN BY HAITIANS

Opponent of Occupation Elected President After Taking of Four Ballots

PORT-AU-PRINCE (Haiti) Nov. 18. (AP)—Stenio Vincent, opponent of American occupation, was elected President of Haiti today by the National Assembly to succeed Eugene Roy.

The choice was somewhat surprising, for the candidates considered strongest previously were Constantin Mayard and Seymour Pradel, but the race today was principally between Vincent and Pradel, with the former chosen on the fourth ballot.

Vincent is editor of the Haiti Journal, is 56 years of age and a member of the extreme opposition. He is a lawyer, serving as president of the Bar Association of Port-au-Prince.

He is the first regularly elected President of Haiti since American intervention in 1916. During that period the Presidents, including Louis Borno and his successor, Eugene Roy, were chosen by a Council of State appointed by the President holding the office at the time of the election. Thus Borno was given a second term by his own council.

Eviction Stops as Curtis's Son Pays Part Rent

CHICAGO, Nov. 18. (AP)—An eviction notice to force Harry K. Curtis, son of the Vice-President, and his wife from their apartment was canceled in Municipal Court today.

A court bailiff and four men sought to move the furniture out of the Curtis apartment yesterday on a writ charging the Vice-President's son owed $887 rent. Mrs. Curtis called her husband in Washington. He wired $400 and the bailiff agreed to await further court developments.

Curtis, arriving from Washington today, said it was all the result of a dispute with his landlord.

VITAL RECORD

INTENTION TO MARRY

The following notices of intention to marry were issued yesterday. Name and age given.

ALLEN—GRIGSBY. Frank Allen, 35; Elizabeth Grigsby, 27.

ANDERSEN — MOLUF. Lois P. Andersen, 28; Hanna T. Moluf, 38.

APPLEBAUM—SEGEL. Harris Applebaum, 60; Toba Segel, 55.

ARNOLD—FINDLAY. Edward Arnold, 24; Dolly M. Findlay, 23.

BESHA — HERRIE. Ward A. Besha, 42; Frances L. Herrie, 21.

BLACKBURN—MATTES. Cloyd R. Blackburn, 31; Esther A. Mattes, 31.

BREWER — SANDS. Elmer J. Brewer, 27; Mathilde M. Sands, 25.

BRINKMAN—BAKER. Willie P. Brinkman, 21; Verna L. Baker, 19.

BROVELET—BURLEIGH. Walter E. Brovelet, 28; Thelma Burleigh, 24.

BROWN—MOSHER. Albert E. Brown, 32; Lovella I. Mosher, 29.

Salmon of San Francisco; cousin of Mr. and Mrs. Frank Peters and Mrs. M. Matramaan of San Francisco.

Funeral Thursday at 9:15 a.m. from the chapel of Godeau & Martinoni.

BRANDT. Funeral services for August Brandt will be held Thursday at 10 a.m. from the chapel of E. Clair Overholtzer Co., 1236 South Grand avenue.

CARR. At 4518 Cimarron street, John H. Carr, beloved husband of Mrs. Kathryn M. Carr.

Funeral services today at 11 a.m. from the chapel of W. A. Brown, 1815 South Flower street.

CASSELL. At Taft, Cal., Mrs. Gertrude Irene Cassell, beloved wife of John W. Cassell.

Funeral services today at 1 p.m. from the chapel of W. A. Brown, 1815 South Flower street.

CATTANACH. Late of 3441 Gardenside Lane, Mrs. Elizabeth Ada Cattanach, aged 66 years.

Remains at the parlors of E. Clair Overholtzer Co., 1236 South Grand.

COHEN. Remains of Max Cohen were forwarded last evening by Edwards Brothers' new Colonial Mortuary to San Francisco for services and interment.

COLE. The funeral services of F. H. Cole will be held Thursday at 1 p.m. from the chapel of W. A. Brown, 1815 South Flower street.

COLTON. November 16, George Raymond Colton, at Searchlight, Nev.

Funeral Wednesday at 10 a.m. at the Wee Kirk o' the Heather, Forest Lawn Cemetery. L. G. Scovern Co., Glendale, directors.

CONGER. November 18, Charles M. Conger. Remains at Edwards Brothers' new Colonial Mortuary, 1000 Venice Boulevard.

DURANT. The funeral services of Walter N. Durant will be held today at 10 a.m. from the chapel of W. A. Brown, 1815 South Flower street.

FLORES. Antonio Flores.

Remains at Gus Alvarez & Moore.

FROBERG. Services for Charles Froberg today at 1 p.m. from the parlors of L. F. Utter Co., 4254 South Broadway.

GANAHL. November 18, at O'Fallon, Mo., Sister Ignatia Ganahl of the Sisters of the Precious Blood; loving sister of C. C. Ganahl, Ottilia L. Ganahl, Eugene F. Ganahl and Mrs. H. F. Reis.

Funeral services Thursday, November 20, at O'Fallon, Mo.

GARTHWAITE. Alice Garthwaite.

Notice of funeral later by Pierce Brothers.

HAGEN. At 1016 North Bonnie Brae, November 18, John Reese Hagen, father of John R. Hagen, Jr., and grandfather of Barbara Jane Hagen.

Funeral services at Bresee Brothers' chapel, 855 Figueroa, Thursday at 2 p.m.

HAWKINS. Harry Curtis Hawkins, beloved husband of Della Dorcas Hawkins.

Services Thursday at 11 a.m. from Pierce Brothers' chapel.

JAY. Remains of Louie Litt Jay were forwarded by E. Clair Overholtzer Co. to Topeka, Kan., for interment.

KAMINSKY. Charles, late of 5907 Seventh avenue, husband of May Kaminsky.

Funeral Thursday, November 20, at 2 p.m., from the Delmer A. Smith Mortuary, 731 West Washington, under auspices of Roosevelt Camp, No. 9, U.S.W.V.

KANIUTH. November 17, Florence C. Kaniuth, for many years a nurse at the Los Angeles General Hospital; beloved daughter of Mrs. S. A. Kaniuth, and loving sister of Anna E. Kaniuth and Mrs. F. P. Groehler, all of Los Angeles, and Mrs. C. D. Kirby of Dos Cabezos, Ariz.

Rosary this evening at 8 o'clock at Edwards Brothers' new Colonial Mortuary, 1000 Venice Boulevard. Services Thursday at 12:15 p.m. in the chapel of the Los Angeles General Hospital, 1100 Mission Road.

DEATHS

With Funeral Announcements.

KINCHLOW. Elizabeth Jane Kinchlow, beloved mother of Mrs. Barbara Daugherty.

Services Wednesday at 1 p.m. from the Wee Kirk o' the Heather, Forest Lawn Cemetery, Le Roy Bagley, director.

KING. H. C. King.

Remains at the chapel of W. A. Brown, 1815 South Flower street.

KING. Mrs. Isabel King.

Remains at the chapel of W. A. Brown, 1845 South Flower street.

KIRK. Shirley Jane Kirk, beloved daughter of Mr. and Mrs. George W. Kirk.

Services Thursday at 2 p.m. from Ruppe Mortuary.

LANE. Services for William H. Lane will be held today at 2 p.m. from St. Philip's Episcopal Church, Twenty-eighth and Stanford, under direction of Ruppe Mortuary.

LAW. Services for Thomas M. Law today at 2 p.m. from Pierce Brothers' chapel. Interment private.

LEFEVRE. At 1320½ South Maple avenue, November 16, Louise Lefevre.

Private services at Bresee Brothers' chapel, 855 Figueroa, Wednesday at 3 p.m.

McCLAIN. Wilbur G. McClain, beloved father of Helen and Ann McClain.

Announcement of services later by Ruppe Mortuary.

McCLELLAND. Services for R. J. McClelland today at 11 a.m. from Pierce Brothers' chapel.

MILLER. Services for Claire Mary Miller will be held today at 2 p.m. from the chapel of Brown Brothers, 935 West Washington street.

MILLER. Nathan Miller.

Remains at the Glasband & Groman Mortuary, 901 West Washington street.

MOONEY. November 17, Miss Mary E. Mooney, aged 67 years, beloved sister of Richard Garvey and aunt of Richard Garvey, Jr.

Services at residence, 2302 West Ninth street, November 19 at 10:30 a.m. Requiem mass at the chapel, Ninth and Green streets, at 11 a.m. Interment at Calvary Cemetery.

PATCH. Funeral services for Andrew J. Patch will be held today at 3 p.m. under auspices of the Masonic order at the chapel of R. C. Dellenbaugh & Co., 630 Venice Boulevard.

PATTERSON. November 14, at 329 East Eighty-first street, Minnie M. Patterson, beloved mother of Gustav Melcher of Cleveland, O.

Services Thursday, November 20, at 2 p.m., from the Washington Undertaking Co., 735 West Washington street.

POLWORSKY. Services for Jennie Van Slyke Polwosky today at 10 a.m. from Pierce Brothers' chapel. Interment, Inglewood.

POWLAZER. Morris Powlazer.

Services Wednesday at 2 p.m. from the Glasband & Groman Mortuary, 901 West Washington street.

PURCELL. W. E. Purcell.

Remains at the chapel of W. A. Brown, 1815 South Flower street.

RAINES. Funeral services of John Raines will be held Thursday at 2 p.m. from the chapel of W. A. Brown, 1815 South Flower street.

REYNOLDS. Third funeral services of Mrs. Nancy Louisa Reynolds will be held today at 2:30 p.m. from the chapel of W. A. Brown, 1815 South Flower street.

ROBISON. Josephine Louise, beloved daughter of Mr. and Mrs. R. D. Robison.

Services Thursday at 10 a.m. at the Le Roy Bagley Mortuary, 5440 Hollywood Boulevard.

ROSENKRANZ. Elias Victor Rosenkranz.

Services today at 3 p.m. at the Hollywood Post Clubhouse, 2035 North Highland avenue. Remains will lie in state from 10 a.m. until 12:30 p.m. Interment strictly private. Malinow & Simons, funeral directors, in charge.

ROWE. November 17, at 1098 West One Hundred and Third street, William L. Rowe, beloved husband of Grace F. Rowe and father of James C. Rowe; brother of James W. Rowe.

Service: Thursday, November 20, at 2 p.m., from Pierce Brothers' chapel. Interment, Forest Lawn.

SAUNDERS. November 16, James H. Saunders.

Remains in care of Edwards Brothers' new Colonial Mortuary, 1000 Venice Boulevard.

SCOTT. The funeral services of Mrs. Melvina Scott will be held today at 2 p.m. from the chapel of W. A. Brown, 1815 South Flower street.

SMITH. Josephine H. Smith, widow of the late Alfred W. Smith; loving mother of Clive V. Smith and Mrs. Ruby B. Jackson; sister and grandmother of Mrs. Carol J. Wagoner.

Services today at 3:30 p.m. from Ruppe Mortuary.

STEWART. The funeral services of Mrs. Cora M. Stewart will be held today at 3 p.m. from the chapel of W. A. Brown, 1815 South Flower street.

SWIFT. November 17, 1930, Edgar F. Swift of 1985 Oak street, South Pasadena, aged 63 years, a native of Maine, beloved husband of Alice C. Swift; father of Mrs. Gail Malcolmson of Detroit, Mich.; Cora B. Swift of Evanston, Ill., Margaret Alice and Edgar Swift, both of South Pasadena, and brother of Mrs. C. W. Elston of Duluth, Minn.; R. B. Swift of Chicago and W. W. Swift of West Alexandria, O.; for over forty years a representative of McCormick Harvester and International Harvester companies among the Spanish-speaking countries; a member of Harvester Club of Southern California.

Funeral services will be held at the Oneonta Congregational Church, South Pasadena, Thursday at 2:30 p.m. Interment, San Gabriel Cemetery. Turner, Stevens & Berry, South Pasadena, directors.

The Family Decides

...isn't this a sensible plan ... of selecting a funeral ...service? The family calls ... the first need and places all ... burden on our shoulders. Nothing is left to worry those who are already greatly upset.

From the very first, the family is assured that no expenditure beyond $70 will be necessary unless they wish. Then, when some member is able, he or she comes down and makes an unhurried choice of a service that will be exactly right. Meanwhile a private room is provided, and a car is placed at the family's disposal if needed.

All the beauties of this newest and finest mortuary are available to people of every class and creed. You are invited to inspect the many new features.

Complete services as low as the most beautiful kind, for $70 and up.

ACTRESS RETURNS FROM JUNGLE TOUR

Dorothy Janis

FILM GROUP HOME FROM EXPEDITION

Company of Twelve Makes Sound Picture in Jungles of East India Islands

With what is said to be the first sound and talking pictures ever made in the jungles of the East Indian Islands and Malay Peninsula, twelve members of a picture company from Universal returned to Hollywood yesterday after traveling more than 26,000 miles in search of scenes. The company was gone six months and arrived here after an ocean voyage of thirty-three days.

Members of the unit that returned yesterday included Harry Garson, acting as director; Julius Bernheim, business manager; Isadore Bernstein, production manager; Dorothy Janis and Vivian Cabanne, actresses; Bertha Fenwick secretary; Lewis Physioc, art director and chief cameraman, and his assistant, Leon Galecio, and Fred Feitchterm, Clarence Cobb, Sidney Lund and George De Mos, sound and laboratory directors.

The company carried its own sound recording equipment and portable laboratory and much of the film exposed in the jungle country was taken to Singapore each week and developed in a laboratory there.

"Rain, heat and everything the equatorial humidity could do to film stock and recording devices hindered us in our work, but we feel that the unusual scenery, the thrill of the dense woods, primitive peoples and sea scenes will justify our extremely long trip," said Garson. "It's a great feeling, however, to be home again."

The company went on the long trip to film scenes for "The White Captive."

Street Opening Protests Heard

A hearing upon the assessment district map for the opening and widening of Beachwood Drive between Franklin avenue and Hollywood Boulevard was conducted yesterday afternoon by the Street Opening and Widening Committee of the City Council.

Protests were limited to a small group of property owners living west of Gower street between Dearborn avenue and Scenic avenue, who asked that their land be eliminated. The committee took the matter under advisement.

FITTS AND JURY UNITE ON QUIZ

Stewart and Hamon Assigned to Porter Inquiry

Speed Promised as Harmony Follows Conference

Pepperdine Quits Hall After Hour's Wait to Testify

Investigation of Mayor Porter's administration of city affairs will proceed with all possible speed, the District Attorney's office giving full co-operation to the grand jury to facilitate the inquiry.

This was the definite announcement forthcoming last night after the grand jury and Dist.-Atty. Fitts and members of his staff had spent the larger part of the day in conference. Rumors that there was any chance of a split between the District Attorney and the grand jury were denied and any differences, if they existed at the beginning of the conference, were reported swept away.

"The investigation will proceed with the co-operation of the District Attorney's office, in which we have full confidence," announced Foreman Morris of the grand jury. "We intend to go into every ramification of City Hall affairs as soon as possible."

STATEMENT BY FITTS

Shortly afterward, Fitts issued this statement:

"This matter originated three or four weeks ago with several members of the county grand jury. Two members of the jury came to my office and requested our co-operation in sifting and investigating the evidence for the presentation to the entire grand jury. This morning I appeared before the entire body of the grand jury and asked them to express their wishes as a body with reference to the conduct of the investigation.

"The grand jury determined to proceed with the matter and has asked this office for its assistance. I assured the grand jury that the investigation will be conducted honestly, fearlessly, and thoroughly impartially. If the evidence and the law warrant, an indictment will be requested.

"I, therefore, assigned Chief Deputy District-Attorney Stewart, Dep. Dist.-Attys. Percy V. Hamon and Thomas O'Brien to work exclusively upon this matter and have reinforced this legal staff with the proper and necessary investigative personnel."

CAMPAIGN OUTLINED

Fitts's action in the matter was asserted to have met with the enparticularly the app ...ment of Stewart, in whom they expressed confidence. Certain members of the jury, who Monday night were somewhat critical of what they believed was Fitts's attitude toward the investigation, last night asserted that their full confidence had been restored.

Immediately after the appointment of Stewart was announced. Secretary Townsend of the grand jury, together with Dep. Dist.-Attys. Hamon and O'Brien, went into conference with the Chief Deputy District Attorney and it was understood a plan of campaign was outlined.

Today the criminal-complaints committee of the grand jury is scheduled to meet, presumably to get the investigation well started. The complete membership of the inquisitorial body will not meet again until tomorrow morning at 10 a.m.

When they do meet again, it was intimated last night, the investigation may take an entirely new turn George Pepperdine, treasurer of Porter's campaign fund, under subpoena and scheduled to have been questioned yesterday as to whether Porter knowingly made false affidavits of his election expenses, was not called into the grand jury room yesterday and may not, after all, be the first witness to face the grand jury.

PEPPERDINE LEAVES

Pepperdine appeared at the grand jury rooms at 10 a.m. yesterday in company with his attorney, W. J. Clark. He waited in the anteroom while the grand jury commenced its conference with Fitts, Stewart, Hamon and Chief Trial Deputy Beecher.

After waiting an hour Clark declared he could see no reason why a business man should be kept "cooling his heels" while the grand jury and the District Attorney's office "engaged in a debate" and he and Pepperdine left, the attorney

MAYOR OPPOSES SNOOPING

Directs Reassignment of Any Policemen Who May Be Engaged in Espionage

Mayor Porter in a statement to the Police Commission yesterday declared he opposes "official or unofficial snooping" and directed that if any members of the police department are now engaged in such espionage they immediately be reassigned in the department to function under Chief of Police Steckel.

While decrying the snooping practice, the Mayor warned the Commission that his interpretation of the City Charter is that the Police Commission is solely to establish a broad policy of general government of the department, and not to direct operations of details or individuals in the prevention of crime and the apprehension of criminals.

Immediately after the statement was read, Commissioner Drake, elected president in place of former President Thorpe, now off the board, said:

"It would be well to state at this time that at the regular meeting of the commission next Tuesday, in addition to approving the police reorganization plan of Chief Steckel, which has been in the process of perfection during the last few months, this commission also will present in writing the policy of the board. It is expected that as a result of conferences with the Chief within the next few days, a complete program and policy will be arrived at."

In presenting his statement to the board, the Mayor said:

"The subject matter of this letter has been discussed many times. I thought that as a new commissioner has taken office it would be a good time to make it a matter of record. It is not intended as a criticism, but to utter some of the policies we have discussed."

The Mayor's message in full follows:

"From my study of the City Charter, my conclusion is that it creates a Police Commission for the purpose of establishing a broad policy for the general government of the police department. This policy does not include, however, the assuming of direct police administration duties, such as would permit

WRIGLEY SEES NORMAL TIMES IN NEAR FUTURE

"Times are not so hard," said William Wrigley, Jr., sportsman and chewing gum millionaire, yesterday following his recent arrival from Chicago. "We're simply getting down to earth.

"Everybody is an installment buyer now, and when everybody gets through paying for automobiles, electric ice boxes, radios and pianos there will be a renewal of buying that will make a lot of business."

Mr. Wrigley, accompanied by his wife, will go to Mt. Ada, their Catalina home, today, and pass the winter there.

"Actually, conditions are much better than they were a year ago," continued the chewing-gum king, "and in another year everybody will have forgotten they thought they had hard times."

As for the William Wrigley, Jr., Company, it is enjoying its banner year with more gum-chewing than ever, and net profits of $11,000,000 last year will be exceeded materially this year.

"I get reports daily from my 140 salesmen, each making forty calls a day," he said. "They are scattered throughout the country and abroad, and their reports are not bad, at all. They don't know anything about the stock market, and it's no criterion to go by, anyway.

"Stocks are down to as absurd a figure today as they were absurdly high a year and a half ago."

Mr. Wrigley was equally emphatic against any attempt to lower the American standard of living, pointing to the greater purchasing power of the dollar today, and he decried slashing wages and pay rolls; yet he doubts the efficacy of artificial stimulation of prosperity.

"Conditions are righting themselves best," he added.

In Chicago in October he turned over a large building to the Salvation Army, provided it funds and it is lodging and feeding 1400 jobless men daily, and helping them into jobs. Since then many Chicago men have duplicated his performance.

"Nothing can stop Chicago," he added, "despite its assessment debacle, and despite the fact many of it police are looking the other way when a load of booze goes by. Charlie Barrett, president of the Board of Review, is the one man in Chicago to be Mayor."

Mr. Wrigley said he will seek new ways of spending more money on Catalina Island, but he can't think of any now. Yet since he bought the island a dozen years ago for $3,000,000 he has spent $15,000,000 more on oil and on the Wilmington Transportation Company. There is no immediate need for more Catalina ships, or he would build them now, although shipbuilding prices are higher than a year ago, he is advised. He has just completed a new water system on the island, costing nearly $1,000,000.

William Wrigley, Jr.

WAY OPEN FOR WATER DEAL

Supreme Court Approves City's Plan to Buy Five Towns of Owens Valley

Purchase of the five towns of the Owens Valley by the city of Los Angeles as part of its great water development program was given the highest legal approval of the State yesterday when the Supreme Court affirmed the judgment of the lower court in its sanction of the purchase.

The suit was a friendly test case brought by Edwin F. Wehrle as a taxpayer of Los Angeles, questioning the right of the Board of Water and Power Commissioners to make the purchase of the town properties. The lower court ruled against Wehrle and he appealed in order to carry the case to completion.

COURT PRAISED

Praise of the Supreme Court and expressions of gratification to the court were heard yesterday because that body had handed its decision down with such expedition. This was in response to urgent requests from Los Angeles and Owens Valley counsel because people in the Owens Valley towns were suffering financial hardships due to uncertainty as to what was to become of their property.

It is a general rule that when a municipal corporation possesses authority to enter into contracts for the supply of water for its own use and for the use of its inhabitants, such contracts, when entered into, may be overthrown by courts only in cases of fraud, abuse or excess of authority or inequity in the terms of the agreements, the court stated in its decision.

With the court's decision handed down, steps will be taken to carry out the purchase program in the towns of Laws, Bishop, Big Pine, Independence and Lone Pine. Negotiations for the purchase have been going on for about two years. Appraisals have been made.

VALUES RAISED

The adjusted value as finally set by the Board of Water and Power Commissioners under a resolution of September 24, 1929, was for $5,798,780, being raised from the original value of $4,597,832 by the board's action. This was when Commissioners Palmer and Scofield and Haynes were still members of the board and before the advent of Commissioners Brooks, Johnson and Strasberger. That was one of the points raised in the suit, that the board "injudiciously, recklessly, and unlawfully" increased the appraised value of the land. The court held it could raise the price.

It was said that the commissioners will insist that the entire purchase program from a legal point of view as to just what the city is going to get be gone over by special counsel. That was one of the chief reasons for their request for the employment of Attorneys Cosgrove and Irving. The City Council approved the employment of both,

AUTO TOLL IN OCTOBER GOES HIGH

Seventy-two Lives Lost in County During Month as Result of Motor Mishaps

Motor vehicle accidents in Los Angeles county during October claimed seventy-two lives, it was revealed yesterday in the monthly report of Coroner Nance. In addition two persons lost their lives in mishaps involving electric and steam railways.

Of those killed in motor vehicle accidents, fifty-three were males and nineteen females. Crossing the street carelessly and not at an intersection and incompetent handling of automobiles were cited as the outstanding causes of the fatalities.

Thirteen persons were killed in industrial accidents, while twenty-five fatalities were classed as miscellaneous.

Of a total of seven homicides, all in the city of Los Angeles, one was termed justifiable by a Coroner's jury. Twenty males and nine females committed suicide. Twenty of the suicides were in Los Angeles.

The Coroner's office performed 280 autopsies, conducted ninety-eight inquests and made eighty-six investigations.

County Plans Santa Monica Beach House

Contracts are to be let within the next few days for the building of a new $10,000 headquarters building at Santa Monica Canyon Beach, according to an announcement yesterday of Fred E. Wadsworth, county superintendent of recreation camps and playgrounds.

The new structure is to be of the Spanish-Mediterranean type of architecture and will be used for first-aid facilities, life guard units, life guard emergency automobiles, dories and comfort stations. Work will start immediately after the contracts are let. It is expected that the building will be finished shortly after the first of the year.

TAX PAYMENTS MORE THAN AT SAME TIME LAST YEAR

Tax collections to date show a substantial increase over the corresponding period last year, it was revealed yesterday by Tax Collector Welch.

At the close of business last Saturday noon, the office of the Tax Collector had credited on its books $7,644,164.13, representing 6.06 per cent of the total collections to be made for the fiscal year, 1930-1931, amounting to $126,131,533.60.

These figures compare with collections last year at this time of $5,870,970.34, comprising 4.49 per cent of a total of $130,762,743.90.

Welch stated that judging from the payments being received taxpayers are in possession of more cash this year than last. Cash payments received at the office are greater than last year as well, he said.

PREDICTED ERA OF CRIME HERE

Crippling of Police Has Exact Result Foretold

Warnings to Meddlers Are Fulfilled to Letter

Why Expert Officers Cannot Deal With Situation

This is the fourth of a series of daily articles appearing in The Times in which is set forth, from official sources, the crime situation in Los Angeles and why it is so.

Inspection of the official records of violent crime in Los Angeles discloses the significant fact that the current upward rise of the "crime curve" had its beginning coincidentally with the beginning of the present system of official interference from the City Hall with the police department, more than two years ago.

James E. Davis was then Chief of Police. He was probably the ablest chief the city ever had and demonstrated the fact—while he still had a free hand—by reducing the number of major crimes by 19 per cent in two years, despite an enormous growth in population in that period.

The campaign to oust Davis had its origin with City Hall politicians who desired to use the police department for purposes of their own. To accomplish this it was necessary that the Chief of Police should fall in with their plans. Davis not only would not "program" but he was outspoken against the schemes advanced. Whereupon all sorts of whispered charges against him were placed in circulation. It was repeatedly demonstrated that none of them had any foundation in fact but, as fast as one was blown up, another would be started. Their very viciousness and persistence ultimately got for them a certain degree of credence, especially, it appeared, in a church element in which John C. Porter, now Mayor, was prominent. When Porter became Mayor, succeeding George E. Cryer, he went into office with a half-formed determination to get rid of Davis.

CHIEF SHORN OF POWER

The campaign to discredit the chief went on, backed chiefly by John A. Quinn (not the present Supervisor,) who was then one of Porter's chief advisers and who had his own reasons for wanting Davis out. The then Police Commission, some of whose members are still sitting as such, took an active part in making the chief's job intolerable to a real police executive. Davis was haled on the official carpet and reprimanded for such simple acts of routine duty as ordering police protection for the public at Mines Field when the Graf Zeppelin arrived. The Police Commission announced, in substance and effect, that it was running the department in all its details and that the chief could act as its messenger boy or get out. Police Commissioner Drake, a printer with no knowledge whatever of police work and only just appointed to his office by Mayor Porter, announced publicly that this system marked a "new day" in Los Angeles police administration. Drake is still in office.

After sixteen months of continuing harassment and practically shorn of any executive authority over his own department, Chief Davis was finally forced to accept demotion to the post of chief of traffic, on pain of ouster altogether. This was on December 30, 1929. That month there were more burglaries and hold-ups in Los Angeles than for any like period in a year.

STECKEL'S HANDS TIED

Roy Steckel, assistant chief under Davis, succeeded to the command of a semidemoralized department. Steckel has a long and creditable record as a policeman. Given a free hand, he probably could have shown results. But his hands were tied by the same "rules" that had tied those of his predecessor; he was subject to the same petty harassments at the hands of an amateur police commission and his subordinates to the same system of espionage which, in the previous regime, had already begun to make them afraid to visit the haunts of crime in search of lawbreakers. With the example of Davis before his eyes, Steckel has, naturally, made no protest, presumably realizing he would lose his job if he did.

Without protest or interference, therefore, the job of wrecking the efficiency of the Los Angeles police department has gone on to practi-

(Continued on Page 7, Column 2)

ROBBERY TOTALS ECLIPSED

Busy Bandits and Burglars Set Up New Records Over October and Also November of Last Year

With police records significantly empty of any suspects arrested and identified, November's tidal wave of crime continued its menacing growth yesterday. At midnight the record-breaking total of robberies had reached 148 as compared with sixty-four for the same period last month and seventy-three for the same time last year. Five more reported after daylight yesterday increased this month's total to 153. Burglaries up to midnight stood at 341, just 100 more than the total for last month.

The greatest amount of plunder was obtained in the robbery of Colby's Clothing Store at 6740 Hollywood Boulevard, where two bandits held up J. Laddison, manager, and got away with $1000 worth of cloaks.

Two Arden Dairy truck drivers were victims of bandits in the University district. Robert Wright reports being held up by two bandits in front of 1942 West Forty-first Place and robbed of $15. H. Boblet lost $4 to a lone bandit who held him up at Forty-sixth street and Gramercy Place.

As he was leaving his Brass Rail Cafe at 801 West Seventeenth street late Monday night, F. L. Robbins was stopped by a bandit with an automatic pistol and robbed of $187.95, he reported yesterday.

Two bandits robbed C. S. Sherwood in a Van Fleet & Durkee service station at 2101 Beverly Boulevard of $15.

The same pair, their descriptions indicated, held up Arnold T. Smith in his service station at 3263 Verdugo Road and obtained $50.

Two attempts were reported. M. J. Nemer dared one of two bandits to carry out his threat to shoot when they held him up in his grocery at 7625 Melrose avenue. A customer who started to enter the store, observed the hold-up in progress, and fled, frightening the bandits away.

Harold W. Ballard of 2019 South Catalina street was sitting in his automobile with an armed bandit on each side in front of 1610 North Normandie avenue when another machine drove up in the rear. The

(Continued on Page 7, Column 1)

SHE STATES JAW INJURY COST JOB

Evelyn Stark

JURY TOLD MISS STARK LOST TEETH

Suit of Actress Opens for $53,650 Damages in Levy Auto Accident

Injuries to her jaw bar her from motion-picture work, complains Evelyn Stark, actress, whose suit against Victor H. Levy, linen merchant, for $53,650 asserted damages yesterday went to trial before a jury in Superior Judge Craig's court. The film actress says she was injured when, at Levy's request, she entered his parked automobile, which did not have brakes set, and it ran down grade, crashing into a tree.

Levy contends he did not invite Miss Stark into his car, but that its brakes were set and that she tried to drive it off after midnight May 22, 1929. Called to the witness stand by the plaintiff's attorney, Joseph L. Fainer, he denied knowing why Miss Stark had entered his car that night.

Dr. Walter Sullivan, physician and surgeon, and Dr. Robert M. Lumsden, dentist, were called to testify concerning the actress' injuries. Dr. Lumsden testified Miss Stark lost ten teeth as a result of the automobile accident, while Dr. Sullivan detailed injuries to her right knee bone. The doctors were cross-examined by Attorney George H. Moore, for Levy.

Miss Stark expects to take the stand today. She says she has played leads in comedies for Universal and F.-B.-O.

South Pasadena Crossing Ruling to Be Studied

After a hearing, State Railroad Commissioned Carr yesterday took under submission, with the statement that an early ruling may be expected, a petition by the city of South Pasadena for permission to construct Huntington Drive over the Pacific Electric tracks at Oneonta Station.

W. J. Fox, of the Los Angeles Regional Planning Commission, supported the petition, stating that the construction of the crossing would offer better motor communication with Arcadia.

This is the third time the matter has come before the commission. Previously, the State body granted authority on condition that Spruce street be closed. The municipality allowed the permit to lapse.

The Lancer

by Harry Carr

A REBUKE to the reporter who stated that Miss Kate Smith is the first woman to serve on the Police Commission.

One of the main reasons for the failure to deal with this crime wave is that the august Police Commission has been made up of a collection of old women. They have tied the hands of the Chief of Police until he can not even detail cops to guard the lines of street parades without bringing the matter up before the debating society.

PLAYING POLICEMAN

Miss Smith is said to be a smart, efficient woman, who is accustomed to authority. She doubtless has brains enough to know that a police force is essentially a military organization.

Also I have no doubt that she—unlike the retiring commissioner—emerged from childish inclinations to play policeman when she grew old enough to eat without a pusher spoon.

THE AFFIRMATIVE WINS

In this controversy roused by the Clan McFerroon—for Harry Carr or against Harry Carr—I desire to say that I am without qualifications on the affirmative side.

PRINCE CUPID

Nobody knows much about the Russian province of Georgia. But the published adventures of the Prince M'Dvidani gives it impressive standing.

His Highness—some weeks agone—is reported to be in the midst of getting divorced from Pola Negri; but when she gets a second look at him in the courtroom it is to leap into his tender embraces. When the second divorce episode takes place, Miss Mary McCormic, the grand opera diva, is discovered waiting anxiously at the dock to get him before Pola gets another look.

It is apparent that the demand for Georgian princes far exceeds the supply.

SHORT SPORTS

Berkeley had a chance to take a licking like real sports; but it looks as though they were going to spend the rest of the winter wailing to the inconstant moon about the mean S.C. team which walloped them 74 to 0.

The funniest angle is that of sport writers of San Francisco newspapers, who now insist that it was not club-like for Mr. Jones's brutal boys to run up such a high score. When it got to be about 60 to 0 it was the duty of Howard Jones—in all brotherly love—to have taken out his good players and to have put handcuffs and hobbles on the rest.

These defeated Berkeley boys are beginning to sound like the bold warriors of West Point who—on being thrown all over the field by Stanford in the New York game—retired to boohoo and sniffle with tears running down their war-scarred cheeks.

AND THEN THERE'S AIMEE

Ho, hum, poor little Clara Bow leads such a monotonous, uneventful life.

THE RED-INK CHAMPION

The little girl who ran away from home because she dreaded to show a poor report card recalls my own school days. It would have been impossible for me to have run away somewhere every time I got a red-ink report card. There were not that many places in the known world to run to.

AUNT HET

CHIEF INSPECTS CITY DEFENSES

Maj.-Gen. Gulick Tells Plans for Added Strength

More and Heavier Ordnance to Protect Harbor

Officer Views Equipment and Meets Garrison Heads

More men is the Coast Artillery Corps' crying need for proper development of its coast-defense program, according to Maj.-Gen. John W. Gulick, new chief of Coast Artillery, who yesterday made a thorough inspection of Fort MacArthur on his nation-wide survey of Coast Artillery equipment and personnel.

Gen. Gulick disclosed new plans for modernising Mort MacArthur's present coast-defense batteries and for establishment there of additional ordnance of the latest mobile and emplaced design. The post's 14-inch disappearing rifles will be increased in range and effectiveness by changes in their present mounts and by installatoon of new-type fire-control systems, he said, so thhat they will be able to effectively combat any possible naval attack. Plans are also being considered, he added, for stationing at Fort MacArthur additional heavy railway guns as well as 14-inch or 16-inch rifles on barbette mounts and additional antiaircraft equipment.

NEEDS RECOGNIZED

"We fully appreciate the needs of Southern California's coast defense," said Gen. Gulick, "and I can assure you that there is no lack of proper ordnance and equipment. But we do need more men.

"We plan to modernise Fort MacArthur's present ordnance and we are fully equipped with other guns that will eventually be stationed here or that could be put on station quickly in emergency. But we cannot attain the tactical efficiency that is absolutely necessary unless we are given sufficient men with proper training to man the material."

Arriving at the lower reservation at Fort MacArthur at 9 a.m. with Maj. Kelley B. Lemmon, post commandant, Gen Gulick was tecorded a salute of thirteen guns and then inspected and reviewed the garrison, the sixty-third Coast Artillery. Following his inspection of the post ordnance and equipment he conferred at post headquarters with Maj. Lemmon and his officers on mobilization and training plans for the Regular and Reserve Coast Artillery establishment in the local area.

AFTERNOON RECEPTION

At 4 o'clock he met the officers and their ladies at a reception at the Service Club. He arrived uptown at 6 p.m. to meet Lieut.-Col. Willis G. Peace, head of the Coast Artillery Reserve activities in Southern California, and commanding officers of Southland reserve artillery regiments.

At 6:30 he was a guest of honor at the Alexandria of the Army, Navy and Marine Corps Association, and addressed several hundred officers of the regular and reserve units of the various services on developments of the coast-defense program. He left for San Diego at 1 a.m. today and after an inspection of Fort Rosecrans there he will depart tonight for Portland and the Puget Sound area.

Fort McArthur's Guns Pass Muster

[A. P. photo]

Two of a Trade

Maj.-Gen. John W. Gulick, Chief of Coast Artillery, United States Army, is being shown the mechanism of one of the fourteen-inch disappearing guns at Fort MacArthur, which guards the entrance to Los Angeles Harbor, by Maj. Kelley B. Lemmon, commandant of the fort.

Letts Trustees Hand in Report on $8,154,762

Trustees of the estate of Arthur Letts have filed with the Probate Court a report of expenditures and investments accounting for $8,154,762 of the trust fund created by his will.

The report covers the disposition of about half of the $15,000,000 estate, according to the report, signed by Arthur Letts, Jr., Malcolm McNaghten, Harold Janss, J. G. Bullock and Harry G. R. Philp.

About $7,000,000 was on hand from a former accounting, and the income for the past year, mostly interest from stocks and bonds, was $1,201,672. Arthur Letts, the son, Edna L. McNaghten and Gladys Janss, daughters, received $351,901 each, and the Letts Foundation, a charitable organization, was given $117,341. A small balance was left undistributed for the next accounting.

MAYOR OPPOSES POLICE SPYING

(Continued from First Page)

the operation of details or individuals directly engaged in the prevention of crime and the apprehension of criminals. This is, and should be, under the supervision of the Chief of Police, who is the general manager of the department.

"Members of the commission should realize that fundamentally they are not, and by the very nature of things cannot be, officers of the law. Their training and association have not qualified them for this type of specialized service. You are selected because of your knowledge of civic economic duties which qualified you to become directors of a great police corporation, and your policy is purely that of intellegent direction of policy.

"This city expends thousands of dollars for training of its police personnel and it is good business that a return of maximum efficiency be made to the city. It has never been my understanding that the commission has the jurisdiction to take away from the police department its administration and routine duties.

"There has been some criticism of the commission indicating that you, in your interpretation of the commission's functions, have created a situation which is disturbing to the high standard of morale in the department. This I do not believe obtains. However, if there is any such condition which can be attributed to officials of my administration, I wish you to make a study of the whole stuation and have it corrected immediately, for the reason that it does not reflect the principles upon which I wish the police department of the city to be conducted.

"NECESSARY TO REPEAT"

"I am making this statement to the members of the Police Commission, not with the thought of censuring, but am making it again to reiterate my policy, declaration of which was made before I was elected, as follows:

"That under my administration the Police Department would be made to function under properly qualified officials of that department with the intelligent guiding and planning of a competent Police Commission.

"There are political agencies who seek by any means to discredit this administration, and in dealing with ths nefarious type of individual, it becomes necessary to repeat what has been said previously.

SNOOPING DECRIED

"As Mayor of the city of Los Angeles, and the chief administrator who is directly responsible for its government, I must again emphasise my previous stand against official or unofficial snooping. While to my personal knowledge this type of espionage has not been indulged in, I most emphatically decry such methods, and if there are any members of the police department assigned to such work they will be returned to the police department to function under Chief of Police Steckel.

"I have hesitated to make this public statement, but where direct evidence has been found that the well-meaning issues of this administration have been intentionally clouded, I believe that this is the time for a statement of pertinent facts."

The new commissioner referred to by the Mayor is Miss Kate Smith, who attended yesterday's meeting, having been appointed and confirmed in place of former Commissioner Thorpe.

The first work of the meeting was reorganization of the board, with Drake as president and Commissioner Wehn elected vice-president. Drake said that new committees will be selected and announced shortly.

STECKEL TO SEEK MORE MEN AND AUTOS

Chief of Police Steckel announced late yesterday that in pursuance of a plan agreed to by Mayor Porter and the Police Commission to combat the crime wave in Los Angeles, he has decided to make immediate request for fifty additional light automobiles equipped with radios, and 100 additional policemen.

The Chief and the executive heads of the police department discussed the plan with Mayor Porter until late in the afternoon.

"While the department actually needs 1000 additional men, request for such an increase has been deemed inadvisable because of the condition of the city treasury," said Steckel. "Of the 100 additional men, if granted, fifty will be assigned to replace the fifty men drafted from the department recently to man the fifty motorcycles voted by the City Council."

Steckel pointed out that whereas the entire personnel of the Los Angeles force consists of 2371 men patrolling 444 square miles, or an average of five men to the square mile, Detroit, with only 400,000 more population has 4091 men patrolling 129 square miles, or an average of twenty-seven policemen to the square mile.

The Police Chief's recommendation that the City Council appropriate $4209 from the traffic fines fund for repairs and maintenance of the fifty new motorcycles, and to provide for two additional mechanics, was approved yesterday by the Police Commission.

Police blockade of Hollywood intersections was discontinued yesterday by order of Capt. James A. McDowell, commanding Hollywood division. The order was issued, according to the officer, because of the belief that the eight policemen and one sergeant who have constituted what has been known as the "emergency squad" can be employed to better advantage. He was unable to state definitely whether the withdrawal will be permanent.

Since it was inaugurated three months ago the street blockade practice has resulted in twenty-five arrests, Capt. McDowell pointed out, most of them being on misdemeanor charges. It was put in operation only at night, the squad stopping and investigating automobiles for about an hour at one main intersection, then moving on to another.

Similar discontinuance is not contemplated in other parts of the city, as far as Police Chief Steckel knows, he said last night when asked about the Hollywood action. He added the matter is up to the captains of the various police divisions.

OWENS VALLEY PLAN APPROVED

(Continued from First Page)

but City Attorney Werner withheld approval on Irving.

The board has scheduled a special meeting this afternoon at its offices with the finance committee of the Council, consisting of Councilmen Sanborn, Cooke and Burns, to discuss the proposed investigation of the operations of the Department of Water and Power. The board will urge that such investigation proceed.

LIGHT FUNDS VOTED

Subject to the approval of the Mayor, the City Council yesterday appropriated $10,000 for the installation of new arc lights in various sections of the city.

FLEET WILL GO TO SEA TODAY

Three-Day Tactical Exercise and Practice Scheduled

Torpedo Attack and Smoke Screen to Be Feature

Planes and Night Destroyers Will Play Their Parts

The battle fleet will put to sea this morning for three days of tactical exercises and a secret experimental gunnery practice. Spectacular phases of the maneuvers will include a torpedo attack on the dreadnaught squadron by the destroyer squadrons with aid of a smoke curtain laid by bombing planes.

The destroyers will dash out of the white curtain at full speed, launch their torpedoes and then attempt to turn and retire behind the chemical screen before the battleship guns can theoretically be brought into action against them. Other phases of the tactical exercises will include aircraft attacks on the battleships and a night destroyer attack against the dreadnaught squadron.

The battleship divisions returned to the base yesterday after two days on the drill grounds for anti-aircraft practice, delayed by indifferent weather.

GROWERS GIVEN FROST WARNING

(Continued from First Page)

gales and periods of calm prevailed in that bay region. A wind from the northwest for a time kicked up a few whitecaps, but a change to an offshore blow smoothed the sea down again.

No damage was reported to the light pleasure and fishing craft moored off the numerous piers and in the coves at Topanga and northern points. A number of trees were blown down at the height of the storm in various residential sections of Santa Monica, but other damage was reported inconsequential.

Reports from the high Sierra country northeast of Fresno, where the Southern California Edison Company generates hydroelectric power, declared the storm apparently ended. Florence Lake was left with 8.75 inches of snow, Huntington Lake with eighteen inches, and Shaver's Lake and Big Creek Power House No. 1 each with two inches.

From Bakersfield it was reported last night that heavy, dark clouds remain over Kern county following rainfall Monday night that added .18 of an inch to the season's total, which is now 1.30 inches, compared with .06 of an inch to date last year.

A company of motion-picture players from Radio Pictures was stranded at Sandberg's during the Monday-night storm when they were unable to reach Hollywood from a location site forty miles north of Bakersfield.

San Diego yesterday reported .05 of an inch of precipitation, and for the storm .54, seasonal .90, and to date last year .26 of an inch.

NEW STORM FORMING IN GULF OF ALASKA

SAN FRANCISCO, Nov. 18. (Exclusive)—Except for Eureka, Northern California was clear of storms today, with a hiatus marked by low temperatures and heavy frosts due to precede a new storm center now gathering its intensity in the upper Gulf of Alaska, with evident intention of moving southeastward.

Forecaster Read tonight predicted there will be at least twenty-four hours of clear and cold weather, except on the extreme north coast, where rain is to be expected as far south as Eureka. Eureka today reported a precipitation of .02 of an inch.

EXPOSURE BLAMED FOR RANGER'S DEATH

CRATER LAKE (Or.) Nov. 18. (AP) Exposure was blamed today for the death of William C. Godfrey, chief forest ranger in the Crater Lake National Park who died Monday after battling his way on foot through forty-four inches of snow from Fort Klamath to the government camp. He was found in a dying condition two miles south of the camp.

Hit-Run Driver Kills Waiter of Country Club

The body of E. J. Horne, 50-year-old waiter of the San Gabriel Country Club, was found last night lying near a safety zone on Las Tunas avenue a short distance from the club, the apparent victim of a hit-and-run automobile driver. The body was found by passengers alighting from a Pacific Electric train, and rushed to the Alhambra Emergency Hospital, where it was found that the man was beyond aid.

San Gabriel police, who started a search last night for an automobile which might bear the marks of striking the man, said Horne had evidently been standing in the safety zone waiting for an electric train and that he had been knocked from the zone into the street. The hospital examination revealed that Horne had been killed almost instantly.

Pending completion of the police investigation, the body was removed to the Dubois Mortuary, San Gabriel.

BREACH-OF-PROMISE SUIT NAMES C. T. YOUNG

Mrs. Hazel M. Hudson yesterday filed a $65,000 breach-of-promise suit against Charles T. Young. Mrs. Hudson asserts she and Young became engaged to marry and on October 24, last, the couple applied for a license to marry at Santa Ana. The marriage was set for October 28, but on the day before, Young told her that it could not be, it is asserted in the complaint. Attorney Carey McWilliams, who filed the suit, describes the plaintiff's damages as $50,000 actual and $15,000 exemplary.

A. W. EAGER ARCHITECT, SUCCUMBS

Long Illness Removes Man Who Designed Many Old Los Angeles Mansions

A. W. Eager, 66 years of age, a leader among Southern California architects, who designed the Soldiers' National Home at Sawtelle, the Raymond Hotel at Pasadena, the Jevne home in Los Angeles and many of the larger residences on West Adams street, died last night after protracted illness at his home, 235 Fowler street, Palisades Del Rey.

Credited with being one of the first to introduce the English type of architecture in Southern California he had been for forty-three years a distinctive figure in his profession in this vicinity He was born at Hamilton, Ontario Province, Can., and soon after coming to Los Angeles became a member of the architectural firm of Hunt & Eager. Later he became a partner in Eager & Burns. He was a member of the American Institute of Architecture, the Masonic Order at Ocean Park and the Elks' at Venice.

He leaves a widow, the former Frances Elisabeth Harrison of Los Angeles; two daughters, Mrs John Skinner of Santa Monica, and Miss Thelma Eager of Palisades Del Rey, and three sons, Frank, Wesley and Myron, all living at the family home.

Funeral arrangements had not been completed last night. Kirkelie, Bernard & Peek of Venice are the undertakers.

STUDIO SPANISH CRITICISED

Hollywood's Treatment of Language Fails to Get Over in the Argentine, Editor Says

Englishmen, playing the part of western cow punchers, talking in the manner of dear old Lunnon, wouldn't be as painful to Californian ears as are some of the efforts of Hollywood to please the critical tastes of the Argentine, according to Mario Estrada, representative of Le Nacion, Buenos Aires newspaper, and who spent the day yesterday on the Paramount lot talking with studio official as to possible remedies.

"The solution as I see it," he said, "is to import Spanish actors—actors from the Argentine, when a play is meant for our consumption While the plays we are now getting are inferior it is because anyone who can speak Spanish apparently will do. Then, too, the actors are not experienced."

Senor Estrada, who was a delegate from the Argentine to the Pan-American conference at Sacramento in August, has just returned from a trip through Canada and the East, where he appeared before chambers of commerce explaining the purpose of the Pan-American Institute organized at Sacramento to promote trade with South America.

"Canada is willing to come into the institute," he said, "providing certain conditions are met. It must not be a local or a national affair, but an international one. I find in the United States, with the exception of towns that have a foreign department connected with their Chamber of Commerce a polite interest. There is much work to do I find."

Estrada will confer with Los Angeles Chamber of Commerce officials before his return to the Argentine in December. He plans to visit all the studios in Hollywood regarding the picture situation before he leaves.

BIRD HEARING WON BY STATE

Convicted Sportsman Must Fight for New Trial

Decision of Supreme Court Reopens Slaying Case

Attorney-General Petitions on Question of Law

The Supreme Court has granted the petition of the State for a hearing in the case of Maj. Owen A. Bird, Los Angeles sportsman, awarded a new trial by the Appellate Court on a charge of having killed a friend, Percival G. Watson, according to word received yesterday by Hugh Coultis, deputy clerk in charge of the Los Angeles office of the Supreme Court.

Bird was convicted of manslaughter after a murder trial. He was tried on the murder accusation after two Municipal Court judges had ordered him held for trial on a manslaughter charge.

The Appellate Court held that the procedure followed by the prosecution was in violation of a defendant's constitutional right to a hearing before and a commitment by a magistrate in lieu of an indictment by the grand jury. This decision held unconstitutional that part of section 809 of the Penal Code, as amended in 1927, authorizing the filing of an information of any crime or offenses shown by the evidence to have been taken before a magistrate to have been committed.

Dep. Atty.-Gen. Richards, in petitioning the Supreme Court, declared that such a hearing was necessary in the interest of uniformity of decisions and settlement of an important question of law.

Texan Foresees Cotton Future for California

W. H. Altman, vice-president of the Hardwicke-Etter Company of Sherman, Tex., manufacturers of cotton-gin machinery, accompanied by his wife, is now in Los Angeles after having completed a three weeks' inspection tour of the cotton-producing areas in the San Joaquin and Imperial valleys.

"The cotton business is rapidly becoming one of the most important industries in California," Altman says. "If its development in the future is as rapid as in the past, cotton growing will be a tremendous force in the future prosperity of the State."

Mr. and Mrs. Altman will return early next week to their home in Texas. They are making their quarters here with W. A. Brown, 1815 South Flower street, a college friend of Mr. Altman.

"ONE O'CLOCK SATURDAYS"

Dorothy Gray Treatment For The Dry Skin!

Dry skin wrinkles easily and drastically. This condition is likely due to exposure which takes away with natural oils of the skin, leaving the oil glands inactive. Dorothy Gray, internationally famous beautician, advises the following treatment:

1. At night before retiring, apply *Dorothy Gray Cleansing Cream* over the face and throat. Remove with cleansing tissues.
2. Apply *Dorothy Gray Special Mixture* and pat it into the skin with the *Dorothy Gray Patter*. Allow a little cream to remain on over night.
3. In the morning pat *Dorothy Gray Orange Flower Skin Tonic* generously over the face and throat.
4. Place a small amount of *Dorothy Gray Astringent Cream* in the palm of the hand, add a few drops of *Orange Flower Skin Tonic* to make a milkier consistency and whisk it over the face, patting gently until absorbed.

—Abraham Lincoln.

Today's Bible Text

There is no fear in love; but perfect love casteth out fear; because fear hath torment. He that feareth is not made perfect in love.—I John iv:18.

BROOKS

The annual crime bill is estimated at $16,000,000,000. The number of criminals is set at a million. Child welfare for 50,000,000 youngsters is placed at a cost of $5,000,000,000. It seems that one criminal is as expensive as 160 normal boys. When a few more of our sob sisters are abducted or stripped of their rings, they may cease mooning over the morons.

HAIR CUT

The barbers of Sparta, Mich., are offering worthy and distressed farmers an artistic hair cut and 27 cents additional for a bushel of wheat. Coupling the two together, it is taken for granted that Michigan needs a hair cut as badly as a higher price for wheat. Selling wheat short and hair long are two disasters which the Michiganders hope to dispose of at one clip.

GAY DOGS

A recent survey of college fraternities by Rita S. Halle, in Good Housekeeping, shows that 93 per cent of these institutions forbid liquor in their houses. The fraternities have made the rule themselves. She also discovered that the gay dogs among visiting alumni are the biggest problem. This would seem to signify that the good old days may have been something else again.

BIGGEST BOWL

Europe's largest concrete stadium is being built in Vienna. It will cost $700,000 and will seat 50,000 people. What they need over in Austria is bigger football and bigger and better bowls will follow. One of the first gatherings in it was the Workers' Abstinence League. In this at least they are taking the cue from America and hope to fill it with soft drinks rather than alcohol.

HAIR CUTS AND SHINES

In spite of the fact that a banker says, "Now in many respects is the most auspicious time in a decade for the thrifty to invest in sound enterprises and to buy necessities and comforts of life at real bargain figures," the fleeced lambs are still jumpy at the mention of stocks. It will be some time before the herd can be quieted down for another speculation orgy. A year or two ago we went even to the barbers and bootblacks for the lowdown on securities. Now we go there for hair cuts and shines.

TEN YEARS OF RADIO

In November, 1920, easterners were listening to the first program to go on the air from the first broadcasting station in this country. A little before that time regular radio communication was established between Catalina Island and the mainland. Messages sent out from the Catalina station were being received by many persons listening in at many places, but the number was insignificant beside that now using this means of sound reception.

Ten years have witnessed a wonderful expansion of radio. The introduction of fine sets, amplifiers and far-reaching hook-ups by which the voice of a speaker or singer at a certain station may be clearly heard for thousands of miles and by which communications from the Antarctic or Arctic regions may be received in a way to make it possible ultimately to talk from pole to pole has all occurred within that period, though, of course, wireless transmission dates much further back.

It is estimated that on election night 50,000,000 people listened to the returns from widely scattered precincts in this country, as contrasted with the hundred or so who heard election returns transmitted through the air in November, 1920.

In 1922 broadcasting stations, still in their infancy, were able to send programs into 100,000 American homes. Today they go to nearly 14,000,000 homes and soon will reach half of the people of the United States. A speech delivered at the White House or in the British Parliament or in the Japanese capitol at Tokio is plainly audible to the listener in the most remote ranch or in a cabin on the Yukon.

If all this has been done by way of radio expansion since 1920, what further magic of radio wizardry shall be achieved by 1940?

THE UNEMPLOYMENT MEETING

The action of the Board of Supervisors and of Supervisor Shaw as chairman of the Charities Committee in calling a public meeting for today to discuss the employment situation brings to a local focus a movement that is gradually becoming nation-wide—that for a more equitable distribution of the available work among the available workers by some such device as the five-day week; thereby doing away altogether with unemployment and accomplishing a better distribution of purchasing power in a nation, and in a world, facing new and unprecedented conditions, to which the existing economic formulae do not seem to apply.

Supervisor Shaw, in outlining the meeting's purpose, declares the five-day week can solve the unemployment problem, quickly and easily, without imposing an undue burden upon industry. In this he is entirely correct, if statistics are to be relied upon at all. There are approximately 3,400,000 persons in the United States, able to work and seeking work, who are without employment, according to the latest estimates made at Washington. The Census Bureau has correspondingly estimated the number of gainfully employed in normal times in the United States at present at 47,000,000. About 7 to 8 per cent, therefore, are out of work. The five-day week, with five days' pay, if it could be applied throughout industry, would afford employment to more than 16 per cent more workers, and it seems reasonable to suppose that if it were now applied to only half the nation's industries there would be, on that basis, a labor shortage instead of a surplus.

The plan is not, of course, applicable to all industries, or even to all jobs in the industries where it is applicable. There are a few specialty jobs—but not, after all, many.

This five-day-week plan is not that proposed by the American Federation of Labor nor by the four railroad brotherhoods and switchmen's union, the five unions of the railroad field. These propose a cut in working hours, but no decrease in weekly pay, a proposal which is unsound economically because it throws out of gear the ratio of wages to production and attempts to cast a burden upon industry which industry cannot bear. To suppose that wages can arbitrarily be raised in this fashion is to picture industry as a Fortunatus purse, from which everything may be withdrawn without putting anything in. The wage fund is not an inexhaustible reservoir, even though it may be somewhat elastic. At any particular time wages of labor are fairly accurately adjusted to the supply of labor and the demand for goods, precisely as the wages of capital are, and neither can be changed without a change in the underlying situation.

But the five-day week with five days' pay is a practical measure, which is applicable to the situation as it stands and does not require a readjustment of the respective shares of labor and capital. It is applicable whether or not one accepts the theory that it is possible because world production has more than caught up with world consumption. There is certain evidence that this explanation of the present depression is true, at least in the United States and certain other industrialized countries. For the present this does not matter; the condition is that in the United States there are 3,400,000 out of work, and that they can be set to work, earning wages and making a livelihood, by general adoption of the five-day week, for so long a period as it is needed.

Compared with their situation in 1928 or early 1929, the five-day week does not mean a reduction in real wages to the employed individual. Prices were so much higher in those piping times that wages, at present one-sixth less, will buy more goods now. Additional compensation comes in the form of increased leisure. Experience has shown that this increased leisure is appreciated and welcomed, that working men and women much prefer part-time employment that gives them a good living to full time at the expense of other workers.

If it is true that the work of the world can, in fact, be done by fewer workers, or, what is the same thing, in less time than it has been done in the past, the five-day week or less might become a permanency. But this leads to a discussion of economic theory which may well be put aside until more data are in hand. For the present it is an emergency measure.

The plan should be given a trial in Los Angeles and elsewhere, as rapidly as possible and to the full extent found to be necessary, that those out of work may be provided with the power of earning their own way. To this end the meeting today ought to be fully attended and bear fruit swiftly.

POOR SPORTS

The world worships a good sport. It can stand it to see its idol licked; but it hates to hear him yelp. The man who can get up with a grin will soon be among the topnotchers.

Alibi hunting is not much of a game. Weaklings play it. The fumbler who heckles the umpire is headed for the showers. The player who always comes back gets the grand stand. In the end the grand stand is the ultimate referee.

A whole rainbow of colors in defeat is grand; but yellow is the color of the quitter. People will pack a Coliseum to see a team that is game; but it will not cross the street to hear a baby cry.

Win and you will be a target. Lose and you get the gun. Try to justify your defeat, and the verdict will be unanimous against you. Accept humiliation undaunted, and friends will flow down to your depths. He who drags his victorious antagonist down for a stepping-stone to regain his position, is low, indeed. The bodies of others are never the ladder to success.

If you cannot win, at least cheer the fellow who can. He will think you know how. If you get licked, praise the victor. You may have a weak body; but your spirit is unwhipped. If you whine, the world will stand and gawk.

Criticise your foe, and you advertise his prowess. Deny him full credit, and you call attention to his strength. Great crowds have a way of hunting up the victorious. The folks who have a band wagon will find many climbing into it. So quit carping and blow your horn. **The best way to have others forget your enemy is to forget him yourself.** Shoot at him and a gallery will gather to see the sport. And the audience is always on the side of the target.

If you are great in defeat, you have won a moral victory. If you are small in defeat, you have double disaster. Yellow is the color of a poor sport.

EMOTION VERSUS REASON

Educators who have been striving to raise the mental and moral tone of the world by disseminating knowledge and inculcating principles will be surprised to know that at an important gathering this week a woman nationally identified with clubs made this statement: "The way to peace is not along the path of education but along the path of emotion." The "path of emotion" has too often led to war. It is going to require much more education than the world has now to make it a place of permanent peace.

ROUGH ON ROMANCE
By James J. Montague

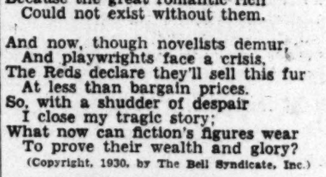
The dames who dwelt, in days of yore,
In homes with many gables
Almost invariably wore
Rich coats of Russian sables.
This pelt, so glossy, thick and dark,
To novelists was vital
Because it was the certain mark
Of affluence and title.

Great villains, whose disdainful gloats
Sent thrills through all beholders,
Were always wrapping sable coats
About their wicked shoulders.
As well might live a Bedouin
Without his trusty camel
As fiction crooks without the skin
Of this expensive mammal.

At Monte Carlo, titled folk
Who sat about the tables
Put up for stakes, when they were broke,
Their rare and priceless sables.
And if they lost, took poison (which
They always had about them,)
Because the great romantic rich
Could not exist without them.

And now, though novelists demur,
And playwrights face a crisis,
The Reds declare they'll sell this fur
At less than bargain prices.
So, with a shudder of despair
I close my tragic story;
What now can fiction's figures wear
To prove their wealth and glory?

(Copyright, 1930, by The Bell Syndicate, Inc.)



The LEE SIDE O' LA
By Lee Shippey

THE sign on a lunch stand in the 200 block of East Sixth street reads:

ALL KIND
SANDWICHES.

Recalling some of the unkind ones we have met at other lunch stands, we feel that one deserves a special medal for benevolence.

Bottle-Top Gamblers

The small boys of Southern California have a new game. Nowadays their pockets bulge with the tops of pop bottles rather than with marbles and wherever two or three are gathered together their favorite sport is "lagging," or seeing which boy can pitch them closest to a line. It is the same game as pitching pennies for a crack, and when the boys play "for keeps" the player whose bottle top is closest to the mark when all have thrown picks up all the others.

So general is this pastime that probably every soft-drink stand in Southern California is besieged by boys asking for bottle tops. We led our squad into a stand to buy ice-cream cones the other day, but they asked for bottle tops. The proprietor of the stand said he was saving tops for his own smallsters, so our boys changed their order, drinking root beer, which they didn't want half as much as cones, just to get the tops of the root-beer bottles.

We were far from home when that happened, but wherever we stopped on the way home it was the same.

Persistence

Persistence isn't such a virtue.
Last night a dog about a block away
From our house treed a cat, and seemed to say:
"Come down, come down, come down, and let me hurt you!"

Persistence! Say, that doggie kept it up
Three hours and ninety minutes by the clock,
And then the concert ended when a rock
From some one in a nightshirt hit the pup.

Unknown in Ourville are nightshirt parades,
Yet as I homeward picked my barefoot way
Glad, fervent blessings seemed the air to spray
From close-drawn, supermodest window shades.

And then the great thought came, as great thoughts do
To all us geniuses, straight from out the blue:
"Persistence is no virtue, I'll attest—
What else is so persistent as a pest?"

TENNYSON MABIE.

A Show of Gardeners

The Garden Club of South Pasadena last year gave a "picture show" at which colored French autochrome slides made by Ernest Williams were shown, and the show made such a hit in that community of garden lovers that the evening of November 20 another will be given by the club at the Masonic Temple in Pasadena. The slides depict in natural colors the native wild-flower fields of California as well as scenes from many of the more notable, man-made gardens of Southern California. This show will be of interest to students of California flora, of art and of gardening, and a revelation to anyone who has not seen the marvelous wild-flower fields of California, beside which the famous tulip fields of Holland would be dwarfed into insignificance.

Stars of Yesterday

When the Mason Operahouse was the new pride of Los Angeles its offices were the gathering place of theatrical managers, agents and actors. Now William T. Wyatt, who was manager of the Mason then, is manager of the Wilshire-Ebell Theater, adjoining the Ebell Club, and his offices still are more like a club for the old-timers of the profession than like an ordinary manager's office. The walls are lined with the autographed photographs of stage people who were famous thirty years or more ago, and when old-timers drop in those photographs suggest innumerable reminiscences and anecdotes. It is probable that Los Angeles now is the home of more stage veterans than is any other city in the country, even New York, as climate and chances for part-time work in motion-pictures have combined in impelling them to choose this city when they retired from the road. It's a rare day when several once-famous stars or agents or managers who used to hold destiny in their hands, do not drop in.

Joshua Little Says

"Elephants Run Wild in London." The poor things probably had just heard of what happened to the great American elephant.

They'd better quit trying to place the blame for the World War. It was far less provocative argument which caused the World War.

Fuller Prunz, the parlor radical, has decided to make Thanksgiving Day a real patriotic festival. The other night he dreamed he was a Russian and had to live under soviet blessings and when he woke and found he still could claim the rights and privileges of an American he felt so thankful he can't get over it.

The overproduction problem a lot of Congressmen are worrying most about just now is the overproduction of Democratic votes.

Antelope Valley residents held a big picnic to get everybody out to vote on the name of a new town and then selected the name of Hi-Vista. How fond those Antelope Valleyites are of overcoming handicaps!

LETTERS TO The Times

[Name and address of writer must accompany all letters for this column. Letters of a personal nature or involving contentious religious questions are not acceptable.]

City Crime Situation

LOS ANGELES, Nov. 17.—[To the Editor of The Times:] I think your paper is to be highly commended for giving the facts and information in your paper of yesterday relative to the crime situation of this city. You have laid wide open a most deplorable condition of affairs and if this is not corrected then there must be found a way through which the life and property of the citizens of this city shall not be longer jeopardized by the Board of Police Commissioners of this city.

I feel that you have done a fine public service, for which I thank you.

RUFUS C. PORTER.

For Dependents First

NORWALK, Nov. 14.—[To the Editor of The Times:] In going the rounds looking for work I find there are entirely too many jobs held by people who are not entirely dependent upon that work for a living, such as married women and others whose family could take care of them or they have other means of support.

I think a census should be taken of all people employed by the county, city, State and Federal departments and wherever a position is held by some one who is not entirely dependent upon that position for a living, the position should be declared vacant, and examinations held to fill the vacancy with preference given to applicants with dependents providing they are absolutely capable of filling the position.

After this has been done private industries should be asked to fall in line and do the same thing. This may seem to be very extreme measures, but believe me if some of these government officials went out and looked for a job they would soon realize that only extreme measures will solve the problem.

In the civil service positions, I would suggest that those people who would be let out under the plan I have outlined would be put on a reserve list and when times were normal again would be allowed to return to positions as necessity came up, without further examinations and according to seniority.

C. S. L.

Dangerous Dry Cleaner

LOS ANGELES, Nov. 14.—[To the Editor of The Times:] About 10,000 persons die by fire each year in this country—nearly thirty every twenty-four hours. Far too many of these unfortunates are women who come to their untimely horrible death because they use gasoline in home dry cleaning and other purely domestic operations. Every fire-preventive agency in the country, including the major oil companies, is seeking to reduce this unnecessary waste of life.

Occasionally, as happened last week in your own household hints, there appear articles advocating the use of gasoline in the home. They slip by your supervisory force and undo in a measure the educational work we are trying to do. There is only one safe use of gasoline, so far as the housewife is concerned, and that is in the tank of her automobile.

GEORGE F. PRUSSING.

Want Protection—Not Mush

HOLLYWOOD, Nov. 16.—[To the Editor of The Times:] My hat is in the air to you for that expose of the crime situation in The Times of this morning. You are hitting the bull's-eye. Let it continue. We, the private citizens of Los Angeles, have been boiling hot over this situation for some time. There seem to be some—just enough to make a noise and get into public print—who would have our policemen become a lot of dolls to stand at street crossings and smile sweetly at every woman who drives across, instead of being severe representatives of the authority of the people who want protection and not mush.

J. A. BABER.

Bible Verse

GLENDALE, Nov. 12.—[To the Editor of The Times:] I wish to agree heartily with L. G. Jones in expressing his appreciation of the Bible verse contained at the head of your editorial page daily. Always an appropriate passage with which to begin the day. JULIA B. WOODRUFF.

Reasonable

LOS ANGELES, Nov. 15.—[To the Editor of The Times:] It seems I must say a word concerning the editorial in The Times of Sunday, the 9th of November. How splendid and reasonable and sensible it was! "Prohibition and Prosperity!" I wish it was emblazoned forth in letters so big and so conspicuous that every man and woman in this country would be compelled to read it.

MRS. W. G. CLIFFORD.

Famous Host Dies

A hostelry whose renown is world-wide, is the Old Bull and Bush at Hampstead, Eng., whose landlord, George Francis Parsons, has died at the age of 72. His was the house which inspired the famous music-hall song, "Come, Come, Come and Drink Wine With Me at the Old Bull and Bush." The license dates from the early part of the eighteenth century, and before then it was the house of William Hogarth, the celebrated painter.

Despite the fact that trains have right of way over their own railroads and all kinds of caution signals and lights are in constant use, motor car drivers cost the railway companies about $30,000,000 a year through accidents, which are for the most part the result of careless and reckless driving.

WHAT OTHERS THINK ABOUT IT

OUR HELPFUL NAVY
[St. Paul Pioneer Press]

The millions which America has invested in the Navy are not all properly classified as military expenditures. For our Navy has an importance aside from its purely military significance.

As a source of invention and a medium of experiment in the development of maritime construction principles and the perfection of industrial processes the Navy has performed a large service. The insistence of Congress that the battleships of the country be built with American steel in 1882 afforded a market for domestic steel fittings and permitted the erection of mills in this country which formed the basis for our mighty steel industry.

Sea commerce is also deeply indebted to the Navy. Experiments of the Navy are responsible for a revolution in the kind of power used for ships. The Navy led craft of all kinds from the reciprocating engine to the direct-connected turbine, the geared turbine and the Diesel engine, the Diesel electric and finally the steam electric drive on the latest ships. Methods of testing ship models, of testing oil and other materials have been introduced by the Navy and its standards have become a guide for ship construction everywhere.

And if the Navy has contributed to the advancement of our material wealth it has also had a great effect upon human factors. To thousands of young men the discipline and the opportunities for training afforded by the Navy have opened up larger fields of opportunity and inspired a broader kind of citizenship.

SUCCESS OF "BUY NOW"
[Chicago Daily News]

Reports by chambers of commerce in various cities indicate that wherever the "buy now" campaign has been intelligently prosecuted, with adequate publicity, gratifying increases in retail and wholesale trade have rewarded the efforts of the participants. Hosts of new buyers have appeared at the stores. Other buyers have enlarged their purchases, adding articles of comfort and even of luxury to their lists. In consequence the atmosphere in the communities reporting is charged with confidence that the improvement in conditions will continue.

IDENTIFYING THE CRIMINAL
[New York Sun]

It is natural that Americans should take pride in these dinosaur eggshells, that they should experience reasonable curiosity as to what caused the disappearance of creatures which produced them. One opinion is that the dinosaur succumbed to the superior intelligence of some smaller mammal which eliminated its larger contemporary by consuming its eggs. If that is so any westerner can identify that smaller mammal—it was undoubtedly a direct ancestor of the coyote, a creature which will eat anything it can get its teeth into.

A NEW MAN
[Boston Transcript]

Community chests in 220 cities which will furnish $55,000,000 for relief work are entitled to fame as twentieth-century treasure chests.

THE PALESTINE CONTROVERSY

BY ARTHUR L. MacKAYE

What are the "Palestine problems?" Just what is meant by the phase, "National Jewish Home in Palestine?"

It is a satisfactory answer to this last question which must be found before peace and contentment can be resumed in the organizations of the Jewish nationals in England and the United States. As for the problems to be solved in Palestine they are three in number; political, religious and economical. They could be solved comparatively easily if the "National Home" question could be decided.

If it had not been for the optimistic and sensational declaration by Lord Balfour in 1917, when Palestine was wrested from the rule of the Turks, there would be no such problem today as disturbs the Jewry of the world, but especially in the English-speaking countries where the Jew finds such freedom as nowhere else.

Politically Great Britain is supposed to govern Palestine under mandate from the League of Nations. But as a matter of fact England, with the help of her colonies, conquered Palestine from the Turks. It was English blood, and mostly English gold, which was responsible for the victory that wrested the Holy Land from the Moslems, who had held it by right of conquest for centuries.

After all is said Great Britain rules Palestine today only by right of conquest. The mandate by the League of Nations was more or less in the light of a quitclaim deed.

Why should England make such tremendous sacrifices of men and money and assume responsibility in that faction-torn land? It is to safeguard the Suez Canal, her jugular vein of commerce to India and the Far East.

Another interesting question is: What would happen to Palestine and the Zionist movement if Great Britain should decide to withdraw entirely from Palestine? It would mean civil war; reinvasion by the Arabs as when they so ruthlessly conquered the land nearly 1300 years ago. It would mean the end of all hopes of a Jewish nation in Palestine.

Very few English or American Jews have gone to Palestine, but great sums have been contributed by the Zionists in these two countries to forward colonization schemes there. The fact that there are today all of 700,000 Arabs in Palestine as compared to about 150,000 Jews indicates the enormous preponderance of the Arabs. And this is where the economic problem acquires such importance.

If the country is to be given up to the Jews for a National Home, what becomes of the Arabs? They have held Palestine for many centuries and feel that they have a clear deed to the land, under the protection of Great Britain. In fact, Great Britain made certain promises to the Arabs during the war before any promises were made to the Jews.

For over a thousand years the Jews have been looked upon as a religious sect. Their nationality has been determined by the country in which they lived, just as a Catholic or a Protestant is a national of his own country. One reason for this discrimination among the Jews is because of the persecution they have suffered through the centuries and their forced isolation. It is only in recent history that the Jew has been given the full benefits of nationality in the land of his birth. In many countries they still meet with persecution.

Really, the Jew is an internationalist. As regards Palestine he is a sentimentalist. The Jew has become within the last few decades a tremendous force in the economic life of the United States. There are over 3,000,000 Jews in this country. Not one in a thousand would consent to emigrate to Palestine. So why this awful eruption of protests when, for economic reasons, Great Britain exercises her right to restrict and even temporarily suspend immigration into the Holy Land of Jews, Gentiles and Moslems? If the Jewish organizations would support England in her efforts to solve the unprecedented problems facing her in Palestine all would probably work out happily for all concerned.

The Zionist Jew apparently expects to be granted the whole of Palestine. But to whom will they look to give it to them if it is not England?

A National Home in Palestine for the Jew can only be worked out successfully by the whole-hearted co-operation of Jew and Gentile.

METAMORPHOSIS

My neighbor was a goodly man,
He kept his homesite spick and span,
A member of that kindly clan
You worship more and more;
And always in sunshine or rain
He lent his aid, no thought of gain,
I never called on him in vain
For any sort of chore.

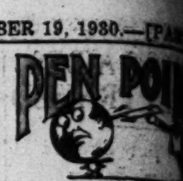
He was induced at last to stand
For some high office in the land.
At first I thought it would be grand
If he could reach the goal;
But I was soon aflame with fright,
His character revealed a blight—
He was a horse thief overnight,
A man without a soul.

It really seemed he was not fit
For me to recognize one bit,
Reluctantly, I must admit
I did not speak to him;
But now that the election's o'er,
I'm glad he lost for as before
He is a decent man once more,
The same old neighbor Jim.

E. L. AULTMAN.

With everything at top prices it is only natural that experience should cost more than it used to.

PEN POINTS



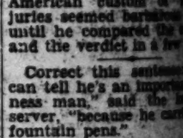
Also a soft job [illegible] wrath.

A war isn't really [illegible] men stop using it as an [illegible] their subsequent follies.

Turkish women are [illegible] When they were emancipated a little, it didn't settle it [illegible] ger finger.

"Bowing from the hips" [illegible] Continental manner." [illegible] ficult art, too, if you've played runt golf.

"Hitler has very little [illegible] tion." We knew there was [illegible] explanation of his [illegible] next part of Russia.



You can't tell. If he [illegible] stoop while playing [illegible] may be either dignity [illegible]

Now it is frequently the [illegible] ing of a radius rod that [illegible] the child.

Soon there will be [illegible] do everything except [illegible] for the breadlines.

Americanism: Electrical [illegible] petent machinists while [illegible] chine is running well; [illegible] a wild amateur when [illegible] goes wrong with the [illegible]

If the kid gets a bad [illegible] head, make a note of it; [illegible] jury may think it a good [illegible] in years to come.

Nothing in prenatal influence. [illegible] Then why do so many [illegible] liquor sellers come from [illegible] country shaped like a [illegible]

How easy it would be [illegible] for America's needy if [illegible] could be shipped to Asia.

Tolerance is the quality that [illegible] enables you to forgive the man [illegible] who steals a purse that [illegible] yours.

Football games are disappointing. No matter how [illegible] he tries, the cheer leader [illegible] quite throws his neck out of joint.

If he uses the restaurant [illegible] linen as a scratch pad, [illegible] he is used to eating on it.

A visitor from Siam says [illegible] American custom of [illegible] juries seemed barbarous [illegible] until he compared the [illegible] and the verdict in a few [illegible]

Correct this sentence: [illegible] can tell he's an important [illegible] ness man," said the [illegible] server, "because he carries [illegible] fountain pens."

A man gets married [illegible] has income enough to pay [illegible] bills; a woman gets married [illegible] cause she hasn't.

It used to be [illegible] judged by the sort of [illegible] they lived in. Now they [illegible] judged by the sort of [illegible] ride in.

HELPFUL THOUGHT

Sometimes I grow [illegible] peevish as I suffer [illegible] for expenses seem [illegible] ish that an invalid [illegible] All my savings go [illegible] and for pills of diverse [illegible] for powders and [illegible] for poultices and [illegible] ing over all such matters [illegible] grouchy and morose, [illegible] of briny splatters from [illegible] and down my nose. [illegible] think how my [illegible] boon to other writers [illegible] helped the learned [illegible] ascend financial [illegible] the doc is busy [illegible] mansion tall and fair, [illegible] with paint and gilding [illegible] gables everywhere. [illegible] a butler's pantry and [illegible] for the cooks, and [illegible] Elmer Gantry and [illegible] other books. I can [illegible] doctor's dwelling in [illegible] shine or the rain. [illegible] thought within me [illegible] I have not lived in [illegible] the druggist, he is [illegible] costly limousine, with [illegible] I'm providing, with [illegible] good long green. CALLED BY SHAW

The meeting was called by [illegible] Shaw, chairman of [illegible] and's charities committee. [illegible] Supervisors Wright and [illegible] W. H. Holland, county [illegible] tendent of charities, will be [illegible] at the meeting. Hugh [illegible] tcher and J. Don Mahaffey, [illegible] visors-elect, are also expected [illegible]

One of the measures of relief [illegible] advanced, according to Supervisor [illegible] Shaw last night, will be the [illegible] five-day week. The Supervisor believes that if the industries [illegible] adopt the five-day week [illegible] workers are paid for five days' work instead of six, many [illegible] be kept employed and [illegible] with money to keep them in food [illegible] shelter. At the same time [illegible] could meet to some extent [illegible] business depression.

The Supervisor pointed out that [illegible] every large layoff of men [illegible] in factories and business [illegible] here the county is besieged [illegible] week later, with many of the [illegible] seeking county aid.

A letter from the Los Angeles [illegible] of Commerce received [illegible] by the Board of Supervisors [illegible] stating eight steps toward [illegible] for relief also will be considered.

The communication suggests that [illegible] advance be given to residents of [illegible] city and county in employment, [illegible] residents purchase local manufactured products as much as possible, and that county and city workers [illegible] aided in.

The chamber also recommends [illegible] dependent transients be registered [illegible] and provided work in the [illegible] in exchanges for meals and [illegible] Also that the city and [illegible] establish prison work farms [illegible] able-bodied transients and [illegible] who evade work instead [illegible] and feeding them in county [illegible] and idleness at the County [illegible]

EDUCATION BOARD GIVES THIRD MORE MEN

Under the new policy adopted [illegible] the department of the Los [illegible] City Board of Education [illegible] weeks ago, the number of men [illegible] employment has been [illegible] one-third, according to the [illegible] ment made yesterday by [illegible] E. Record, business manager.

COUNTY'S AIDES HIGHLY PRAISE

Loyalty to Duty Stressed
Auditor's Report

Marked Efficiency Found
All Departments

Supervisors' Office Gives
Marked Compliment

Officials and employees of [illegible] Angeles county are commended [illegible] efficiency and loyalty to their duties [illegible] the report of the audit of county [illegible] partments, made for the fiscal [illegible] year ending June 30, last, by A. [illegible] MacLeod of A. D. MacLeod & Co., [illegible] auditing concern, for the grand jury. [illegible] copy of the report was filed yesterday with the jury and the Board of Supervisors.

"I am exceedingly pleased to [illegible]," MacLeod declares, "that the county appears to be served by, as a whole, a very efficient body of employes and that each of the heads [illegible] I speak without doubt of the [illegible] with whom I came in contact are fully devoted to his duties and the interests of the county."

CONTRACT AWARDING

The report, which covers many [illegible] typewritten pages, most of them filled with figures of the various departments of the county government, especially commends the Board of Supervisors in the matter of receiving bids on public works and the awarding of contracts." the report says, "as to conditions involving quality, maintenance and uniformity of equipment, etc., the records show, were in every instance awarded to the lowest bidder."

The report also commented on the efficient filing system that is in use for the Supervisors' department, maintaining complete and comprehensive information on board activities.

EFFICIENCY INDICATED

"This indicates an efficient function of the department," the [illegible] states.

The auditor's survey of county [illegible] accounts showed by the records [illegible] proper accounting had been made [illegible] of all moneys received and disbursed.

The auditor's survey of the Supervisors' department showed that [illegible] handled during the year handled cash receipts amounting to $10,336,7[illegible]

JOBS PARLEY

Supervisors to Discuss
Industrialists, Unio[illegible]

Action to solve to some extent [illegible] Los Angeles city and county [illegible] of prominent industrial heads, [illegible] men and lawyers meet at 2 p.m. [illegible] at the Hall of Records.

Among those who have been [illegible] to attend the conference [illegible] Nathan Newby, president of [illegible] Church Federation of Los Angeles; [illegible] Mowder, representative of [illegible] Industrial Business Association; [illegible], president of the Los Angeles [illegible] Chamber of Commerce; [illegible] Stuart MacLennan, pastor of [illegible] Hollywood Presbyterian Church; [illegible] Joseph Scott, A. E. Evans [illegible] representing the United States Department of Labor; Dr. Gustav [illegible], pastor of St. Paul's Protestant Episcopal Church; Harvey C. Fleming, president of the Long Beach Central Labor Council; Harry Shaw, president of the Los Angeles Central Labor Council; Antho[illegible], secretary of the Los Angeles Municipal League; J. W. Buzzo, secretary-treasurer of the Los Angeles Central Labor Council, and [illegible] H. C. Hudson, president of the National Association for the Advancement of Colored People.

NEW CHAPEL TO BE DEDICATED

Olive View Sanatorium Planning Event

Services Will Take Place Sunday

The building and (inset) Dr. W. H. Bucher, superintendent.

PREPARATIONS have been made by patients and officers of Olive View Sanatorium for the dedication of the new chapel to take place at 10 a.m. Sunday, according to an announcement yesterday by Dr. W. H. Bucher, superintendent.

An invitation to the services, which will be in charge of County Chaplain E. E. Harrington, has been extended to members of the Board of Supervisors and other county officials. Short talks will be made by Supervisor Shaw, chairman of the hospital committee of the board, and others.

The new chapel was designed by County Architect Muck and was built at a cost of $8500.

third highest in the county. Those higher were the County Treasurer and County Tax Collector.

The report further showed available assets totaling $93,843,424 for the county with unexpended balances, including unused bond issue money, amounting to $69,680,891.

No irregularities in any of the departments relative to the handling of the county's business are cited in the report.

to give up a day's pay they and their families might suffer.

WHY ONLY THEY?

"And why should municipal employees be singled out from all the other groups in the city?" he asked.

At a conference in Mayor Porter's office Monday the matter was discussed and the Mayor said he will appoint a committee to work out the plan. After the conference the twenty department heads present were ignorant of who will handle the money and how it will be dispensed.

SOCIAL SERVICE BOARD BACKS CHAMBER'S PLAN

The tentative program for the relief of unemployed proposed by the Los Angeles Chamber of Commerce on the 15th inst., was unanimously and heartily indorsed by the Los Angeles Board of Social Service Commissioners in the City Hall yesterday. The board urged that the city and county make the necessary appropriations.

The proposal of the chamber is for retaining all city and county employees on the job and providing work by cleaning up the bed of the Los Angeles River, a city and county work farm plan, and by such additional public construction and improvements which can be carried on without unnecessary special assessments.

OBJECTIONS TO THOMAS'S "DOCKING" PLAN GROW

Objections to Mayor Porter's approval of Rev. Martin Luther Thomas's scheme to "dock" each city employee one day's pay to form an "unemployment fund" of $50,000 for an undetermined purpose continued to grow throughout the City Hall yesterday. The objections, however, in nearly all cases, are voiced only in whispers, but Councilman Williams, himself an elected official, was not so reticent.

"What I have heard of the idea," said Williams, "indicates it is amateurish economics. If a fund of $50,000 is raised by cutting the pay of city employees, it means they must retrench just that amount. The result will be a drop in the buying power of the entire city for approximately a week, while the workers are making up for the 'unemployment fund.'

SPEND, DON'T HOARD

"This plan comes at a time when the economic forces of the country are calling on the population not to hoard, but to spend, and thus abate the present depression."

One department head expressed himself as being dissatisfied with the proposal. He pointed out that a great many minor workers get but $90 or $100 a month, and if forced

Veterans Form Group to Help Men Find Work

Organization of the Combined Veterans' Unemployment Relief Department of California, was announced yesterday when a group of former service men met at the Roosevelt Hotel and formed a body which is expected to aid in providing jobs for former soldiers.

Headquarters has been established at 130 South Broadway, and a staff of workers is ready to run down the elusive job. Dr. Harry Martin is commander; Eddie Schafer, vice-commander; Frank Kerwin, adjutant; Beecher S. Stowe, welfare officer, and A. I. Radke, finance officer.

"We want to replace alien labor with ex-service men as often as possible," Dr. Martin said yesterday. "We have discussed the matter with city and county executives, with contract employers and shortly will meet with the Director of Public Works for California."

An advisory council of twenty outstanding business and professional men of Los Angeles will be formed, it was announced.

BOMB SUSPECTS JAILED

Five to Be Given Hearing Today on Charge of Plot to Damage Theater Building

Complaints charging conspiracy to commit malicious mischief and to take chemicals into a building to do damage were prepared in Dist.-Atty. Fitts's office yesterday, Deputy Smith announced, against Thomas W. Armentrout, Charles Gray, Charles E. Rogers, Frank S. Higgins and Mrs. Cora Lane. Armentrout, assistant business manager of motion-picture projectionists' union, and the other four were arrested and jailed by Detective-Lieutenant Hynes in connection with recent stench-bomb outrages in a downtown theater whose proprietor had refused to meet union demands.

The quintet first was held on suspicion of arson, but Hynes on conferring with Deputy Smith arranged to proceed on the new charges. The five are to be haled into Municipal Court this forenoon and a date is to be set for their preliminary hearing, Hynes said. Meanwhile, Armentrout was out of jail on $500 bond fixed by Superior Judge Carlos Hardy. The bond was signed by T. H. Eckerson, union business manager.

Hynes reported that Rogers, said to be a relative of Armentrout, confessed that Armentrout took chemicals to his home where bombs were made and that Armentrout instructed him to hire persons to bomb the theater with them. Higgins and Mrs. Lane, according to Hynes, were paid to place the bombs.

Under union rules, the theater was required to employ five union projectionists, Hynes said, and when the proprietor's agreement with the union expired last August, he refused to keep the five and employed but two because, he said, only two are needed.

Two years ago Hynes put a quick end to similar outrages in theaters. He arrested two union officials and two others, three of whom were convicted and the third of whom disappeared. Hynes said yesterday that the 1928 cases involved members and officials of the same union of which Armentrout is an official, and that Eckerson, present business manager of the union, was business manager then, also.

Edward Keller and Sidney Burton were the union officials in the 1928 case and were fined $100 each. Joseph Burbridge was sentenced to jail for six months, served sixty days and was released by Municipal Judge Newmire when Hynes pointed out that Keller and Burton had been fined but $100 each by Municipal Judge McConnell. Ben Vezie disappeared and his $1000 bond was forfeited.

"While outrages by members of this union were stopped two years ago by Municipal Court misdemeanor proceedings," Hynes said, "here is this situation now, and I am trying to get felony action and Superior court convictions. If terrorism of this kind is to be stopped it must be met with heavy jail sentences. The effect of light fines, promptly paid, does not last long."

Hynes and his squad in both instances effected capture and arrests within a week or so after perpetration of the outrages.

BULLETS END MERRY PARTY

Host Shot Dead by Friend During Quarrel

Latter Then Fires Slug Into His Own Head

Story of Shooting Told by Slain Man's Wife

"Well, go ahead and shoot."

Very loudly, these words interrupted a merry gathering of two women and three men in an apartment at 746 South Lake street last night, causing a sudden suspension of gayety.

A bullet crashed almost immediately into the head of the speaker, Peter Schwartz, 38 years of age, who with his wife Louise, was host at the party. The pellet struck him squarely between the eyes. As he was falling, already dead, a second bullet penetrated his head.

The man who fired the shots, police say, is Richard Snell, 30, long a friend of the Schwartzes and for the past week a guest in their home.

THEN SHOOTS SELF

Snell, staring down on his dead friend, placed the weapon to his own head, firing a bullet which entered his temple. He was said to be dying last night at Georgia-street Hospital.

What the shooting was about police were still trying to learn last night, although Mrs. Schwartz, held as a material witness, and, according to police, under the influence of intoxicants, told a rambling story that a quarrel earlier in the evening over a disabled automobile was the cause.

Aside from Mrs. Schwartz and the two men the party had been attended by Miss Marie Hadley, 35, of 722 South Bonnie Brae, and Thomas Haggerty of 935 South Flower street.

From what the police were able to learn the party that culminated in the double shooting had been arranged in celebration of the return home of Mrs. Schwartz who had been away for several days on a visit.

TAKE AUTO RIDE

Before settling down for a convivial session in the apartment some of the participants had gone on an automobile ride. It was then, according to Mrs. Schwartz's story, the quarrel had started, although the police were not entirely ready to accept this version.

Later the quarrel was renewed, it was said, in the apartment. Haggerty and Miss Hadley told police they heard the two men talking in loud and angry tones in the kitchen. Haggerty said he tried to act as peacemaker, but was threatened by Snell with death, if he did not desist.

Thereupon, said Haggerty and Miss Hadley, they decided to leave, but the shooting began before they had left the building.

Neither Haggerty nor Miss Hadley were held, although told to hold themselves ready for further questioning by police.

LARGE SUMS AWARDED IN CRASH SUITS

Coach G. W. Webb and Daughter Given $21,000 From Railway Company

Judgments totaling $21,000 were awarded yesterday to Grvan W. Webb, football coach and physical director in city schools, and his daughter Faith, 13 years of age, for personal injuries. A jury in Superior Judge Hahn's court found for the Webbs after hearing their suits for $75,733, directed against the Los Angeles Railway Corporation. Webb's judgement is $30,000 and the daughter's $1000.

The Webbs testified that they were injured November 13, 1929, when their automobile was struck by a street car at Vermont avenue and Eighty-fourth Place. Webb sued for $50,733, asserting that he received hip injuries which compel him to walk with a cane. The daughter sought $25,000 damages, asserting spinal injuries. Attorney Mattison B. Jones appeared for them.

Mrs. Jennie Hellman won a judgment against the Los Angeles Railway Corporation for $11,500, damages for injuries she testified she received August 10, 1929, when she fell from a street car at Pico street and Western avenue. A jury in Superior Judge Keetch's court returned a verdict in Mrs. Hellman's favor. She testified that the car started up while she was boarding it, throwing her to the ground.

Funeral For Miss Mooney to Be Today

A high requiem mass will be celebrated this morning at 11 o'clock for Miss Mary E. Mooney, pioneer resident of the Garvey Hills in the San Gabriel Valley, who died at her Los Angeles residence, 302 West Ninth street, on Monday after a short illness.

Miss Mooney, who was 69 years of age, was born in Cleveland. She came to Southern California in 1885 and for many years lived with her brother-in-law, Richard Garvey, Sr., founder of the town of Garvey. The family lived alternately, on the Garvey ranch and in the Los Angeles residence.

As a member of the Los Angeles Historical Society, Miss Mooney was well known as a writer on events of the early life in Southern California, and she contributed to a number of publications of that organization. She was as well prominently identified with the Garvey Women's Club and in addition, took an active part in club and civic affairs of Los Angeles.

In addition to Richard Garvey, she leaves her nephew, Richard Garvey, Jr.

The requiem mass this morning will be celebrated at The Chapel, Ninth and Green streets, and will be preceded by funeral services at the residence under the direction of Cunningham & O'Connor. Interment will be in Calvary Cemetery.

Coulter Dry Goods Co.
FOUNDED IN 1878
Seventh Street at Olive

20 Gowns
Copies of Paris Models For Thanksgiving Wear
Reduced 1/4

French room garments from Coulter's, for formal or informal wear, at a real reduction just when your need is most apparent!

FORMAL GOWNS — of beaded chiffon, embroidered nets, laces, lame cloths, satins—in bewitching shades of rose, Nile green, French blues, black—or blendings of colors, as so beautifully illustrated in the lame cloths.

INFORMAL GOWNS—in demure soft browns, wines, blues, black—embellished with laces or contrasting light shades that add the touch of dressiness.

THE BROCADED GOWN sketched, of soft, clinging velvet in reseda green; regularly $115, is now $86.25

AN IMPORTED GOWN—of sky blue and silver, in the formal mode, has a bolero jacket and fetching throw; regularly $169.50, now $127.15

(Third Floor—Coulter's)

300 Tailored Scarfs
—New! for Gifts

Those becoming narrow scarfs in the tailored manner, so much in vogue; two-toned hand-blocked patterns that harmonize with any garment; and the double-width Georgettes, hand-decorated—seldom can such good qualities be bought for so little! $1.95

GOSSARD

Mis Simplicity

So simple . . . and yet this unique garment contours the figure to lovelier lines. The clever diagonal "crosspull" of the straps (that button in back) scientifically uplift the bust to a natural curve, flattens the diaphragm and abdomen, slenderizes the waistline and firmly persuades the body to correct posture.

$5—$10—$18.50

(Fourth Floor—Coulter's)

Scarfs for Gifts

Are an expression of good taste, and articles of which few women have too many.

(Main Floor—Coulter's)

New Drapes for Thanksgiving

If Ordered Not Later Than Wednesday Night

will be ready for delivery in time for use on Thanksgiving Day.

New damasks, French Marquisettes and similar weaves, offer a wealth of suggestions, at comparatively little expense.

(Second Floor—Coulter's)

600 Children's Dalby Unionsuits 95c

A repetition of a successful sale held some time ago of these popular garments — medium heavy weight, three-in-one affairs in two models; sleeveless, low neck slipover, or short sleeve, Dutch neck and button-front garments. Each has short cuff legs.

In white, sizes 2 to 12 years—you will want a winter's supply at this saving!

Three for $2.65

100 Flannelette Pajamas 95c

One-piece garments in bright stripes, conventional and toy patterns; frog-trimmed; sizes 2 to 6 years. Three for $2.65.

50 All-Wool Flannel Robes $3.95

Brightly-striped warm, pretty robes for girls of two to six years—practical, acceptable gifts.

(Fourth Floor—Coulter's)

Of Interest to Women

Society

by JUANA NEAL LEVY

One of the lovely affairs of recent date was the attractive luncheon with which Mrs. Ben F. Thorpe entertained Thursday afternoon in honor of her house guest, Mrs. Harvey D. Parker, and Mrs. Margaret Hobson Albers, who has just returned to Southern California to make her permanent home after an absence of more than fifteen years.

Mrs. Thorpe was assisted in entertaining by her sister, Mme. Ellen Beach Yaw, internationally known singer, who is known in private life as Mrs. Frederick Dulaney Cannon.

The artistic Thorpe home in Cameron street, Valencia Heights, Covina, which is becoming famous for its remarkable collection of paintings, was decorated throughout with brilliant hued zinnias, chrysanthemums and autumn foliage. Among the guests were Mrs. John R. Bennett, mother of the writer, Raine Bennett; Mrs. Frank Ebbeler, Mrs. W. H. E. Bravender, Mrs. Teresa Schweiger, Mrs. E. V. Rice, Mrs. William Putnam Nye, Mrs. Lannie Haynes Martin, Mrs. W. W. Nash, Mme. Yaw and the two guests of honor.

Later in the afternoon the guests motored to Mme. Yaw's beautiful new home, whose grounds adjoin the Thorpe estate, and Mme. Yaw gave a charmingly arranged program of songs.

Visiting Here

Among the visitors to the Southland this month whose coming is of much interest to her many friends is Mrs. R. L. Smith of Pittsburgh, Pa., who arrived last week to visit with her mother, Mrs. Sarah Lucretia Bell, and sister, Miss Kate Bell, at their home, 2022 West Twenty-ninth Place. Mrs. Smith was formerly Miss Anna Bell, and since her marriage here nineteen years ago has made her home in the eastern city. She has not been in Los Angeles for six years. Accompanying her to the Coast was her mother's sister, Miss Maggie Taylor of Middleton, Pa. Mrs. Smith is returning home soon after Thanksgiving, as she wants to pass the Christmas holidays with her husband and two daughters, Miss Sarah Belle Smith, who is in her second year at Wellesley College, and Miss Elizabeth Watson Smith, who is a student in high school in Pittsburgh.

Miss Taylor, however, will remain for some months. Mrs. Smith more than probably will return next summer and will motor her aunt home. This is Miss Taylor's first visit to Southern California. Mrs. Bell, who suffered a severe accident three weeks ago, is recuperating from the injury and shock. Many lovely automobile trips are being planned for later in the season, among them a visit to Mrs. Bell's other daughter and her family, in San Diego. This afternoon Miss Kate Bell is gathering several friends to meet her sister at luncheon in Bullock's-Wilshire tea room.

Luncheon and Program

The Oberlin Association of Southern California will give a luncheon and program at the Pacific Coast Club, Long Beach, Saturday afternoon at 1 o'clock. Bridge and swimming will feature the affair. J. Frank Burke, president of the association, will preside. More than 100 guests are expected to be present. Reservations must be made by this evening with Vice-President Mrs. Harry Moses in Los Angeles, or the secretary, Miss LoMoille Pugh, 1600 East Wilson avenue, Glendale.

Dinner Party

Dr. and Mrs. Radovan N. Delitch entertained with a dinner party at their home in Pasadena recently honoring M. and Mme. Henry Didot.

Dr. Delitch, formerly physician to the heir of the Serbian throne, has come with his wife (who will be remembered here as Mrs. Edwin Francis Holmes of Pasadena and Salt Lake City) to make their home at 141 North Grand avenue, Pasadena.

Studio Tea

Sunday afternoon at their studios, 3443 West First street, Mr. and Mrs. Thorwald Probst entertained with a charmingly appointed tea in honor of Miss Helena Whitford. A collection of rare old Japanese prints, owned by Miss Whitford, were exhibited on the walls and Miss Whitford spoke on the art and literature of Japan. Tea was served later in quaint Japanese teahouse fashion, the tiny cakes and confections being purely Japanese. More than 100 guests responded to the invitations.

Gone East

Mr. and Mrs. Rea Callender (Barbara Burke) of La Mirada, San Marino, left Monday for New York by way of the Panama Canal, planning to be in the East for six weeks and to return to the Coast Christmas Eve. They are leaving their small child with Mr. Callender's mother, Mrs. Harry Rea Callender, at her home in South Windsor Boulevard, until their return from the East.

Visiting Here

Miss Cora Morland of Hotel del Coronado has been enjoying a short visit here, being domiciled while in Los Angeles at the Ambassador. For a few days Miss Morland has been a guest at Lake Arrowhead in the San Bernardino Mountains and will return to Coronado the last of this week.

Wedding Announced

Announcement is made of the recent marriage of Miss Vivienne Plamondon, daughter of Mr. and Mrs. P. N. Plamondon of Seattle, to James Reynolds Pierce, son of Dr. and Mrs. C. N. Pierce of this city, the ceremony taking place at the home of the bride's parents in the presence of relatives and a few friends. Autumn flowers and foliage were charmingly combined in the house decorations. The bride, given in marriage by her father, wore a gown of heavy white silk lace and tulle. Her veil was held in place by orange blossoms, and she carried a sheaf of calla lilies.

Miss Eleanor Plamondon assisted her sister as maid of honor, wearing turquoise-blue velvet, with velvet hat to match. She carried roses. Dean Anderson served as best man.

Mr. and Mrs. Pierce, after honeymooning in Vancouver, B. C., and Harrison Springs, will return to make their future home here.

Birthday Celebration

A military motif was used in the floral decoration of the dinner celebrating the fourteenth birthday anniversary of Cadet John Conlin at Black-Foxe Military Academy Wednesday. Pictures of great American military leaders were placed in the banquet hall, where the affair took place, and decorations in the school colors of black and gold predominated. Those included, cadets of the academy and patrons, were: Maj. Harry H. Gaver, Majs. and Mmes. Earl A. Foxe, Harry L. Black, Capts. and Mmes. L. L. Cunningham, Reuel E. Heck, George A. Pilkington, Clayton E. Triggs and Lawrence W. Clarkson.

SHE'LL BE HONOR GUEST AT TEA

Bow to Society Scheduled for Today

[Lansing Brown studios]

Miss Katherine Armstrong

ONE of the most attractive members of the younger set in the Southland is Miss Katherine Armstrong, daughter of Mr. and Mrs. Erwin S. Armstrong of 1200 Wilson avenue, Pasadena, who is to make her formal bow to Dame Society at a brilliant tea with which Mrs. Armstrong is entertaining Tuesday afternoon, the 25th inst. Miss Armstrong is the grand-daughter of Mr. and Mrs. Jackson A. Graves of Huntington Drive, Alhambra, her mother formerly having been Miss Katherine Graves. She is one of the provisional members this year of the Pasadena Junior League, and is prominent in all its activities.

WHEN THE SANDMAN COMES

A Bedtime Story

by THORNTON W. BURGESS

PETER AROUSES CURIOSITY

A hint or two and nothing more
Will set tongues wagging by the score.
—Old Mother Nature.

It is true. If you want to start something just drop a hint or two in the right places and in no time at all you have a neighborhood by the ears, as the saying is. Curiosity grows fat on hints, whereas it would starve on plain facts. All this Peter Rabbit long ago found out by experience. For a long time Peter had been the laughing-stock of the Green Meadows. He had been teased until he had quite lost his temper. And it was all because he had innocently tried to find out who was the singer of a new and strange song in the Green Forest. No one else had heard that song, so no one believed that Peter had. They said he had been dreaming. They used to ask after his dream singer. They hadn't believed him when he had said that he had heard the song and he didn't think that they would believe him now if he should tell them that he had found the singer. They would only tease him the more.

"If I should tell them that that singer was Whitefoot the Wood Mouse they would only laugh at me. Anyway, most of them would. There may be a few who know that Whitefoot can sing, but I don't believe many do any more than I did. I have got to get them over to the Green Forest to hear that song," said Peter to himself, and straightway sat down to scratch his long ears with his long hind feet as an aid to thinking.

"Curiosity will do it," thought Peter. "Yes, sir, curiosity will do it. If I can just drop a hint here and there that there is something to see or hear over in the Green Forest every blessed one of them will go sooner or later to look around. But if I come right out and say that there is something worth seeing over there they will merely laugh at me and not one of them will go over there. I've got to make them curious somehow."

So Peter gently scratched a long ear with a long hind foot. Then he scratched the other long ear with the other long hind foot. Finally he went home to the dear old briar patch and he was a particularly happy looking Peter Rabbit. Little Mrs. Peter noticed it right away, but said nothing. The next morning Sammy Jay came around and he noticed it.

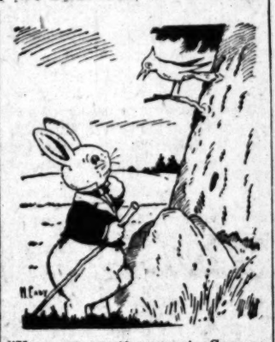
"It must be that you have had another dream and found out who the dream singer is," said Sammy, trying to tease Peter.

"Wrong," declared Peter, "I haven't had a dream, but that isn't saying that I haven't found out who the unknown singer is. You are pretty smart, Sammy, but there are some things that even you don't know. I know what I know and you won't find it out from me."

That was all that Sammy could get from Peter and right away Sammy became curious. It was just the same with Blacky the Crow and the others who had teased Peter about dreaming that he had heard that song in the Green Forest. Peter dropped a hint here and a hint there and presently he had all his neighbors curious, very curious, indeed. All this put Peter in high spirits and the higher his spirits the more sure became his friends that Peter had a secret, and the more curious they became. They took to watching Peter. They tried to let him know it, but he did know it and had many a quiet grin.

They began comparing notes and all agreed that Peter had a secret, or at least thought he had a secret, and that it was somewhere in the Green Forest. Meanwhile Peter was visiting the Green Forest every night to meet Whitefoot the Wood Mouse. They would chuckle a great deal, but never once did Whitefoot sing. They didn't want that song to be heard by any one else until—well, I'll tell you about that some other time.

(Copyright, 1930, T. W. Burgess)



"You are pretty smart, Sammy, but there are some things that even you don't know."

Chef Wyman's RECIPES

Every Friday at 2 o'clock Mrs. A. L. Wyman will conduct a free class and demonstration of good cookery in the lecture room of the Southwest Building, 130 South Broadway.

HONEY GINGER NUTS

One cupful of strained honey, one cupful of sugar, one cupful of melted butter, one tablespoonful of ginger, one cupful of chopped nut meats, one and one-fourth cupfuls of flour, two level teaspoonfuls of baking powder. Place the melted butter in a bowl, add the sugar and the honey, and beat well. Slowly add the well beaten egg and continue the beating. Add the chopped nut meats, sift one cupful of flour with the baking powder and ginger, and add it to the mixture, then add enough more flour to the mixture so it will drop from a spoon. Place on an oiled pan and bake in a moderate oven.

SMOTHERED BEEF WITH TOMATOES

Take one and one-half pounds of round steak cut thick and cut it into strips. Melt two tablespoonfuls of butter or shortening in a saute pan, add one sliced onion and fry until a golden brown. Then add the strips of beef and sprinkle with two tablespoonfuls of flour. Brown well on both sides, then season with salt and paprika, add two cupfuls of stock or water to the pan, one tablespoonful of Worcestershire sauce, and stir until it boils. Add four tomatoes, cut in slices and three stalks of chopped celery, cover closely, set in the oven and allow to cook for one hour longer.

COFFEE SOUFFLE

Beat to a cream three tablespoonfuls of butter, and blend with it five tablespoonfuls, level, of cornstarch, add two tablespoonfuls of grated chocolate, scald one cupful of clear black coffee, and gradually stir it into the mixture. Slowly stir in the well-beaten yolks of three eggs that have been beaten to a cream with one-third of a cupful of creamed butter, when well mixed, fold in the stiffly beaten whites of the three eggs, pour into a buttered baking dish, set in a pan of hot water and bake in a moderate oven twenty-five minutes.

SOUR CREAM BISCUITS

Sift four cupfuls of sifted flour with half a teaspoonful of soda, and one teaspoonful of baking powder, one fourth of a teaspoonful of salt, and chop into this two tablespoonfuls of shortening. Work to a smooth dough with one cupful of slightly soured cream. Roll out on a floured board, cut in rounds, and bake in a hot oven.

TURKISH RICE

Wash three-quarters of a cupful of rice until the water is clear, place in a double boiler with two and one-half cupfuls of milk and four tablespoonfuls of sugar, cover and cook until the rice is soft. Pour into a bowl, allow to cool, add one cupful of seedless raisins, that have been soaked in orange juice, one teaspoonful of cinnamon. Fold in the stiffly beaten whites of three eggs, pour into a well-oiled baking dish, sprinkle the top with finely chopped blanched almonds that have been mixed with four tablespoonfuls of sugar and bake in a moderate oven for twenty minutes.

Mrs. Wyman does not reply to letters, but requests for recipes are answered in the department, PRACTICAL RECIPES, published every Friday.—(All rights to reproduce reserved by A. L. Wyman.)

Health and Diet ADVICE

by DR. FRANK McCOY

Author of "The Fast Way to Health"

GET YOUR WINTER VITAMINS

Many people are actually starved for protective vitamins during the winter months when sunshine is scarce. You can consider that vitamins are a form of life insurance. When you eat them you protect yourself against various diseases. Probably no one knows just what a vitamin is chemically, but it is known that they are necessary in the diet, and experiments have shown which foods contain the greatest amounts of them. Here is a list of the different vitamins which have been discoverd to date and some information about them:

Vitamin A: Those who have colds and are rundown probably need more vitamin A. It enables you to resist certain afflictions of the eyes, sinuses, ears and kidneys. Without it your resistance to infections of the skin and mucous membranes is lessened. This vitamin is stored in the body and is especially needed by growing children. It is found in raw milk, cream, evaporated milk, butter, cheese, egg yolk, raw carrots, codliver oil, bananas, yellow turnips, yellow corn, Hubbard squash, oranges, prunes, green peas, lettuce, canned and fresh tomatoes, sweet potatoes. All of the yellow and green vegetables are good sources.

Vitamin B: This vitamin is not stored very long in the body. Consequently, some of the foods containing it should be eaten regularly. It is needed for a good appetite, and a lack of it brings about a loss of weight and energy. It is vital to the health at all ages. This vitamin has lately been found to consist of two vitamins which are named B1, or F vitamin, and B2, or G vitamin. B1 is destroyed by heat. B2 is relatively unaffected by heat. B1 prevents the disease, beriberi, in humans. A lack of it may bring on nervousness and spasms. B2 is a vitamin which prevents pellagra. These vitamins are contained in whole grain cereals, milk, meat, green leafy vegetables, egg yolks, asparagus, dried lima beans, whole-wheat bread, buttermilk, raw cabbage, carrots, canned green corn, eggplant, fresh ham, lentils, oatmeal, oranges, parsnips, baked Irish potatoes, baked sweet potatoes, green peas, canned tomatoes, turnips, walnuts and yeast.

Vitamin C: This vitamin is not stored in the body, consequently it is needed by everyone every day. Its use prevents scurvy and is essential to healthy gums. Nearly every one with pyorrhea is not getting enough vitamin C. This vitamin is destroyed by too much cooking. A lack of it is thought to predispose to decay of the teeth and rheumatism. It is found in oranges, lemons grapefruit, raw apples, bananas, raw cabbage, canned pineapple, tomatoes, peaches, raspberries, strawberries, peas, dried peaches, spinach, raw leafy vegetables, raw carrots, potatoes boiled not over fifteen minutes, turnips.

Vitamin D: The sunshine vitamin is stored in the body only a short time. It prevents ricketa, bowlegs and swollen joints. Builds bone and teeth by enabling the body to use calcium and phosphorus. Children and nursing mothers especially need vitamin D. Vitamin D is found in the foods containing vitamin A which have been grown in or exposed to the sunlight. The effect of this vitamin is also obtained by using sunbaths. You can obtain certain cereals or foods which are called "irradiated," meaning especially treated to produce this vitamin.

Vitamin E: The absence of this vitamin causes sterility. A full list of foods containing it is not known, although it is present in vegetables, oils, meat, lettuce and wheat germ. It is stored in the body to some extent.

Your Baby and Mine

by MYRTLE MEYER ELDRED

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

This department offers leaflets on weaning and feeding the child from 6 weeks to 6 years, prenatal care and diet for the nursing mother, constipation, eczema, outfits for the new baby, sleeping, walking, teething, thumb sucking, ammoniacal urine, bed wetting, training in cleanly habits, periods of nursing, cod liver oil, orange juice, hives, worms, vomiting, refractory children, prune juice, lime water, rupture, styes and boils and cradle cap. Before asking a personal question about one of these subjects, it is better to send a self-addressed stamped envelope for the leaflet you need. If your particular problem is not covered in the above list, Mrs. Eldred will be glad to give you a personal reply.

IS YOUR CHILD CONSTANTLY DEMANDING ENTERTAINMENT?

Many of our modern, intelligent children are singularly lacking in ingenuity. They seem unable to "think up" amusements for themselves, and depend upon adult inspiration and adult-conceived amusements for their entertainment.

The really harmful aspect of movies for children is their completeness. The content may be over a child's head, just as are adult books, but his dependence upon the screen for entertainment is a growing evil.

In past generations there were fewer ways in which children could be entertained. Children were thrown upon their own resources and had to make individual efforts. They spent days and weeks in preparation for a "play," made the costumes, painted the scenery, and printed the tickets, thus learning every angle of the project first hand. They achieved far more than the temporary thrill of the performance.

HARD TO SATISFY

Naturally the modern child is hard to satisfy. He goes to the movies for something to do. He joins with the school, the church, the local clubs, and business organizations in carrying out their own pet projects. He is just a pawn in an adult game and not the moving spirit behind it. If he managed his own entertainments and put into them hard work, worry and imagination, the result would be enjoyment and profit. The result in the above instances is purely excitement.

Organizations which make use of children to carry out their plans do it for selfish motives. They know that children are always appealing and that parents can be interested because of their children's participation. The effect upon the children is unnatural excitement, fatigue, and encouragement in demanding more and more adult entertainments. After he has been fed such sophisticated fare, the child loses his taste for the simple things he can do.

LACKS INGENUITY

We might profitably return to the days when entertainments for children were not all ready-made. They are poor nourishment for the child's imagination. The cook adds nothing to her education when she opens tin cans. She needs to know the ingredients and the how and why of mixing in order to develop her own standards.

Children are being starved for chances to use their own imaginations. Everything is done for them. The result is that the modern child is insatiable in his demands for something to do. Without an apparent understanding of the cause, his mother bewails his lack of ingenuity in entertaining himself.

Don't frown when the children demand to rummage in the attic for old clothes, or mess up the cellar for an entertainment. Give them the raw materials for their enterprise and then throw them upon their own resources. They will develop by each independent step they take. We have compiled a list of simple plays which children can carry out alone. Send with your request a self-addressed, stamped envelope for this leaflet, "Plays for Home Use." Address your communication to Myrtle Meyer Eldred, "Your Baby and Mine" department of this newspaper.

Wife Divorces Impersonator of Young Fairbanks

An impersonator of Douglas Fairbanks, Jr., was divorced yesterday when Mrs. Fidelia La Marr obtained a decree dissolving her union with James Alvin (Buster) La Marr, on grounds that he was sentenced to Folsom prison for forgery. Mrs. La Marr produced in Superior Judge Guerin's court the record of her husband's conviction and sentence, January 23, last.

Court records reveal that La Marr was convicted of impersonating Douglas Fairbanks, Jr., and signing that actor's name to sales slips in a Hollywood shop. The La Marrs married in Yakima, Wash., February 5, 1927, and have a son, Dexter, 3 years of age.

Of Course . . . you can serve it hot

Most people want a hot breakfast dish for a cold day. Shredded Wheat is delliciously warming when eaten with hot milk. Crisp the biscuits in the oven and pour hot milk over them. The flavory shreds retain enough crispness to encourage thorough chewing—that's one reason it's so good for children. Delicious for any meal with fresh or stewed fruits.

ROBERTSON ELECTED BY REALTY MEN

Veteran Dealer Chosen by Directors to Take Place of Ferguson January 1

G. D. Robertson will head the Los Angeles Realty Board during 1931. He was elected to the presidency by the board of directors yesterday. He will succeed Harold G. Ferguson.

G. D. ROBERTSON.

Mr. Robertson will serve as an officer of both the local board and the National Association of Real Estate Boards, having been elected as its vice-president in June.

The newly elected president has been a member of the Los Angeles Realty Board sixteen years, and has been active in the affairs of the board, as well as in the California Real Estate Association. He will assume office January, 1, and be formally inducted into the position on January 10, next, at the board's annual banquet.

Other officers elected are E. Avery McCarthy, first vice-president; N. J. Cordary, second vice-president; Dan E. Lane, third vice-president; W. D. Cochrane, treasurer, and Tom Ingersoll, secretary.

PREDICTED ERA OF CRIME HERE

(Continued from First Page)

cal completion at the hands of the Police Commission and the three separate squads of spies operating out of the City Hall, and whose job it is, among other things, to report to the Police Commission or to the Mayor's "chief investigating secretary" if a detective visits a dive or a gambling joint in the line of duty. There has not been so much for them to do of late, for the police have quit risking their jobs by looking for criminals where criminals are to be found. Which is naturally pleasing to the criminals if not to the citizenry who hand over to the gangsters, at pistol's point, $500,000 in cash and valuables every month.

SOME PROPHECIES

It is of some incidental interest to note that precisely what has come to pass was predicted by The Times, not once but a dozen times during and after the campaign to "get" Chief Davis. On August 2, 1928, The Times said editorially:

"As for the reformers who are being used as chestnut pullers (for the removal of Davis) a candid re-examination of the facts will, The Times believes, convince them that they have been misled and that they are in danger of creating a far worse situation than the present one."

On October 28, 1928, The Times said:

"To oust Chief Davis for such a reason (because he would not 'program' with the exploiters,) with all the inevitably resulting confusion, disorganization and loss of morale in the department, would be a very grave mistake."

On the day when Mayor Porter took office, July 1, 1929, The Times said:

"Since municipal administrations everywhere customarily stand or fall upon the success of the police arm in combating crime and disorder, the new administration may make a change here (in the police department) only at a great hazard."

On July 11: "Those who are urging Mayor Porter to make a change in police administration . . . are taking upon their shoulders, and urging him to assume, the burden of a great responsibility. Whoever ousts him (Davis) . . . will do so at considerable peril to the city of Los Angeles and the citizens thereof."

THE "NEW DAY"

On August 22, commenting on Commissioner Drake's famous "new day" pronouncement, The Times said:

If the chief is to be relegated to the status of an office boy, stripped of responsibility, authority and initiative and his functions "turned over to inexperienced amateurs, it will indeed be a 'new day' for Los Angeles. It will also be a dark one."

On October 17: "In his statement concerning Chief Davis, Vollmer (August Vollmer, famous police expert) declared that the attack of political groups upon the Chief of Police has been continuing for years in Los Angeles and 'has contributed mightily to the demoralization of the police organization.'"

October 25: "If Chief Davis, without a hearing, is finally railroaded out of office . . . it will, from all indications, be the worst mistake any police commission of this city has ever been able to make. The suspension of the chief would be notice to the men under him that no one of them can be sure of getting a square deal, and notice to the racketeers, crooks, grafters and underworld generally that the police department of this city is leaderless and likely to remain so for an indefinite period. That full advantage would be taken by the criminal element of the disorganization sure to ensue is as certain as anything in the world. Dispatches from Chicago indicate that a crew of racketeers, accompanied by gunmen and gangsters, associated with lawless union-labor leaders, is plotting to make over the industrial map of this city on the Chicago plan. Their arrival would precipitate a crisis which could readily be met by a well-led police department, held to its duties by a vigilant and experienced chief, if its members knew they were to have proper official support. A headless and confused body of men, with the best intentions, could not cope with it. Any substitute named by the present opponents of Davis would be ill-equipped to deal with such a situation, even if so disposed. In addition to the threatened invasion, there are plenty of local crooks looking for a chance to operate. . . . If the Police Commission takes such action it will be subject to public condemnation. In addition it will make itself morally responsible for the demoralization of the police force that is likely to follow such a move. To deprive the department of leadership even for twenty-four hours might have grave consequences."

On January 1, 1930, the day after the demotion of Chief Davis, The Times said:

"As a result (of the demotion) politics is again in charge of the police department and the public safety is subordinated to political expediency. . . . Those participating in the demotion of Chief Davis have heartened and given encouragement to the lawless elements of the community."

And on January 3: **"San Francisco years ago placed her chief beyond the reach of petty politics, and gets excellent police service as a result. This city will have to follow suit or suffer the consequences—consequences which may prove very serious."**

NEWS OF THE CAFES

Succeeding Ted Weems and his band, who close their engagement in the Blossom Room of the Roosevelt tonight, the new augmented Hollywood Roosevelt orchestra will make its debut before a brilliant gathering of celebrities and others tomorrow night in the supper room.

With Sid Grauman staging the premiere and George Gershwin, internationally noted composer of "Rhapsody in Blue" and other successes as honored guest, the affair will be one of the outstanding cinema social events of the season, it is anticipated. Featured in the new Roosevelt Orchestra will be a number of soloists and entertainers, including Johnny Murray, "the personality boy." Those who have been afforded to hear rehearsals of the new group assert that it is by far the finest musical aggregation ever introduced in the Blossom Room, and it expected that it will prove a tremendous success.

MANY ATTEND DINNER

A large gathering attended the fourth anniversary dinner last evening at Polly's Cheerio, Sixth and Hill streets. Arrangements were made by F. E. Winter, owner, for a special birthday repast at no increase in price. Many friends and regular patrons were present to extend best wishes. With the holiday season approaching present plans include a dinner on Thanksgiving Day which will feature all the delicacies peculiar to that day.

CARRILLO TO ENTERTAIN

Leo Carrillo's presence as guest of honor tonight at George Olsen's new club, Culver City, promises to make the evening one of delicious enjoyment that is characteristic of this noted actor's personality. Carrillo, who is appearing at the Hollywood Playhouse in "Mister Antonio," promises to present some of the Italian character sketches that have made him loved to audiences around the world. The impromptu entertainment for which Carrillo is noted will be augmented by the appearance of his distinguished Chinese friend, Ling.

SCHULZE ENGAGED

Jack Schulze, art director and interior decorator, was signed today to design and execute the interior for Al Levy's Tavern on Vine street, which will open its doors on or about December 1. Schulze is the creator of such distinctive interiors as those of the Blossom Room of the Roosevelt, the Fox-Wilshire Theater, George Olsen's Club and other buildings.

Work will be started with a large assisting staff, immediately. More than $100,000 is to be spent on decoration and equipment of the new restaurant alone, it is declared, and indications are that upon completion the Tavern will be one of the most distinctive cafes on the Pacific Coast. The opening of Levy's Tavern, it is announced, is to be a particularly elaborate event, with lights, music and other features peculiar to "first nights."

BEAUTY CONTEST PLANNED

The most beautiful girl attending the festivities at Solomon's Tuesday, Wednesday and Thursday nights of this week will receive stylish new winter dresses, Fred H. Solomon, the Los Angeles dance king, has announced. The beauty contest will be held each night with the most pulchritudinous feminine dancer scheduled to be awarded the gown on the basis of popular applause.

Many entries have already been made with Teresa Bayer, secretary of the Grand-avenue ballroom, but eleventh-hour entrants will be accepted just previous to the minute the competition starts. Solomon's, under the original penny-dance policy, which made the institution famous, is the rendezvous for dancers of all ages during the winter evenings.

Mercy Slayer of Sister to Go on Trial Today

Charged with the "mercy killing" of her sister on September 14, last, Mrs. Ruth Weimer of 418 East Thirty-seventh street, today is scheduled to go to trial in Superior Judge Fricke's court.

Mrs. Weimer has pleaded not guilty to the charge, asserting that she was temporarily insane at the time.

When the trial opens, however, the prosecution will leave the entire question of penalty in the hands of the jury and will not ask the death penalty, George Stahlman, deputy District Attorney prosecuting the case, stated.

It is charged that Mrs. Weimer, driven to distraction by the pleas of her sister, Mrs. Mabel Steele, for death, seized a revolver and shot her fatally.

Investigators assert that Mrs. Steele had become mentally unbalanced because of the loss of her two children whose custody had been given to her estranged husband.

ARSON WINS DIVORCE

Keeping home fires burning led to John D. Harris being divorced yesterday by Mrs. Ada B. Harris. He burned their home and was convicted of arson, his wife testified. She added he burned it to collect the insurance. She got her decree.

BIGGER AND BETTER

THE NEW CHEVROLET SIX HAS MANY IMPROVEMENTS

CHEVROLET

The introduction of the new Chevrolet Six marks the most impressive forward step in Chevrolet's twenty-year record of constant progress and improvement. For this Bigger and Better Six offers new beauty, new luxury, new completeness and new quality—yet it sells at lower prices!

Your first glimpse of the new Chevrolet Six tells you that it is a car of appealing smartness and refinement. In every curve and sweep of its modern lines—in every detail of its new Fisher bodies, you will see the fine hand of the master designer and the skillful craftsman. And the more closely you inspect it, the more deeply impressed you will be.

The improvements in the new Chevrolet Six begin at the new chrome-plated headlamps and extend throughout the entire car. The radiator is deeper and unusually efficient. Due to the increased wheelbase, the lines are longer and lower, giving an air of exceptional fleetness and grace. And the new Fisher bodies combine with this more attractive exterior appearance, a new degree of interior luxury.

The upholstery is of fine quality mohair or broadcloth, carefully tailored and fitted. The number of individual springs in the rear seat cushions has been increased by 25%. The windshield and windows have been redesigned to provide wider vision. All interior fittings—as well as the instrument panel—have been made more pleasing to the eye. A large three-spoke steering wheel adds to the ease of driving. And in the coach, both front seats are of the one-piece type, deeply upholstered for restful comfort.

The chassis of the new Chevrolet Six has also been refined and advanced in a number of different ways. The frame is heavier, deeper and stronger than before. There is a smoother operating, long lived clutch; a sturdier front axle; an entirely new steering mechanism of the worm and sector type; an easier shifting transmission. In fact, every vital feature of the new car has been made better and more satisfactory to the owner.

Obviously, these many improvements are responsible for a higher standard of quality. And they become doubly significant when you consider that they are offered in a car which provides the smooth, quiet, flexible performance of a 50-horsepower, six-cylinder motor—the comfort of four long semi-elliptic springs and four hydraulic shock absorbers—the safety of a gasoline tank at the rear of the car—and an economy of operation not surpassed by any automobile.

AT NEW LOW PRICES

Fine as it is, the new Chevrolet Six now sells at lower prices—making the economy and satisfaction of Chevrolet ownership even more outstanding. We urge you to come in and see the *Bigger and Better* Chevrolet. Its modern design reflects the spirit of the times—and it represents a value which will command the interest of every buyer in the low-price field.

Whispers in the Wings

BY MURIEL BABCOCK

WARNER BROTHERS' new Huntington Park theater was dedicated last night amidst a furor of excitement and a blaze of lights rivaling some Hollywood premieres.

Huntington Park's main business street was lined with curious spectators long before show time. There were about as many policemen in evidence as at one of Grauman's most pretentious ballyhoos, but even at this traffic moved slowly and some stars almost didn't arrive in time for their scheduled personal appearances.

The new theater is the first to be constructed under a $15,000,000 theater-construction program which Warner Brothers have instituted in the Southland. It is an imposing structure said to have cost in the neighborhood of $500,000, of luxurious fittings and equipment and with a seating capacity of 1800.

Frank Fay, Joe E. Brown, Walter Pidgeon, Charles Judels, Louise Fazenda, Eddie Morgan, Barbara Weeks, Claudia Dell, Evalyn Knapp, and Marian Marsh were among Warner Brothers-First National stars making personal appearances. J. L. Warner, Jack Warner, Jr., M. Silver and Hal Wallis represented the Warner executive staff.

The picture on view was "The Life of the Party," a Vitaphone production in Technicolor starring Winnie Lightner. There were the two shows, both sell-outs.

Belasco Takes Vacation

The Belasco Theater will go dark for the three weeks before Christmas.

There will be no show after the close, on the 30th inst., of Dorothy Burgess in "Bird of Flame," until "Up Pops the Devil" arrives on Christmas Day.

This is the first time in the theater's history, that it has closed voluntarily for more than a week. And the breathing spell will give Edward Belasco and Homer Curran an opportunity to have the house refurnished and all fixed up for the New Year.

Mayan May Go to R.K.O.

The story along the local rialto is that Metropolitan Productions, Inc., the subsidiary organization of Radio Pictures, is negotiating for the Mayan Theater to continue the stage production plans launched at the Mason Theater.

Olga Printzlau Play Arrives

Olga Printzlau's problem play, "The Jay Walker," which ran last year at the Klaw Theater, New York, will be given its first Los Angeles showing at the Ralph Herman Playshop, 1141 North Gower, beginning tomorrow.

Charles Maurice is directing what is said to be a wholly professional cast including Charlotte Young, Lydia Knott, Charles Bruin, Carl Meyer, Dorothea Wolbert, Minna Ferry, Katherine Cavanaugh and Frank Kohler.

Hungarian Theater Man Here

Sando Incze, editor of a leading Hungarian theatrical weekly and a European stage producer, is in Hollywood as the guest of Adolph Zukor, president of Paramount-Publix. Incze came to this country, for one thing, to purchase the Central European rights to "Strictly Dishonorable." He did this and is now looking about the film city.

Along the Eastern Front

From New York comes the following:

"The Truth Came," a comedy by Ivor Novello, was announced for presentation today by L. E. Shubert, with Billie Burke and Mr. Novello as the stars. Another leading role will be played by Viola Tree, daughter of the late Sir Herbert Beerbohm Tree.

Miss Burke has not been seen on the New York stage since last December, when she appeared in "Family Affairs," which had a brief run at the Maxine Elliott Theater. Mr. Novello came here from London early in the fall to act in another of his works, "Symphony in Two Flats."

Barbara Robins, who has appeared with the Jitney players and whose only Broadway role has been a small one in "The Commodore Marries," has been engaged for the chief feminine part in the play, "Overture," in which Colin Clive will be the leading player.

According to Wilton and Weber, vaudeville comedians, William B. Friedlander will produce "Socks," a comedy of their authorship, in January.

STAR WAITS FOR TALKING PRODUCTION

Marilyn Miller Refuses Previous Offers to Play in Silent Films

Although tempted by several offers to appear in silent pictures, Marilyn Miller, whose picture, "Sunny," comes to Warner Brothers Hollywood and Downtown theaters Friday, steadfastly refused to leave the stage until talking pictures made their debut.

Then Jack Warner obtained her signature on a contract to appear in "Sally" for First National. This picture was one of the successes of the past movie season and established Miss Miller as a favorite.

"Sunny" is a different type of picture, but is being hailed by critics as an even greater success than "Sally," it is said. Miss Miller dances and sings, but there are no chorusss.

Director William A. Seiter assembled to support Miss Miller, Lawrence Gray, Joe Donahue, O. P. Heggie, Judith Vosselli, Barbara Bedford, Clyde Cook and MacKenzie Ward.

ACTRESS SIGNED

Lily Damita has been signed by Charles Rogers to star in his production of "French Love," which Radio Pictures will release.

Cherry Malotte Sweeps Into Town

Evelyn Brent

Vividly portrays the notorious charmer of Rex Beach's novel, "The Silver Horde," in the film version which starts tomorrow at the R.-K.-O. Theater.

PREMIERE TO HONOR STARS

Tomorrow night at the Carthay Circle Theater Marie Dressler and Wallace Beery enter the realm of stardom. The occasion is the Los Angeles premiere of the Metro-Goldwyn-Mayer production, "Min and Bill."

To Marie Dressler and Wally Beery tomorrow night's premiere has more than ordinary significance, it is said. There will be an atmosphere of drama and romance surrounding it. First, because both are attaining their rightful place at an age when most actors and actresses are fading from the picture. And, secondly, because practically the entire industry will unite to pay them tribute.

As the stars enter the theater tomorrow night they will pause a moment before a little dais raised in the forecourt of the Carthay. On the dais will be a large album, made up of parchment pages, and thereon filmdom's famous will inscribe their regard to Marie Dressler and Wally Beery.

Lew Cody will act as master of ceremonies. Cody is an intimate acquaintance of both players. Their friendship goes back into the dim past, the days when the three were troupers.

The management of the Carthay Circle reports that it is doing everything possible to make this premiere one of the most extraordinary ever witnessed at the theater.

CARRILLO TO ENACT "BAD MAN"

Henry Duffy Will Act as Supervisor for Colorful Stage Comedy

Popular demand is to bring Leo Carrillo back in his colorful comedy, "The Bad Man," for a limited engagement of two weeks only at the Hollywood Playhouse, beginning Sunday, the 30th inst., and following the close of "Mister Antonio."

This announcement comes from Henry Duffy who will personally supervise the production and will announce the names of those who will support the star within a few days.

When Carrillo appeared several seasons ago at the President Theater in "The Bad Man," his engagement was cut short when he was forced to leave for Australia to fill previous engagements. At that time Henry Duffy promised a return engagement of the comedy and is now fulfilling that promise.

Moorish Theme Chosen for New Stage Prologue

"Morocco's" atmospheric prologue at the Chinese Theater, starting Tuesday, will be titled "A Moorish Melodic Panorama," according to Fanchon and Marco, producers.

Georgie Stoll will direct the augmented symphony orchestra in the pit. Larry Ceballos is directing the dance ensembles. Marietta, formerly of George White's "Scandals," will be starred.

COMEDIAN STARS IN NEW PICTURE

Jack Oakie

"Sea Legs," starring the popular comedian, Jack Oakie, comes to the Paramount Theater tomorrow. Also on the program will be a stage bill called "Ole Virginny," featuring Slim Bimblin and Company, Pauline Gaskins, the California Crooners and a chorus of girls.

"Sea Legs" was directed by Victor Heerman and the supporting cast includes Harry Green, Lillian Roth, Eugene Pallette, Albert Conti and others.

"Spoilers" to Close at Bard's

Today is the last day of the run of the Edwin Carewe production, "The Spoilers," with Gary Cooper, Kay Johnson and Betty Compson, at Bard's Eighth-street Theater. Beginning tomorrow the famous Ernst Lubitsch production, "Monte Carlo," will be offered.

"Monte Carlo" is the story of a countess who goes to the European resort to escape marriage. Jeannette MacDonald has the leading role. In addition to the feature picture there will be a Tuxedo comedy and a news reel.

NOTED DIVA WINS FAVOR IN RECITAL

Mme. Matzenauer Sings Varied and Interesting Repertoire

BY ISABEL MORSE JONES

Mme. Matzenauer, for years a star at the Metropolitan Opera of New York, gave a recital of classics and near-classics at the Philharmonic Auditorium last night and a large audience greeted the famous diva. Elinor Remick Warren, the dainty Los Angeles pianist-composer, added several charming numbers to the program and played unobtrusive accompaniments.

Mme. Matzenauer has the power to paint a picture in song and she uses her extensive musicianship to faithfully re-create the composer's thought. Her choice of three Brahms masterpieces, "Von Ewiger Liebe," "Sapphische Ode" and "Meine Liebe Ist Gruen," established the tenor of her way through this enjoyable program. One wished that Mme. Matzenauer might sometime choose to sing a recital of Brahms, Schubert and Mahler for a small group of persons who like Mahler, et al.

Two Respighi songs, "Nebbie" and "In Alto Mare," were dramatically and musically effective. They are worthy additions to the contralto repertoire.

Miss Warren's contribution of two Arensky preludes, the American Griffes' "Fountain of Agua Paolos" and the Albeniz "Seguidilla," to which she added an encore, were warmly received. Her piano work is delicately polished and exquisitely tinted. The attractive song, "My Parting Gift," by Miss Warren, sung as an encore by Mme. Matzenauer, also won the appreciation of the audience. There is a lovely fragrance about her playing and her composing that puts the listener in a gracious humor.

Other numbers on Mme. Matzenauer's list were "Over the Steppe," "On Wings of Dream," "Floods of Spring," by Rachmaninoff, the "Carmen" seguidilla, "Les Papillons," by Chausson and "Les Filles de Cadiz," by Delibes.

Lloyd Picture Sets Record at United Artists

Harold Lloyd's "Feet First" starts the second week of its run at the United Artists' Theater today. The film has set a new house record for the year, according to the management.

"Feet First" played to more people during its first week than any other picture of the year and the attendance over the week-end was greater than any Saturday and Sunday for the past twenty-four months, reports show.

Lloyd is said to arouse three emotions with "Feet First." The first is laughter, the second is pathos and the third is suspense.

The supporting cast includes Barbara Kent, Noah Young, Alec Francis, Robert McWade, Lillianne Leighton and the colored comic, Sleep n' Eat.

PLAGIARISM SUIT LOST BY LLOYD

"Unintentional" Theft of Film Story Laid to Actor, Who Will Appeal Case

United States District Judge Cosgrave in a decision handed down yesterday held that Harold Lloyd, film actor, was "unintentionally" guilty of plagiarism in the production of the film story, "The Freshman." The court ruled that there shall be an accounting of profits with regard to the picture since the time of the copyright holding, which would be since 1927. The amount involved has not yet been determined.

The decision came following a lengthy trial before Judge Cosgrave, brought by Mrs. Sadie S. Witwer, widow of H. C. Witwer, short-story writer, who charged that the story, "The Freshman," was taken in some instances from Witwer's story, "The Emancipation of Rodney."

While the court held that "The Freshman" was a plagiarism of the Witwer story, he stated "Harold Lloyd personally had no knowledge of the actual plagiarism."

The suit was filed against Harold Lloyd, the Harold Lloyd Corporation, John L. Murphy, the Pathe Exchange and numerous other persons.

Communication was made last night with Lloyd at New York, where he is now, and he stated, "I know in my heart that my hands are clean, and I shall fight to the highest court in the land to keep my name clear of this unwarranted charge."

"I am of the opinion that Lloyd personally had no knowledge of the actual plagiarism," said the court. "He denied ever having read the original story (of Rodney.)"

Wilkins to Give Lecture Monday

Sir Hubert Wilkins, scientist and explorer of the Arctic and Antarctic, is due here Sunday for a lecture before the Jewish Institute Forum Monday evening on "Flying the Ends of the Earth." His lecture will be illustrated with motion pictures.

Sir Hubert is making his first visit to Southern California since April, 1929. The Wilkins lecture marks the inauguration of the second series of the season of 1930-1931 sponsored by the Forum. Among other internationally known figures scheduled for the course are Hendrick Willem Van Loon, author; Will Durant, philosopher and writer, and Guglielmo Ferrero, historian and sociologist.

ARTISTS TO LAMPOON EACH OTHER'S WORK

A "Salon des Refuses" will be the principal attraction at tomorrow evening's November dinner of the California Art Club. It will be an exhibition of caricatures by the artists of each others' works in the club's twenty-first annual Los Angeles Museum exhibition. Burlesques of prize-winning canvasas and principal showings will provide means for the playfully minded artists to lampoon their brothers. At the end of the dinner the caricatures will be auctioned. The fun-making has become as much of an annual event among the artists as their regular exhibition. The dinner will take place in the Barnsdall Park clubhouse.

RAIL AGENTS ON VISIT

A. M. Parker, general agent for the Canadian Pacific Railway at Shanghai, China, is visiting in Los Angeles while on a six months' leave. He will return to Shanghai the 27th inst., leaving Vancouver on the Empress of Canada.

R.-K.-O. SIGNS H. B. WARNER

Martin Burton Wins Juvenile Lead in "Ladies' Man;" First National Starts Work Before Christmas; Will Rogers to Play "Heir to Hoorah"

BY GRACE KINGSLEY

One of the finest roles which the veteran H. B. Warner has ever played has just been handed over to him.

H. B. WARNER

Radio Pictures has signed the popular actor to play the leading male role in "Children of the Streets." This role will be opposite Betty Compson, who is co-featured in the production. John Darrow will portray the juvenile lead.

George Archainbaud has been assigned to the direction of the picture. Bertram Milhauser will act as supervisor.

BROADWAY ACTOR TO BE LASKY PLAYER

Martin Burton, handsome star of Broadway's recent success, "Death Takes a Holiday," will make his talking picture debut in Rupert Hughes's "Ladies' Man," in which William Powell has the star role.

MARTIN BURTON

Assignment of Burton to the cast was made yesterday by Paramount. Other important members of the cast are Kay Francis, Carol Lombard, Regis Toomey and Paul Lukas.

The young actor was signed to a Paramount contract in New York recently and sent to Hollywood. In New York he appeared in "The Idol" and others, and in London, in "The Trial of Mary Dugan."

Lothar Mendes will direct "Ladies' Man."

FIRST NATIONAL TO BEGIN WORK SOON

While not officially announced, still it is learned from an authoritative source that First National will begin production activities sooner than has been contemplated; so that, instead of opening up for work on January 1, it is now estimated by those in on the know that the studio will commence operations about the middle of December, with some four productions going into work at that time. This will be good Christmas news to all those connected with First National.

In the meantime, the concern is going ahead full tilt with its foreign productions, expecting to have the eighteen foreign features promised ready before January 1. This includes six Spanish, six German and six French pictures.

Dita Parla, noted German star, arrived in town Monday and yesterday visited First National studios to settle preliminaries before going to work in "Kismet." This picture will not follow the English version, as it is desired to throw the emphasis on the leading feminine role, to be played by Miss Parla, instead of on the Otis Skinner role. M. Sokoloff will play the leading male part.

Hal Wills, associate producer at First National, cut abort his European trip in order to be on the ground this week. He arrived last night, accompanied by his wife, Louise Fazenda.

Clark Gable In It

That excellent actor, Clark Gable, who has just finished a role in "The Easiest Way," has again been signed by Metro-Goldwyn-Mayer, this time for an important part in Joan Crawford's current starring vehicle, "Dance, Fools, Dance," which Harry Beaumont is directing.

Gable came to Hollywood from the New York stage, where he played leading roles in such productions as "Machinal" and others.

Will Rogers's Next

It is understood that unless Fox officials change their minds the old comedy, "Heir to the Hoorah," will serve Will Rogers as his next vehicle to follow "Connecticut Yankee in King Arthur's Court."

WILL ROGERS

The story is, however, to be so modernized as almost to be another tale.

Whatever story is selected for Rogers should be a fine one, not only because of the genius of the star, but because it is going to be impossible to top and probably most difficult to equal his present vehicle.

Work is commencing today at Fox Hills studio on the Mark Twain story, with David Butler directing.

Walter Catlett With Pathe

The gifted comedian, Walter Catlett, was signed yesterday on a long-term contract with Pathe to write, act and direct comedies. He is starting off today on the writing of his first comedy for the concern, and already it has a title, viz., "Stage Struck."

WALTER CATLETT

Two other comedies are now in production, following a six weeks' vacation in the two-reel comedy department of Pathe.

"Sea-Going Sheiks" is the title of one comedy, which features Ray Cook and Emerson Tracy, the latter an actor who has been pleasing Henry Duffy audiences, with Mona Rica in the leading feminine role. The other comedy is titled "Harold Sees the Indians," and has Daphne Pollard featured.

Virginia Corbin Coming

That wandering young actress, Virginia Lee Corbin, has been promising us for so long that she would come back to Hollywood that we hardly know whether to believe her or not until yesterday, when her mother telephoned us that Virginia had actually sailed Monday from Southampton.

Miss Corbin went away on her wedding trip to Europe with her husband, Ted Krol, many months ago. Whether he is returning with her or not her mother did not know. However, Mrs. Corbin tells us that a certain picture company is negotiating with her daughter. Miss Corbin has been studying French, dancing and voice culture while abroad.

Genevieve Tobin's Birthday

Genevieve Tobin was a Thanksgiving present to her parents, and so, although naturally her birthday does not fall always on Thanksgiving, that is the day she chooses to celebrate as her natal day.

This year is to be no exception to the rule, and it is possible that her sister, Vivian Tobin, will join her here.

Joe Cawthorn Vacations

Joe Cawthorn, noted comedian, having completed his role in "Kiki," and having recovered his voice, lost in a cold, is taking Mrs. Cawthorn out of town for a few days' vacation.

WYOMING GROUP TO RALLY

The Wyoming Society will have a reunion this evening in Veterans' Hall, 246 South Hill street. All former residents and tourists are invited to attend. W. O. Owen, president, will preside.

ATTORNEY GROSSMAN LOSES PLEA

Municipal Court's Verdict of Contempt Sustained by Appellate Tribunal

In a ruling on a petition by Jason B. Grossman, attorney, for a writ of habeas corpus, Division Two, District Court of Appeal, yesterday upheld a judgment of the Municipal Court that the lawyer was guilty of contempt of court in his handling of a case before Municipal Judge Bogue.

The Appellate Court ordered the writ discharged and the petitioner remanded. The Municipal Court judge fined Grossman $100, in default of which he was to be sentenced to the County Jail.

Grossman was an associate counsel in a criminal case before the Municipal Court. He filed an affidavit of bias and prejudice, which the Municipal Court judge ordered stricken. The judge denied a motion for a transfer and when Grossman was asserted to have insisted upon a further hearing after an order to desist by the court he was pronounced in contempt.

Justice Craig wrote the decision. Justice Thompson concurred.

Realty Man's Manslaughter Trial Opens

Phillip D. Hulme, Alhambra real estate man, yesterday went to trial before Superior Judge Schauer charged with manslaughter for the death of David R. Thomas, who was run down and killed by a motorist on the Seventh-street bridge on August 10, last.

Virtually the entire day was spent in selection of a jury.

Dep. Dist.-Atty. Blalock charges that Hulme was traced to the scene of the accident by his hat, which was found near by. Hulme asserts that he had crossed the bridge at about that time, but that Thomas already had been run down by another motorist.

COURT HOLDS SIMONS IN REAL ESTATE DEALS

Joe T. Simons, member of a wealthy local family, was ordered held for Superior Court trial on six counts of grand theft by Municipal Judge Turney yesterday. He furnished bail of $10,000. Simons is accused of obtaining amounts ranging from $250 to $2100 from Pasadena and Los Angeles residents on real-estate deals.

In cooperation with the Book Fair at the Public Library J. W. Robinson Co. are pleased to be able to offer a complete list of the books shown and recommended there.

BOOK SECTION—FIRST FLOOR

CHEST WORKERS' IN FINAL FOURTH

Three-Quarters of Way to Goal Now Passed

President Lacy Makes Plea at Report Meeting

Ballard in Radio Address Stresses Urgent Needs

Three-quarters of the way to the finish line has been covered by Community Chest campaigners in their marathon toward a $3,200,000 goal, it was announced at a report luncheon yesterday at the Biltmore, when campaign summaries showed subscriptions have reached the 75 per cent mark. The amount subscribed to date is $2,370,017, with $829,360 yet to be obtained.

"It is so essential to keep going until we reach that goal," said Campaign Chairman Kerr, "that we must not falter over this last 25 per cent which is so difficult to get. A higher grade of courage than we have had before must be mustered up for this last effort, for it is only continuity of effort that will carry us through. Sickness, poverty and distress will be rampant in this city this winter and we will all realize it more and more as the season progresses. For this reason we must not despair and we must not fail."

LACY MAKES PLEA

William Lacy, president of the Community Chest, who has been absent from the city during the campaign, was present for the first time yesterday at a report meeting. He expressed his gratification over the fact that more of the leaders of the community and the larger business interests are taking an active part in the campaign this year, for the only way that the Chest can succeed, he declared, is to enlist more and more recruits from that part of our population. We cannot let the Chest fail, he said, and he believes that the whole secret of its success is to reach all of those who are able to give.

Reports from the various geographic divisions yesterday were as follows: Mayor Porter's million committee, Ballard division, 67 per cent; Chandler division, 95.77 per cent; entire central division, with a quota of $1,150,000, 83 per cent; the residential district, with a quota of $200,000, 70 per cent; business district, with a quota of $177,150, 50 per cent; industrial division, with a quota of $800,000, 60 per cent; schools, 91 per cent, and the parochial schools, 97 per cent.

TROPHY AWARDED

In team No. 8 in the business district, E. R. Bohan, chairman, made the award of a silver trophy to H. L. Boynton for having attained the largest per cent of his quota and a similar trophy to Capt. Mann of the Salvation Army, for having received the largest number of individual subscriptions.

The next report luncheon will be held Friday in the music room at the Biltmore.

Speaking over Radio KHJ last night in a plea for support of the Chest, Russell H. Ballard, president of the Southern California Edison Company, told his listeners that conditions of general misfortune confront this city which are greater than any ever faced here before.

SORROW IN CITY

"Suffering, sickness, sorrow, exist today in Los Angeles," he said. "Our neighbors are in need, and in many cases we know nothing about their troubles simply because it is difficult to keep track of our neighbors in a town which shelters more than 1,000,000 souls. A splendid organization to care for our people who cannot adequately care for themselves has been established and christened the Community Chest. It is a simple, logical and democratic affair in which everyone has a voice and to which everyone is privileged to contribute.

"The Chest this year needs $3,200,000, of which all but approximately $800,000 has been subscribed. Every dollar of this balance is urgently needed especially this year, in the name of charity and as a partial insurance against still further increase in crime. Giving to this organization is community service and and service is the rent we pay for the space we occupy. We are living and prospering in this community and the time has come for us to pay the rent. If you do not pay it simply means that some less fortunate person will suffer.

"I hope that you will take this seriously, and that you will send in substantial subscriptions promptly to the Community Chest, Chamber of Commerce Building."

LARGER DONATIONS

The larger donations announced yesterday, follow:

$6000
Holmby Corporation.
$5000
Shell Oil Company.
$4000
Joseph Debney.
$3000
Mr. and Mrs. S. H. Borgh; Pacific Clay Products; Gen. and Mrs. Walter P. Story.
$2000
George Pepperdine; Western Dairy Products, Inc.
$1500
Columbia Steel Corporation; Mrs. L. B. Hirsch; Mrs. F. D. Hirsch and Mr. and Mrs. Urban A. Hirsch; Mrs. Clarice A. Leighton.
$1000
Mrs. J. Rose Clark; Irving H. Hellman; Marco H. Hellman; Mrs. David May; E. J. Nolan.
$900
G. R. Bell.
$800
General Paint Corporation.
$600
George I. Brown; John S. Keshishyan; Mr. and Mrs. James R. Martin.
$500
Mrs. Louis M. Cole; Mr. and Mrs. George H. Cutts; R. H. Hardacre.

Juvenile Books to Be Reveiwed

Mrs. Jack Vallely will give a special juvenile book review at Bullock's tomorrow at 10:30 a.m. Mothers who supervise their children's reading will have an opportunity of selecting reading material for their children from Mrs. Vallely's well-chosen list. Among these are "The Blue Bandits" by Lucile Morrison, a story of youthful adventure; "Eyes of the Wilderness," a story for boys; "Katchina" by Grace Moon, and "Speed Wings," by Lieut. John V. Duel.

Lucile Morrison, Grace Moon, Arthur M. Parsons and Lieut. Duel will be present to meet their friends.

Turkeys With Brands Come Home to Roost

W. O. Phillips
Shown with one of his "marked" turkeys.

Chad L. Begr, tried before Superior Judge McComb on a charge of the theft of turkeys, was acquitted yesterday despite the fact that the owner, W. O. Phillips, Gardena rancher, identified his stolen birds by notches he had cut in their claws. The court dismissed the case with an instructed verdict.

The acquittal, however, came as a result of the testimony of John F. Crossley, originally named as a codefendant with Bear, who assumed full responsibility for the turkey theft and asked for probation.

Phillips, the owner of the turkeys, testified that the turkeys were stolen from his place August 19, last, and that a few days later he found four of the birds at Bear's place where he identified them by a small notch cut in the claw of the big toe on the right foot.

The identification of the turkeys was admittedly sufficient to warrant their return to the owner but the dismissal was ordered in view of Crossley's assuming responsibility for the loss.

FELINES AT TABLE TOLD BY BULLOCK

Cats Eating With Child and Hula Dancing Cited in Plea for Daughter

Cats ate off plates at his former wife's table, George Bulloch, Jr., testified yesterday in Superior Judge Price's court, where he is contesting for custody of his post-annulment daughter, Elaine, 5 years of age. His suit is contested by Mrs. Mazie E. Creighton Bulloch, whom he married in an island romance only to part within four months.

Bulloch went on the witness stand to testify why he seeks custody of the little black-haired daughter, born after he obtained an annulment in Texas, May 6, 1925, a year and five days after the marriage in Honolulu. He said that he visited his former wife's home in Pasadena, and found his child ill cared for.

"Mrs. Creighton was more concerned about the comfort of her cats and dogs than she was about Elaine's welfare. And she had taught the child to dance the hula-hula," Bulloch testified.

The case will continue today.

Lloyd Adoption Case Continued to December 2

Abandonment proceedings brought by Mr. and Mrs. Harold Lloyd as the first step toward the adoption of Gloria Gabrielle Freeman, were continued in Superior Judge Blake's court yesterday by the mutual consent of the Lloyds and relatives of the child until December 2, next.

It was pointed out that the continuance was asked because of the absence of Mr. Lloyd in New York City. He is expected back in time to be present at the proceedings December 2, according to R. C. Gortner, his attorney.

Two months ago the Lloyds announced their intention of adopting the 5-year-old child as a companion for their own daughter, Gloria Mildred Lloyd. By consent of the girl's foster mother, Mrs. Louise Sullivan of 491 South Marengo street, Pasadena, the Freeman girl is now making her home with the Lloyds.

The petition for abandonment states that Gloria Gabrielle Freeman was born at Hermosa Beach April 15, 1925.

Fatal Shooting in Family Row Held Accident

Death of Frank Fred Tarlazzi, 35 years of age, fatally shot last Sunday while his wife and mother struggled for possession of a revolver at their home at 1145 Los Palos street, yesterday was held to have been accidental by a Coroner's jury.

Tarlazzi succumbed to a bullet wound of the stomach a few hours after the shooting. Both his mother, Mrs. Rosa Tarlazzi, 65, and widow, Mrs. Dorothy Tarlazzi, 33, were arrested and yesterday were held in the County Jail.

Following the hearing of testimony in the Coroner's office in the Hall of Justice, the jury returned a verdict that it was unable to determine who held the revolver at the time of the shooting.

OPERATORS SEE BENEFIT IN OIL CURB

H. P. Grimm, Back From Institute Meeting, Tells of Changed Attitude

The mental attitude of the oil operator has changed since the benefits of curtailment are realized, in the belief of H. Paul Grimm, oil umpire for thirty fields in California, who returned yesterday from Chicago, where he attended the annual convention of the American Petroleum Institute.

Mr. Grimm's observations were based on discussions with many prominent oil men gathered at the convention, who admitted that curtailment is a benefit and an aid to price adjustment that will eventually enable operators to get a fair return for their investments.

Importance of cutting refinery runs and curtailment of production was emphasized by most of the operators at the convention, according to Mr. Grimm. Eastern operators, he said, are watching conditions in California closely, and are urging that prices be adjusted in their portion of the country.

Mr. Grimm, member of the special committee of petroleum economics, submitted a report to Secretary of the Interior Wilbur at Washington, for the period from October 1, last, to March 31, 1931, inclusive, estimating the demand for petroleum and the supply. This report was similar to the one prepared nearly a year ago when the same committee met in New Orleans at the suggestion of Secretary Wilbur.

Judge Hanby's Illness Halts Damage Action

The $5000 damage suit of James T. Caughlin and Sarah Caughlin against Arthur L. Strum was interrupted yesterday by the illness of Superior Judge Hanby, who suffered a nervous breakdown just before he was scheduled to go on the bench.

Judge Hanby, taken home, was reported to be resting easily yesterday, and is expected to resume his duties in a day or two.

Caughlin testified in his suit that a house Strum sold him on Harbor View street near Ninth street in San Pedro, was built on filled ground, and when the earth settled, the house was warped out of shape. Photographs of the house were introduced as evidence.

TOURISTS MAY GET TRIP TO ENSENADA

Negotiations are under way between the transcontinental railroads of the United States and the Pacific Steamship Company whereby winter tourists may be permitted to have a steamer trip to Ensenada included in their round trip tickets from and to the East.

The plan under consideration is for tourists to sail on the Admiral Rogers either from Los Angeles or San Diego.

Divorce Given to Mrs. Weiss

Mrs. Octavia L. Weiss, daughter of Senator Blease of South Carolina, obtained a divorce in Superior Judge Smith's court yesterday from Hubert Weiss, an official of the Union Oil Company.

Mrs. Weiss testified that her husband wilfully neglected her, and failed to provide her with necessities of life. She was given custody of three children, Hubert, Jr., 12 years of age; Geraldine, 12, and Noel, 10, and $50 a month to provide for them.

HUSBAND'S MAKE-UP IDEAS NOT MODERN

Black-and-blue as facial make-up did not become her, complained Mrs. Virginia Stiritz yesterday in inducing Superior Judge Collier to grant her a divorce from Louis R. Stiritz. "My husband beat me and I was black and blue for days as a result of his last attack," Mrs. Stiritz testified. Judge Collier heard her complaint after ruling that Stiritz's representation that he was in Illinois, settling up his father's estate, was not sufficient grounds for a continuance.

Director Fined for Tax Evasion

George H. Melford, motion-picture director, appeared before United States District Judge James yesterday and pleaded guilty to a charge of failure to pay the proper amount of income tax. The tax and penalties were fixed at $10,780.

In addition the court fined Melford $200, payment on which was stayed for ninety days. The income tax referred to the years 1924 and 1925.

Mr. Payroll, Our Most Important Citizen

SOUTHERN CALIFORNIA and Los Angeles County cannot be prosperous without her payrolls. Mr. Payroll is our most important citizen. How will we keep him healthy and happy?

Every penny you spend for groceries and drugs, clothes and radios, rents and automobiles, comes back eventually into your own pockets. *You make your own prosperity.* You support your neighbor. Your neighbor supports you.

Look to the welfare of Old Man Payroll. He pays our bills...buys our food and calls the doctor when we are sick... pays our monthly rent, buys our home ...gives us the luxuries that makes life something more than a mere treadmill existence. He gives us happiness.

Do your part. Buy what you need to make life pleasant. Insist upon and buy home products and you'll help yourself. Spend your money where it will come back to you. Let every man and woman recognize their individual responsibility.

This advertisement is one of a series of the Los Angeles County Return to Prosperity Campaign.

OIL LAND VALUE EVIDENCE GIVEN

Documents Introduced in Johnson Trial

Promoter Charged With Mail Fraud

G.A.R. Veteran Tells of Losing Money

Documents relating to the value of oil lands leased by Gilbert S. Johnson, wealthy Texas and California oil promoter, now on trial before a jury in United States District Judge Cosgrave's court on a charge of using the mails to defraud, were introduced into evidence yesterday by John S. Pratt, special assistant to the Attorney-General, and Asst. U. S. Atty. Davis. It is charged by the government that Johnson, in the operations of his various oil companies, misrepresented, through the mails, the value of the oil lands and the value of the stocks of the companies.

The outstanding witness of the day was Col. Theodore H. Jones, 83 years of age, a Civil War veteran of Oakland, who stated that no lurid literature attracted him, but that he invested $50 when he saw an advertisement in a G.A.R. publication. When he got no returns on his money, he reported the case to the government.

Among the witnesses yesterday were James L. Donaldson and L. W. Morris, postoffice inspectors of Texas; John R. Halsell, Erasmus Olivari and Robert Holmes, oil operators, and E. R. Patty, an oil operator who had dealings with the Johnson companies. The case will be resumed today.

GRANDMA JOINS GYM CLASS TO STAY YOUNG

"Well, I have to do something if I want to keep young!"

That was the candid explanation given by Mrs. Antoinette K. Remer, a grandmother, yesterday following her matriculation in the physical education classes at the Young Women's Christian Association. In terms of years she is the oldest woman on the roster—and by a good many, too—but in terms of enthusiasm, among the youngest, according to Miss Ella Stevers, directress in charge.

Mrs. Remer is 64 years of age and has four grandchildren. She came here from New York a few days ago to spend the winter and decided to keep fit by systematic exercise instead of growing older in idleness. So she went to the Y.W.C.A. at 941 South Figueroa street yesterday and joined the class which meets Tuesdays and Fridays at 10 a.m.

When she returns to New York next spring, the white-haired aspirant to prolonged fitness said yesterday after her first workout that she expects to teach her four grandchildren swimming, tennis and tap dancing.

Mrs. Antoinette K. Remer

OFFER ON PROPERTY REFUSED BY COUNCIL

The offer of Thomas E. Workman to buy from the city the small triangular piece of property at Eighth and Valencia streets, formed by the widening of Eighth street, and to use it as a gasoline-filling station, was definitely turned down by the City Council yesterday, because such developments might create a hazardous traffic condition.

VICE-CONSUL SUBJECT TO STATE LAW

Former Official of Peru Held Within Jurisdiction Fixed Prior to Selection

Status of consular representatives of foreign powers under State laws is defined by Division One, District Court of Appeal, in a decision handed down yesterday denying the appeal in a civil action of L. S. De Besa, former Vice-Consul of Peru. De Besa contended that as Vice-Consul he was without the jurisdiction of the court.

The court points out that it did not appear that the defendant was a Vice-Consul when the pleadings were filed, or at any time prior to the day when he testified at the trial. In the absence of any citation of any decision to the contrary, the court recited that it is of the opinion that the court having acquired jurisdiction over the defendant, such jurisdiction was not divested by the fact that later the defendant was appointed to the Vice-Consulship.

De Besa was one of the defendants to a suit brought in Superior Court by Henry Edmond Earle to recover the value of two bonds which he had subscribed to a brokerage firm of which De Besa was a member.

Presiding Justice Conrey wrote the opinion, with Justices Houser and York concurring.

Administration Being Studied

A graduate seminar in public administration, the membership of which consists entirely of public officials, is in force at University of Southern California, the class meeting at 6:30 p.m. Mondays, under Prof. John M. Pfiffner. The course leads to the degree of Master of Science in Public Administration.

It is the aim of the group to inquire into the various fields of public administration with a view of evolving conclusions of value to their daily duties. One member is studying municipal equipment, another administration of public buildings and others the proper presentation to the public of public administration problems.

Findings are to be made available in the university library.

Lion Cub Ousted From Back Yard

The Police Commission yesterday revoked the permit of Bert Nelson Snyder, vaudeville actor, to keep a cub lion at his home, 3341 Appleton street, on complaint of neighbors that the animal is a menace to the neighborhood because it might escape. The order of revocation is effective December 1, providing the lion's cage is strong enough to hold him and at once if it is not. The commission's investigators are to decide on the strength of the cage.

In a recent appearance before the commission, Snyder explained that he would depart before the end of the month on a nine months' vaudeville tour of Mexico and Australia with the cub.

WALKUP APPOINTED TO HEALTH COMMITTEE

Police Commissioner Walkup yesterday was selected as the commission's representative to confer with representatives to be appointed by the fire, pension, health and civil service commissions as a committee to take up with the City Council the plan for annual physical examinations for police and firemen. The five commissions went on record Monday as being in favor of the regular health tests. President Drake announced that the physical examination plan was not contemplated as a move to weed out or deprive officers of their jobs, but only to keep the men in good physical shape for duty. He directed Commissioner Walkup to emphasize this at the meetings of the committee which will push forward the plan.

ACTRESS LOSES SUIT

A judgment for $1000 damages yesterday was awarded Mrs. Jane Paine, whose suit for $50,614 against Mrs. Leta Orlob Sindorf, actress, was tried by a jury in Superior Judge Craig's court. Mrs. Paine testified that she was knocked down by a car driven by Mrs. Sindorf at Franklin and Orchid avenues January 25, 1929, and suffered concussion of the brain and other injuries. The complaint against Jack Sindorf, who was riding with Mrs. Sindorf, was dismissed.

SHRINE CIRCUS ACTS ALL HIRED

Final Contracts for Show Signed Yesterday

Many Stunts New in City on This Year's Bill

Army of Clowns Mobilized to Amuse Children

Final contracts for circus acts to be seen at the second annual Shrine Hippodrome Circus to be held January 17 to 25, inclusive, under direction of Al Malaikah Temple, were signed yesterday by Stanton A. Bruner, director-general of the circus. Two performances will be given daily in the Shrine Civic Auditorium where, last year, more than 70,000 persons saw the circus.

In addition to Mr. Bruner, other Shrine officials who are members of the Shrine Circus executive committee are:

Potentate Fred J. Wadley, Jr.; Chief Rabban Bruce H. Grigsby; Recorder George J. Ramsey, and Treasurer Walter C. Durgin.

MANY NEW ACTS

The committee announces that all the circus acts to be shown this year will be features of the big tops, with many of them seen in Los Angeles for the first time. In all, about fifty-professional acts will be seen on the stage of the Shrine theater. The theater seats 6452 and with eighteen performances scheduled, more than 100,000 persons will have an opportunity to see the circus.

The big ballroom adjoining the theater will house a complete menagerie and a combined side show.

The circus proper is to be featured by several sensational aerial and web acts that will introduce some new thrills to circus fans, while a bareback comedy riding act has been engaged that is considered by circus people to be the greatest of its kind.

ARMY OF CLOWNS

An army of circus clowns will be on hand to entertain and amuse the children and also to introduce novel entertainment during the circus program.

"Our circus this year will far surpass our previous efforts—which is making an ambitious statement," said Director-General Bruner yesterday, "but we have been working on this for a long time and have had opportunities to get excellent talent. Last year the public was given a taste of what a great circus we had and, when word got around, we were unable to accommodate the crowd that overwhelmed us."

REVUE TO ENTERTAIN AT SHRINE LUNCHEON

Shriners and their guests who attend the weekly Shrine luncheon at the Biltmore tomorrow will be entertained by Frank Sebastian's Culver City Cotton Club revue, in which Louis Armstrong, "king of trumpeters," and Les Heydt's Orchestra will be featured.

This is the fifth time that Mr. Sebastian has sent his show to entertain Shriners at their weekly luncheons downtown.

The entertainment program is being sponsored by the stage club of Al Malaikah Temple, of which Noble Fred H. Schreiner, is president.

Potentate Fred J. Wadley, Jr., will preside at the luncheon, and Noble Robert S. Weaver, chairman of the luncheon committee, will announce future engagements for the entertainment of Shriners at the Thursday weekly luncheons.

No meeting will be held Thanksgiving Day.

LAST RITES FOR KNOX CONDUCTED AT KIRK

Funeral rites were conducted yesterday at the Wee Kirk o' the Heather, Forest Lawn Memorial Park, for Clarence Montgomery Knox, Los Angeles real estate man and resident of this city for thirty-eight years, who died Sunday. Mr. Knox was president of the Knox-Powell-Stockton Company. He was 55 years of age, and a descendant of John Knox, famed Scottis reformer, of the sixteenth century. His home was at 9814 Washington Boulevard. He leaves his widow.

MOTHER OF INFANT HELD IN CHECK QUIZ

Mrs. Ruth Jeffries

Arrested on instructions from Berkeley police on a check charge, Mrs. Ruth Jeffries, 24 years of age, yesterday was held in the County Jail while her attorney, Paul H. Bruns, and friends sought to obtain her release to return to her 6-month-old baby, placed in the care of relatives when she was taken to jail.

The young woman was arrested at 116 San Claire avenue, Glendale, by Deputy Sheriffs Bogie and Wolf of the Sheriff's fugitive detail after a search of several months.

Mandamus Writ Served Members of Police Board

Members of the Police Commission yesterday were served with copies of a writ of mandamus ordering them to appear in Superior Judge Doran's court at 10 a.m. on the 25th inst. to show cause why they should not be compelled to reinstate Arthur R. McClanahan, former police officer, who was removed following dismissal of charges of extortion filed against him.

The conviction of McClanahan was set aside by the higher court on the ground of insufficient evidence and the District Attorney's office later had the charges dismissed.

With the charges dropped McClanahan sought reinstatement, but the commission, after a scrutiny of the transcript in the court case, decided that it had the right to sustain his dismissal. McClanahan then filed suit for reinstatement and back pay from the time he was suspended, September 30, 1929.

Colton Funeral Will Be Today

Funeral services for George R. Colton, 42 years of age, mine operator in Nevada and California, who died expectedly Sunday at Searchlight, Nev., will be conducted today under the auspices of the Santa Monica Elks at the Wee Kirk o' the Heather, Forest Lawn Memorial Park.

Colton was born in Bernal, Utah. He attended the Harvard Military Academy in Los Angeles and was a graduate of the University of Nevada. He maintained residences in Searchlight and in Los Angeles.

He leaves his widow, Mrs. Frances Colton, two sons, Richard and Frederick Colton, enrolled at Pacific Military Academy, and a sister, Mrs. Ella Priest of Pasadena.

DINNER FRIDAY

The fifth annual dinner of Southern California alumni of Lehigh University and Lafayette College will be held in the University Club, 614 South Hope street, at 6:30 p.m. Friday, the eve of the annual Lehigh-Lafayette football game.

ROSENKRANZ RITES TODAY

Service Will Be Conducted at Legion Clubhouse Followed by Private Burial

With judges of Los Angeles Municipal courts acting as honorary pallbearers and members of the American Legion performing last solemn rites for their dead, funeral services for Judge Elias V. Rosenkranz, who was killed in an automobile accident Monday, will be conducted today at 12:30 p.m. from the Hollywood American Legion clubhouse, 2035 North Highland avenue.

The body will lie in state at the clubhouse from 10 o'clock this morning until the time of the funeral, and friends may call anytime. Burial will take place privately and it is asked that there be no outside attendance at the cemetery.

The American Legion will have charge of the first part of the service. Following this, Judge Stafford will speak, representing the bar association, and Judge Rosenkranz's fellow-judges. Rabbi Magnin then will take charge.

COURTS TO ADJOURN

Active pallbearers will be Judge Harry A. Hollzer, Martin Haines, John Holmes, William Knost, Isaac Pacht and Carl Bonoff. Honorary pallbearers will be all of the judges of the Municipal courts.

In honor of Judge Rosenkranz all Municipal courts will be adjourned at 11:45 a.m. today. The adjournment was announced yesterday by Presiding Judge Ambrose, who said that he and the other judges of the Municipal Court will attend in a body the last rites for Judge Rosenkranz, which will be held at 12:30 p.m. today in the Hollywood American Legion Building.

Judge Ambrose said an arraignment court in the Hall of Justice and the traffic and Small Claims courts will remain open this afternoon, but they will be presided over by outside justices of the peace who are sitting temporarily in Municipal Court.

Judges of the Superior Court yesterday signed a resolution of respect for the late Municipal Judge Rosenkranz, which was made part of the records in Department No. 3, Superior Judge Doran presiding. Judge Rosenkranz for many months sat in Superior Court by appointment of the judicial counsel.

The resolution follows:

"To the wife and family of the Hon. Elias V. Rosenkranz:

"In this, your hour of bereavement, we, the judges of the Superior Court of the State of California, in and for the county of Los Angeles, desire to extend to you our most heartfelt sympathy for the loss of your well-beloved husband and father.

LEARNED IN LAW

"Elias V. Rosenkranz was a man beloved by all who knew him. He was of kindly disposition, and noble character. He was learned in knowledge of the law, and throughout his entire career as a practicing lawyer and a trial judge, enjoyed the highest respect of all his associates. He served as judge pro tempore of the Superior Court of Los Angeles for an extended period, during which time we came to know him more intimately and to regard him most highly as a friend and fellow judge. He served in a manner which reflected the highest credit both to himself and to the court in which he was presiding. We unite in expressing our deep sorrow on account of his great loss, both to his family and to the community.

"It is ordered that a copy of this communication be spread on the minutes of the Superior Court of Los Angeles county, in Dept. No. 3 thereof."

DEADLINE AT HAND FOR CANDIDATES

Expense Statements of Election Principals Must Be Filed Today

With the expiration today of the time limit prescribed by law, newly elected county, State and Federal officials and defeated candidates at the State general election on the 4th inst. are expected to have their election expense statements on file with the County Registrar of Voters and County Recorder and in some instances with the Secretry of State.

Expense statements are required to be filed by all candidates whose names appeared on the ballot at the general election. Candidates for Supervisor, Sheriff, justice of the peace and Superior Court judgeships should file their statements with Registrar of Voters Kerr at 330 North Broadway and a duplicate with County Recorder Logan on the second floor of the Hall of Records.

Expense statements of candidates for State and Federal offices will be filed with the Secretary of State at Sacramento and recorders of the respective counties in which the candidates reside.

Wife Refused Right to Oust Jobless Mate

Mrs. Pearl Eugenie Chase, contesting a divorce action with Ernest M. Chase, once a wealthy real estate operator, was refused permission to add to her alimony income by evicting her husband from the room in her home he occupies and renting it to a paying guest, Superior Judge Westover decided yesterday.

Chase testified that all the money he had was 7 cents, and that if he were unable to live in the home he bought for his wife, he would "have to sleep in the streets."

"I'm trying to find a job," said Chase. "And I'll help my wife if I can find work."

The court ruled Chase could stay at home until he can afford to rent a room elsewhere.

DEBATING SQUADS TIED

Debaters at the University of California at Los Angeles have been awarded a tie for first place among debating squads of the country by Pi Kappa Delta, honorary forensic fraternity. Southwestern University of Kansas was the other tying contestant. The U.C.L.A. teams won eighteen debating and oratorical contests during the academic year. The Forensic, official organ of Pi Kappa Delta, awarded U.C.L.A. second ranking in the past three years' competition.

COUGARS TO BE INVITED FOR NEW YEAR'S GAME

LOADED WITH PASSES

Bob Leonard Bergdahl, quarterback and passing genius of the U.C.L.A. Bruins, ready to shoot a long one down the field. Supporters of the Bruin eleven are hopeful that Leonard will connect with his passes for a touchdown or two when the Westwood boys play Oregon State in the Coliseum Friday night.

BRUINS ENGAGE IN STIFF GRIND

Westwooders Display Nifty Offensive Tactics

Spaulding Men Also Shine in Defensive Plays

Oregon Staters Depart for Coliseum Game

Coach Bill Spaulding, U.C.L.A. varsity mentor, displayed his most sparkling offensive measures yesterday afternoon at Westwood, when the Bruin varsity scrimmaged for about an hour and a half against the All - Americans. The villagers also succeeded fairly well in stopping the Oregon State plays as staged by the "goofs" with Frosh Coach Freddy Oster playing the role of Frank Little, Beaver fullback.

BILL SPAULDING

ACTION PROMISED

If practice performances mean anything, Coach Paul Schissler and his men are going to see a lot of the Bruin backs, Norman Duncan, Bob Decker and Earle Painter in particular, on Friday night Painter did some excellent ball lugging last night, and Reuben Thoe also displayed some good line plunging.

The starting line-up has been revealed by the Bruin mentor, and shows some distinct changes from the previous starting line-ups this season. Oregon State will hold a distinct weight advantage over the Bruins, but Spaulding intends to minimize this as much as possible by starting his heaviest capable eleven.

Leslie Haight, 185 pounds, will start at right end in place of Dick Mulhaupt, 150 pounds, with Leonard Wellendorf, 175 pounds, at the other wing. Tackles are "Pat" Norfleet, 235 pounds, and Lloyd McMillan, 185-pounds, who is replacing the injured Willoughby. Guards are Gordon Jones, 200 pounds, and John Duncan, 185 pounds, with Maurice Goodstein, 185-pounds, at center. In the backfield will be Capt. Eddie Solomon, 185 pounds, quarterback; Bob Becker, 185 pounds, and Reuben Thoe, 190 pounds, halfbacks, and Norman Cuncan, 188 pounds, fullback.

WORK AT COLISEUM

The Bruins will work out tomorrow night at the Los Angeles Coliseum for Friday night's tilt with Oregon State, probably starting at about 6:30 o'clock. The Beavers may prac-

STANFORD OFFERS AID TO SAN FRANCISCO CHARITY

SAN FRANCISCO, Nov. 18. (AP)—Stanford University officials agreed today to turn over part of the receipts of the Stanford-Dartmouth football game at Palo Alto, November 29, to the fund being gathered here to help relieve the unemployment situation in the San Francisco Bay District.

J. H. Threlkeld, president of the San Francisco Junior Chamber of Commerce, received a communication from Stanford which said:

"Stanford will give one-half of its share of all tickets sold in excess of 25,000 and all of its share of all sold in excess of 50,000."

Figuring on a basis of 50,000 tickets being sold, Junior Chamber officials said this number would net the relief campaign nearly $22,000.

PUTNAM SAYS EDITOR'S OUTBURST UNAUTHORIZED

California Dean Says Berkeley Regrets Exceedingly Row Over Alleged Professionalism

BY BRAVEN DYER

Cease firing! Such was the virtual command all up and down the California gridiron front just one week after Armistice Day as rival factions engaged in almost a week of verbal bombshells began to tire yesterday under the strain of constant warfare and peace loomed just over the horizon.

An official communique from Dean T. M. Putnam of California expressing "exceeding regret over the newspaper controversy now being carried on over alleged professionalism" was received by Hugh C. Willett, faculty athletic representative of the University of Southern California, and accepted as a virtual apology for statements made by Arthur Arlett, editor of the California Daily, Bear student daily.

BILL HUNTER

Following receipt of Prof. Putnam's communique, Prof. Willett dispatched a telegram to California authorities and it is assumed that exchange of the two notes will bring to an end hostilities between the Bears and Trojans. However, it was reported on good authority last night that California's student executive council was holding a meeting and that following this conclave another communication would be sent to Southern California.

Here is Prof. Putnam's wire to Prof. Willett:

"We regret exceedingly the newspaper controversy now being carried on over alleged professionalism. Please regard statements made by editor stu-

AX BURIED IN TROJAN, BEAR ROW

Student-Body Committees of Both Schools Cement Strained Relations

Strained athletic relations between the University of Southern California and the University of California, which have threatened to take on serious proportions during the past week, were cemented last night and the hatchet buried by official action of student body executive committees representing the two universities.

The Associated Students of the University of California took the first step toward amicably settling the dispute when the following wire was received yesterday by Trojan student officials:

"At a special meeting of the executive committee of the Associated Students of the University of California held today a unanimous vote of censure was placed upon Arthur M. Arlett of the Daily Californian for the editorials recently written, the subject matter of which was in no way sanctioned by the executive

MEDAL HONORS TO MRS. LIFUR

Riviera Star Tops Field in City Championship

Registers Brilliant 84 Over Windy Harding Course

First Round of Match Play Scheduled Today

BY EDWARD LAWRENCE

Mrs. Gregg Lifur of the Riviera Country Club won medal honors in the 1930 Los Angeles city women's championship at Griffith Park yesterday when she stroked her way over the wind-swept fairways of the Harding course in 43-41—84.

MRS. GREGG LIFUR

A cold gusty wind that laid a heavy hand on distance and encouraged slices and hooks, buffeted the women from tee to green, but scoring was generally good despite the adverse conditions.

Mrs. Lifur's 84, one over women's par, was the result of very fine golf and she led her nearest competitor, Mrs. Marke Steele of California, by three strokes. Mrs. Steele turned in a fine 44-43—87.

Mrs. Roy Green of California, the defending champion, was out in 46, but slipped a bit coming in to finish with an 88. Mrs. Ralph C. Noble of Wilshire with an 89 completed the select group to break ninety.

The cards:

Par (out)	444	444	344—35
Mrs. Lifur	446	456	356—43
Mrs. Steele	455	466	365—44
Mrs. Green	445	446	364—40
Mrs. Noble	345	456	466—43
Par (in)	443	544	345—36—71
Mrs. Lifur	444	743	456—41—84
Mrs. Steele	444	655	456—43—87
Mrs. Green	654	856	455—48—88
Mrs. Noble	554	755	456—46—89

Miss Bea Gottlieb of Rancho turned in a 91 and Mrs. C. J. Woerner of Lakeside, runner-up in 1929, had a 95.

Mrs. Steele, 87-4-83, tied with Mrs. William Crawford, 99-16—83, for the low net trophy.

Unfortunately, the pairings did not work out well with Mrs. Green and Mrs. Lifur in the upper bracket. Mrs. Woerner and Miss Gottlieb are also in the upper bracket.

Mrs. Steele is a fine match player and should have a slight edge in the lower bracket, although the competition is keen.

There are no feature first-round matches, but the second round will be productive of two outstanding matches. Barring upsets, Mrs. Lifur will face Miss

ROSE TOURNAMENT BID TO BE SENT OUT TODAY

Unbeaten Washington State Eleven Will Pick Its Own Opponent; Alabama Likely Choice

BY PAUL LOWRY

Washington State, winner of the Pacific Coast Conference football championship, will be invited today to represent the West in the annual New Year's Day classic at Pasadena.

This was announced last night by Tournament of Roses officials at a meeting with local newspaper representatives.

C. HAL REYNOLDS

No eastern team has been selected, this being left to the western representative.

The winner of the Alabama-Georgia game on Thanksgiving Day is the logical choice with Northwestern, if it beats Notre Dame, another possibility.

C. Hal Reynolds, president of the Tournament Association, said the following telegram will be sent to J. Fred Bohler, director of athletics at Washington State:

"The Tournament of Roses Association extends to Washington State, champion of the Pacific Coast Conference, an invitation to represent the West at Pasadena on New Year's Day."

The decision of the committee was unanimous. Washington State is undefeated, and having beaten th University of Southern California, 7 to 6, removed the biggest obstacle in its path to the New Year's Day selection.

LOGICAL CHOICE

Tournament of Roses officials present at the meeting when the decision was announced were President Reynolds, D. E. McDaneld,

HOWARD JONES

Jones was indisposed at his home in North Hollywood, but stated last night that he expected to be on hand for practice this afternoon. In his absence yesterday's workout was under the eagle eye of Willis O. Hunter, director of intercollegiate athletics, who has been kept busy of late what with his coaching duties and numerous office calls from gentlemen of the press who are kept hopping in an effort to cover all

(Continued on Page 14, Column 2)

SAVOLDI TO DON TOGS

NEW YORK, Nov. 8. (Exclusive) "Jumping Joe" Savoldi may be through with football so far as this year's edition of the Notre Dame team is concerned, but he has not stowed away his grid togs for keeps. The slashing fullback of the Ramblers, who left Notre Dame after his matrimonial difficulties were aired in public, will perform in New York on Sunday, December 14, at the Yankee Stadium, as a member of the reconstructed "Four Horsemen" eleven Knute Rockne is bringing here to play the New York professional Giants. Proceeds of the game will go to the fund for the relief of the unemployment situation.

BOBBY JONES NAMED AS OUTSTANDING AMATEUR ON A. A. U. LIST OF TEN

BY TED VOSBURGH
Associated Press Sports Writer

WASHINGTON, Nov. 18. (AP)—With the name of Robert Tyre Jones, Jr., leading the rest, a list of America's "first ten" athletes in amateur sport was announced today in the eventful closing session of the Amateur Athletic Union convention.

BOBBY JONES

The others on the list of ten who thus were placed in nomination for the James E. Sullivan memorial trophy, a gold cup, which is being awarded this year for the first time, were:

Clarence Demar, veteran marathon runner.

Miss Helene Madison, youthful swimming sensation from Seattle.

Mrs. Helen Wills Moody, queen of the tennis courts.

Barney Belinger, all-around track and field athlete of the University of Pennsylvania.

Miss Stella Walsh, record-breaking girl sprinter from Cleveland.

Ray Ruddy, Columbia University swimming ace and former Olympic team member.

Thomas Hitchcock, Jr., captain of America's international polo team.

Harlow Rothert, Stanford University football, basketball and shot-put star.

George Simpson, great sprinter, from Ohio State.

Although the names were given in that order it was explained no attempt had been made at ranking the athletes.

In announcing the selection Gustavus T. Kirby, acting chairman of the Sullivan memorial committee of the A.A.U., said in the light of Jones's announcement yesterday of his retirement from amateur golf,

BEARS TEST DEFENSES

Varsity Scrimmages Against Stanford Offense as Displayed by "Goof" Grid Outfit

BERKELEY, Nov. 18. (Exclusive)—Light scrimmage with the "goofs" running through Stanford plays so that the varsity might shine up on its defense was the chief item on a long program of exercises for the University of California football varsity today. The varsity did not carry the ball.

The Golden Bears worked late tonight in bitter cold. Wintry weather has set in for the floodlight workouts. Student sentries on duty around the inclosed practice field shivered in their night watch for knothole-gazers.

"NIBS" PRICE.

No change was reported today by Trainer Charlie Volz in the hurt and injured ranks. It looks as if Hank Schaldach, California's offensive bet, will not be in shape for the big game Saturday. There is some hope that Volz can manufacture a brace which will hold the knee in line for Hank's tricky shifts and pivots, but there is not a great deal of consolation for Coach Price on this point.

Price's second best man, Lee Valianos, halfback, discovered in the San Francisco Olympic Club game, also appears to have played his last game this season. Valianos has likewise suffered one of these long-time knee injuries and he is paddling in the same boat with Hank.

NEW BACKFIELD

ATLANTA WONDER WON'T RETIRE, PREDICTS PRO

BY HOWARD J. NEIL
Associated Press Sports Writer

NEW YORK, Nov. 18. (AP)—Willie Macfarlane, the tall, slender Scotch professional who once gave Bobby Jones one of the most surprising lickings of his golfing life, thinks the chunky master of the links will be back in action within three or four years.

"Bobby will be back," he said, "he loves competitive golf too well to stay on the sidelines. He'll see one open championship and then he'll race to the clubhouse for his bag and his shoes. It'll be the old fire horse hearing the bells again."

Macfarlance, like all other professionals, has a deep affection for the stubby, smiling southerner who has shot so many lucrative open championships away from him. With Johnny Farrell, Willie shares the honor of once having beaten out Jones in the play-off for the national open crown.

It was at Worcester, Mass., that the tall Scot tied with Jones at 291 strokes for top honors in the 1925 open championship. They were tied with a pair of 75's at the close of the regulation eighteen-hole play-off, then in effect. They set out to decide the title in another eighteen hoels and Bob finished the

(Continued on Page 14, Column 5)

PELZ RALLIES TO EARN DRAW IN PACHO FIGHT

Staging a spirited rally in the final rounds, Benny Pelz pulled an almost certain defeat out of the fire to get a draw with Bobby Pacho in the six-round main event at the Olympic Auditorium last night.

Pacho piled up points in the first three rounds and had Pelz wobbly in the first round, but was unable to score a knockdown, neither boy being on the floor during the bout.

Pelz came back strong in the last two rounds and his work at the finish caught Referee Frank Holborrow's eye.

Five six-round bouts featured the card, Olympic officials hoping to develop new main-event talent by giving the preliminary boys an opportunity to step out.

Bobby Reister stopped Bert Anderson in the fifth round of the scheduled six-round semi-final bout. Anderson had Reister backing up in the opening rounds, but the latter landed a short right to the chin in the fifth round that decided the issue.

Billy Papke, Jr., son of the former middleweight champion, knocked out Billy Wagner in the third round of the six-round special event. Wagner was leading Papke in the third round and dishing out a large portion of punishment when

...K OUT FOR "THE FOX"

...arting from the ... a football game, I ... one thing greater ... is self-control. ... is laziness about ... means just what ... to players, ... coaches alike. It ... a coach to be a ... It is not so easy for

So spoke W. L. (Fox) Stanton, Caltech grid coach, several years ago. How applicable at this time! Mr. Stanton will talk on football, past and present, over radio KHJ tomorrow night at 9:30 o'clock. He has been coaching since 1903 and has been in Southern California since 1908. Stanton didn't get the name "Fox" for nothing. You will enjoy his interview with Braven Dyer of The Times sports staff.

Amateur Boxers Hold Fistic Spotlight With Two Nights of Battling at Olym

RECORD FIELD WILL PERFORM

Marks Shattered When 108 Stars Sign Up

L.A.A.C. Officials Hope to Secure Nationals

Winners Will Be Entered in Far Westerns

Unanimous approval to the request of Charles W. Keppen, athletic director of the Los Angeles Athletic Club, for permission to conduct amateur boxing contests in the Olympic Auditorium on the 19th and 20th inst. and every Wednesday thereafter to November 1, 1931, was granted by the Police Commission yesterday. Keppen explained that the request for resumption of the bouts, which were dropped two years ago, is for the purpose of building up amateur boxing teams to compete for world championships during the 1932 Olympic Games in Los Angeles.

BY FRANK ROCHE

Amateur boxers capture the fistic spotlight tonight and tomorrow at the Olympic Auditorium, where the Los Angeles Athletic Club is sponsoring its first tournament in two years for simon pure mitt slingers.

CHARLEY KEPPEN

The tournament, from the standpoint of entries, is by far the largest that has ever been staged in the West. Only the nationals have a bigger and better show, according to Charley Keppen, athletic director of the Mercury institution, and the man behind the gun in the present tournament.

With New York taking the nationals away from Boston this year for the first time in many moons, Los Angeles having the Olympic Games on its 1932 program should get the nationals next year, Keppen states. If the present tournament and others to follow prove the success that Keppen and others behind claim they will, then this city will be in a position to bring the nationals to the Coast for the first time in amateur boxing history.

MANY ENTERED

Tonight's show gets under way at 8 p.m. One hundred and eight amateur stars will assemble at the Olympic at 5 o'clock to be examined by State physicians and to weigh in for their various classes.

Among the entrants are many new faces. Old-timers will have a good chance to compare the present crop with those of the past. Los Angeles has in the past boasted some of the greatest mitt stars that ever pulled on a glove in amateur circles. Fidel La Barba, Jackie Fields, Jim Jeffries, Clayton Frye, Martin Zuniga, Hymie Miller, Joe Seliss, August Gotto, Joe Woods, Charley Jenkinson all stepped to fame from Los Angeles amateur ranks.

Two years ago, the Los Angeles A.C. dropped amateur boxing from its competitive sports. The game went into the doldrums here. Recently, however, Charley Keppen and other A.A.U. officials decided that the simon pure mitt sport should be revived.

The coming of the Olympics was the big point in bringing the game back to life. In order to build up material for the next Olympic team which will represent America it is absolutely necessary to start now, Keppen states. Hence the present tournament.

The response to the call for entries has startled even Keppen, who is a very optimistic soul. Seventy-five was the number he believed would enter. When the list went over the century mark a record was set here for all time.

Lieutenant-Commander Duke Kenworthy and Lieut. Jack Kennedy will referee the bouts. Snowy Baker, a famous figure in the boxing game for years, will be one of the judges. Ernie Clark will be the other.

The program will sparkle with action throughout, Keppen believes. The winning boxers in the various classes from flyweights to heavyweights will be rewarded with a trip to San Francisco for the Far Westerns next month.

BRUINS ENGAGE IN STIFF GRIND

(Continued from Thirteenth Page)

tice under the arcs after the Westwooders are finished.

BEAVERS EN ROUTE FOR LOS ANGELES

CORVALLIS (Or.) Nov. 18. (AP)—Coach Paul J. Schissler and thirty-three Oregon State football players entrained tonight for Los Angeles, where they play U.C.L.A. Friday night.

All of the regulars are said to be in good physical condition with the exception of Buerke, quarter, and Sherwood and Moe, halves.

They are still nursing injuries received in the game with Oregon last Saturday, but are expected to recover in time to start the game Friday night. In case they are unable to play, Schissler said he would start Ramponi, quarter, and Hughes and Rust, halves.

After the U.C.L.A. game the Orangemen will leave for Chicago, where they play West Virginia Thanksgiving day.

HALL ELECTED TO HEAD GOLFING BODY

CHICAGO, Nov. 18. (AP)—The Professional Golfers' Association of America tonight elected Charles Hall of Birmingham, Ala., president; picked June 26 and 27 as the dates for the 1931 Ryder Cup matches at the Scioto Country Club at Columbus, O., and voted to increase the qualifying bracket for its annual P.G.A. championship from sixty-four to 100 players.

ON THE SCENE OF FORMER TRIUMPHS

Behold gray-haired Ralph De Palma (left,) signing an entry blank for the Ascot Speedway races next Sunday. The oldest driver in the profession, De Palma starred in many races at the old Beverly Hills plant, later at Culver City and finally at the Ascot track. He is probably the greatest dirt race-track driver in the game, and he will be feared by all rivals in local races. Next to De Palma in the photo herewith is Pete De Paolo, his nephew, who was national A.A.A. speedway champion in 1925 and 1927. At the right is Dr. Fred Loring, head of the board of control at the local speedway.

DE PALMA LAUDS ASCOT LAYOUT

Veteran Says Legion Track in Good Condition

Ralph De Palma pronounced the five-eighths-of-a-mile Legion Ascot Speedway in perfect condition yesterday afternoon. The Italian speed king, who will drive Sunday afternoon against some of the world's greatest pilots when the 100-lap sweepstakes are held, took a walk around the oval and appeared surprised at the great improvement of the oil track, whipped into condition by a crew of workmen employed by Dr. Fred Loring and the Legion board.

"I can readily see how these youngsters can turn the track under twenty-nine seconds," the gray-haired veteran remarked.

Ascot is no mystery to De Palma. The Latin star was a headliner at the course soon after it opened. As the star of the racing realm he left the oval and Sunday, still basking in the spotlight after twenty-three years of competition, he will return.

De Palma was entertained at a luncheon held in his honor at the Paris Inn yesterday afternoon by Bert Rovere. Among the well-known members of the Italian colony present were the Val brothers, Bozzani brothers, Dominick Basso, Louis Valperga and Peter De Paolo.

De Paolo, nephew of the great driver and himself 1925 and 1927 national champion, will have a car entered in competition. The new creation will be driven by Lou Moore of Hollywood.

The Legion track is to be a scene of some fast driving this week. More than forty drivers are on the ground, tuning their cars for the 100-lap grind this week. The list includes "Shorty" Cantlon, Babe Stapp, Herman Schurch, Bill Cummings, "Stubby" Stubblefield, Walt May, Johnny Kreiger and Ernie Triplett.

TROJANS LABOR AS JONES OUT

(Continued from Thirteenth Page)

angles of the gridiron war which has been raging within our midst.

Justin M. (Sam) Barry and Clifton B. (Thundering) Herd returned yesterday from Seattle with a Sears-Roebuck catalogue of notes on the Huskies. The two gentlemen saw Jimmy Phelan's team give Washington State a terrific argument and came home with plenty of respect for the Seattle eleven.

"Phelan has a huge line, backed up by some good ball players and his team, despite its weight, is fast and 'shifty,' said Sam. "Anybody who takes the Huskies lightly will be sorry. Hufford is just hitting his stride again and this fellow Marsh is one of the topnotch punters of the Coast. He kicks with his left hoof and was booting the soggy ball more than 50 yards last week."

Barry and Herd equipped the Spartans with Washington formations and began immediate plans to give the Trojan varsity some vigorous drill against Phelan's plays.

Ralph Wilcox, who suffered a slight concussion of the brain in Saturday's game with Hawaii, was still confined to the Good Samaritan Hospital, but his condition was reported as considerably improved.

Jones stated last night that he had changed his plans and probably would not fly east to scout the Irish against Northwestern Saturday. The Trojan mentor had originally planned to leave Friday morning via plane, returning here Monday morning. He denied that his temporary illness influenced the change. Whether loss of Joe Savoldi, star fullback, had anything to do with Jones's switching his plans is not known.

SMOKE-EATERS FACE TOUGH OPPOSITION

Fire Department footballers face one of the real tough contests of the season Sunday afternoon at the Rose Bowl when the Smoke Eaters tangle with the San Diego Marines. It is the second annual game between the two teams.

COLEMAN LEADS FOR GOLD BALL

Southern California Amateur Champion Shoots Fine 71 to Lead Brilliant Field by Two Strokes Over Pasadena Municipal Golf Course

BY EDWARD LAWRENCE

Two strokes ahead of the field, Fay Coleman of the California Country Club, Southern California amateur champion, holds the inside track on the A. K. Bourne golf-ball trophy.

A.K. BOURNE

Pacing 68 low handicap stars, yesterday Fay mixed in a few birdies with a string of pars to score 35-36-71, even par for the Pasadena municipal course. The second round of the thirty-six-hole medal play competition is scheduled for today.

Jack Gaines of Oakmont, who played his first round early yesterday morning, led most of the day with a 73. Harry B. Wesbrook of Annandale, also scored a 73, and is leading for the silver ball low net award with a net of 70.

Johnny Dawson of New York three-putted the eighteenth green to finish with a 74, and tie W. L. Jelliffe of Fox Hills and Bob White of Pasadena.

Cards of the leaders are as follows:

Par (out)	444	445	434—36
Coleman	445	444	443—35
Wesbrook	444	436	344—36
Gaines	445	545	534—39
Dawson	444	445	444—37
Par (in)	444	345	434—35—71
Coleman	345	336	534—36—71
Wesbrook	444	444	436—37—73
Gaines	444	334	444—34—73
Dawson	445	345	345—37—74

Some fine golf was played yesterday, although a stiff wind played havoc with many scores. Fay had four birdies in his round, finishing the first side with a birdie 3 on nine and starting out on ten with another 3.

L. Perry Ferguson, well-known secretary of the Southern California Golf Association, scored a brilliant birdie 3 on the ninth when he laid a long out out of a trap three feet from the pin.

Clarence Darton, a Pasadena municipal golfer, promises to give Wesbrook a tussle for low net. He had a 79-8-71.

A close battle looms for the gold ball today. Although Fay should win, any of the leaders are capable of shooting in the sixties and two strokes are easily lost in eighteen holes.

The Pasadena course is in splendid shape with the fairways in particularly excellent condition. Greens were fast yesterday and mean to putt on.

Following are the first eighteen-hole scores: 71, Fay Coleman; 73, Harry Wesbrook and Jack Gaines; 74, Bob White, Bill Jelliffe and Johnny Dawson; 75, Billy Jack; 76, Charles Berdrow; 77, Wilbur Johnsen and Phil Carter; 78, Oscar Clisby, Arnold Statz and W. W. Campbell; 79, Clarence Darton, Floyd Sisk, George Sperry and Dave Martin; 80, E. F. Combs, B. E. Blalack and L. Perry Ferguson; 81, J. L. O'Neal and A. M. Pierce; 83, A. J. Shafer and H. S. Fleming; 84, Phil Clapp, Dick Inrveldstad and L. E. Wetzel; 85, Bert Cole, Henry Battista, John Leonard, Pat Abbott, F. H. Miller; 86, J. F. Riley and Ace Gould; 87, Bill Norton and Johnny DeForrest; 88, A. K. Bourne; 89, Ted Dulcey and H. B. Price, Jr.; 91, Tony Hector, Ed Lawrence, Bill Wise and Jack Brady; 92, Glen Woodhall; 93, S. A. Paddock; 94, D. Scott Chisholm; 96, Bill Smith; 106, Charles Adams.

VINCE PETRICH WINS AVALON CITY TITLE

Vince Petrich is the new Avalon city golf champion as the result of a 9-and-8 victory over Dr. Fred Perske in the thirty-six-hole finals. The match was played in the rain on Sunday, and Petrich's proficiency with a mashie on the greens gave him a decided edge.

LONG BEACH, SANTA MONICA TIE FOR TEAM TITLE

Westwood defeated Montebello, 12 to 3, in a Southern California Public Links Golf Association interclub team match Sunday. Santa Monica and Long Beach were scheduled to play Sunday, but the Long Beach course was closed and the match was postponed. This is the crucial battle of the team play as the two organizations are tied for the lead.

MEDAL HONORS TO MRS. LIFUR

(Continued from Thirteenth Page)

Gottlieb and Mrs. Green meets Mrs. Woerner.

Following are the pairings and starting times for today's first-round matches:

CHAMPIONSHIP FLIGHT

9:30—Mrs. Gregg Lifur vs. Mrs. E. C. Berg.
9:35—Mrs. Guss Demblink vs. Miss Bea Gottlieb.
9:40—Mrs. C. J. Woerner vs. Mrs. Claude Ingham.
9:45—Mrs. K. D. Pancake vs. Mrs. Roy Green.
9:50—Mrs. Ralph C. Noble vs. Mrs. Dave Allen.
9:55—Miss Barbara Bastheim vs. Mrs. C. Kyrle Bellew.
10:00—Mrs. George Crook vs. Mrs. Rex Taylor.
10:05—Mrs. William Crawford vs. Mrs. Mark Steele.

SECOND FLIGHT

10:10—Mrs. K. A. Spitcher vs. Mrs. D. Fapp.
10:15—Mrs. Tom Clark vs. Mrs. O. D. Leas.
10:20—Mrs. J. C. Donnelly vs. Mrs. Edward Loftus.
10:25—Mrs. L. A. Smucker vs. Miss Minnie Peterson.
10:30—Mrs. F. E. Truitt vs. Mrs. Edith Carrere.
10:35—Mrs. A. O. Morse vs. Mrs. V. A. Campbell.
10:40—Mrs. C. Urling-Smith vs. Mrs. G. R. Kirk.
10:45—Mrs. Mary Martin vs. Mrs. L. Killian.

THIRD FLIGHT

10:50—Mrs. George Morrison vs. Mrs. John Deland.
10:55—Mrs. Arthur Welch vs. Mrs. Mary Stivers.
11:00—Mrs. Edwin Thorne vs. bye.
11:05—Mrs. Neal Elder vs. Mrs. N. T. Albright.

Qualifying scores: Mrs. Gregg Lifur, 84-0—84; Mrs. Mark Steele, 87-4—83; Mrs. Roy Green, 86-2—86; Mrs. R. C. Wobb, 86-5—84; Miss Bea Gottlieb, 91-2—89; Mrs. George Cook, 94-7—87; Mrs. C. J. Woerner, 93-3—92; Mrs. C. Kyrle Bellew, 94-6—90; Mrs. Gus Demblink, 100-8—92; Mrs. E. C. Berg, 98-8—90; Mrs. Dave Allen, 96-8—91; Mrs. William Crawford, 99-16—83; Mrs. K. D. Pancake, 99-10—89.

LOYOLA AFTER CHARITY GAME

(Continued from Thirteenth Page)

Loyola backfield quartet consisting of Sullivan, Brubaker, Euge and Reid displayed better form than they have all season by running with ease through the frosh. Euge, lately shifted to the fullback post, was the star of the afternoon, carrying the ball through the center of the frosh line for many long gains. Euge is a big 200-pounder and once he gets started is hard to stop.

Max Haines will start Saturday's game against the Broncos. Haines has been out of the season with a serious injury but is fully recuperated and back in the line-up. He plays right guard and is one of the best Loyola has had for a number of years.

SQUASH CHAMPIONSHIP IN SEMIFINAL ROUND

Quarter-finals were played last night in the national doubles squash championship at the Hollywood Athletic Club. Semifinals will be played tomorrow night at 8 o'clock.

Following are the results:

Jones and Jones (University Club) defeated Decker and Desmond (Hollywood,) 21-5, 21-9; Keller and Kline defeated Holmes and Stiles (L.A.A.C.) 21-10, 17-21, 21-5; Gallery and Hopper (Hollywood) defeated Berry and Pierce (University Club) 21-2, 21-3; Ackley and Mulling (University Club) defeated David and Castello, 21-12, 18-21, 21-12

DuBROCK TO LEAD POLO FOUR SUNDAY

Again picked to lead his team's offensive display, Buddy DuBrock will lead his Rambler polo four against the Tartars Sunday afternoon at the Hollywood Polo and Hunt Club field. DuBrock turned in some great riding last Sunday to hang up five goals and was the outstanding star of his team. Bill Ray and Perry Gordon should also send a few shots between the goal posts to help their squad's total.

PAT O'CONNOR WINNER

SAN FRANCISCO, Nov. 18. (AP)—Pat O'Connor, owned by Mrs. W. Lounsberry, won the San Jose handicap, feature event of today's meeting at Tanforan track.

Yank Soldiers Win Polo Cup

BUENOS AIRES, Nov. 18. (AP)—The United States Army polo four defeated the Argentine Army four, 16 to 1, today to win the newly offered Ambassador Bliss cup by virtue of two straight victories.

APOLOGY SENT TO S.C. HEADS

(Continued from Thirteenth Page)

dent paper or alleged by press to have been made by individuals here as having no official authorization. It is the practice of the administration not to interfere with editorial policy of student papers. In view of the publicity given to alleged subsidization of athletes in conference institutions, I believe it would be best for all concerned to make thorough investigations of their own institutions. The University of California wishes to place itself on record as intending to do this and trusts that the other members of the conference will cooperate with it."

After this was received at Trojan headquarters, Prof. Willett went into a huddle with Southern California officials and dispatched the following telegram to Prof. Putnam:

"Let me thank you for your message. It will go a long way toward re-establishing our friendly feeling for California which has been sadly shaken by the events of the past week.

"We regret that conditions make possible the circulation of unofficial and baseless accusations against Southern California and the misrepresentation of what we believe to be the true spirit of your university.

"Let me assure you that we shall continue our honest efforts to maintain athletics at Southern California on a true amateur basis and strict conformity to the letter and spirit of the rules of the Pacific Coast Conference in the triangular agreement."

It was felt at the University of Southern California, that Prof. Putnam's telegram, following as it did a warning from President R. B. Von KleinSmid of the local institution, would go a long way toward bringing to an end the verbal warfare which has raged intermittently ever since the Trojans sank California under a 74-to-0 barrage of touchdowns. Although not entirely satisfied with the apology, Trojan officials were disposed to let matters rest as they stand.

Director of Athletics Hunter and other officials stated yesterday that Prof. Putnam's desire for an investigation of each university by its own authorities was okeh by them. "We always keep in close touch with our own situation and we are satisfied that our athletic students are in high enough scholastic standing to play on any team in the country," said one official. "I have run down every rumor of subsidization," said another, "and there isn't a grain of truth to any of them."

And that's all for this morning, thank you.

DINK TEMPLETON SAYS SPEECH WAS MISINTERPRETED

SAN FRANCISCO, Nov. 18. (Exclusive)—An official letter of "regrets" from the University of California to Southern California for the editorial attacks made in the Daily Californian and a reply from Prof. H. C. Willett of U.S.C. thanking the Blue and Gold and promising co-operation in the maintaining of athletics on a true amateur basis were among the outstanding features of today's developments in the football warfare that has inflamed the Pacific Coast the past few days.

Added to this was the secret session the executive committee of the California student body had with Editor Arthur Arlett of the Daily Californian, finally dismissing Arlett and continuing to debate. No announcement was made as to the decision reached although it is significant the executive committee dispatched a message to U.S.C.

Whether this was a further apology intended to disavow the action of Arlett as official was only surmised.

"Dink" Templeton of Stanford whose remarks last week in Oakland caused a considerable stir, addressed a similar football gathering today at the Commercial Club. Templeton had subsided to a large extent, hiding behind the alibi that his remarks in Oakland had been misinterpreted and that all he meant to say was that if U.S.C. can develop such strong teams, the Northern California schools would do well to improve their methods.

The situation as regards Editor Arlett was more or less shrouded in mystery. After he had been called before the executive committee and then dismissed, Arlett declined to make any statement.

It may or may not be significant that the leading editorial of today's Daily Californian was dedicated to "Flies and Laundry," a perfectly safe debate so far as present student body affairs are concerned. Although the executive committee sent a message to U.S.C. at Los Angeles, members declined to disclose the same.

PRO PREDICTS JONES COMEBACK

(Continued from Thirteenth Page)

first nine with a four-stroke advantage, taking a 35 to Willie's 39. Willie shot as he never shot before or since, blasted through the final nine in 33 strokes while Bobby took 38 and wound up with a single-stroke margin and the open championship.

It was during that final round Jones remarked it was around 110 in the shade.

"Isn't it nice," said Macfarlane, "we don't have to stay in the shade."

So the affable Scot knows his Jones. He wasn't surprised to hear Bobby has accepted a contract to make twelve one-reel talking pictures demonstrating his swing and shots.

RABBIT PUNCHES

BY PAUL LOWRY

THE REAL AMATEUR

THERE is a lesson for middle-course amateurs in the Bobby Jones case.

The peerless young man from Georgia did just what was expected of him when he decided to capitalize on his golfing ability.

Others have kept within the letter of the law but evaded the spirit of the amatur code when it became a matter of dollars and cents.

Not so Bobby Jones. He retires from championship competition and renounces his amateur standing.

He is to make twelve one-reel educational pictures on golf subjects for Warner Brothers.

"I am not certain," he says, "that the step I am taking is in a strict sense a violation of the amateur rule. I think a lot might be said on either side, but I am so far convinced that it is contrary to the spirit of amateurism that I am prepared to accept and even indorse a ruling that it is an infringement."

A statement quite in keeping with the spirit that actuated Jones when he refused a $50,000 home—gift of fellow Atlantans—after winning the British open championship two years ago.

Bobby the Great they call him—winner of fourteen major championships at the age of 28.

Bobby the Great Amateur he should be called.

* *

TOO BAD, KNUTE

JOE SAVOLDI'S expulsion is regretted by all who have been watching the progress of Notre Dame over and through all foes this fall.

Although Knute Rockne, the bald-headed mentor, takes the matter philosophically, it is no jesting matter to lose the bellwether of your scoring pack with the three biggest games of the schedule coming up.

No more so than for Southern California to lose either Marshall Duffield or Orv Mohler in a similar situation.

There are plenty of capable men to take "Jumping Joe's" place as fullback on the Notre Dame eleven.

But none of them are Joe Savoldis.

Not even Larry Mullins, the South Pasadena boy who was the first-string choice until "Jumping Joe" began coming with a vengeance the latter part of last season.

It was "Jumping Joe" who scored the winning touchdown against the Trojans at Chicago last fall.

And it was "Jumping Joe" who ran a kick-off 98 yards to a touchdown to beat Southern Methodist in the opening game of this year's season.

It was Jumping Joe who raced across the last Navy goal line for three touchdowns.

It was Jumping Joe who ran up a pair against both Pittsburgh and Indiana.

He has figured heavily in every game the Irish have played this year, and he rates all-American classification.

* *

TRUE TO FORM

MR. H. D. SALLADA, dean of the proofroom forces, calls attention to the fact that in at least one football game this year the dope has run absolutely true to form.

He points out that Washington State defeated California 16 to 0.

That the University of Washington beat California 13 to 0.

Therefore, that Washington State by the dope was 3 points better than Washington.

Which was the case, Washington State making Mr. Sallada's theory good by beating Washington 3 to 0 last Saturday.

Naturally, the question arises, Mr. Sallada, about the respective merits of Southern California and Washington.

Is Southern California, victor over California 74 to 0, 61 points stronger than Washington?

Or is Southern California, loser to Washington State 7 to 6, only 2 points better than Washington.

Perhaps Mr. Sallada will supply the answer pending the playing of the struggle on Thanksgiving Day.

JONES HONORED ON A.A.U. LIST

(Continued from Thirteenth Page)

he has "eliminated himself in the opinion of the committee."

Jones's name, however, will be sent with the others to the members of the nation-wide tribunal of prominent persons interested in athletics whose votes will decide which of the ten is to receive the trophy.

A total of 165 delegates was originally nominated by this tribunal and from that number the Sullivan memorial committee named the ten announced today.

The trophy is to go to "that athlete who by his excellence of performance or improvement therein coupled with the influence of his character has done that which has made of him an outstanding figure in the world of amateur sport and an inspiration toward the ideals for which the A.A.U. stands."

Among the other developments of a busy closing day were the re-election of Avery Brundage of Chicago as president to serve a third one-year term; the selection of Miami Beach, for the 1931 convention, and the announcement that an anonymous donor has offered the A.A.U. a gift of $2,000,000 to be used in establishing an endowment fund.

The gift undoubtedly will be accepted and the income amounting to from $80,000 to $100,000 a year is to be used in expanding the activities of the union, especially in providing adequate facilities for the development of young athletes.

President Brundage was re-elected by a vote of 90 to 43 over Patrick J. Walsh of New York, who became first vice-president. The other officers chosen were T. Morris Dunne Portland, Or.; Dr. Harold A. Bruce Schenectady, N. Y., and Ben Giffen, Pittsburgh, second, third and fourth vice-presidents, respectively, and Daniel J. Ferris, New York, re-elected secretary-treasurer.

The post-Olympic track meet between the British Empire and the United States was awarded to San Francisco for 1932.

On a question of how strict to make the amateur code, a middle ground was chosen. In place of a proposed amendment requiring that athletic representatives of a commercial organization in any A.A.U. sport must have been bona fide employees for at least ninety days, a substitute proposal was passed making the period sixty days and referring only to basketball and volley ball.

PRESIDENT CUP GAME WILL BE FOR CHARITY

WASHINGTON, Nov. 18. (AP)—The annual President's Cup football game between the All-Marine and All-Coast Guard teams is to be played here December 6 for the benefit of the unemployed.

WINTER DEEP-SEA SEASON AT PEAK

HERMOSA BEACH, Nov. 18.—No more "unusual weather" for Southern California, says Capt. J. M. Andersen, skipper of the big Olympic fishing barge, and an authority on wind and weather conditions. That is not for a while anyway. Andersen expects December to be one of the best fishing months of the year and is going ahead with plans to accommodate all the expected anglers and the expected fish.

Winter deep-sea fishing is right at its peak now, with large catches of bonito, sand dabs, halibut, mackerel, smelt, perch and blue cod being pulled in daily.

$1.00

Los Angeles Times

$10,000

TRAVEL & PEDESTRIAN ACCIDENT POLICY

Through special arrangement with the National Casualty Co. this exceptional policy—covering both accident and sickness—is available for $1.00 a year. For immediate protection for yourself and family—

MAIL THIS COUPON WITH A DOLLAR

LOS ANGELES TIMES, Los Angeles, Cal.:
I apply for the $10,000 National Casualty Travel & Pedestrian Accident Policy exclusively to regular readers of the Los Angeles Times, limited only to the payment of the Registration Fee of $1.00. In consideration of said policy I make application as follows:

Old Subscribers Check Here ☐ I am at present a regular subscriber to the Los Angeles Times Daily and Sunday, and will continue or renew to same for not less than one year.

New Subscribers Check Here ☐ I hereby enter my subscription to the Los Angeles Times Daily and Sunday, serving to start [illegible] and to continue for a period of not less than one year. I agree to pay the regular subscription rate of [illegible] per month or against the regular subscription rate of [illegible] per month for home delivery.

I understand 15 days are required to issue and mail me the policy. The protection starts noon of the same day policy is dated, after which time the policy is subject to cancellation.

Subscriber's Name .....
FULL NAME OF APPLICANT .....
STREET ..... APT. NO.
CITY & STATE .....

A MARRIED WOMAN should give her own name and not her husband's (as Mrs. John Smith, NOT Mrs. John Smith.) This offer is to bona fide subscribers only. Any member of the family that is a relative living at subscriber's address may be insured by paying the Registration Fee of $1.00. Insurance for persons between the ages of 15 and 60 and 70 years is $1.25. Policy does not cover accidents or sickness (1) to one crippled, or who have lost an eye or limb, (2) Drunk, (3) Suicide, (4) While on duty.

Nixon Planning on Upsetting Occidental in Annual Pomona-Tiger Grid Feud Saturday

El Monte and Villa Nova in Playoff Game

Coach Bergie Bergstrom's El Monte Lions, representing the San Gabriel Valley League, will take on the strong Villa Nova eleven this Friday afternoon at El Monte in a Southern California minor division football playoff game. The Villa Nova Galloping Ghosts are the champions of the Ventura County Minor League. The announcement was made yesterday afternoon by Seth Van Patten, director of athletics for the C.I.F.

played their best. If Nixon can nurse them into condition by game time the Sagehen drive may prove effective.

Minor injuries continue to handicap the Hens, but nevertheless they are able to go through stiff scrimmage drills. The Hens will work hard until Friday, when they will taper off for the tilt.

Hal Hager and Don Murdy, Sagehen kickers, were in rare punting form this afternoon, averaging better than 50 yards on their boots. This department of play is expected to be the strong feature of the Blue offense against the Bengals.

Line Coach "Beefy" Heath expects his forward men to put up a stiff fight against their rivals, and he has indicated the same line-up which has operated throughout the season will open the contest. Aside from their poor showing against the Whittier Poets, the Sagehen forwards have shown good form in holding opposing backs to low scores.

The Sagechicks, undefeated in two conference games, stand a chance to again win the conference first-year crown. Pomona and La Verne yearlings are tied for first place in the standings now. The Leopards meet Redlands in their final tilt.

KOLOFF REAL THREAT

Balkan Lion Looms as Powerful Threat to George in Olympic Wrestling Feature Bout

Don George has defeated some of the best grapplers in the game in his local starts, but Dan Koloff, the powerful Balkan mat lion, whom he meets in a finish bout at the Olympic next Wednesday night, is rated above all of those he has met with the exception of "Dynamite" Gus Sonnenberg.

Koloff has just completed a successful season in the East and has had several big matches in the Middle West. Before leaving the East he disposed of Marin Plestina, Jack Sherry, and about a half-dozen other stars of this caliber, with ease, according to reports received here.

The 225-pound Balkan strong man has had several matches here during the past year, and he proved himself to be a very rough and formidable grappler. In his match here with "Gorilla Gene" La Doux some months ago, he showed more strength than any grappler seen in action here this year.

George anticipates a rough battle when he faces Koloff. He opened heavy training at the Commercial Club gym yesterday.

Henri De Glane and Ed Lewis will clash in the one-hour-time-limit battle that will precede the Koloff-George bout. Lewis is known to be seeking a title match here with the billy-goat butt barred. De Glane, French mat king and world's Greco-Roman champion, is probably the most finished wrestler seen in action here. His mat record of the last eleven years is regarded as the best possessed by any grappler in the heavyweight division.

TROJANS AND BEARS MAKE UP

(Continued from Thirteenth Page)

committee of the Associated Students of the University of California.

[Signed]

"L. STERN ALTSHULER,
"President, A.S.U.C."

The student council of the University of Southern California met last night to consider the California apology and after a warm debate framed the following resolution:

"I move this legislative council in regular session and representative of the student body of the University of Southern California officially accept the explanation and apology of the student council, of the University of California, in which it states that it has reprimanded Arthur M. Arlett and that his editorials which appeared in the Daily Californian were unauthorized and not representative of the University of California. We recognize this as the only official action of the University of California student body since the opening of the athletic controversy.

[Signed]

"LEWIS GOUGH.

"President of the student council, University of Southern California."

Prominent California alumni expressed satisfaction over the action taken by their undergraduate body.

John R. Quinn, Los Angeles County Supervisor, and a former Golden Bear football captain, said: "The University of California executive committee is to be congratulated on its sound judgment at a time like this. Naturally, California alumni are pleased to know the true spirit of the present student body."

Frank Partridge, a former editor of the Daily Californian and an athlete of note, joined with Quinn in this sentiment. Sam Haskin, president of the California Alumni Association, refused to comment beyond the fact that whatever action the associated students take is not for the alumni to discuss.

COUGARS WILL GET GAME BID

(Continued from Thirteenth Page)

vice-president, and J. J. Mitchell, chairman of the executive committee.

The unusual record of Southern California in two major games of the season—Stanford and California—was given due consideration by the committee, but it was held that Washington State was the natural and logical choice.

Southern California has already put itself on record as favoring the selection of the team which defeated it, and that made the work of the Tournament of Roses officials all the easier.

"We feel that Southern California with a big local following would probably be a bigger 'gate' attraction than Washington State," said Mr. Reynolds.

"However, the New Year's Day game is not predicated on a dollars and cents basis.

"We have played ball with the Pacific Coast Conference in the past, and we will continued to do so in the future.

"We feel the conference winner is the logical choice, and if we do nothing else we intend to exert our influence toward maintaining the good will of all universities in the conference."

ACCEPTANCE CERTAIN

Extending the invitation to Washington State is tantamount to acceptance, it being a precedent that Tournament of Roses officials always sound out the team to be invited before the official bid goes forward.

The contact man of Washington State with the Pasadena folks has been Ray Loomis of Glendale.

Loomis played with the Washington State team which defeated Brown University, 14 to 0, in the first New Year's Day of the present series at Pasadena in 1916.

Loomis has been wired the assurance of President Holland and Director of Athletics Bohler that Washington State would be glad to accept the invitation to represent the West against the East.

The bid to the eastern team will be held in abeyance until after Thanksgiving Day, when Alabama plays Georgia.

ALABAMA UNBEATEN

Alabama is undefeated while Georgia has been beaten by Tulane, but the Georgians have come through a much stronger schedule than the Crimson Tide.

If Georgia should win from Alabama it is likely to get the bid in spite of the Tulane setback. Georgia played and won two very tough intersectional games from Yale and New York University, both on foreign fields.

Northwestern, if it should defeat Notre Dame next Saturday, is a possibility.

Northwestern is coached by Dick Hanley, who was quarterback on the Washington State team which beat Brown.

And Northwestern is the team, according to Loomis, that the Cougars would rather meet.

However, the rules of the Big Ten, broken to permit Ohio State to play California nine years ago and later cinched tighter, will be hard to circumvent.

That is the flaw in the Northwestern angle.

University of Southern California tried to get Purdue as a foe last New Year's Day, but met with no success in bucking the Big Ten rule.

COUGARS' RECORD

Washington State's record this year includes victories over College of Idaho, 47 to 12; California, 16 to 0; Southern California, 7 to 6; Gonzaga, 24 to 0, Montana, 61 to 0; Oregon State, 14 to 7; Idaho 33 to 7, and University of Washington, 3 to 0.

Washington State still nas an intersectional game with Villanova to be played at Philadelphia the 29th inst., but the outcome of this game will not change the complexion of the New Year's set-up.

COUGARS PREPARE FOR VILLANOVA

PULLMAN (Wash.) Nov. 18. (AP) Washington State's Cougars, badly battered after their victorious encounter with the Washington Huskies, limped through a stiff practice today in preparation for the game with Villanova at Philadelphia the 29th inst.

"re going to concentrate on a little of that old 'knock 'em down and drag 'em out' stuff," Coach O. E. Hollingbery said grimly as he called for an hour of blocking, tackling and falling on the ball Nearly every player came out of the game at Seattle last Saturday with face clawed up, Charley horses and bone bruises.

Hollingbery said he believed the Cougars, champions of the Pacific Coast Conference, would be back in shape again for the Villanova Charity game. He plans four more days of intensive practice, and a rest Sunday. Monday the team entrants for the east, but daily stops will be made for light workouts.

GOLDEN BEARS TEST DEFENSE

(Continued from Thirteenth Page)

game duties, Price today had a backfield at work, consisting of Sheldon Potter, quarterback; Ray East and Ed Griffiths, halfbacks, and Clarence (Moose) Garrity, fullback.

Price apparently intends to use a line made up of Russ Avery and Togo Thornton, ends; Dolph Timmerman and Fritz Cahn, the orator in the recent U.S.C. charges, as tackles; Capt. Carl Handy and Ted Beckett, the proposed all-American, as guards, and Herman Eickmeyer, center.

Tonight's workout was the heaviest on schedule for this week. Tomorrow and Thursday night's will be a gradual tapering-off, and Friday will be a day of rest.

PELZ RALLIES TO EARN DRAW

(Continued from Thirteenth Page)

Papke connected solidly with a right to the jaw. It was a short blow that traveled only a few inches, but it robbed Wagner of his interest in the proceedings.

Huerta Evans defeated Sammy Seaman in the second bout over six rounds. In the six-round opener, Chalky Wright took a decision from Ray Cervantes.

RUBE ELLIS TO TAKE ON MAGRINA TONIGHT

Rube Ellis, Whittier heavyweight, will jump from the amateur ranks, where he has been winning consistently, to the professional game tonight at the Pico Bowl when he meets Johnny Magrina in the main event of an all-star boxing card arranged by Matchmaker "Pop" Barrett. Down for the semi-wind-up are John Todd and Kayo Becker, a pair of slugging middleweights who ought to supply plenty of action. Todd has won several bouts at Pico and is a favorite with East Side fans.

ZORILLA, McCANN TO MIX IN RING TONIGHT

Santiago Zorilla, Panaman junior lightweight, and Artie McCann, hard-hitting Philadelphia 130-pounder, will meet in the ten-round feature event at the Wilmington Bowl tonight. Bud Baker tangles with Mike Lompinen in the six-round semi-wind-up. Other bouts carded are Tony Potter vs. Lucky Baldwin, lightweights, six rounds; Al DeNave vs. Pete Gardenas, junior lightweights, four rounds; Kid Mack vs. "Red" Williams, middleweights, four rounds.

GLENDALE CEES WIN

Glendale High's Class C football eleven defeated the Fullerton fleaweights yesterday afternoon, 13-0, on the Dynamiters' field. Johnny Peebles tallied both touchdowns for the Dynamiters, and also converted one of them. All the scoring was done in the second and third quarters.

The SPORT LIGHT by Grantland Rice

[Copyright, 1930, by North American Newspaper Alliance.]

The Retirement of Bobby Jones

So many factors are involved in the competitive retirement of Bobby Jones from golf that it is difficult to separate the interlocking strands of argument.

There is little question but that he had definitely made up his mind after Merion and the big clean-up to drop out of championship golf for 1931, and possibly for all time. As much as he liked the thrill of competition he felt that he could no longer afford to give up the time to get ready for a championship test against those who were ready to go the route.

The pressure had grown too heavy for any one who had another profession to follow for a living When Warner Brothers handed him the proposition of making a series of instructive golf reels there were three main ideas that predominated.

(1.) The financial side that was entirely too important to be disregarded.

(2.) The fact that he could see no wide gap between writing instructive articles, accepted as the gospel of the correct swing, and making a series of instructive talking pictures, where he merely brought the written word to life.

(3.) The feeling that it would be pleasant work and something he would like to do for the great army of golfers struggling to improve their play.

Naturally, the first consideration was the most important. Yet I don't believe Bobby Jones would have considered the financial side unless he had first decided to retire. I say this, knowing that only two or three years ago he refused to even consider offer that would have netted him ove $100,000 a year. His only answer was "not interested" and that ended the debate. Having concluded his time at competitive play, he figured the situation was entirely different.

A Hard Thing to Do—And Yet—

It is no easy matter to quit being the best in the world at anything—voluntary. There are so few who are the best—at anything. Yet Bobby Jones never took the matter of being the world's best golfer on the serious side. To him it was unimportant compared to a profession he could follow through life.

He knew that he could not be a successful lawyer and a champion golfer at the same time—not for long, at least. The pressure of championship play has affected others the same way. Some years ago Robert Maxwell, of Maxwelton's Braes, won the British amateur championship and retired from all tournament play. He saw no fun in being followed by a stampeding crowd of 15,000 enthusiasts through a round of golf. Some time ago Miss Cecil Leitch, British women's champion, did the same thing. In more recent years Miss Joyce Wethered, the greatest woman golfer of all time, rated by many with the finest all-around swing in golf, followed the same course. She gave up all competitive play at the height of her fame.

Bobby Jones has been keen for the thrill of championship golf, but he has always hated the accompanying and necessary fanfare of crowds, parades and such, of being public property, on and off the the course.

Of late years he has known that by winning open championships he has cost many professionals from $20,000 to $30,000 a year. And at thirty-six holes, there has been no real competition in amateur championships for the last four years. As Tommy Armour remarked before Merion—"It's 4-to-1 on Jones against the field."

The big tournaments will miss him and it will be a long time before another such combination of skill, poise, grace and personal magnetism catches the fancy of hurrying crowds. But the old game will move along, for there are too many stars left to kill off any general interest in competitive play. And the scramble now, both in the open and the amateur, will be more of an open fight.

Notre Dame's Big Loss

The absence of big Joe Savoldi from any further competition at Notre Dame will be a big blow, even to this great team.

Savoldi, weighing over 200 pounds, fast, powerful and skilled, was the greatest combination plunging, running and blocking back in the country. He could crash through a line, skirt an end, star in a broken field and block with the best. Savoldi would have been especially useful against the strong forward walls of Northwestern, Army and Southern California, where his hard driving would have been a big factor in every game.

Savoldi was a greatly improved back over last season, and he was no cream puff a year ago. Notre Dame is lucky to have such a back as Larry Mullins to take his place, but Rockne will need all his troops with three such engagements left and the loss of Savoldi will only make the job a harder one.

From now on Notre Dame is up against strong lines and high-grade ends. Baker of Northwestern is one of the best in football, Carlmark, Messenger and Malloy are high-grade. Arbelbide of Southern California is another. Not many backs can hammer through a line and circle an end with equal value.

Cochran Still in Match Lead

NEW YORK, Nov. 18. (AP)—Winning his fourth block in succession, Welker Cochran of Hollywood tonight led Willie Hoppe, 1200 to 570, in the world's championship 18.1 balkline billiards contest being played at the Strand Academy.

Cochrane, who had established three new world's records in the afternoon as he completed a high run run of 196, and made a high average of 150, needed eleven innings to run out tonight's block, but widened his advantage, as Hoppe failed at any time to reach his usual form.

Cochran's high run tonight was 116, while Hoppe's best cluster was 55.

Season Ducat Holders Take Special Note

Arnold Eddy, graduate manager at the University of Southern California, yesterday issued a bulletin to holders of season tickets to the Trojans' home games:

"Through an error, just discovered, tickets for the Washington game were dated 'Thursday, November 28,'" Eddy said. "This game will be played on Thanksgiving Day, Thursday, November 27, and will be honored on that day. It is merely an error in printing, and the tickets will be good for the seats designated."

SAN FRANCISCO WILL WELCOME BACK GAELS

SAN FRANCISCO, Nov. 18. (AP)—Mayor James Rolph, Jr., appointed a committee today to organize and conduct a public welcome for the St. Mary's College football team when it returns Friday from its triumphant eastern invasion of last week. St. Mary's defeated Fordham, 20 to 12.

The city of Oakland will participate in the welcome.

COURTNEY AND GOEDERS SIGN

Hollywood Stadium Lines Up Friday's Main Event

George Courtney fights Joe Goeders at the Hollywood American Legion Stadium Friday night. Jimmy Hanna fought Goeders last Friday night at San Diego and to the amazement of local fight fans Hanna was stopped in six rounds. Goeders has beaten the best light heavyweights in Southern California. When he was offered the match with Courtney by Tom Gallery he accepted because he believes a win will get him over the top.

The Courtney-Goeders fight should be a slashing bout. Goeders stopped Hanna in six rounds and Hanna beat Tom Patrick who got a decision over Courtney at the stadium two weeks ago. The last time Goeders was seen in action at the stadium he gave Joe Bitto a pasting. Goeders is a young fellow from Santa Ana. He shows signs of becoming a pretty fair fighter and may develop into a great heavyweight.

Jimmy Mack should beat Ernie Hood in the semi-wind-up. Mack stands out as the best bantamweight in the preliminary ranks. He is strong and possesses a great sock. Johnny Previs fights Marcelino Lomelli in the special. Previs will be favorite.

TARZAN AND THE GOLDEN LION

By Edgar Rice Burroughs

The High Priest paused. He cast a half-defiant, half-frightened look at the cloud obscuring the face of the sun. Slowly he rose. Extending his arms upward toward the hidden god of day he remained silent in an attitude of rapt attention for fully five minutes. Suddenly he addressed his followers: "Begone!" he cried. "The Flaming God has spoken. He is not angered. He but wishes to speak to me alone." Obediently the lesser priests turned and melted into the jungle, leaving Cadj alone with his helpless enemy.

A crafty smile lighted Cadj's cruel face as his companions disappeared. Again he turned to the ape-man. Yet an inherent fear of his deity restrained his hand until the light of the sun-god should shine forth upon him once more. Six times he raised his knife for the fatal blow. Each time his superstition prevented the keen blade from descending. Now, at last, he could see the cloud was nearing the edge of the sun. He stood, ready for the moment when the sunlight should flood again for the last time the living Tarzan.

As the cloud slowly swept away, a look of demoniacal hatred shone in Cadj's close-set, wicked eyes. Another instant and the Flaming God would set the seal of his approval upon the sacrifice. Cadj trembled in malevolent anticipation. He raised the knife higher, his muscles tensed for the downward plunge. And then the jungle silence was broken by a woman's voice, raised almost to a scream. "Cadj!" came the single word, but with all the suddenness and shock of lightning from a summer sky.

The High Priest turned quickly at the interruption to see at the clearing's edge the figure of La, the High Priestess. Behind her stood a score of the lesser priests. "What means this, Cadj?" demanded La. Sullenly the High Priest spoke: "The Flaming God demanded the life of this unbeliever." "Speaker of lies!" retorted La, "the Flaming God talks with men through the lips of his High Priestess, only." She came quite close to Cadj now. Wrath lay like a thundercloud on her lovely face and a note of imperious scorn rang in her voice.
